# EMBARRASSING BUT TRUE

STORIES TOLD BY STUDENTS FROM STMA

## I SMACKED THAT

It was the beginning of the school year. I was walking to my 4th hour class when I saw one of my friends standing next to her locker. I ran up to her and smacked her butt as a joke. Little did I know it wasn't her.

## EVERYONE SAW MY UNDERWEAR

I only had a minute left until the bell was going to ring. I started running down the stairs from the 3rd floor and I was checking my phone for the time. I missed a step and fell down the stairs. Keep in mind I was wearing a skirt and people saw my underwear.

## I PUKED EVERYWHERE

The whole day I was feeling sick. I had a huge headache, I felt really dizzy, and my stomach felt horrible. I felt like I was going to throw up. I decided I needed to go to the nurse. On the way there I felt even more sick. I almost didn't make it to the garbage and I threw up.

## I RIPPED MY PANTS

I left class to go to my locker to go get other homework to do. I grabbed my homework and shut my locker. I started walking towards my classroom when I tripped and dropped all of my stuff. I bent down to grab my papers and I heard a ripping noise. I ran to the bathroom and I saw a huge hole in my jeans on my inner thigh. I wore my gym clothes for the rest of the day.

## I FELL ON MY FACE

It was winter, the roads were very, very icy. I was walking out of school with a group of my friends when I slipped on ice and fell right on my face in a pile of snow. My friends looked at me and started laughing.

## I FELL ASLEEP IN CLASS

It was a bad day for me. I was tired because I was up all night studying for the History test. Once I took the test, I thought why shouldn't I take a short nap. So I laid my head on top of my arms on my desk and closed my eyes. I woke up to everyone watching me and laughing.

## MY ZIPPER WAS DOWN

It was my turn to give my speech. I was already really nervous and I was practicing all night. I went up to the front and gave my speech. I thought it went pretty well. When I went back to my desk, my friend whispered to me "Your zipper's down." I've never been so embarrassed.

## SOMEONE WALKED IN ON ME

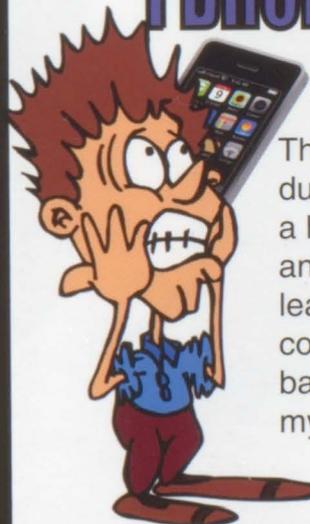

All I needed to do was go to the bathroom. I really needed to go really bad. My teacher finally let me go so I ran to the bathroom. I finally got to go. I heard the door open and the next thing I know someone was walking in my stall. I guess I forgot to lock my stall.

## I FAINTED

I was feeling very sick, so I asked my teacher if I could go to the nurse. She let me so I started walking down the hallway. My vision started to get really blurry and the next thing I knew, I was on the floor. I woke up to 3 people I've never seen before asking if I was okay.

## I DROPPED MY PHONE IN THE TRASH

The bell rang and I needed to dump my tray because I was in a hurry. So I ran to the garbage and dumped my tray. I was leaving the lunch room when I couldn't find my phone. I ran back to the trash and had to dig my phone out of the trash.

# Once In A Lifetime Experience

Some students have moved to a new town or state, but have you thought of moving halfway across the world alone? There are six students that are a part of the foreign exchange program visiting Germany, Norway, Spain and Brazil in our school. These students choose to leave their home country and move here to stay with a family in a different country. Some specific challenges foreign exchange students face include the major cultural differences, the language, entering a new school and not knowing where to fit in. Between countries there are many cultural differences. Cultures around the world are very different. Lorena Ullrich ('16) is visiting from Germany. Ullrich expressed, "Everything is new, the culture is very different." For Stine Artzen ('16) who is here from Lørenskog, Norway, Artzen said, "The struggles are mostly in the beginning, you have to get used to everything and speak English all of the time. School is another thing to get used to." It's always hard to adjust in a new high school. Claudia Perrez Corral ('16) is from Madrid, Spain. Perrez Corral mentioned, "Not knowing where you to fit in, making friends for the first time here." In the end, despite the challenges, the once in a lifetime experience is all that matters.

To the Class of 2016:

Congratulations on successfully completing your high school years. The class of 2016 has demonstrated a passion for learning and a desire to put yourself in a position to capture your dreams. Hopefully, your trajectory will take you places beyond even your own personal expectations.

It is amazing how quickly four years has gone. We are confident that your education acquired at STMA has prepared you for all your future endeavors. Your class has certainly made an impact on both our school and our community. You leave behind a strong legacy that future classes can admire.

Good luck and we look forward to hearing about your many accomplishments!

Mr. Driver

# All For Elli

Since Elli's freshman year, in 2013, the STMA School district has been supporting Elli with her struggle, and trying to make her life as comfortable as possible. With a community of people who love and care for her, it isn't hard to feel comfortable. Elli tells us about STMA, "I love this school! I felt really honored getting to go to this school because everybody is always really nice, kind, caring and sweet to me! Everybody always makes me feel so special! I really appreciate it!" Pictured above, is Elli and some of her best friends from STMA: Allen Arriaga, Elli Hofmeister, Alexis Patnode, Clarissa Bredemeir, Taylor Weinand, and Aaron Lawler. They have been there for her through the years, and will continue to be. Below (left) is from 2013, friends of Elli group for a picture after the first All For Elli event.

**High School Experience.** Below are pictures of things Elli has experienced through high school from left to right, Elli met Austin Mahone with her mom. Next is a picture of Elli and her teacher during homecoming week 2014. The middle picture is one of Elli's senior photos. Homecoming week, Syreana Trombley, Elli and Heather Bentley pose for a picture during lunch. On the right is Elli and Isaiah Weston, holding a football that was signed by the entire football team, just for Elli.

A row of school lockers is shown in a dark, atmospheric setting. The lockers are dark-colored with silver handles and keyholes. The word "ACADEMICS" is overlaid in large, bold, red, sans-serif capital letters across the middle of the image. The background is a dark, textured wall, possibly a ceiling or a wall with some faint, light-colored markings.

*KBNG*

"It is very hard to broadcast to 2,000 people when you only have 10 students, but the students make it work very well," explained broadcast teacher, Mr. Metcalf. The KBNG team has produced almost 2,400 shows since the class was created. STMA is one of the only schools in Minnesota that produce a live broadcast daily. "With all of the hard work that my students do, I am very proud of how far my students have come and everything that they've accomplished," says Metcalf. The crew has a lot of laughs and a lot of jokes while filming their videos, but there was a lot of work that went into making a show. The class is losing some very creative people at the end of this year. If you asked anyone that was involved in KBNG, they would recommend it to anyone. There is a job there for anyone. Many of the students are nervous being in front of a camera, but there are several "behind the scene" jobs that are equally fun and rewarding.

# KBNG'S MOST COMMONLY HOGGED JOBS

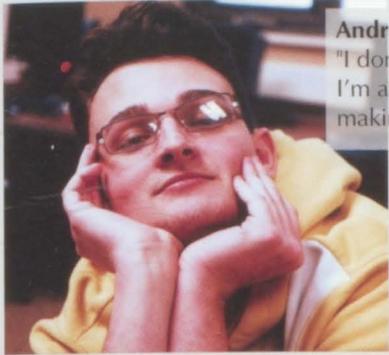

**Landon Laman - Anchor**

"If I would have to describe being an anchor, I'd say it is providing the best possible news to STMA in person, well not actually in person, but close enough. I've been an anchor for 3 years. It is one of my favorite parts about being in KBNG."

**Elijah O'Sullivan- Anchor**

"It was hard at first to be an anchor since it is live. Over time it has gotten better. It's now part of the routine, not too bad, it's just right. My favorite part of KBNG is that there is no written work or tests, and how sarcastic Metcalf is."

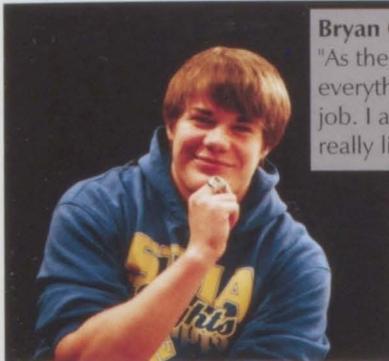

**Andrew Ringate- Everything**

"I don't do one thing in specific. I help with anything that I can. I'm all over the place. My favorite part of KBNG would have to be making videos, all the people I get to work with, and Metcalf."

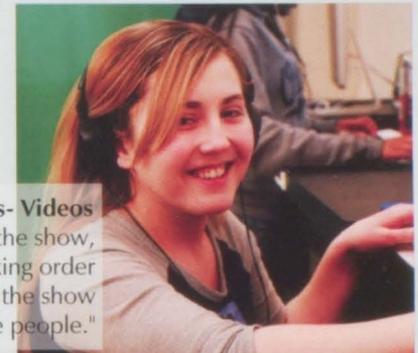

**Kari Lennamen- Sound**

"Working with sound is pretty self explanatory. I mute things, unmute things, making sure people can hear the anchors, things like that. Being able to express my creativity is probably one of my favorite parts about being apart of KBNG."

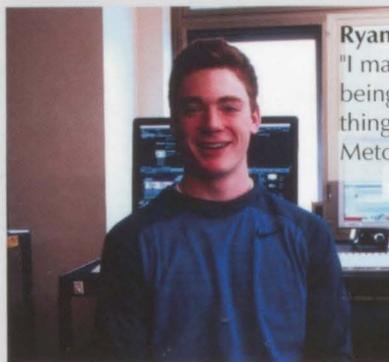

**Bryan Goehring Reinhart- Camera Operator**

"As the camera operator, I make sure the cameras work and that everything else on the floor is in working order. It's a pretty important job. I also get to count down from 5 right before the show starts. I really like being able to be so creative making videos for the show."

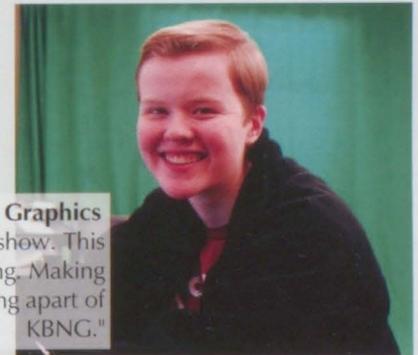

**Maddie Briggs- Videos**

"I play all the videos that you see before the show, during the show, and after the show. I also make sure the videos are in working order before the show starts. My favorite part about being apart of the show is being with all the people."

**Ryan Copeland- Switcher**

"I mainly am the switcher. I switch between camera angles, videos being played, and I put filters on the screens. If I had to pick a favorite thing about KBNG, I'd say it would have to be hanging out with Metcalf."

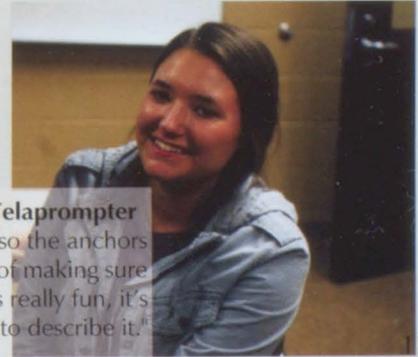

**Claire Olson- Graphics**

"My job is making all of the graphics that are apart of the show. This includes all of the things shown while the anchors are talking. Making videos would have to be one of my favorite parts of being apart of KBNG."

**Paige Berning- Floor**

"I adjust the cameras, and I wear a headset to communicate with the people in the back room to make sure everything is working properly. Hanging out with everyone, and making videos would have to be the best part of the show."

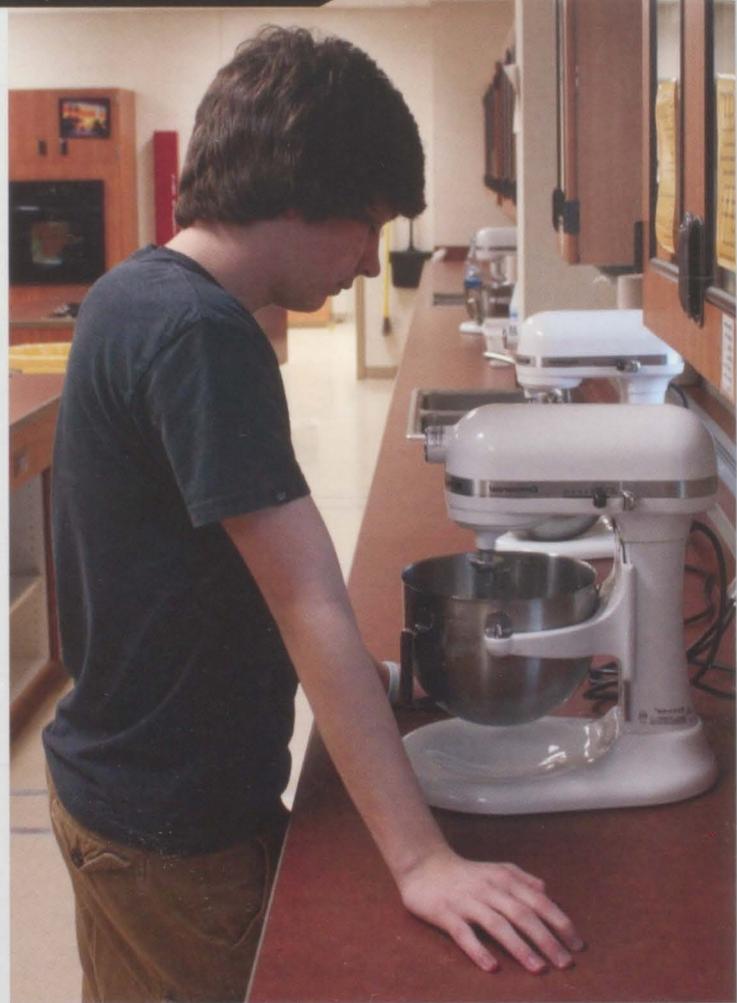

**Autumn Christensen- Telaprompter**

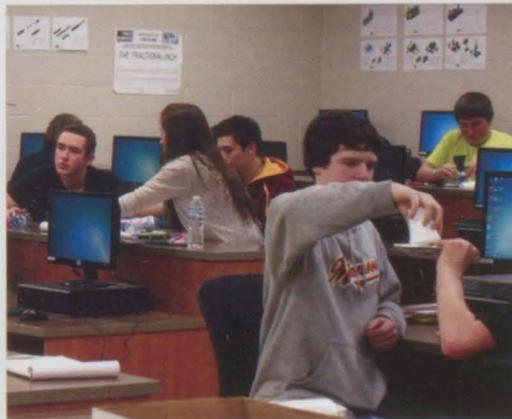

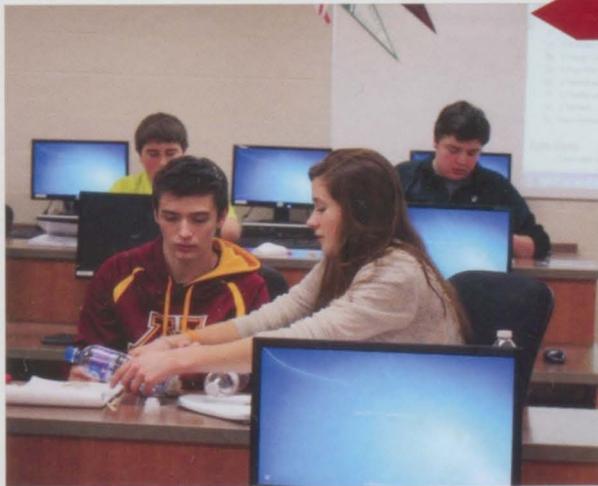

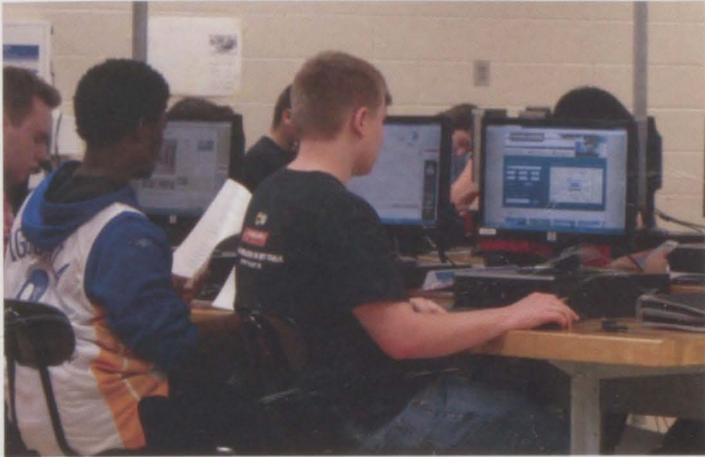

"My job is copying and pasting words to the screen so the anchors know what to say during the show. I'm in charge of making sure everything that is needed to be said, is said. The class is really fun, it's not boring. I don't know how to describe it."

The people are amazing and I'm excited for the season," said Sustacek('16).

**Paving their Path.** Symphonic Band impresses the crowd with their closing piece at the winter concert. "This is a good as it gets, I'm not telling you it's worth it," Dakota Roeun commented.

# Choir

**Building Bonds.** Bella Voce sings their hearts out for the first time this year. "Regardless of everything going on in life, choir has been an outlet of happiness for me. Not just the singing, but the family that choir builds every year is irreplaceable," Tayllor Steinmetz ('16) remarked.

**Perfect Memories.** Reanna Marthaler ('18) snaps a photo of herself, Haley Rogers ('18), Kyla Schnell ('18), and Teresa O'Sullivan ('18) before the first concert of the year. "Choir is the only place where I can do something I love, with people I love, and the end result is, in my opinion, the purest way for love to grow. I'm at peace when I sing, something that almost never happens," Schnell commented.

**Perusing Her Dream.** Emily Turnquist (16) sings her first solo ever in front of a thousand people at the fall concert. "It was a great opportunity and I couldn't thank Mr. Osowski enough for giving me the chance to do a solo for my senior year," Turnquist said.

# Concert Choir

**Practice Makes Perfect.** Close friends Carissa McLellan ('16), Makayla Hackman ('16), and Erin Patterson ('16) stand for a photo after the winter concert. "We all have made it so far in choir and I am so proud of what our choir can do," McLellan reclaims.

**Best Buds.** Austin Jeffries ('16) and William Penn ('16) pose for a picture after the fall concert. "Choir is a lot of fun and I highly recommend it to anyone wanting to try it out. My favorite memories are going to San Diego and Orlando with the rest of the choir," Jeffries remarked.

**More than Singing.** Braden Eliason ('16) plays the piano for the freshman choir students while they wait for Mr. Osowski to return to the classroom with copies of their new song. "Choir is the best part of my day. In choir I get to focus on making the group better and I think there is nothing better than that," Eliason said.

**On the Road to a Grammy.** The Grammy Foundation selected STMA Choirs as one of two selections of schools from Minnesota. "This is a huge honor for our district and validation for the hard work of many students, parents, administrators and staff," Mr. Osowski commented.

# Knights

**New Director.** Knights Choir welcomes Mr. Berger this year as their new director. "Being in choir is so much fun with all of my friends, we made a lot of great memories this year," Nikhil Purohut ('16) said.

**Encore.** Knights Choir is a crowd favorite after performing a song called "We are the Men of the Chorus" at the fall concert. "Choir is fun and a expressive way to get your voice heard through singing," Lucas Greenwaldt ('18) commented.

**Once in a Lifetime.** Kaleb Dombeck ('19) sings a solo at the combined concert with the eighth graders in front of fifteen hundred people. "Music is life. That's why our hearts have beats," Dombeck said.

Ain't Nothin

# Coro

**Applause.** Coro looks out at the people clapping for them after singing. "I wasn't sure if I wanted to even join choir, but I'm really glad I did. Mr. Osowski and Mr. Berger are pretty awesome teachers. They make choir fun and it wouldn't be the same without them. I love it," Brianna Gustafson ('16) said.

**Preparation is Key.**

Coro perfectly sings at the fall concert. "I was stressed about the solo, since I lost my voice. But when it came time for the performance, I was able to do it. I am looking forward to more solos in the future," Abby Smith ('18) said.

**Solos.** Abby Bistodeau ('18) and Abby Smith ('18) sing their first solo of their high school career. "It took us a while to get it right with Smith not having a voice, but when it came to concert time, we finally got it," Bistodeau said.

# Cantabile

**Lots of Energy.** Cantabile Choir has fun performing at the winter concert. "Choir is a place where you can challenge yourself. The environment is positive and you can have fun but are still able to work hard. In choir, we make great music and memories", Valerie Noel ('19) remarked,

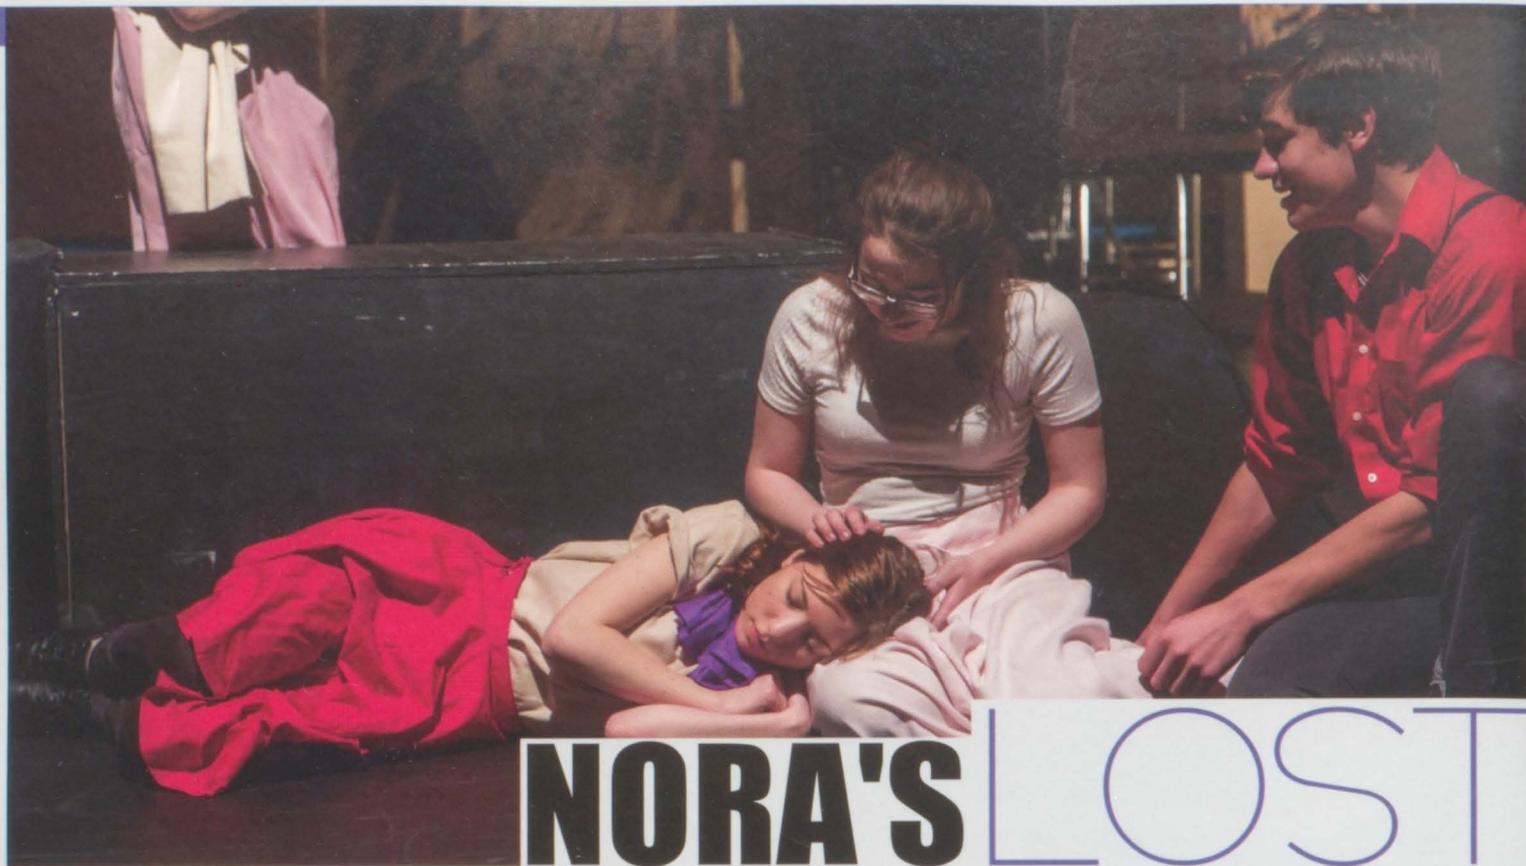

**Just the Beginning.** Cantabile sings at their first high school choir concert. "In choir I can express my love for music and be myself. Choir is a great place and I love it," Marissa Benson ('19) commented.

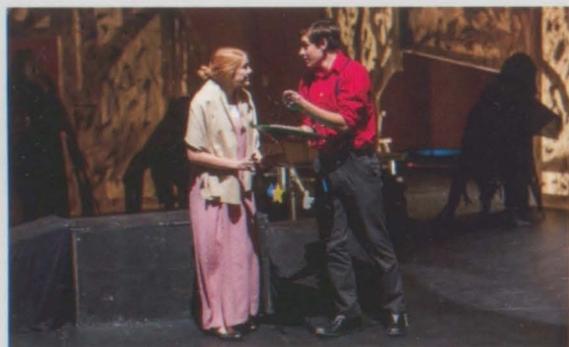

**Making Impressions.** After performing the last of their final song, the crowd hollered at their performance. "Choir means a lot to me. It allows me to express who I am. I can show others what I can do while doing what I love," Alayna Fette ('19) said.

# But Treble

# NORA'S LOST

Every year Saint Michael-Albertville High School competes in a state-wide competition on the stage have to be set up under 10 minutes and be taken down in 5 minutes. The competition is so short you see about 5 plays within a matter of just 3 hours! The time and dedication put into the play almost seems impossible, "The work these guys put into this play is more than a lot. Practice is five times a week from 3:30-6:00 for 10 weeks straight. It's truly blood, sweat, and tears put into the outcome," Director Mr. Mann shared. This year, the STMA cast performed a play called "Nora's Lost" which follows a woman (Nora) who has to deal with Alzheimer's (a progressive mental deterioration that is a generalized degeneration of the brain). The play follows younger Nora, older Nora, her family and everyone who's impacted her including students from her past teaching career. Nora's Lost is a "different" play in the sense that we (the audience) are actually *in* older Nora's mind. It jumps around from memory to memory such as the news of the death of her son to the birth of her baby girl. Dylan Brown ('17) shared how playing a dying character felt, "When I read the script I was so excited. Little did I know how challenging and emotional playing this character would be. Every time I played 'Mark' I felt as if I actually died." The group placed 3rd in the 5AA competition leaving the stage not only out of breath but with satisfaction as well.

**IT'S A GIRL!** Older Nora experiences a heart-touching memory of her husband Gene bringing home a mobile for their expecting new baby girl Martha. Alejandro Behling ('17) shared the experience of playing his character Gene, "Playing Gene made me feel so many warm emotions. You can truly see the love he holds for Nora and I think that was the most challenging part playing him--constantly trying to convince the audience you're 'in love.'"

**ABOVE** Preacher Landon Lamar ('16) and Military Officer Elijah O'Sullivan ('16) stand at the door to Nora and Gene's house to give the news of their son Mark's death. "This scene was truly intimidating. It was so fun to act out but I wasn't sure if I'd be able to convey the "dark" emotion the scene holds," O'Sullivan told.

Dylan Brown ('17)

**LEFT** Older Nora sits down trapped in her ongoing thoughts. Katlyn Rohrer ('16) shared her experience of playing this character: "Playing Older Nora was both fun and challenging. Not only learning the behaviors of those who have Alzheimer's was challenging but also showing age was just as much of a challenge both mentally and physically."

**RIGHT** Young Nora shouts at her daughter Martha to not open the door (the scene right before Mark's death is revealed). When asked what her most memorable scene she acted out was, Reanna Marthaler ('18) responded, "Definitely the fight scene with Gene. Every negatively repressed emotion I held had to go out in that very scene. Each time I acted it out I left the stage feeling empty because it was so emotional. After the play, so many people came up to us (Alejandro and I) and said they cried a little during that scene. That was truly rewarding."

# Guys and Dolls

Set in New York City, *Guys and Dolls* is an oddball romantic comedy. Gambler Nathan Detroit, played by Dylan Brown ('17) tries to find the cash to set up the biggest Craps game in town. While the authority, Andrew Ringate ('16), breathes down his neck. Meanwhile, his girlfriend, nightclub performer Adelaide, played by McKenna Eull ('16), keeps talking to him about the fact that they've been engaged for 14 years. Nathan turns to fellow gambler Sky Masterson, Elijah O'Sullivan ('16) for the dough, but Sky ends up falling for the straight-laced missionary Sarah Brown, played by Caitlin Meyers ('16). *Guys and Dolls* takes us from the heart of Times Square to the cafes of Havana, Cuba, and even into the sewers of New York City, but eventually everyone ends up right where they belong. Along with all the positive feedback people had to say about *Guys and Dolls* being so successful, the musical was also a part of something called Spotlight Theater. The show was performed, judged, and received awards from the Hennepin Theater Trust Program. "The show was great this year! A lot of different people had to put effort into making this show happen," Mr. Mann, the director of the musical, had so many great things to say about the musical and how well the cast performed.

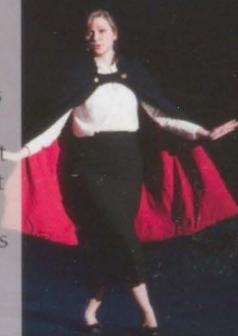

**NATHAN DETROIT.** "Being lead wasn't as crazy as it seems. It's just another part since everyone is equal in the play. Everyone looks up to you since you are the lead. I feel like I'll have a New York accent now every time I'm in a play. I'm currently in another play and can't stop talking in an accent," Dylan Brown ('17) said.

**SKY MASTERSON.** "It was an honor to be a lead, I mean they gave me a great responsibility and I think I did the best I could. I pretty much enjoyed the entire thing." Elijah O'Sullivan ('16) recalled about playing Sky Masterson.

**MISS ADELAIDE.** "It was a great experience! My favorite scene was with Nathan and I after I got done singing at the Hotbox because we practiced that scene so much and we got it down to perfection!" McKenna Eull ('16) commented about being one of the main characters in the musical.

**SARAH BROWN.** "One of my favorite parts of the musical was getting to bond with Elijah. As you know, we had to be lovers so it was a really different experience for me. We got to bond and become great friends, so I'm glad that is one of the things I'll always get to have," Caitlin Meyers ('16) explained about performing in *Guys and Dolls*.

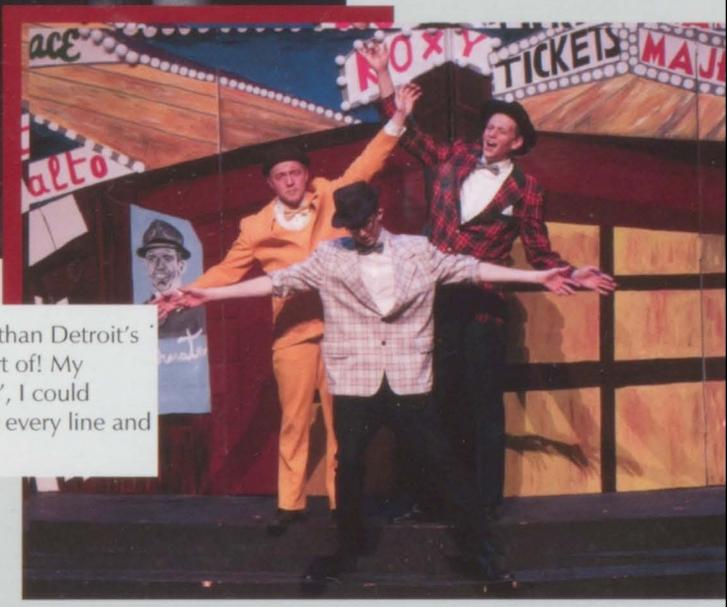

**CAUGHT IN THE ACT** Andrew Ringate ('16) played Brannigan, the police officer, in *Guys and Dolls*. "I thought the musical went rather well, it was a fun and exciting experience where I got to meet a lot of new people. My favorite scene was You're Rocking the Boat. I thought that the whole scene was put together well, and we did a great job performing it."

**DANCING AWAY.** "I was a hotbox dancer. Overall, I thought it went really well, we put a lot of time into it to make it perfect. I loved all of the people and making some new friends and stepping out of my comfort zone to do something I turned out loving. I think I performed as well as I could. I definitely saw improvement in myself after rehearsing every day," Abby Fischbach ('17) had to say about performing in Guys and Dolls.

**JAZZ HANDS.** Landon Laman ('16) played Nicely Nicely, Nathan Detroit's good friend: "It was a very fun show, and an honor to be apart of! My favorite part was while I was singing the song 'Guys and Dolls', I could almost always find someone in the audience that agreed with every line and it was so fun finding someone like that."

**LETS SHOOT CRAPS.** Alejandro Behling ('17) played Harry the Horse in Guys and Dolls. "I think the musical went swimmingly. I loved doing the sewer scene (Lucky Be A Lady) and the fake fighting scene on stage. I feel I performed as well as I was able to, I received a Spotlight Award along with Dylan Brown ('17) and we get to perform at the Orphium this June."

# STUDENT COUNCIL

# Entrepreneurship

**Entrepreneurship I** has been hard at work creating a lot of new merchandise for the school store. Each trimester, groups of students make items such as: T-shirts, long sleeves, hoodies, crewnecks, playing cards, and water bottles to sell to students and the community. In Entrepreneurship I, the students visited local businesses and try to sell their items to the stores to advertise and sell around the area. The class then competed in a sales competition.

The **Entrepreneurship II** class is focused on how they can make local businesses heard and how they can promote deals for people in the community. The class used social media platforms such as: Instagram, Snapchat, Twitter, and Facebook to post deals and promotions for students and parents. They worked very hard to get these businesses recognized by the community. They also were able to involve the school with the community using social media.

In yearbook we create the theme of the book and the cover. The theme is the overall concept of the book that flows throughout the pages. We also decide what colors, fonts, and graphics to use throughout the book as well. In Chicago, we decided the theme "Focus" and designed the cover of the book. "It was an amazing experience getting to do a cover session with a professional," said Stephanie Sklenar ('16) The first two trimesters of yearbook, we design the book layouts, go to events, get quotes and pictures, and create templates. In the third trimester, we finish up the book, then focus mostly on sales. "Overall it was fun to bond with the other staffers, going to events and having team bonding days. It's a really great group of people," said Kaleigh Hatzinger ('16).

# CHICAGO TRIP

**Summer Fun.** Summer 2015 was the first year that the STMA yearbook staff went on a workshop trip. They went to a yearbook camp, lead by Walsworth, in Chicago. They met staff from other schools across the country, and took classes on what they were interested in learning more about. The girls learned many new things to take back to the school, as well as touring Chicago. They visited the Navy Pier, The Bean, and other tourists attractions.

**Kaleigh Hatzinger** ('16) Photo Editor/Book Editor. She did an amazing job creating templates and taking and editing photos. Kaleigh has been in yearbook all through high school, we will miss her!

**Sarah Semo** ('17) Photographer/Staffer. Sarah went to many extra-curricular events taking pictures and getting quotes.

**Samantha Sklenar** ('16) Book Editor. Samantha did an amazing job, learning different ways how to use Walsworth to make our yearbook better. Her creative mind helped us a lot this year!

**Lindsey Pittlecow** ('17) Staffer. For Lindsey's first year on the yearbook team, she did a great job. She bonded well with all the students.

**Stephanie Sklenar** ('16) Editor. Learned many things, in Chicago, that she brought back with her.

**Samantha Phanthavong** ('18) Staffer. For being the youngest on staff, she jumped in quickly and helped a lot this year.

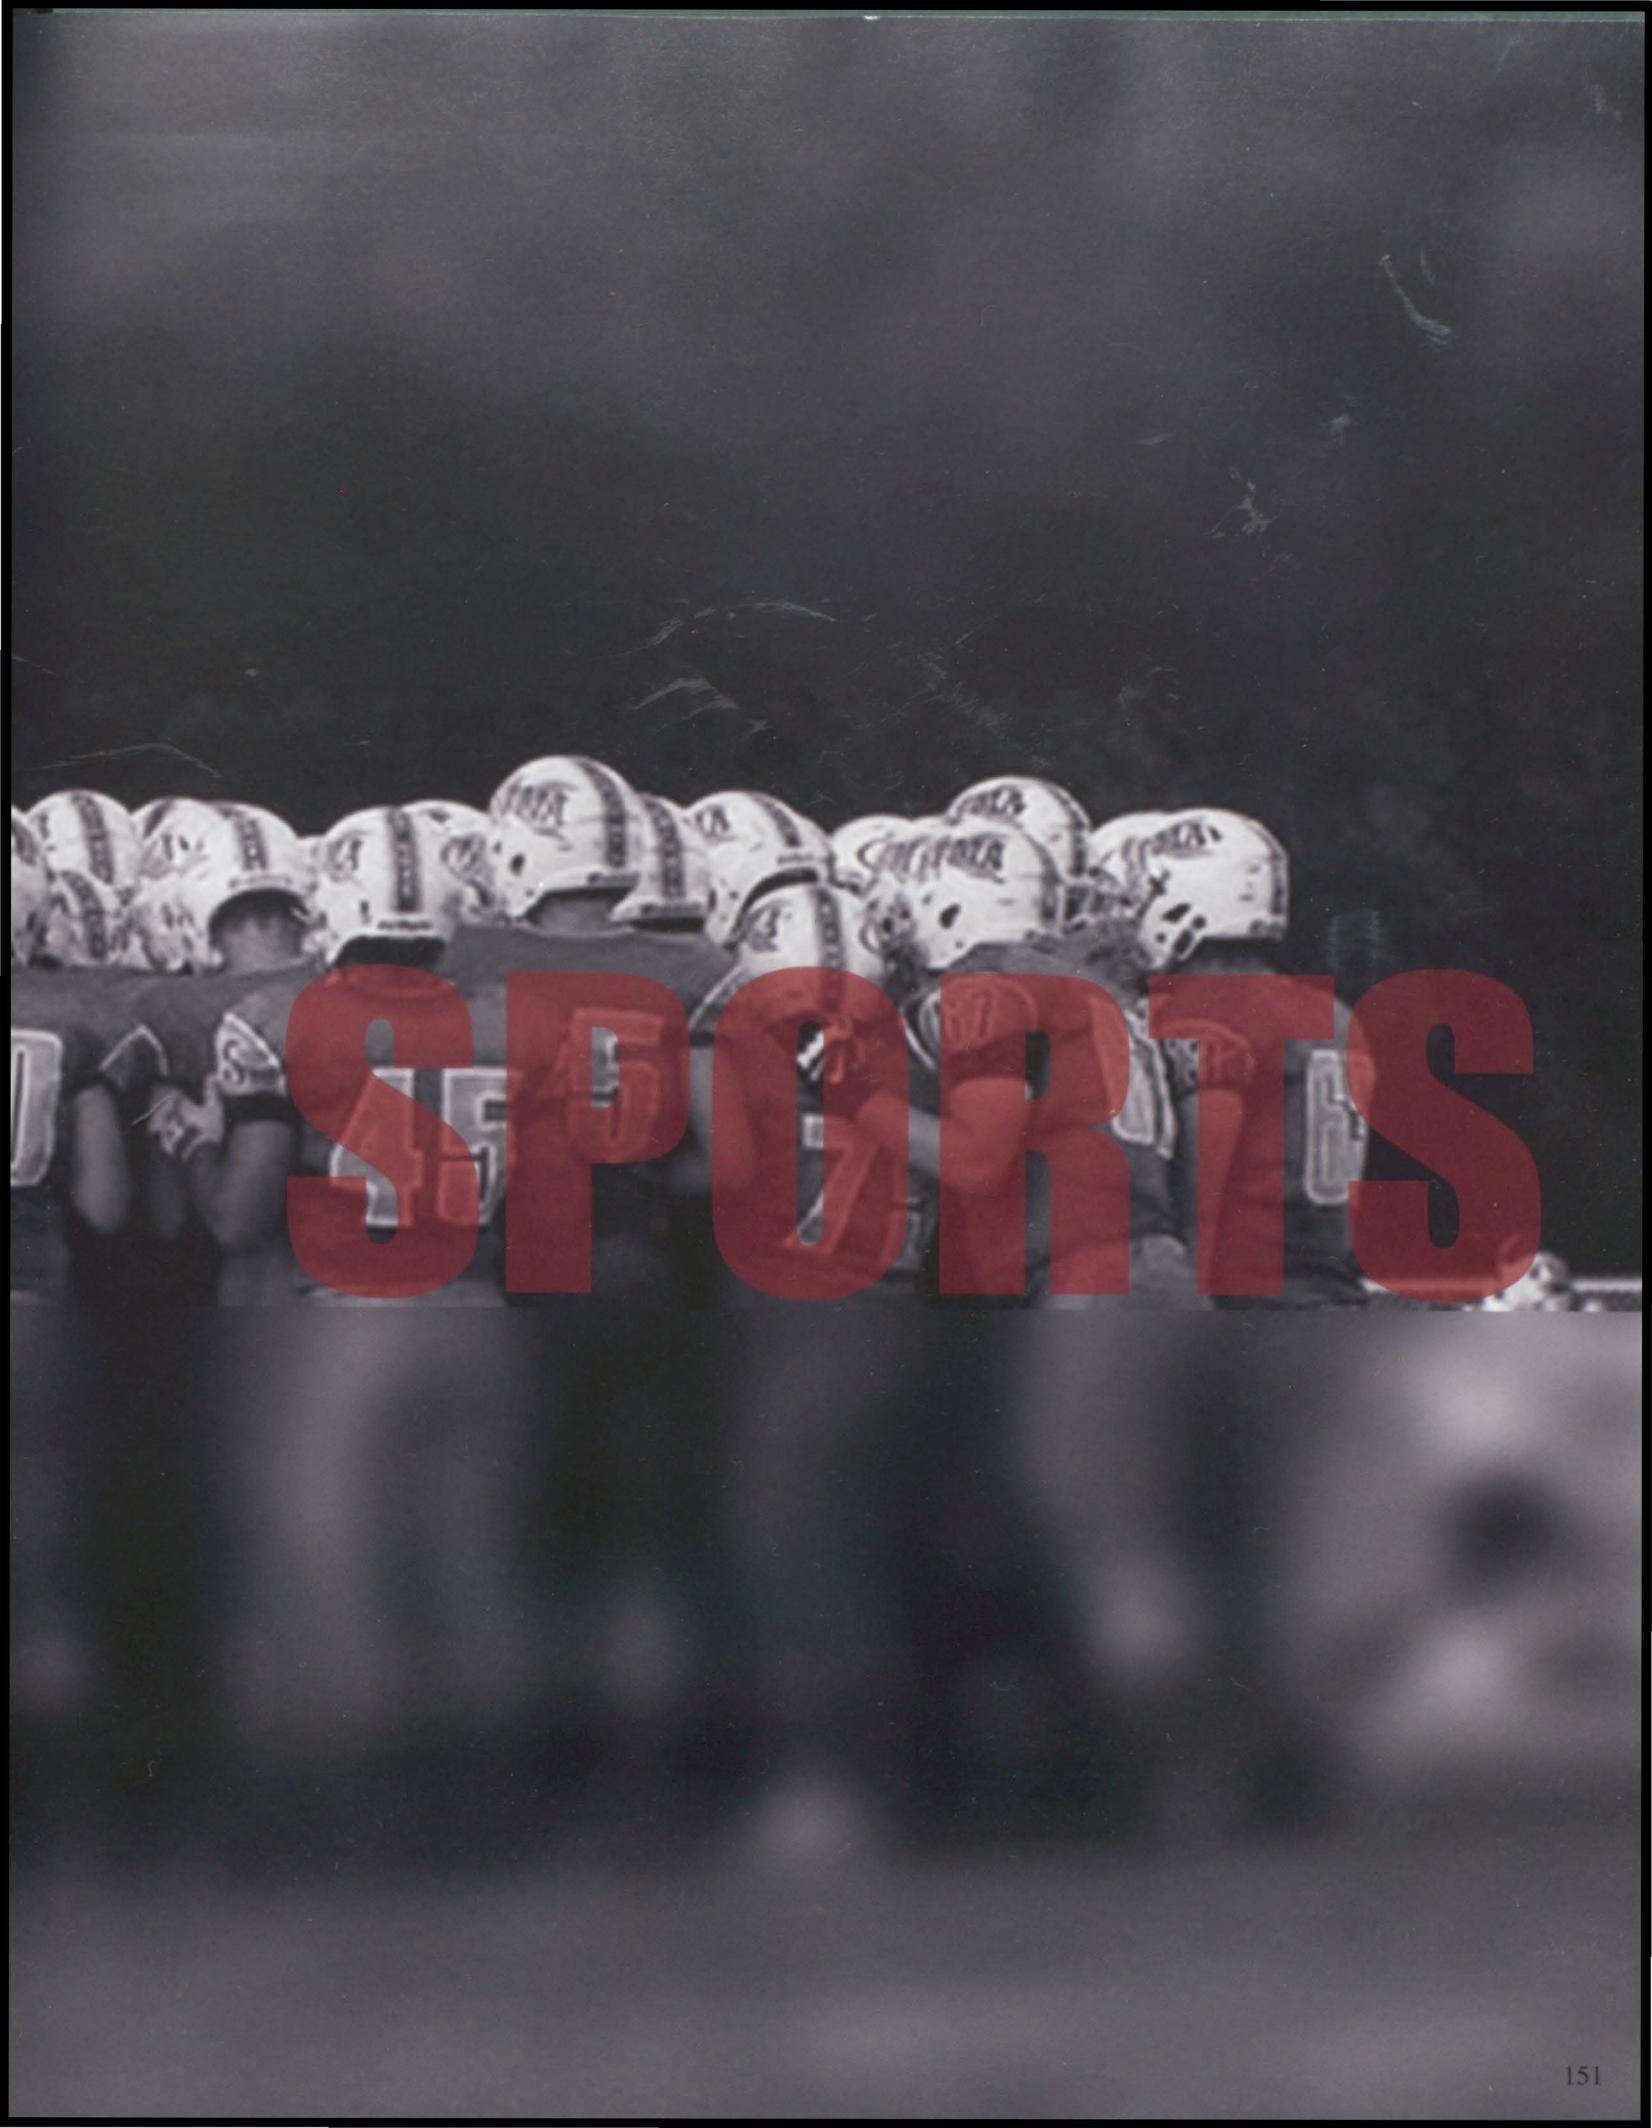

**Anne Snyder** ('17) Photo Editor/Book Editor. Has been in yearbook for two years and has brought something new each year to improve the yearbook.

**Cheyenne Brunk** ('17) Program/Aurasma Editor. Cheyenne nows the program well, and helps teach new students how to work it.

**CHEER-OFFS.** The team was completely dedicated this season. With all their dedications, time and effort spent the competitive cheer captain shared the news, "Varsity competitive cheer team's goal for this season was to go to the national high school cheerleading championships in Orlando, Florida and we achieved this goal!" Claire Wallace ('16).

**GOALS.** Elizabeth Kemmetueller ('17) Mackenzie Selle ('16) and, Claire Wallace ('16). The team keeping true to their goals; they placed second at MCCA Cheer-Off. "Our team goals included being sharp and loud. Also, placing high at cheer off." Elizabeth Kemmetmuller ('17).

## GOING THE DISTANCE.

This year, the Cross Country team has doubled in size over the last three years. This has made a bunch of new talents and hobbies from all ages. Just like every team, they had two main goals that they tried to achieve over the season. Setting goals for the entire team and not just each individual runner makes it more fun to communicate with each other and maybe even bond because they are all working together. One goal was to make it to state and the second was to place higher than last year's 6th place finish at state. These goals were more difficult to achieve this year because a few things have changed from last year. "The race's course length increased from a 4k (2.5 miles) to a 5k (3.12 miles)," explained Heil ('17). The Cross Country team follows the motto "Miles Make Champions," because they had to increase their summer mileage to prepare for this season's longer course and it encourages the team to meet this season's goal. "It was really hard at first and you need more mental toughness to try to hang on the last 'k'," explained the team. Just like all teams, they have some traditions and things they like to do before a meet. "We huddle before races and encourage each player to try and do their best," said Coach Greeno. Through motivation and jokes, this helps the team ready and prepare themselves for meeting their goals and having a great season with a strong start. They even have some inside jokes, including, "May the course be with you!" laughs Ruhland ('16).

# I BELIEVE THAT

"About midway through the season it was clear this was a special group of players who were really beginning to come together as a team and as coaches, we all started to talk to the team about being State Champions. The kids we were able to for STMA an incredible the clock hit 0. very excited also a feeling our kids stormed the field, I looked up in the crowd and took my phone out to film the crowd as there were 4000-5000 STMA fans there. The support from the student body and communities was incredible!"

# WE JUST WON

Joy, happiness, grateful, excitement, ecstatic. These are some of the feelings that swept the STMA football boys throughout this entire season. Starting off the year against Moorhead was a little rough. The boys lost 26-16. Fortunately, the rest of the season made that first game appear as a slip. Six days later, the boys played against Big Lake and dominated with a win of 41-0. Coach Essler comments, "This was an important game for us coming off of a loss to Moorhead the opening week of the season. In our second game against Big Lake, I started to see much more consistent execution in all three phases of the game. I left our victory over Big Lake thinking we had a chance to have another successful, if not a championship, season." And that's exactly what happened; the

rest of the football season was only uphill from there. Making it to Section 6, the first game was against Elk River at home. A win of 35-12. The next was against Rogers in St. Cloud. A win of 28-21 once again. After that, the boys were headed to State. Those weeks flew by and before they knew it, the STMA football team were state champs. Assistant Coach Arlien shares, "When the clock hit zero it was a moment of shock. I couldn't believe that we had just won the State Championship. A feeling of euphoria swept over me and I just started hugging everyone and smiling. I was so proud of what this group of young men accomplished." The team finished the season with an overall record of 12-0-1 creating history for the 2015-2016 Saint Michael-Albertville High School football team.

# TIME TO GET

*Messi*

**D**edication is how Zack Bracken ('16) describes his journey to becoming a team captain here at Saint Michael-Albertville High School. "Ever since I could walk I was interested in soccer. Both of my parents played soccer for several years but my childhood neighbor inspired me the most to carry on this sport," Bracken says. Zack was born in Delaware and lived there until the age of 3. At an early age, he would kick the ball around with his neighbor who also happened to make it into Division 1. In 2001, Bracken moved to Minnesota and played for Three Rivers Soccer Association in Maple Grove for 6 to 7 years, "After we moved, my dad helped a lot around this time with coaching. He was also the first one to teach me how to juggle a soccer ball." High school crept up fast, and before Bracken knew it he was on the Junior Varsity team for STMA his Freshmen year and Varsity for his

Sophomore through Senior year. Bracken has played Center Midfielder throughout his whole high school career, "It [center midfielder] wasn't my first position. I played defense for the longest time and once I started high school soccer I was put into this new position. I was a little skeptical at first but now it's definitely my favorite position." Senior year rolled around and soon enough Bracken was given the new position of team captain, "I was so honored to gain this trust from the team and coaches. I felt a sense of accomplishment to be playing with this title. It was a moment I won't forget." Bracken says he isn't sure about taking soccer into college, however, if he does he hopes to attend either St. Mary's, U of M Morris, or Augsburg. "Throughout this whole journey I've continued to tell myself, If you truly want something, and put enough effort into accomplishing it, you definitely can," he says.

# Oregon is Overrated

**S**trength is unity. That is what the 2015-2016 girls swimming team's motto was. Each season they pick a quote and like to go off of that. "We like to emphasize the importance of being a team. We are stronger when we support each other. We are not just one or two good athletes, we play hard, work hard, and compete hard together. That is what makes our team so successful. This is also what makes our team such a tight knit group of girls." This is what Maddie Westendorp ('16), one of the captains of the team had to say when it came to why they picked their motto. Overall the swim and dive team had an amazing season. They were conference champions and placed ninth which was the first top ten state finish as a team. They had two All-State relays, a 200 medley relay consisting of Carly Roberts ('16), Emma Lezer, Kristen Pieper, and Jordyn Schnell. The other was a 200 freestyle relay consisting of Maddie Gallagher ('17), Carly Roberts ('16), Jordyn Schnell, and Emma Lezer. They also had two All-State individual events: 100 breaststroke and the 200 individual medley. The team had an amazing season and hope to keep growing and growing as a team, and becoming better and better.

**SWIMMING.** Maddie G ('17) swam incredible this season. She had so many great moments. One of these were that she was announced to be one of the new captains for next year. "I'm really excited to be captain next year, and I think we will continue doing very well!"

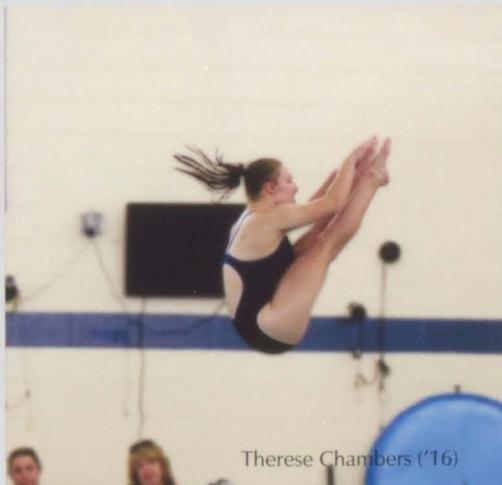

**DIVING IN.** Hannah VanHoorik ('18) had a great season this year. She had a lot of personal records throughout her season, one of them being in the 50 free. She had 27 seconds by the end of the season. "I felt like our team did really well this season both in the water and out. We grew closer as a together and we all have made lasting friendships. My favorite part of the season would have to be all the team bonding we did. Like when we went on our training trip we had made a lot of memories. I am super excited for next year and I cannot wait until the next season starts."

**DEEP BREATH.** It takes a lot to be a swimmer. All of the training and everything that is done to prepare for a meet. "The hardest thing would have to be goal 50's, super 500's and dry land with trainer Melissa." Hailee Williams ('17) had to say about preparing for a meet.

## ONE POINT AT A TIME.

Friendship and motivation were a couple main themes throughout this year's tennis season.

"During the season, we have bonded so much, we're like sisters now. We've been through wins and excitement, losses and sadness, and have worked extremely hard.

Although the ending was emotional, it was worth it," explains Emily Solberg ('16). With returning players and many seniors on the team, this continued friendships that will last a lifetime and a few new ones along the way. "My favorite part of the season was the team bonding trip over the summer. I got so close to the entire team. We felt like a family," explains captain Jolene Duda ('16). This positive environment led to a final score of 15 wins and 6 losses for the tennis season this year.

## LADY KNIGHTS *Do it best*

Starting the season off with many wins, Syra Tanchin ('19) tells us about being part of the STMA Varsity Volleyball team, "It was a honor to play with the team and exciting to play in that high of a level against some of the best players in the state. When the crowd cheered, "She's a freshman", I thought that was hilarious and really cool." Win or lose, the team always worked together to do the best they could every single game they played.

"I'd say Anna and I brought the team together as captains by being positive and outgoing, and having fun with everyone. The team this year had a really close bond. We all had a fun time on and off the court," explains one of the captains, Kara Simonson ('16).

This girls' basketball team finished the regular season with a record of 24-2. The Knights won their 4th consecutive Mississippi 8 conference title. The #1 seeded Knights began sections and hoped to make the semi finals like last year. Their team goal was placing at state, which they achieved.

Senior Night was held at our home gym on February 26th. The entire team kept up the energy as the seniors were honored. Their final home game was against St. Francis. The Knights defeated St. Francis 84-50. The Knights scored 64 points in the first half. The leading scorer was Kitri Zezza ('16) who made seven of eight 3-pointers. Later in the second half, Zezza got her eighth 3-pointer to break the school record for 3-pointers in a game. Congrats Zezza! Also, captain Rae Johnson ('17) described this years team dynamics: "I am very lucky to be a captain of such a great team. The "15-16" girls basketball team has great chemistry and is one of the most talented group of high school girls I have played with. We all have the same goals and push each other to reach them."

Sophi Gagnon ('17) positioned her feet before performing off the vault. Gagnon ('17) shared her experience about her feelings right before competing, "I'm usually really nervous before I perform. The Girls' Gymnastic team set goals for their season and accomplished many. On the season, Captain Whitney Perry ('16) commented, "We've improved greatly. This year we sent two girls to State and at meets a lot of girls [individually] got some of the highest scores!" Head Coach Heather Feigum agreed explaining that she has two simple instructions for seniors: "Just decide what you want and then make a plan to get it. Watch people who already have what you want and do what they do if you don't know what your plan should be yet - there is no need to reinvent the wheel - just decide and make a plan to get it." Perry added, "This season we were more competitive which really showed at our meets [hence making it to State]. It was a great season, overall."

Although the Varsity boys hockey team didn't make it to state, they left the ice with great accomplishments such as winning their second consecutive conference championship in 15 years and making it to the section semi-finals which was a first time for the STMA boys hockey team! The team finished with an overall record of 15-7-2. Off of the ice, the boys did great service for their community such as volunteering at Feed My Starving Children, reading to the kids at the elementary school, and at the St. Michael-Legacy. Head coach Johnson shares his thoughts on the season, "Overall it was a great season. We were able to accomplish many of our goals that we set at the beginning of the year." The Juniors and Underclassmen on the Varsity team did amazing in leading with their outstanding number of goals scored. Mitchell Bourgerie ('17) led the team with 23 individual goals and Blake Spetz ('18) right behind him with 10 goals. As for the Seniors that are heading off to college, Coach Johnson lets his players go with some advice, "Continue to be great young men. Be leaders in the classroom and the schools you attend. Work hard like you have during your time at STMA and great things will come your way in the future."

Nobody gave us much of a chance to beat them the second time around but we did with a score of 6-1! It is a great feeling to win a game like that with my buddies and I am looking forward to where the rest of the season brings us."

The STMA hockey girls team up with a few cities around the area to create one school team known as the River Hawks. There are three captain's this year for the team, Jenny Kisch ('16), defender, Greta Stanton ('16), forward, and Lindsay Finnerty ('17), forward. Kisch, unfortunately, broke her ankle at practice in the beginning of the season. She couldn't play for weeks, but was very supportive of the team and went to almost every game, and practices. The team missed Kisch this year, but had great seasons in the past. "I'm disappointed I didn't get to play this season, but I appreciated all the support from the team", said Kisch. The girls' had an outstanding season this year, with little losses, and many wins. **Pictured above** (background picture) Paige Jensen ('17), getting prepared to make an pass, which leads to a goal by Greta Stanton (16).

Jimmy Li is the boys' Varsity tennis captain, in his junior year. The road up to this point is long and full of hard work. Jimmy Li started to play tennis just because he needed something to do. He did not have any sort of family who had played tennis in the past and wished for something different. He started playing tennis seven years ago through a summer camp that he played here on the middle school West courts. "My first coach was probably Mr. Jorgensen and now I try to

play at lifetime as much as I can," said Li. After the summer camp had ended the summer of his sixth grade year Li started to play for the school team. "I started on Varsity my seventh grade year. The whole thing was fun but intimidating," explained Li. As a little seventh grader Li worked and tried his best to be the best and now he holds the number one singles spot and the appreciation of his team. Li said, "I think I was nominated captain because of how long I have been playing and how much I care about the team." Written and photo by: Abigail Trenholm
