August 1, 2024

Dear Steilacoom Historical School District Families,

On behalf of our Board of Directors, teachers, administrators and support staff, I would like to welcome you to the 2024-25 school year. We have spent the summer eagerly preparing for your student's return, and we are ready to continue the important work of our district's mission: *providing the best education for every student.*

We cherish the relationships we have with our students and families. I encourage you to take full advantage of the opportunities offered within the Steilacoom Historical School District. Our team is here to help throughout the year, prioritizing the establishment of true partnerships with our families to ensure the success of the children we serve.

We are fortunate to be a part of a school district we can be proud of, with students, staff and families dedicated to supporting our mission. Our school district was highlighted last spring in an article entitled, "[Inspiring Minds and Hearts](#)," which perfectly sums up our work as a system. The article highlights the importance of our community's continued support and commitment, and captures the excitement we share in beginning another amazing school year.

Sincerely,

A handwritten signature in blue ink that reads 'K. Weight'.

Dr. Kathi Weight
Superintendent

The best education for every student.

SCHOOL EMERGENCY INFORMATION GUIDE

What Families Should Do

The natural instinct for parents or guardians is to come to the school during an emergency to protect their children. However, by doing so, they may endanger themselves and their children. Law enforcement and school personnel are busy responding to the situation. Your arrival or calls may distract them from their work. Please help by following the steps below.

Stay Home

The most important contribution you can make to your student and your own safety may be staying away from the school.

Stay Informed

Information will be shared with families as soon as possible. Please know, in some situations, accurate information may take some time to verify and share.

Be Ready

Be prepared to follow instructions from the District.

You will be reunited with your child as directed by school or public safety officials. Students will ONLY be released to individuals who are documented as emergency contacts and who present a picture ID.

See Something? Say Something!

It takes everyone working together to keep our students safe.

Safety Terms and Procedures

Lockout

Initiated to secure the school and grounds during incidents that pose a threat or hazard outside of the school. Exterior doors are locked to prevent entry, but activities inside the school may proceed as usual. *Examples: animal in neighborhood, environmental hazard reported nearby.*

Modified Lockdown

Initiated when there is a potential threat in the vicinity of the school, but not an immediate danger inside. Movement within the building may continue normally or be restricted based on the specific circumstances. *Examples: police activity in the neighborhood.*

Lockdown

Initiated when there is a direct threat inside or very close to the school. Hallways must be cleared, and movement throughout the building is stopped. All doors are locked, and lights may be turned off. Students and staff remain in their current locations until an all-clear signal is given. *Examples: police emergency, or other hazard on school grounds.*

Shelter-in-Place

Initiated when students and staff may remain inside the building; but may need to relocate to a different location within the building and close windows and doors. *Examples: extreme weather, chemical spill.*

Evacuation

An emergency response when a building needs to be vacated and students and staff moved to a new location. *Examples: fire, chemical spill.*

We are committed to student and staff safety.

... your school-age child may qualify for certain rights and protections under the McKinney-Vento Act. Please complete the attached housing questionnaire and return to your child's school.

A family may find themselves at a point of transition without a home or struggling to meet the daily living needs of their children.

School counselors and school social workers can help with school and community resources.

If you are not sure if your child is eligible, please contact the McKinney-Vento Liaison.

Your eligible child has the right to:

- Receive a free, appropriate public education.
- Enroll in school immediately, even if lacking documents normally required for enrollment.
- Enroll in school and attend classes while the school gathers needed documents.
- Enroll in the local school; or continue attending their school of origin (the school they attended when permanently housed or the school in which they were last enrolled), if that is your preference and is feasible. If the school district believes that the school you select is not in the best interest of your child, then the district must provide you with a written explanation of its position and inform you of your right to appeal its decision.
- Receive transportation to and from school, if you request this.
- Receive educational services comparable to those provided to other students, according to your child's needs.

If you believe your child may be eligible, contact your child's school counselor or the district liaison to find out what services and supports may be available. There also may be supports available for your preschool-age children.
