### FROM THE SUPERINTENDENT

October, 2016

Dear Eden Families,

Wow, there is a lot of great stuff packed into this edition of our newsletter. Let's start by welcoming our new staff. While we didn't necessarily go into the summer thinking that we would have fifteen new faces (in addition to the five who started 2015-2016 mid-year), we do; and, we are thrilled that they are here working with your children.

I am most impressed with the opportunities that our students have had a chance to engage in over the summer. Check out the articles titled *Shea's Load In* and *Team Work and Collaboration in the Eden Community*. These are just two examples of memories, which no doubt will shape your children's futures. Way to go Raiders!

I especially want to thank all of our staff who worked over the summer to make sure that we were ready for the first day of school. It was a hot one and certainly not forgiving on any of our crew who were cleaning, repairing or working outside. The campus looked ready for 1,500 excited students!

This past summer, we jumped into social media with a twitter page. Within the next few months, we will add Facebook and Instagram. Our goal is to have a large, diverse readership. We want thousands of you to follow us! We are celebrating all the great things that are happening at Eden Central School District, and we want you to know about them. We are also following a few organizations, which may be of interest to you. Haven't seen our twitter page? You can follow us on your own twitter account @EdenCSD. Don't have a twitter account? No problem. You can access our twitter page on our main webpage- [www.edencsd.org](http://www.edencsd.org). All of our tweets are posted directly under the Upcoming Events in the right column. See you on Twitter! (Note: you may get advanced warnings for snow days @EdenCSD).

It feels like it's been ages since the Capital Project Referendum passed, but we sure have been busy with the architects and engineers getting ready for the next step. Thank you, again, for your support! Watch closely, and pretty soon you will see some very much needed masonry work occurring at Eden Elementary. By next summer, we will be in full swing with the capital project in all four buildings. We are excited and ready!

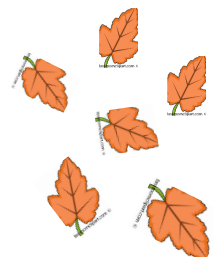

October is National Thank a Principal month. We are so fortunate to have four incredible administrators at Eden CSD- Loran Carter at GLP; Marc Graff at Eden Elementary; and Jeffrey Cervoni and Patricia Menkiena at the Jr./Sr. High School. They are committed to education and to your children. Our success as a district is directly related to their skills, time and effort. Take a moment to say thanks. <http://www.principalsmonth.org/about/>

I look forward to seeing you at one of the many upcoming events. Please take a moment to say hi, so that I can meet you. Eden is an amazing place to raise a family- and that is all because of you!

Enjoy the weather.

Sincerely,

Sandra Anzalone  
Superintendent

## Do You Need Childcare in the Morning?

We offer an Early Morning Drop Off Program at Eden Elementary School from 7:00 am to 8:25 am for students in Grades K-6.

This program is designed to provide a needed service by giving parents the opportunity to bring their children to school prior to the beginning of the regularly scheduled school day. In-district staff will supervise students from 7:00-8:25 AM engaging students in daily low-impact activities. K-2 students will then be transported to GLP for the start of their day, and students in grades 3-6 will be released to their classrooms. Go to <http://www.edencsd.org> home page under site shortcuts, and click on Eden Raiders Early Morning Drop Off Program for more information and registration forms.

## Eden Students Invited to Attend Shea's Load In

On September 21<sup>st</sup>, Eden students Merrick Allen, Kristen Pszonak, and Adam Rakiiecki were invited to attend Shea's load in of the Tony award winning musical *Finding Neverland* with Mrs. Tylock. This load in consisted of over 20 tractor trailers of lighting equipment, sound equipment, set pieces, props, and costumes that were being installed in the main theater for the length of the musical's run.

The Eden students were able to watch from the balcony as over 30 crew members installed all the technical equipment on Shea's main stage. Students were also given the opportunity to have a question and answer session with the CEO of Shea's Performing Arts Center, Tony Conte, as well as the Production Manager of *Finding Neverland*, Jason Jeunker. Both of these theater professionals were able to give the attending students a backstage look at how you fund, coordinate, and execute a multi million dollar production.

Both Merrick and Kristen were also interviewed by Channel 4 News about what theater meant to them, how bringing these large productions to Buffalo would help the local economy, and about their experience attending the *Finding Neverland* load in. Pictured below are Kristen Pszonak, Merrick Allan and Adam Rakiiecki at Shea's Performing Arts Center.

## Team Work and Collaboration in the Eden Community

*By Stevan Jones*

During the later portion of the 2015-2016 school year, my students had the very unique opportunity to design and fabricate new signage for the main entry/exit locations of the Town of Eden.

Six students who were all enrolled in Eden's most challenging Technical drawing class were chosen. After each of the students generated three initial design concepts for the new Town of Eden designs, the members of the Chamber of Commerce previewed each of them and supplied the students with feedback; which students, Luke Wilcox and Jake Vullo, used to revise and complete the finished electronic rendering/file of the sign design. Although the school district has its own CNC plasma cutter, the size of the new signs prevented the students from processing/cutting the stainless steel, which each sign is constructed out of, while on campus. Fortunately, Eden alumni were there to support this learning experience on multiple fronts. Alloy Welding and Fabricating owner, Rob Wierzba, who is also a class of 1989 member, enthusiastically stepped up to help the students process the raw sheet material at his shop. With some drawing/setup assistance from Cory Lauber, class of 2008, Rob and Jake Vullo employed Alloy Weldings incredible water table CNC cutting system to process/cut the raw material. The signs were then transported back to the school so that the finishes could be applied to each.

Raider Respond Day allowed the students the opportunity to repaint the existing support structures while simultaneously installing the new signs. Mr. Mesi, who oversaw one of the student installation crews, and Mrs. Nicastro, who provided artistic feedback/suggestions during the design phase, should also be recognized for their efforts throughout this project.

In closing, this joint project not only produced incredible finished products, but also served as an example of what can be achieved when students get the opportunity and support to collaborate with community organizations and businesses. I am proud to have been a part of the team, and would like to thank all of the parties involved who helped create authentic/real world experience that the kids and community will benefit from for years to come.

## Hokki Stools, Balance Balls, and Blenders - Oh My!

By Kelly Grimaldi

During the summer, teachers at Eden Elementary published projects on [www.DonorsChoose.org](http://www.DonorsChoose.org) - an organization committed to helping fund classrooms by bringing together teachers' visions and public funding. The projects were inspired by Target's initiative to fund kid-inspired health and sports programs.

In fifth grade, Mrs. Steger and Mrs. Theophilus were both awarded funding to support flexible seating options in their classroom. Mrs. Bonfante and Mrs. Inman, in fourth grade, also received funding to support the mission of flexible seating. Having hokki stools, balance balls, and standing desks increases the amount of daily physical activity, which research has shown improves student focus throughout the day. Mrs. Grimaldi, an Exceptional Education teacher, was

awarded funding to support healthy eating habits. Basic kitchen and cooking equipment will present new opportunities to practice daily living skills, such as preparing snacks. In total, the four teachers were awarded over \$4,000 in funding for the students at Eden Elementary.

Thank you to Target and the Eden community members who contributed to the projects!

## Drive-thru Fish Fry!

The Eden All-Sports Booster Club is sponsoring a BW's drive-thru fish fry at the Eden Jr./Sr. High School on Friday, October 21st from 3 p.m. - 6 p.m. The dinner includes fish, cole slaw, potato salad, roll, butter and tartar sauce.

The cost of a fish fry is \$10. Proceeds will benefit athletic opportunities for students with disabilities including Unified Basketball and SABAH.

General Obligation Law), the "Responsibilities of Skiers and Passengers" (12 N.Y.C.R.R., Part 54.4) and Holiday Valley's "Season Pass Policy" and agree to be bound by them. I have read and explained those regulations and responsibilities to my child in an age appropriate manner and he/she has acknowledged that he/she understands and agrees to be bound by them. Article 18 is posted at all ticket sale locations and at www.holidayvalley.com. I and my child are physically fit and possess the physical strength to meet our responsibilities as a skier/rider, and state that we will not ski or ride while under the influence of drugs or alcohol. I and my child agree to observe, read and abide by any and all notices as may be posted from time to time by the Resort which may pertain to our responsibilities as a skier/rider. I grant permission to the Resort to use any photograph, videotape, motion picture, recording or other record of my or my child's use of its facilities for any legitimate purpose. I and my child understand that trail conditions vary constantly because of weather changes and skier use. I and my child also understand that the risks of skiing/riding also include terrain park elements, jumps, slide rails and other man made features, changing weather conditions, bare spots, variations in snow, ice, forest growth, other ground cover, surface and subsurface conditions, and terrain, bumps, moguls, rocks, debris, equipment and machinery on slopes, collisions with other skiers and snowboarders, and natural and man made objects, and skier/snowboarder error. I have explained these risks to my child in an age appropriate manner. I and my child acknowledge that there are risks inherent in the sport of skiing/riding, and that as participants, I and my child could suffer personal injuries and/or death. I and my child accept the risks of personal injury and/or death. My signature signifies that I and my child have read, reviewed and understand the "Warning to Skiers" posted at this ski area. I agree, on behalf of myself and my child, that this acknowledgment shall be for the entire term of the pass and I relinquish my right to a refund of the purchase price of the pass that is allowable under "Safety in Skiing Code" for those persons unwilling to ski because of the sport or the duties imposed upon skiers by law. I agree, on behalf of myself and my child, that New York law applies to any issue relating to this agreement and my or my child's use of the facilities at Holiday Valley Resort. I agree, on behalf of myself and my child, that any lawsuit relating to this agreement or my or my child's use of the facilities at Holiday Valley Resort shall be brought only in the New York State Supreme Court, County of Cattaraugus, or the United States District Court, Western District of New York, and that those courts shall have sole and exclusive jurisdiction over any lawsuit relating to this agreement or my or my child's use of the facilities at Holiday Valley Resort.

Upon receipt of any ski rental equipment provided in connection with the agreement, I agree to inspect such equipment and return any such equipment for exchange if it is found to be unsatisfactory for my use. I also understand that the binding release/retention values will be set on the basis of my height, weight, skier type and age, and verify the accuracy of all information provided by me or on my behalf in connection with this ski rental. I understand and am aware that skiing is a HAZARDOUS activity. I understand that the sport of skiing and the use of ski equipment involves a risk of injury to any and all parts of the user's body. I hereby agree to freely and expressly assume and accept any and all risks of injury to the user of this equipment. I have read and understand the statements describing the responsibilities of skiers, which are outlined on the **RESPONSIBILITIES OF SKIERS & ACKNOWLEDGMENT OF RISK** above. I understand that I will be instructed on the use and function of the ski equipment and I understand that I may ask the rental shop technicians whatever questions I may have about the ski equipment until all such questions have been answered to my satisfaction. ## Halloween Safety Tips

To help make this year's festivity a trick-free treat, follow these simple safety tips:

### \*Adorning Your Little Ghouls

- Choose a light-colored costume because these are easily seen at night. Add reflective tape or glow-in-the-dark tape to the front and back of the costume and to the trick-or-treat bag.

- Only buy a costume that is labeled "flame-retardant." This means the material won't burn. If you are making your own costume, use nylon or polyester materials, which are flame-retardant.

- Make sure wigs and beards don't cover your kids' eyes, noses, or mouths.

- Kids shouldn't wear masks — they can make it difficult for them to see and breathe. Instead, use nontoxic face paint or makeup. Have younger kids draw pictures of what they want to look like. Older kids will have fun putting the makeup on themselves. Test the face paint or makeup on your child's arm or hand before applying to make sure the paint doesn't irritate the skin.

- Avoid colored or decorative contact lenses, unless they have been prescribed by an eye doctor for your child.

- Put a nametag — with your phone number — on your children's costumes.

- Avoid oversized and high-heeled shoes that could cause kids to trip. Make sure the rest of the costume fits well, too, which can help prevent trips and falls.

Make sure that any props your kids carry, such as wands or swords, are short and flexible.

This seminar explains what Long-Term Care is, who needs it and what options people have if they need it. I often sit with people who feel there are no options for their situation to protect money, insurances, homes and other assets they have built up. This is often incorrect. Here you will learn what you can do to get the proper care without losing everything you have.
