Comparability of Services

As reflected in District records and as submitted to TEA, the District shall document compliance by using one of the following methods:

- Comparison of state and local expenditures per student;
- Comparison of per-student expenditures for state and local base salaries; or
- Ratio of students to full-time equivalent instructional staff whose salaries are not federally funded.

- In special programs, such as special education, bilingual education, or English as a second language, a lower ratio may be maintained and more money may be spent per individual campus as necessary to fulfill other legal requirements. These costs shall be excluded from the comparability of services calculations.

Additionally, South San Antonio ISD receives discretionary funds for the following competitive grant programs:

- Head Start, U.S. Department of Health and Human Services
- School Climate Transformation, U.S. Department of Education
