REBUILDING BLOCK BY BLOCK

This year has brought with it many changes to the St. Michael-Albertville Senior High School. One of the biggest differences was the changing of the day's structure to block-scheduling. This means that the school switched from a seven period day to a four period day with more time per class. As this new change was taking shape, everyone took shape with it. Our teachers restructured their lessons and methods of instruction. Students also had to consider the way they were learning and make the necessary changes. At first much confusion was brought upon with this drastic change, however, with a little work everyone is building their education more soundly. Together we have made many accomplishments and will continue to do so if we keep, rebuilding.....block.....by.....block!!!

READJUSTING TO EARLY MORNINGS

Summer vacation and student freedom came to a halt on the first day of school. Students filed in to see their friends and to prepare for the day with mixed emotions. At the beginning of the day, the students reported to the gym to collect assignment books and schedules. The

Student Council gave the day energy by organizing a pep fest for spring sports and by having a picnic lunch. The students were able to experience full block scheduling for the first time. It was a new and exciting day as all the changes were started at STMA.

RECEIVING THE CROWN

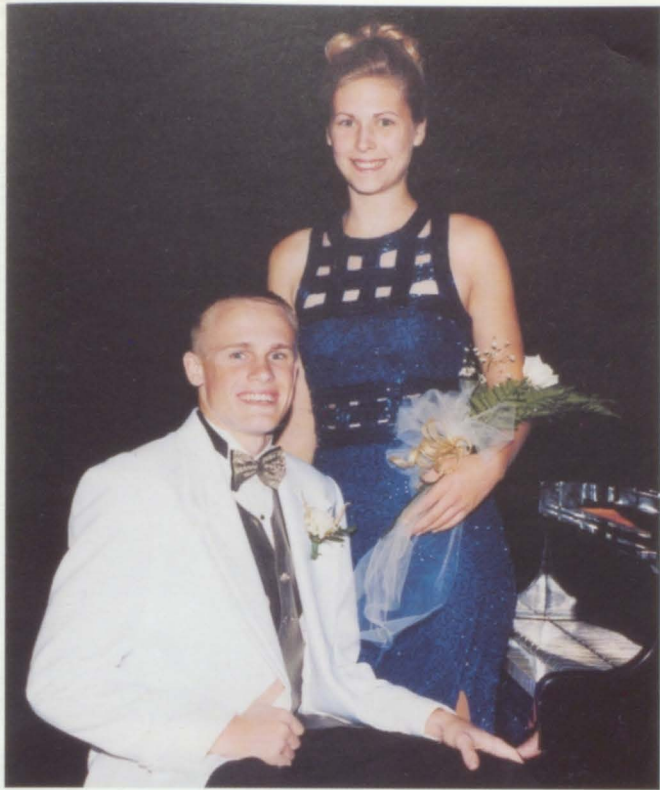

Coronation involved several activities this year. First the Jazz Choir performed "My Funny Valentine." Then came the procession of Royalty, while the Jazz Band performed "Birdland." Next, everyone was treated to video clips of the candidates' early morning wake-up call, and to hear an embarrassing life experience offered by their parents.

Finally, it was time to crown the King and Queen. This honor of presenting the crowns fell to last year's King and Queen, Derek Vetsch and Katie Lindenfesler. After Grant Mosher and Crystal Hemann were crowned and had taken their victory walk, Jane Lindenfesler finished by announcing that the Vikings were beating the Packers, 17-0!

A WEEK IN REVIEW

Homecoming week 1998 at STMA High School was a very eventful week. The various dress-up days of the week were: Pajama day on Monday, Decade day on Tuesday, Camoflauge/Blaze Orange day on Wednesday, Class Color day on Thursday, and Blue and Gold day on Friday. The class colors were: pink for the Freshmen, orange for the Sophomores, blue for the Juniors, and black for the Seniors. On Wednesday the first car smash took place in the student parking lot. Thursday summoned the Battle of

the Classes. The Seniors won, and only suffered two defeats the entire afternoon. They lost to the Freshmen in the marshmallow building contest, and were upset by the Juniors in the tug of war. On Friday, there was a pep fest in the gym, and school was released at 1:20 to go to the Homecoming parade. That night, the STMA football team smothered the Dassel-Cokato Chargers by a score of 35-6. After this victory, many of the fans found themselves dancing at the NHS funded dance.

REBUILDING...BLOCK BY BLOCK

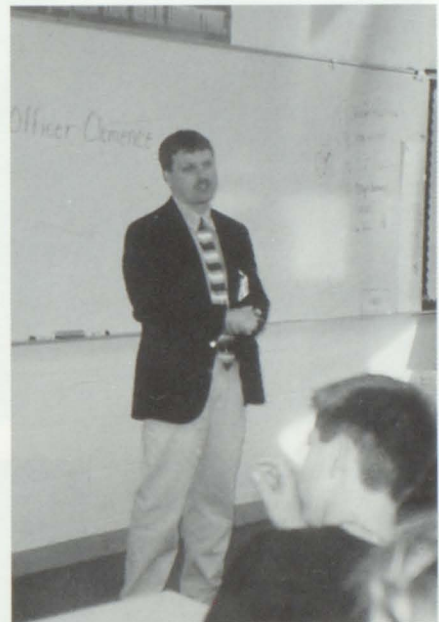

This year students had to adjust to many new changes. The biggest change was eighty minutes per class. This allows teachers time for more in-depth projects, and to give students more time! Although blocks were used in the past at STMA, they were limited to certain classes and had five minute breaks in the middle.

Along with block scheduling, many new classes are being offered

this year. Some of the most obvious new classes are French; students now have two choices for a second language, the Learning Lab; which helps this year's Juniors, Sophomores, and Freshmen pass the Minnesota Basic Standards tests they need to graduate, and Class 2002. This class is specifically for the Freshmen to help them develop study and research skills. They also take typing and are taught by

different teachers from various subject areas. Other new classes include Algebra 1.5, Career Investigations, Weird Science, Women's Studies, Discrete Math, and Literature Through War.

Changes at school also include a Wright County Deputy's presence and parking permits. Both teachers and students are now required to park in the appropriate lot and display their permits.

Above: As part of the Class 2002, Officer Clemence speaks to the Freshmen on various topics including his job as the school liaison officer.

Left: Bridget Eliason's parking permit is required to be in plain view, or she might have to tell Jill Haller and Katie Zachman they need to find a new ride to school!

CROWD REACTION

Halloween this year had many activities that took place throughout the day. Besides dressing up in favorite costumes, students were able to bring candy and celebrate during many of their classes. During S.N.A.P., the annual costume contest was held in the gym. Each student that participated strutted under the spotlight while Mr. Greeno, Mr. Skogan, Mrs. Berning, and Mrs. Koss judged their performances. The prizes were divided into four categories. Most Creative was won by Steve Pope and his old

man costume. Jared Eicher won the Cutest Costume award with his Barney outfit, and Best Crowd Reaction went to Myles Johnson and Alex Haag as a farmer and a chicken. Finally, Andrea Kohler won the award for the Most Horrifying as a witch. In the evening, Student Council, RAK, and NHS members went trick-or-canning. Students donated the food they received from the neighborhood to the Hanover Food Shelf.

Left: Shawna Beaudry and Tessa Lenneman dressed up as cheerleaders like the rest of the varsity volleyball team.

RELIVING SUMMER MEMORIES

Summer always seems to be the highlight of everyone's year. Many students spend their summer lounging around and being together, while others prefer a more

structured summer with Marching Band, the Spanish class trip to Mexico, or a summer job to earn some spending money. Whether or not students decide to work at a job,

or improve their tan, STMA High School students always enjoy their three months of rest and relaxation.

Left: Taking a little time to relax and enjoy themselves, Amanda Valerius, Nikki Hemann, Shelly Vetsch, and Jeannine Kasper soak up the sun during a picnic at a local park.

SENIORS

The Senior class of 1999 has experienced many new policies that were built up throughout their high school careers; from the beginning of the S.N.A.P. periods their freshman year, to block scheduling and graduation standards projects as seniors. Now they are faced with the gigantic task of preparing post graduation plans. Some will pursue college educations, while others will begin working for a living. Whatever they choose, the Seniors of 1999 will always have the memories they built at STMA to look back on, and remember the good old days of high school.

JUNIORS

The Junior Class of 1999 has come to the age of many decisions. For example, they must decide if they want to take the ACT's or SAT's. These tests are not required, but still many students choose to take them. Another task that was thrown upon the Juniors was fundraising for Prom. By selling magazines, they were able to lower the price of the tickets, and for many it was something worth doing, because the Junior year is the first year many will be going to Prom.

SOPHOMORES

The Sophomore Class of 1999 is all about gaining freedom. They gain freedom from their parents and also freedom by being able to drive alone.

This year the sophomores took matters into their own hands, from their wild orange tee-shirts at Battle of the Classes, to their outstanding school spirit. As the years have gone by, they have gradually been gaining their independence bit by bit. After two more years, the sophomores will be ready to leave their parents' wings and take that big jump into the world.

REJOICING SNOW DAYS

Snow Days took place Feb. 8 - Feb. 12. Many events took place during the week. The Freshmen and Sophomores voted for Court Jesters and a Duke and Duchess. The court Jester winners were Sara Lindenfelser and Derek Rosso. The Duke and Duchess winners were Randy Dehmer and

Jessyca Duerr. The Juniors and Seniors voted for a Prince and Princess and a King and Queen. The Prince and Princess winners were Shane McLaughlin and Jodi Zachman. The King and Queen winners were Tim Bienias and Emily Worner. Student Council and RAK also put

together something for each day of the week. Monday was Dress Up Day and also included coronation. Tuesday was Winter White Day, Wednesday was Winter Sweater Day. Thursday was Forget Winter Day and Friday was Winter Day. During the week, students received milk

and cookies, Singing Valentines, and flowers as a part of the festivities.

FRESHMEN

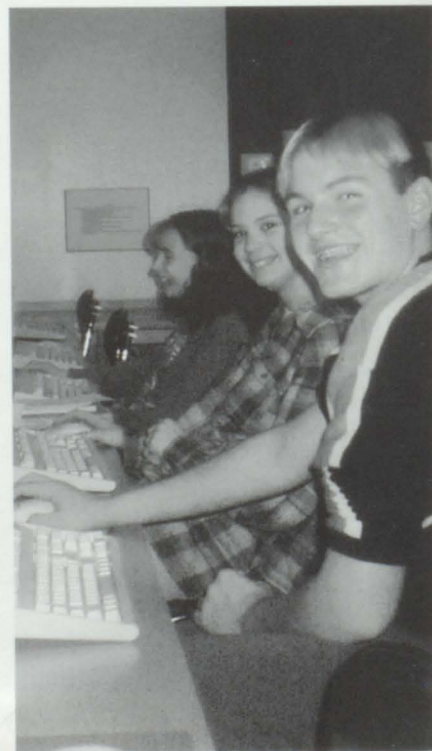

The 1998-1999 Freshmen class had much to get used to at the Senior High. There were many changes including more choices for classes, and the new Class 2002 that each student had to take. There were added extra-curricular activities to chose as well. Overall, the Freshmen class had to adjust quickly to the large High School and fit in right away.

FOREIGN EXCHANGE STUDENTS

This year STMA was lucky enough to have been joined up with five foreign exchange students. They have come from such countries as Germany, the Republic of Georgia, and Japan. Sven Glaser is from Germany and is living with our

athletic director, Mr. Beck. Sven had the remark, "This school is very different to the one back in Germany. It is a lot bigger." STMA appreciates all the cultural diversity these students bring to our school!

when school ends at 3:15. Some head to sports practice, while Student Council members rush to work in the school store to sell snacks to those who sit in the atrium to visit, wait for rides, or do their homework. On the weekends, STMA students can be found

anywhere from a party, to a movie theater, to a weekend trip with their families. Although school is a large part of a teenager's life, they are still able to maintain a social life and make time for their own fun activities.

Below: Tony Griffin and Joe Cady use their freetime to get in shape and visit after school.

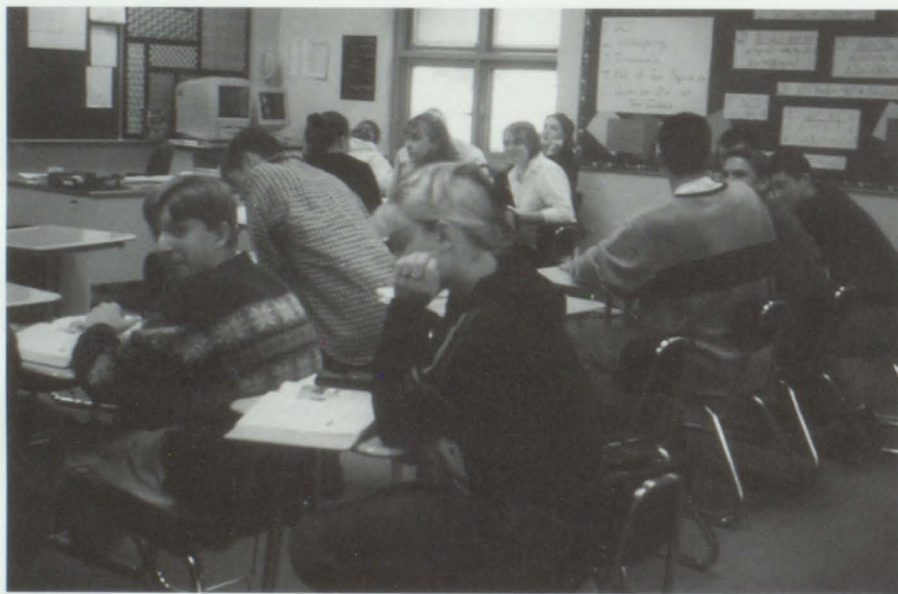

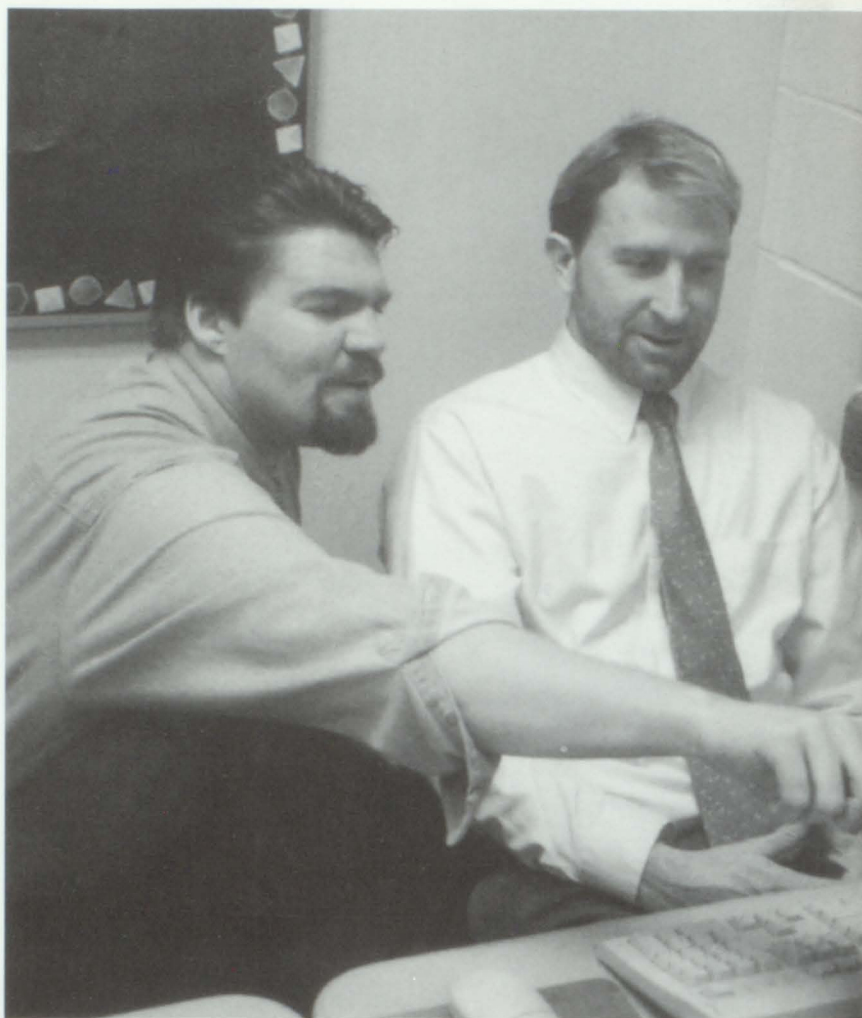

Above: Melissa Trettin and Krista Myrom work together at Subway in their freetime.

ACADEMICS

Academics continue to be the main reason everyone attends school. This year, teachers used the blocks for the first time and had to make many adjustments. Students also had to alter their usual school schedules. Now, with longer and fewer classes, it is easier to appreciate the importance of academics and the impact that academics will have later in life. The education that students receive at STMA is their future. Teachers at STMA do a wonderful job of educating their students, and will continue to do so in the years to come.

BUSINESS AND COMPUTERS

The Business and Computers department offers many classes to the students at STMA. The computer classes include Computer Applications One through Four. This offers students the

opportunity to create their own web site and learn how to write in a web language. The Business department helps to prepare its students for the business world. This includes basic Keyboarding,

but also Accounting and Marketing and Sales. Students benefit from these classes through their ability to work in the business world.

GYM & HEALTH

Each year the ninth and tenth grade students must take a physical education and health class. In gym, they participate in a variety of sports, such as hockey, weight lifting,

and tennis. Teamwork is also key. Students also have fitness testing and can experience a different kind of workout by following exercise videos. In Health Class,

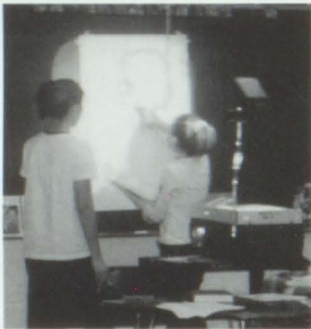

students learn the importance of balancing physical, mental, and social health, about body systems and how they work, and how to give CPR. Some of the

additional classes include Team Sports and Exercise Physiology. Many students enjoy these classes because they are able to exercise during the day.

INDUSTRIAL & VISUAL ARTS

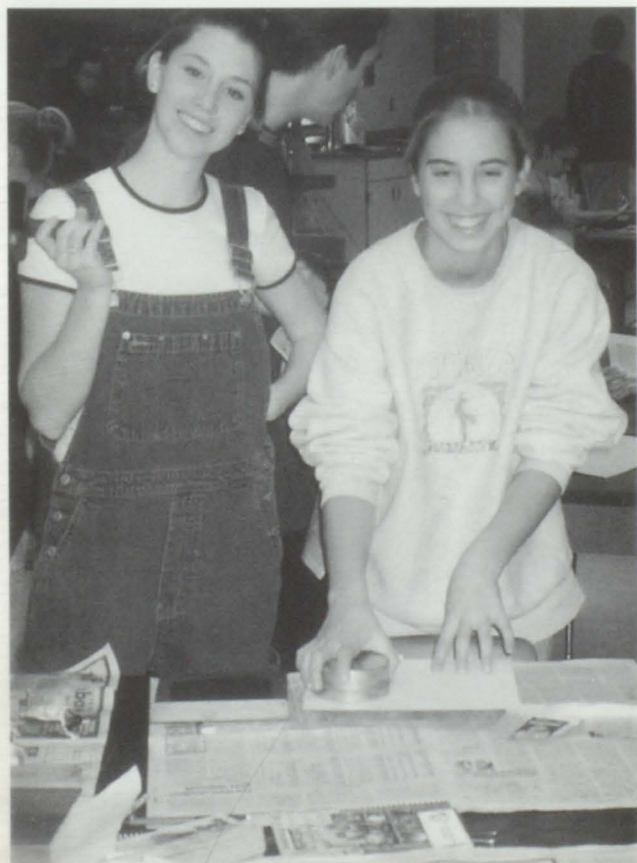

Students in Industrial and Visual Arts use their knowledge to do many activities. In the Industrial area, students might draft houses, work in the CADD lab, or they may be welding or woodworking in Principles of Technology. The Aviation class studies engine propulsion and builds gliders. In the Art department, students can bring out their creativity

by drawing, painting, taking and developing pictures, and sculpting with various mediums such as foam, clay, and plaster.

FOREIGN LANGUAGE

As usual, the Foreign Language department of the school has contributed a handful of knowledge to open-minded students. The biggest addition this year was French. This

class not only focused on the language, but the culture as well. Spanish classes involved field trips, teaching by students, and creativity. An additional Spanish

class added to the list this year was Advanced Placement. It was offered to students that were more advanced in speaking the language.

LANGUAGE ARTS

This year English was challenging for all grades. The Freshmen were introduced to mythology through The Odyssey, creative writing, and Shakespeare.

Sophomores wrote an autobiography and read The Crucible. Juniors and Seniors had new options open to both grades. Some of these included Mass Media, where the students

studied the different areas of media, and Contemporary Literature, where the concept of power is studied. Women's Studies and Literature of War were also new this year.

LIVING SKILLS

This year's Living Skills classes have gone through many changes since the beginning of the new school year. Mrs. Pemberton was a new addition, as well as the

Graduation Standards.

One of this year's classes in the department was foods. Another class was child development. Here, students learned how to care for children from the

time they're born until the age of six. One student said of "Baby Think It Over," "This baby is one big pain, but I would never have let that experience pass me by."

MATHEMATICS

Math is a part of every student's life. From protractors to compasses, and to scientific calculators, everyone needs math in their life to become successful in the future. Because of the courses offered, students will expand their minds to apply their math skills to everyday life. Balancing a checkbook, doing taxes, and creating a budget all have to do with the wonderful world of mathematics.

MUSIC

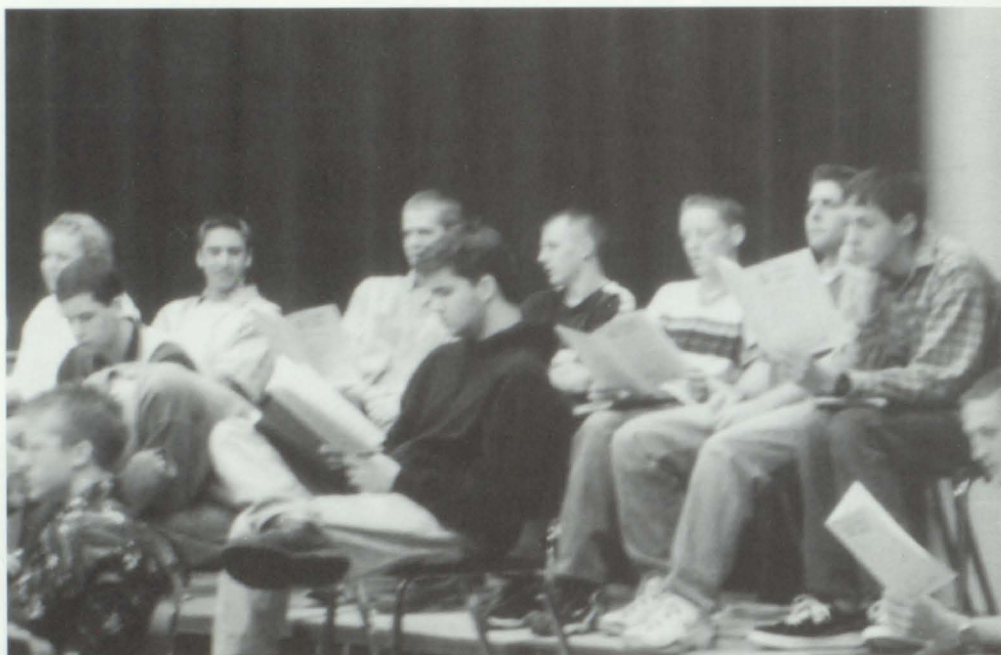

The growing population of the student body is bringing more and more musically talented students to STMA. This year the program was as strong as ever with a total

of 5 choirs and 3 bands. In the winter, the Honor Band and Choir festival took place. Students are selected by the music teachers and perform a concert with

other schools. Another class in the Music department is Music Theory, where students brush up on their music knowledge by learning about music structure.

SCIENCE

Science is a part of everything we do and who we are. Science is important because students learn about the way the world works and can appreciate

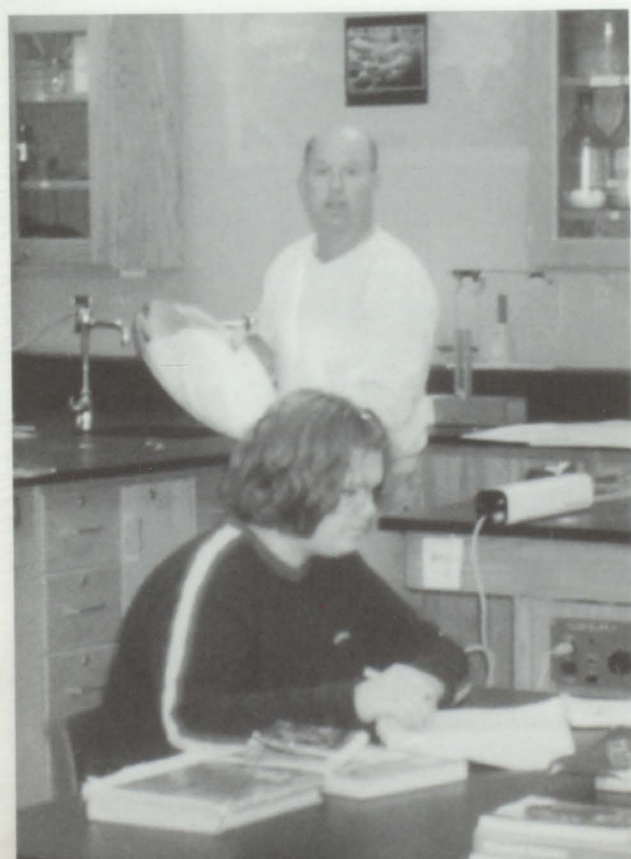

everything about it. Also, it teaches good problem solving skills that allow each student to try and test many theories throughout life. Physical Science, Biology, Chemistry,

Physics, Environmental Science, and Anatomy and Physiology are the science classes offered this year. Life is much more complicated if science isn't a part of it.

SOCIAL STUDIES

Many new classes have been added to the Social Studies department this year. In Women's Studies, students are able to write women back into history. Another new class is

Ethnic Issues, where students talk about prejudices and try to help people understand other cultures. Many Juniors and Seniors also enjoy taking Psychology. The

Freshmen must take Responsible Citizenship, while the Sophomores are involved with American History.

SPECIAL EDUCATION

Special Education is a vital part of STMA High School. This department offers specialized classes to the students who qualify for the services. This means that students

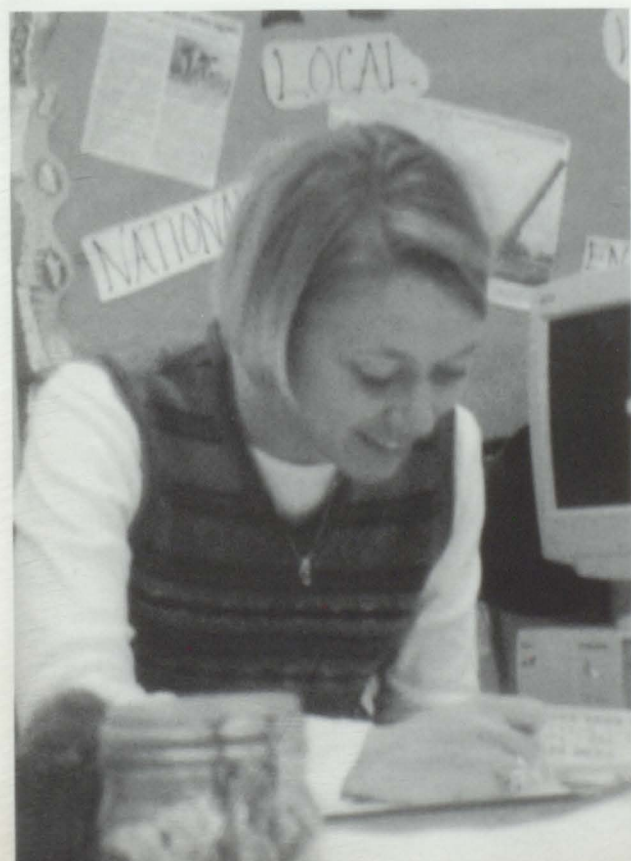

may take some classes in this department and some in mainstream classrooms. This department also offers the Learning Lab which is up and running this year. The

Learning Lab helps students prepare for the Minnesota Graduation Standards tests that they must take in January.

Administration

Many talented individuals are required to keep STMA High School running smoothly. Teachers alone can't provide all the services required by students. The cooks keep students fed and the custodians keep the school clean. Counselors help students solve problems and decide where to go after high school. The nurse helps students when they get sick, while the secretaries keep everything and everyone up to date on attendance and record keeping. Finally, the administration supervises the school and takes care of all necessary business.

ORGANIZATIONS

Organizations play a big role at STMA. The organizations include Student Council, RAK, NHS, Target, Mock Trail, Speech, and Yearbook. Some of these groups plan activities for the students to have a little variety in their busy work days. Such activities include dances, Deck the Halls, and many others. Each organization brings a special presence to the students and school. Every group has an important role in the structure of STMA. With these groups, STMA has been able to achieve much more than ever expected, in order to become the greatest school ever.

TARGET

Target is a group of students active in extracurricular school activities who sign an agreement to remain drug and alcohol free. They try to set the best example and show that students can have fun without harmful substances. The year started out different for Target due to a new leader, Mrs. Haller, and many new members. An executive council was voted in which includes Cari-Ana Bloberger, Sarah Hanson, and Tessa Lenneman as secretary. Target was involved with many school activities.

For Valentine's Day, roses and carnations were sold, raising a lot of money. Target also runs Chemical Week. It is their biggest concern, and they use it to get their message across. A few students, Cari-Ana Bloberger, Janell Erkkila, Mindi Anderson and Brenda Quinn attended a youth jam sponsored by MADD. Many other schools attended, there were interesting speakers, and lots of useful information. It made everyone excited to make Target a more active group.

MOCK TRIAL

Mock Trial is an interesting after-school activity. The eight students involved are given certain roles to play in an actual court case. Whether they are a witness or a lawyer, the students work together to act out an actual case and defeat

their opposition. The STMA Mock Trial team is doing a terrific job of working together to prove their case. They won the first case and lost the second by three points. The team still made it to regions which is the best they have ever done.

N.H.S.

The National Honor Society is a prestigious group of Juniors and Seniors. These students are elected to the society by teachers and staff at STMA. The members must stand up to the four N.H.S. pillars which are: character, scholarship, leadership, and service. N.H.S. plans many great activities for our school, such as: Homecoming week, Battle of the Classes, and various dances. They

help out in the school by recycling paper and selling doughnuts every Tuesday. Helping the community is a large part of the group's function. Cleaning the river, spending time with senior citizens, Toys for Tots, collecting mittens, food shelf items, selling daffodils, and the Saint Jude's competition are a few things that they do to better the community and to help others.

R.A.K.

This year Random Acts of Kindness (R.A.K.) has done several activities for STMA. One of their accomplishments this year was the clothing drive in the winter, where students bring clothing to help out the less fortunate. Another accomplishment was the semi-formal Valentine's dance in

February. Within R.A.K. there is a group called T.A.T.U., which stands for Teens Against Tobacco Use. The students in T.A.T.U. are trained on the effects of tobacco use, and after they are trained, they teach the fifth grade class everything that they have learned.

SPEECH

Despite many misconceptions, speech isn't your typical boring speeches. Speech is a high competition event where students learn to express themselves through speech. With a range of thirteen categories from Creative Expression to Drama, students have a good chance at finding their speech niche.

Some students write their own speeches, while others recite pre-written ones. All spend many hours perfecting their speeches for competitions. The team has almost tripled its size from last year with over forty students signed-up and ready to speak.

STUDENT COUNCIL

St. Michael-Albertville High School's Student Council has twenty-four members. They plan numerous fun school events throughout the year. To start the year off with a bang, the Council puts on Pride Week. High School students show their pride throughout the week by dressing for the different themes. The week is ended with a dance. Next, Student Council surprises the unsuspecting Homecoming candidates at sunrise. Breakfast follows their early wakeup, and the nominees go to school in their pajamas. The Homecoming

candidates also play a dating game during SNAP to see who is the most compatible. Christmas brings the elf auction, deck the halls, penny wars, and much holiday cheer. Snow Days comes with the New Year; students nominated from all grades presented crazy skits to win the hearts of their fellow students at the coronation. The week goes on presenting students with cookies and the opportunity to dress for the winter days. Student Council helps make our school the wonderful place it is, and enables students to get involved and to have a good time.

YEARBOOK

This year, the yearbook staff got off to a later start than the editors had hoped. Our first task was to restructure the system so that more people could be involved in the process. At the same time, we had to complete our first 16 pages, half of which were color. With many students participating in other activities this became very difficult.

Our next projects were the fall sports and student pages, along with academics & organizations. Soon, February rolled around & the staff discovered their final deadline

was two weeks sooner than they thought, and before winter sports were even done! The mad rush had come & some of the Valor staff had to come in over the weekend to finish the deadline.

There are many different students who help to make Valor a terrific book. Some students are able to help through their expertise at photography while others include their artwork. Finally, some participate through their ability to write and work late hours completing each deadline!

FINE ARTS

Fine Arts are one of the strongest areas of St. Michael-Albertville High School. All students involved, with the aid of teachers and staff, put on many Fine Arts events this year. The musical this year was The Sound of Music, and it was a time of change. It was the first year with two new directors, Mr. Frickstad and Ms. Hanson. One-Act this year took first in Sub-Sections and third in Sections. STMA is attracting more and more students to Fine Arts. The school is flourishing with talent and is prospering like never before.

JAZZ ENSEMBLES

The finest musicians of STMA are in the jazz ensembles. Students must audition for the three jazz groups. The Sirens were a new addition this year. It consists of 16 sophomores,

juniors, and seniors. The Swingin' Knights are composed of 10 boys and 12 junior and senior girls. The Jazz Band is formed of brass and percussion. All three groups rehearse in

the morning at 7:15 two days a week. The Jazz Band performed at Barnes and Noble in Maple Grove on February 22nd. All three groups performed at solo/ensemble contest.

BAND

Many students challenge themselves everyday by taking band. Wind Ensemble consists of tenth, eleventh, and twelfth graders, and Concert Band consists of ninth graders. These are the two main bands. Students who want to go above and beyond the basic requirements will join Jazz Band, Pep Band, Pit Orchestra, Marching Band, and Honor Band.

Throughout the year, the Wind Ensemble and Concert Band put on four concerts for the school, parents, and community members. They also perform at large group contest, and in the atrium before Christmas. Jazz Band practices twice a week and consists of Brass and Percussion. Pit Orchestra practices about one to two months before the musical. Marching Band practices May through July by marching all over the streets of Albertville. Then they enter various parades during the summer. Pep Band goes to most of the home games and plays to support our athletes.

CHOIR

This year, choir members were presented with many exciting opportunities. Naturally, there were the concerts-November 2nd, December 14th, March 23rd, and May 26th-which members were required to attend. Then, there was the large group contest in Becker on March 10th, and the solo & ensemble contest at STMA on April 9th. Several members were also able to participate in Honor Choir in Big Lake on November 30th, the Dorian Festival in Iowa in January, and try out for All-State Choir in St. Cloud on March 20th.

The students in choir this year were either members of the Freshwomen's Choir, the Mixed Choir, or the Concert Choir. Members of these choirs could participate in activities such as Arts of the Knight, the Musical, Jazz Choir, and the newest activity, Singing Valentines. Students could purchase these Valentines for friends and the like; then the victim was embarrassed by a tune, candy, and a note.

THE SOUND OF MUSIC

This year, the musical took on a whole new look. Ms. Hanson and Mr. Frickstad took on the job of directing, and Mr. Bergstrom conducted the pit orchestra for the first time. This brought about a very different style and schedule than what the cast was used to from previous years. Many people were involved behind the scenes to make

the production great. Along with these changes, the cast was very different too. Most of this year's leads were leads for the first time, and the overall size of the cast was cut in half from last year.

The Sound of Music, at STMA High School, ran from Nov. 19-22, and was sold out at least two of the four shows. Everyone worked very hard, putting in many hours, so the production would be ready for opening night.

THE ONE ACT

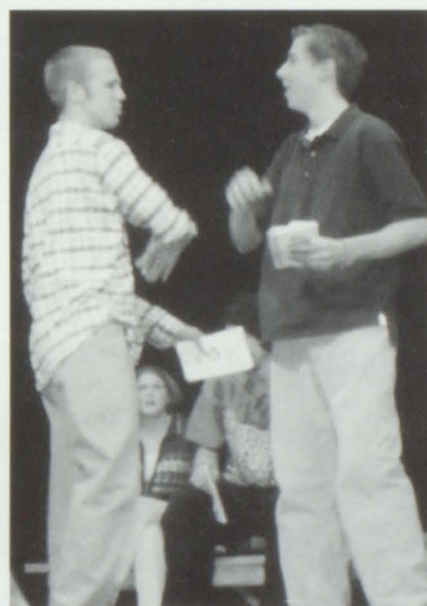

"I grew up in a typical, all-American midwestern town..." starts Jane Lindenfelser in the opening line of the one act play, An Endangered Species: Waking Up. This play starts out with a typical high school life; mocking teachers, going to football games and movies, and getting new cars. But suddenly, at a routine physical, Steven Steele discovers he has AIDS. And so the story goes, with Tessa Lenneman, Sarah Trebesch, Mike Karlstad,

Left: Jane Lindenfelser remembers the loss of her friends.

Chris Petrich and Jessyca Duerr all finding that they also have the virus. This AIDS awareness play makes students realize that they can actually get AIDS, and it also shows some of the typical stereotypes that come with the virus. This year, the One Act Sub-Section competition took place here at STMA high school. They earned first place and advanced to Sections at Milaca. Unfortunately, they tied for third place, so they didn't go on to State. This is the farthest the school has gone in recent history, so hopefully, they'll go all the way to State next year!

SPORTS

Sports are a big part of the picture at STMA. Each week the stands are full of fans who are waiting for a victory and to show their spirit for STMA teams. Every sport has its own aspects, from a touchdown in football, to a goal in hockey, and whether victory or defeat occurs, there is support all the way. All of the athletes at STMA put in extra time and effort to support the school. They must push themselves to every extent possible, but in the end it is worth it because the sports they are involved in now will become a pleasant part of their future.

BUILDING FANS IN THE STANDS

From music concerts to sporting events, the fans' support is necessary to have a good team. Knight fans show so much pride as they fill the school with spirit and belief in groups and organizations. Everyone is always willing to

stand up and show their support. People such as "The Refs" added twists to the crowd for Knight's fans, but all fans are greatly appreciated. Without the support of students, STMA sports and events would not be

possible. The fans even go out of their way to show spirit for STMA teams. This occurred when they took the fan bus to the Target Center to support the wrestlers at State. Fans are the key to a good performance for all activities.

BOYS CROSS COUNTRY

The Boys Cross Country team was spectacular this year as they finished second in state. Not only did they run some of the best times in school history, but this was the first year that the boys

and girls team went to State together. Martin Robeck, Joe Lynch, and Trevor Vossen were the three All-State runners this year. With five boys in the top ten for varsity, the team was ranked first in the

conference. After a season with only three second place finishes, the rest being first places, the runners should be commended for their terrific effort.

GIRLS CROSS COUNTRY

Although the Girls Cross Country team was very young, they had an outstanding season. From their first meet at Milaca, the girls improved at each race. They worked very hard and were able to stay healthy the en-

tire season. It wasn't until the end of the season that they realized how much they had improved. For the first time in STMA C.C. history, they were going to State. They traveled down to St. Olaf College where they were able to take 12th

place. Lauri Grambart was named All-State for the second year, a great achievement. Although they are losing two valuable runners, Angelique Youngdahl and Terra Dahlheimer, the future of this team is looking bright.

FOOTBALL

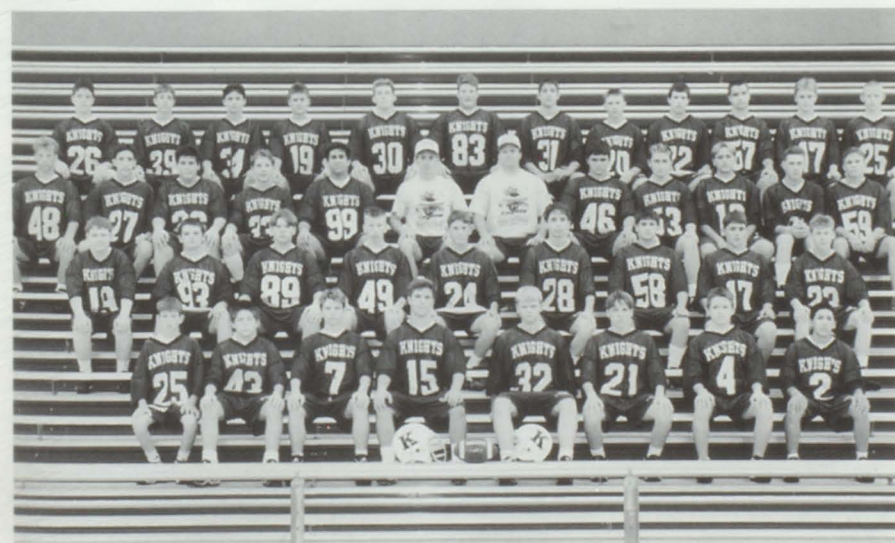

1998 was the most productive season in the thirty-year history of the program. The 4,000 yards of offense handily beat the 1997 team. Quarterback Derek Brant more than doubled the previous

single-season passing record with 2,298 yards. Shane McLaughlin and Joe Martin split the rushing load, combining for 910 yards. The football team even traveled to BOLD High School, which is

in Olivia, Minnesota for the first time. This year's fan following was excellent, considering the team played five regular season away games. The football team concluded its season with a 9 and 2 record.

GIRLS TENNIS

This year, Varsity Tennis had a great season. They won many tournaments including Mora, Chisago, and the Tri-Tournament held at home. The team, as Lindsay Johnson said, "Got to play on

indoor courts!" The Junior Varsity team also had an outstanding season. They went undefeated, taking out every team they played and receiving first place in the Glencoe Tournament. This year's team

is going to lose valuable senior leadership, but the team looks forward to its bright future.

BLOCKING THE SHOTS

VOLLEYBALL

This year, the Knights Volleyball team had a great season. With only four seniors, the young team faced many older opponents, and contended well with them. As far as the score book goes,

the team had a pretty even number of wins and losses, but came out ahead overall. Not only did the Knights volleyball team come out ahead in the scorebook, but the team's potential for next year

is increased because only four seniors from this year will be absent on next season's roster. With so many experienced players returning, the team's outlook next year is positive.

VARSITY (L to R) First Row: JoLynn Barthel, Amanda Valerius, Crystal Praught. Second Row: Jodi Zachman, Trisha Holm, Shawna Beaudry, Angie Becker, Dion Vetsch. Third Row: Rachael Jobes, Coach Donais, Renae Anderson, Jenna Stangler.

JUNIOR VARSITY (L to R) First Row: Jeannine Kasper, Elizabeth Lynch. Second Row: Amanda Reemts, Leah Lenneman, Tiffany Zachman, Jacquelyn Wallerius, Katie Williamson, Nicole Helgeson. Third Row: Coach Ellsworth, Coach Paulson, Ashley Brant, Jackie Radunz, Mary Barthel, Tia Elliott, Laura Lenz.

9TH GRADE (L to R) First Row: Laura Ingebrigtsen, Annie Peterson, Jenna Johanson, Christine Dahlheimer, Bridget Kasper. Second Row: Jenny Capps, Emily Beaudry, Teresa Lynch, Jenna Brown. Third Row: Sara Lindenfesler, Jarilyn Smith, Nicole Rademacher, Sara Bebeau, Coach Catlin.

FALL CHEERLEADERS

With the accomplishment of another great season, this year's Fall Cheerleaders reached new heights with the brand new fall cheerleading squad. From volleyball to football, these cheerleaders kept the crowd going and brought spirit to the players. The cheerleaders were given the opportunity to cheer in front of their biggest crowd yet when they cheered during halftime at the Vikings vs. Green Bay Packers game. This was definitely their greatest achievement of the year. All in all, their season was unforgettable and full of STMA spirit.

Fall Cheerleaders (L to R) First Row: Jenny Weber, Katie Pichler, Jenny Hughes. Second Row: Jane Lindenfelser, Malina Zachman, Tanya Starr, Amy Karlson. Third Row: Cara Ronning, Brianna Bechtold, Mascot Bill Sampson, Amy Kasper, Denelle McAlpine.

Above: Continuous cheering never seems to wear out the cheerleaders as they make sure the fans are loud and excited to capture another Knight's victory.

Right: BLUE AND GOLD! This is one of several cheers that fall cheerleaders used to pump the crowd at a pep fest earlier this year.

Basketball Cheerleaders (L to R) First Row: Chelsea Greninger, Brenda Quinn. Second Row: Angela Rines, Amanda May. Third Row: Cherish Cheney.

Hockey Cheerleaders (L to R) Cara Ronning, Beth Callander, Tanya Adams, Amy Karlson, Denelle McAlpine.

Wrestling Cheerleaders (L to R) Front Row: Jodi Becker. Back Row: Jane Lindenfesler, Jenny Weber, Malina Zachman, Katie Pichler, Tanya Starr.

WINTER CHEERLEADERS

The Winter Cheerleaders had a great season this year. They cheered for wrestling, hockey, and boys and girls basketball. All of the teams had a great season which made cheering much more exciting. Being a Winter Cheerleader has many responsibilities, including bringing enthusiasm and support to the players as well as the fans. It also involves posting school spirit around the school through posters and locker signs. These cheerleaders worked their hardest all season to support the team and bring energy to the school and the crowds.

BOYS BASKETBALL

The Knight's Boys Basketball season was very successful under the Senior leadership of Ryan Papa, Mike VanHeel, and Trevor Vossen. The team finished with a regular season record

of 13 and 11. The most memorable games of the season were against Mora and Watertown. Great defense was the key to these games, but also the ability to play on offense as well. For the team,

it was a fun year. They supported each other throughout the season. The team ended the season as third in the Conference, and look to move beyond that in the years to come.

BUILDING THE PRESSURE

GIRLS BASKETBALL

The Girls Basketball team had the best season the program has ever seen. They ended their regular season with 18 wins and 4 losses. The starting line-up consisted of one senior and four sophomores, so the team has

a tremendous amount of potential for the next two years. The team's quickness helped them set an excellent press on defense and also to continuously push the ball up the court. Many teams couldn't handle the pressure and, as a

result, the Knights racked up the points. Finishing the season in second place, the Knight's spectacular season left an impression on the Wright County Conference.

GYMNASTICS

This year held another great season for the STMA gymnastics team. Breaking the school record for a team score, placing second in Conference, and finishing fourth in Sections were just a few of the girls' accomplish-

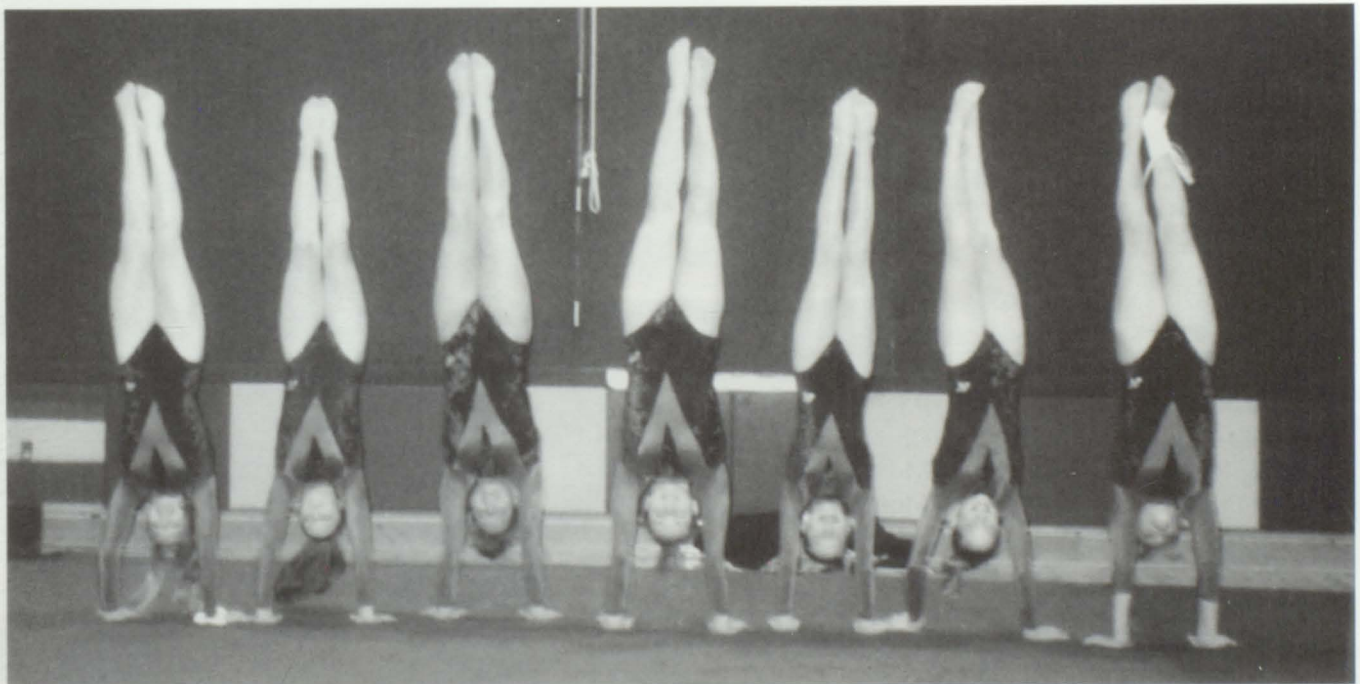

ments throughout the season. Led by Senior Captain Crystal Hemann and Sophomore Jacquelyn Wallerius, the young team ended the year with a record of 9 wins and 2 losses. Eighth grader Lauren Wallerius qualified for and

placed ninth at State on vault. The gymnasts also broke numerous school records and increased their skill level all through the year. The team is looking forward to another great season next year.

HOCKEY

The Knight's Hockey team had one of their best seasons in history. This year they were able to complete a back to back championship season. They were the Conference champions for the past

two years; the only team to ever do that in the division. Under the leadership of Joe Goth, Mike Scharber, and Brent Eull, the team had an overall record of 14 wins and 10 losses. Ben Lee had an out-

standing season. He never let in a goal during a home game. Along with their new arena in Albertville, the team had a very exciting season, and looks forward to a Conference Championship in the years to come!

WRESTLING

The STMA Wrestling team went out in style this year with a Wright County Conference Championship, Section 6AA Championship, and entered the State Tournament. At the State Meet, STMA took second place in the state to Jackson County! They dominated the section with wins over tough area schools such as Owatonna

and Foley. They overcame obstacles with the loss of three starters throughout the season, yet proved they still had what it takes to come out on top. The Knights sent four individuals to the State Tournament this year: Travis Dahlheimer, Nick Beach, Johnny Barthel, and Jon Duncombe, all of whom did great. Also, Mr. Greeno received the sec-

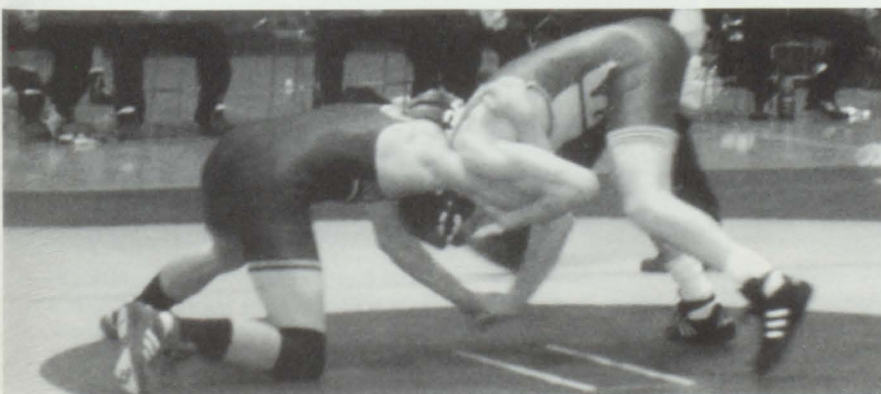

tion 6AA Coach of the Year award. All in all, the Knight's wrestling team had yet another great season and with the return of all but two starters next year, there should be continued success in the future. It was a very exciting year to watch the team grow.

BUILDING FOR THE FUTURE

GIRLS HOCKEY

The Girls Hockey team continues to grow in its second year. The team is made up of players from the Wright County area. This year the team's record was spectacular and rivaled their outstanding playing last year. STMA has two players, Angelique Youngdahl and Amber Kuhn that play for the Blades. They look forward to next year where they hope to add more players from STMA!

Without the advertisers, the yearbook would not be possible. Other than sponsoring our book, they provide various services around our community. The *Valor* staff greatly appreciates their willingness to advertise in our yearbook. Other than advertisements, this is the section of the book where parents get the chance to embarrass their children with pictures from their childhood. They also send them a message to congratulate them on their success throughout high school. We are grateful to the parents for providing us with these special memories.

OUR PRIDE AND JOY

Alice, we can honestly say we have loved you from the moment we realized you were ours. It seems like it was only yesterday that you discovered the GOD given world of colors. And yes, orange is still your favorite.

Love,
Mom, Dad, & Andrew

You've come a long way from that little girl who wanted to drop out in 1st grade. It hasn't always been easy, but you've always known what you wanted and worked hard to achieve it. It has been a joy to watch you become the person you are.

All my love,
Mom
