Facilities Construction: Job Order Contracts- 2023	

### **Job Order Contracts**

A Job Order Contract must be in writing and signed by a district representative authorized by the Board of Trustees. The contract must be signed by the district representative and the contractor.

The district may make orders for work under the contract. The order may be a fixed price, lump-sum contract based substantially on contractual unit pricing applied to estimated quantities or may be a unit price order based on the quantities and line items delivered. The contract must have either a lump-sum price or a price based on the previously established unit price.

The district may make an unlimited number of orders with a particular job order contractor during the term of a job order contract.
