Joe Young	BISD		
Mitch Moore	BISD / CSC		
Adrienne Horton	CSC		
Heidi Gardner	BISD		

SHAC Agenda 4/24/24, 4:00 pm

Speakers:

Alyssa Stubblefield – Shared information regarding her programming referenced below:

The Coordinated Specialty Care (CSC) program is for individuals between the ages of 15 and 30 who are experiencing psychotic symptoms. The individuals enrolled into the program will receive out-patient evidence-based practices delivered by a clinical team specialized in early psychosis.

Services offered include:

- Psychotherapy, including Cognitive Behavioral Therapy for Psychosis (CBTp)
- Family education, support, and involvement
- Support from peers in recovery from mental illness
- Psychotropic medications prescribed by a psychiatrist
- Support for education and employment goals

Research suggests that the sooner treatment is initiated after a first episode of psychosis, the more likely the person will experience significant recovery. The goal of the CSC program is to promote engagement and participation in treatment, foster recovery, and reduce or prevent disability. To learn more or to refer a potential participant, please contact Alyssa Stubblefield, the CSC Program Director, at 325-430-3650 or Alyssa.stubblefield@cflr.us. Individuals and their families are also encouraged to call for more information.

No new nurse news per Helen

Food Service News – BFE – working on contract renewal with SFE, expected to extend another year.

Physical education: East's field days are: 3rd, May 9th, 4th, May 10th.

Coggin's are May 17th at Alcorn Park.

5th grade will participate in track meets May 6th, and 6th grade will participate in track meets May 7th.

Review of minutes – Danielle printed out the wrong minutes, so they were not able to be approved. Minutes sent out same day will appropriate correspondence.

This is our last meeting of the year. The nursing team is expected to take back SHAC at the end of the year. Danielle Howard will assist in the transition.
