South San Antonio Independent School District

E – Alternative Methods for Earning Credit: Credit by Examination with Prior Instruction and without Prior Instruction	<b>EHDB</b> <b>EHDC</b>
Page 1 of 1	
Credit by Examination - 2023	

The principal, designee, or the attendance committee, as applicable, has authority to offer a student the opportunity to demonstrate mastery in a subject or to earn course credit by examination when the student has had prior instruction in a subject and when:

1. The student is enrolling in the District from a nonaccredited school [see FD];
2. The student has failed a subject or course; or
3. The student has earned a passing grade in a subject or course but has failed to earn credit or a final grade because of excessive absences [see FEC].

The Board-approved examinations shall assess the student's mastery of the essential knowledge and skills and shall be administered according to established District procedures.

Prior to offering a student an opportunity to demonstrate mastery or earn credit by this method, an appropriate District employee shall review the student's educational records to determine whether the student has had prior instruction in the subject or course.

### Examination Acceleration for Course Credit

If a student in grades 1–12 wishes to accelerate to the next grade level or earn course credit without having received prior instruction in the grade level or course, the District shall offer opportunities in accordance with state law and State Board rules for the student to take a Board-approved examination for this purpose.

### Kindergarten Acceleration

In accordance with State Board rules, the Board shall approve procedures developed by the Superintendent or designee to allow a child who is five years old at the beginning of the school year to be assigned initially to grade 1 rather than kindergarten. Criteria for acceleration may include:

1. Scores on readiness tests or achievement tests that may be administered by appropriate District personnel.
2. Recommendation of the kindergarten or preschool the student has attended.
3. Chronological age and observed social and emotional development of the student.
4. Other criteria deemed appropriate by the principal and Superintendent.
