PUBLIC EDUCATION MISSION

The mission of the Texas public education system is to ensure that all Texas children have access to a quality education that enables them to achieve their full potential and fully participate now and in the future in the social, economic, and educational opportunities in our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of Texas and for the preservation of the liberties and rights of Texas citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family and that parental involvement in the school is essential for the maximum educational achievement of a child.

SOUTH SAN ANTONIO INDEPENDENT SCHOOL DISTRICT VISION

To empower all students in SSAID to achieve academic excellence and personal success by providing equitable access to high-quality education, resources, and opportunities.

SOUTH SAN ANTONIO INDEPENDENT SCHOOL DISTRICT MISSION

Inspiring, educating, and preparing all SSAID students for success beyond the classroom, by providing a safe, nurturing and challenging learning environment, empowering students to reach their full potential, and engaging the community in our shared commitment to excellence.
