Key Definitions –Sexual Harassment

Sexual Harassment, including sexual assault, is a form of sex discrimination. In **Educational context**, sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

- An employee of the recipient (school district) conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct (quid pro quo);
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity (hostile environment); or
- Sexual assault, as defined in 20 USC 1092 (f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

Sexual Harassment, including sexual assault, is a form of sex discrimination. In an **Employment context**, sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature constitutes sexual harassment under MA law when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's advancement (quid pro quo);
- Submission to or rejection of such conduct by an individual is used as the basis for employment decisions;
- Such conduct interferes with an individual's job duties; or
- The conduct creates an intimidating, hostile or offensive working environment.

Examples of Sexual Harassment

- Unwelcome sexual advances-whether they involve physical touching or not.
- Sexual epithets, jokes, written or oral references to sexual conduct.
- Displaying sexually suggestive objects, pictures or cartoons.
- Unwelcome leering, whistling, brushing against the body, sexual gestures
- Physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent, including sexual assault, sexual battery, sexual abuse, and sexual coercion.

Jurisdiction of Title IX Sexual Harassment

What locations are covered?

- Any education program or activity of the district in the United States.

What does an education program or activity include?

- Locations, events, circumstances over which the district exercised substantial control over both the respondent and the context in which sexual harassment occurred.

What about electronic communication or social media?

The Title IX Coordinator will evaluate whether the district exercised substantial control over the location, event or circumstance over both the respondent and the context in which sexual harassment occurred.

- Personal computer used at home vs Computer used at school

Pregnancy

GLTHS does not discriminate in its education program or activity against any student based on the student's current, potential, or past pregnancy or related conditions.

When a student or parent/guardian, informs any faculty/staff of the student's pregnancy or related conditions, unless the faculty/staff reasonably believes that the Director of School Counseling/Title IX Coordinator has been notified, the faculty/staff will promptly provide that person with the Director of School Counseling/Title IX Coordinator's contact information and inform that person that the Director of School Counseling/Title IX Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to the education program or activity.

Pregnancy continued: Reasonable Modifications

GLTHS will make reasonable modifications to its policies, practices, or procedures as necessary to prevent sex discrimination and ensure equal access to the education program or activity. Each reasonable modification must be based on the student's individualized needs. In determining what modifications are required, GLTHS will consult with the student. A modification that would fundamentally alter the nature of its education program or activity is not a reasonable modification. The student has discretion to accept or decline a reasonable modification.

Reasonable modifications may include, but are not limited to

- Breaks during class to express breast milk, breastfeed, or attend to health needs associated with pregnancy or related conditions, including eating, drinking, or using the restroom; intermittent absences to attend medical appointments;
- Access to online or homebound education; changes in schedule or course sequence;
- Extensions of time for coursework and rescheduling of tests and examinations;
- Allowing a student to sit or stand, or carry or keep water nearby;
- Counseling;
- Changes in physical space or supplies (for example, access to a larger desk or a footrest); elevator access; or
- Other changes to policies, practices, or procedures.

Pregnancy continued:

- The student may voluntarily take a leave of absence to cover, at minimum, the period of time deemed medically necessary by the student's licensed healthcare provider
 - When the student returns to the GLTHS, the student will be reinstated to the academic status and, as practicable, to the extracurricular status that the student held when the voluntary leave began. To request tutoring in these circumstances, a family must fill out the home-hospital form
- GLTHS will ensure that the student can access a lactation space, which will be a space other than a bathroom, that is clean, shielded from view, free from intrusion from others, and may be used by a student for expressing breast milk or breastfeeding as needed
- GLTHS will only require supporting documentation that is necessary and reasonable to determine reasonable modifications.
 - GLTHS will not request documentation for reasonable modifications such as when a student who is pregnant needs a bigger uniform; when the student has previously provided the recipient with sufficient supporting documentation; when the reasonable modification because of pregnancy or related conditions at issue is allowing a student to carry or keep water nearby and drink, use a bigger desk, sit or stand, or take breaks to eat, drink, or use the restroom; when the student has lactation needs.
- GLTHS will not require a student who is pregnant or has related conditions to provide certification from a healthcare provider or any other person that the student is physically able to participate in the recipient's class, program, or extracurricular activity unless:
 - The certified level of physical ability or health is necessary for participation in the class, program, or extracurricular activity;
 - The recipient requires such certification of all students participating in the class, program, or extracurricular activity; and
 - The information obtained is not used as a basis for discrimination.

- If the Director of School Counseling/Title IX Coordinator or Director of Human Resources decides to override the complainant's decision not to file a formal complaint, an explanation will be documented why this decision was necessary.

- A parent/guardian who retains legal rights over a student may file a written complaint.

Time to file

There is no time limit or statute of limitation on timing to file a formal complaint.

However:

- At the time of filing a formal complaint, an alleged victim must be participating or attempting to participate in a program or activity of the school district.
- The district has discretion to dismiss a formal complaint where the passage of time would result in the district's inability to gather evidence sufficient to reach a determination or when the district loses responsibility for the respondent (the respondent no longer attends or is employed).

Dismissing a complaint-School District

The district will dismiss a formal complaint if:

- The conduct alleged would not constitute sexual harassment as defined in our Title IX-Sexual Harassment Policy even if proved; or
- Did not occur in the school district's education program or activity; or
- Did not occur against a person in the United States.

Important note: The district maintains the authority to investigate the allegation under other school district policies and procedures.

Dismissing a Complaint-Complainant Request

The District may dismiss a formal complaint or any allegation in the complaint, if at any time during the investigation or appeal a complainant notifies the Director of School Counseling/Title IX Coordinator (for students), or Director of Human Resources (for employees) in writing that they would like to withdraw the formal complaint or allegation.

Receipt of a Formal Signed Complaint: Written Notice of Allegations

Before an investigation begins, both complainant and respondent will receive written notice with sufficient details.

Written notice will include:

- Identities of the parties involved (if known),
- The alleged conduct constituting sexual harassment,
- The date, time and location if known.
- A statement that respondent is presumed not responsible for the alleged conduct and that determination regarding responsibility is made at the conclusion of the grievance process.
- The respondent and complainant may have one (1) advisor of their choice and at their own expense, who may be an attorney, and may inspect and review evidence. In the case of a minor child, the advisor may be in addition to the parents.

Option for Informal Resolution & Facilitator's Role

After written notice has been given, the district may consider offering parties an option for information resolution (mediation) that does not involve a full investigation and adjudication.

Only offered:

- After formal complaint is filed; and
- The parties must give written consent to engage in this process.

Important notes:

- The complainant may elect to pursue formal procedures at any step in process even if informal resolution has begun.
- The respondent may elect to follow formal procedures and decline informal resolution.
- May not be used if the allegation is against an employee respondent.
- The Facilitator cannot be the Investigator or Decision Maker.

Investigation

Director of School Counseling/Title IX Coordinator (for students), or Director of Human Resources (for employees), will designate an investigator(s) and a decision maker who cannot be the same person.

- The Director of School Counseling/Title IX Coordinator or Director of Human Resources is free to serve in either role when appropriate

Role of Investigator

Investigator will be free of bias against any of the parties at the outset of the investigation.

The investigator will:

- Send prior written notice to the parties of any investigative meetings, interviews, or hearings in which their participation is invited or expected
- Interview parties and witnesses
- Avoid questions that are protected by legal privilege, unless the privilege has been waived
- Find facts
- Make determinations regarding credibility
- Prepare written report
 - The written report will be sent to: the parties, their advisors and the Decision Maker

Important note: Before completion of investigative report, the school will send each party and the party's advisor, if any, the evidence subject to inspection and review. The parties have ten days to submit written response to the evidence which investigator will consider prior to completion of report.

Legally recognized privilege

- The District cannot access information that is “attorney-client” privilege without consent.
- The District cannot consider, access, disclose or use a party’s medical or counseling records that are maintained in connection with provision of treatment to the party, unless the District obtains voluntary, written consent to do so for the grievance process.
- A parent/guardian must give written consent if the child is under 18 to waive the privilege.
- If consent is received, the district is only obligated to share information in these records that is directly related to the allegations raised in the formal complaint.

Decision Maker's role

- Offer both parties the ability to submit relevant questions to ask any party or witness, respond to questions posed by other party, or to offer additional limited follow-up.
- Submit written determination to both parties including: procedural steps taken, finding of facts, conclusion about whether the alleged behavior occurred using a preponderance of the evidence standard, rationale for the result as to each allegation, disciplinary actions to which the respondent may be subject, *whether remedies will be provided to the complainant, and procedures and basis for appeal.

Important note: The decision maker will not be biased against any of the parties. The decision maker cannot have served as the investigator. Whether remedies will be provided will be in the written determination but the details of what those remedies are will not be.

What happens if there is the determination of a Policy violation?

The District will take steps to prevent the recurrence of the harassment and correct its discriminatory effect on the complainant and others if appropriate.

- Formal disciplinary action may be imposed up to and including expulsion or termination. Any disciplinary action will be in accordance with due process rights under State law and any applicable collective bargaining agreement.

Important note: These procedures do not limit the district from removing a student or employee from a program or activity on an emergency basis based on immediate threats to people's physical health or safety or placing an employee on administrative leave during the investigation.

Appeals and Appeal Officer's Role

Either party may appeal the decision to dismiss a formal complaint or from the decision maker's determination of responsibility in writing to the Superintendent-Director (Appeal Officer) within ten (10) calendar days of receipt of the notice of dismissal or determination of responsibility.

Appeals will only be allowed for the following reasons:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The Appeal Officer will complete a written determination describing the outcome of the appeal and rationale.

Retaliation

- Made a complaint of sex discrimination including sexual harassment
- Participated in the investigation of such a complaint (i.e. testifying as a witness, providing proof, etc.); or
- Opposed conduct that is reasonably believed to violate our school policy.

FERPA, Title IX & Confidentiality

The District must provide both parties an equal opportunity to review and inspect any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint.

FERPA defines “education records” in part, as meaning with certain exceptions, records that are directly related to a student and maintained by an educational agency or institution or by a party acting for the educational agency or institution.

Important note: If an educational record contains the names of other students, the parent/guardian should only view the information related to their student, unless the information cannot be redacted or segregated.
