Child Nutrition Services- Free and Reduced-Price Food Program - 2023	

The District participates in the National School Lunch Program to provide free and reduced-price meals for eligible students. At the beginning of each school year a new lunch application should be submitted for each student that wants to participate in the National School Lunch Program for that school year.

The campus will accept completed applications from the parents and will forward the application to the Child Nutrition Department. The Child Nutrition Department will determine the student's eligibility to participate in the program.

The Child Nutrition Department may require the parent to provide evidence to substantiate information submitted on the application in order to determine whether the student is eligible for the program.

Note: Information and procedures on the National School Lunch Program can be found at <http://www.fns.usda.gov/cnd/lunch/> . In addition, sample applications for free and reduced-price school meals are available in a number of languages and can be found at <http://www.fns.usda.gov/cnd/frp/frp.process.htm>.
