**TEA MONITOR REMARKS**

Dr. Abe Saavedra, TEA Monitor: Thank you Mr. Arrellano. I will do it from my seat if you don't mind. Thank you. Ladies and gentlemen, thank you for the opportunity to address you this evening. Hopefully all of you have had the opportunity to review the September report that was submitted. I believe the district received it last week or maybe the week before. I'll point out that, starting with that September report, there's a new format that TEA will be using moving forward. The previous format that was being used was basically a format that basically reported out activities every single month. This new format actually identifies a plan for the district to be able to work themselves out of oversight, TEA oversight. If you read it, we started listing the items that, the original items that the original placement letter said. These are the things that South San needs to be doing in order to be out of TEA intervention. Those things are listed. I've told Mr. Arrellano and Mr. Yzaguirre that I will work with them as well to identify any other items that collectively they feel or they agree that will help South San become a better district. And I will give you a quick example; I've told Henry and I've told Mr.

Arrellano that district finances concern me sometimes. You're doing fine, right now, but I don't see a lot of capacity beyond right now. I'm talking about capacity into the future. You know, I'm gonna suggest to them, that we need to put in there, some type statement that speaks to better efficiency in the part of the District. How will the district better operate more efficiently? I don't have to tell you that South San has some of the most deteriorated school buildings in south San Antonio, probably in San Antonio. You don't have a lot of capacity for bonds right now. So I think the district needs to really start giving some thought to how do you provide not only better facilities for your students, safer facilities for your students, but those are the type of things that I think should be developed. Plans should be developed before this Monitor leaves and South San leaves TEA oversight. But I look forward to continue to work with y'all. I think we have worked well together as a team. Instead of a team of 8 maybe we are a team of 9 in this case. I don't know, we'll see. But things seem to be working well and I look forward to working with you. Thank you.
