## **ACADEMIC DISHONESTY, PLAGIARISM, AND USE OF AI**

Plagiarism, or any other kind of academic dishonesty, will result in an automatic one-day assignment to ISS. Students will be required to make up the work that was plagiarized. Any student found guilty of this act will also be ineligible for activities the day they are in ISS. Plagiarism, or any other kind of academic dishonesty, will result in an automatic one-day assignment to ISS. Students will be required to make up the work that was plagiarized. Any student found guilty of this act will also be ineligible for activities the day they are in ISS.

Using Artificial Intelligence to take tests, complete assignments, create multimedia projects, write papers, or complete schoolwork is strictly prohibited. If AI is suspected, more investigation will occur using technologies, including but not limited to Canvas, the Origin by ChatGPT Zero extension, and/or a committee of writing experts may be convened to render their opinion as well. If an AI is detected at 20% or higher, it will be considered cheating and/or plagiarism. In certain situations, AI may be used as a learning tool or a study aid. Students who wish to use AI for legitimate educational purposes must have permission from a teacher or an administrator.

## **AFTER SCHOOL**

Following the end of the school day, students who walk or are picked up by parents should exit the building through the north door. Students who ride the bus should exit through the east doors. This applies to all students unless they are involved in intramurals, a special activity, or under the direct supervision of a teacher.

## **ALTERNATIVE LEARNING CENTER**

This assignment is for chronic classroom disrupters. It is similar to FOCUS, or an in-school suspension. However, the length of time for the assignment is longer. A minimum of five days is necessary for students to fulfill their consequence. The program's objective is to remove disruptions from the regular classroom without removing disruptors from the curriculum.

## **ATTENDANCE**

Regular attendance is important in building successful educational careers and is the primary responsibility of both student and parents. The Pittsburg Community Middle School staff realizes that there are occasions when it is necessary to be absent from school. For cases involving personal illness, parents must send a note or call the office if their child is absent. However, the call or note does not automatically excuse the student.

Under the Kansas Compulsory Attendance Law, regular school attendance is required of all students enrolled in elementary and secondary schools. Parents or guardians must assume responsibility for ensuring that students comply with attendance policies. State law dictates that students are allowed three (3) consecutive unexcused absences; or five (5) unexcused absences per semester; or seven (7) unexcused absences per school year.

Absences that exceed the above-stated limits may result in a student's name being submitted to the county attorney, which can result in charges of truancy. Any absence, excused or unexcused, will become part of a student's attendance record. Policy exceptions may be granted for extenuating circumstances only. The administration will analyze extenuating circumstances. Parents/guardians are encouraged to call when a student is gone from school.

**School Activity:** An absence due to participation in a school-approved student activity.

Students who are absent any part of the day on a school activity day will not be permitted to participate in extra-curricular activities or athletic events that day or night. An Exempted Absence is an exception-approved through the principal's office.

Students are considered at school when they arrive on school grounds. Any student leaving during the course of the school day must check out through the office before leaving. If a student fails to do this, it will be an absence.

## **BEFORE SCHOOL**

Doors for students to enter are unlocked at 7 am. Students who arrive between 7 and 7:15 am should report to the cafeteria or wait in the main North lobby until 7:15. Breakfast will be served to all students in the cafeteria from 7:00- 7:45. At 7:15 students not eating breakfast or when they finish eating breakfast will sit in the gym until the 7:45 bell rings. Students are to be in their 1st-hour class at 7:50 am.

## **BUSSING**

Students that ride the school bus will load and unload on the south side of the building. Students are expected to conduct themselves properly while a passenger on the bus. If bus rules are disobeyed, students may lose their riding privileges. Complete information on bus transportation can be found on pages B3 and B4.

## **BULLYING POLICY**

Bullying of any type is strictly prohibited at PCMS. In USD 250 schools:

"Bullying is defined as conscious, willful, and deliberately hostile activity intended to harm, induce fear, through the threat of further aggression, and create terror. Bullying can be any intentional gesture, written, verbal, or physical act or threat that is sufficiently severe, persistent or pervasive. Bullying creates an intimidating, threatening, or abusive educational environment for a student or staff member that a reasonable person, under the circumstances, knows or should know will have the effect of: 1) Harming a student or staff member, whether physically, verbally, non-verbally, socially, or emotionally; 2) Threatening or damaging a student's or staff member's property; 3) Harming someone's group acceptance; 4) Threatening or harming a student or staff member through cyber bullying.

## **CELL PHONES and OTHER ELECTRONIC DEVICES**

Students should keep cell phones and electronic devices off and out of sight during all classes. The students may use their electronic devices during breakfast, lunch, and in the hallway before classes start. Parents who need to contact their student should call the school office. Students may use the office phones to contact home if needed. All electronic devices deemed to be used in an inappropriate fashion in the educational setting will be prohibited and will be confiscated. Teachers reserve the right to utilize electronic devices in their classroom to aid as a resource in the delivery of instruction, use as incentives for meeting the classroom expectations, or any other educational use they may deem necessary.

### *ACCEPTABLE USE OF ELECTRONIC DEVICES AND SOCIAL MEDIA*

While individual school policies may vary regarding the privileges students may have as they pertain to cell phones and communication devices, certain restrictions and expectations apply to all USD 250 students. These restrictions and expectations apply to use or communication that is deemed to disrupt the learning environment or create a hostile environment at school, on or while utilizing school property, at school-sponsored activities or events, or while using school transportation. Student cell phones and electronic devices may be searched by administration if there is reason to believe a student has used the phone or device to engage in behavior that violates any school policy, guideline, or rule or that may violate federal or state law.

USD 250 students **may not:**

- Use electronic communication devices or social media (including, but not limited to, *Facebook, Instagram, Snapchat, and Twitter*) in a manner that poses a threat to academic integrity at school (such as for plagiarism, cheating, modifying district-held electronic records of grades, and similar acts of dishonesty); creates a substantial or material disruption or is reasonably forecast to create such a disruption at school, on or while utilizing school property, in school vehicles, or at a school-sponsored activities or events; endangers the safety of others or substantially impinges upon or invades the rights of others at school, on school property, or at school-sponsored activities or events.
- Possess, solicit, view, send, or share pictures or text having sexual content using the phone or device or otherwise engage in sexting while at school, on or while utilizing school property, in a school vehicle, or at a school-sponsored activity or event. *“Sexting” is defined as sending sexually explicit messages or sexually explicit photos of themselves or others.*
- Use electronic devices in a manner that is in conflict with USD 250 Anti-Bullying Policies (JDDC and corresponding handbook language) while at school, on or while utilizing school property, in a school vehicle, or at a school-sponsored activity or event.

The electronic devices include, but are not limited to, any electronic communication device, computer or applications. Students who violate this policy may be subject to disciplinary actions, up to and including, suspension and/or expulsion from school, suspension from participation in school activities;

and/or losing the privileges of bringing the device onto school property and/or utilizing district-issued electronic devices. Law enforcement will be contacted regarding any conduct that appears to violate state or federal laws.

Adopted by the Board December 2012

### **CHECK-OUT PROCEDURE**

Students are not to leave the building or school campus without permission. Students who leave the grounds must sign out in the office and be accompanied by a parent/guardian unless other arrangements have been approved in advance. Parents are requested to come to the office during this procedure. If a student is ill or needs a parent to pick them up, school personnel will contact the parent.

### **COUNSELING/GUIDANCE**

Counseling and Guidance services are available for every student in the school. These services include assistance with educational planning, interpretation of test scores, occupational information, career information, study skills, school and/or social concerns or questions the student would like to discuss with the counselor.

Counseling services are provided at all district schools. Open communication between families and the school counselor is positive for students and their educational and social development. Parents are invited to visit with their child's counselor at any time.

Counseling services may be provided to students through classroom presentations, small group meetings, or individual sessions. Every attempt is made to provide counseling services at opportune times of the day, which are the least intrusive to the student's school day.

The content of individual counseling sessions are, at the student's request, confidential, unless it is believed that the student may harm him/herself or others; or, the counselor deems it in the best interest to release the information. In this situation, disclosure is required to prevent clear and imminent danger to the student or others.

### **COURSE CHANGES**

Students may request a change for an Exploratory class through the counseling office. Requests will not be granted, however, after the first week of the new grading period without the approval of administration.

## **DELIVERIES**

Deliveries to students will be prohibited. This includes but not limited flowers, candy, and balloons. Parents are still welcome to send lunch from home to school with their child. If their child forgets their lunch, parents are welcome to bring lunch from home. Parents, guardians, or parent approved contacts listed in PowerSchool may deliver food to their child. Deliveries from outside businesses are prohibited (ex. Doordash, pizza delivery, fast food delivery service, etc.).

## **DISCIPLINE PLAN**

Student expectations should be clearly communicated to all. They should be easy to understand and should support our goal of having a safe and productive learning environment for all students and staff. We recognize that each of our students has the right to learn and be treated well while they are at school. Furthermore, we understand that children age 11 to 15 display behaviors that can sometimes interfere with a productive learning environment. When this occurs, we have to intervene and attempt to correct the behavior. The degree of that intervention will vary in accordance with the behavior and the individual. The following process is intended to provide a description of what will occur when behavior intervention is necessary.

### **Classroom**

Each teacher is responsible for maintaining a safe and productive learning environment in their classroom. Students should be rewarded for meeting expectations. Students who don't meet expectations or interfere with the learning of others should receive the appropriate amount of intervention to correct the behavior in question. A *Student Performance Expectations* rubric will be used building-wide to assist teachers in doing this. Teachers must update the rubric in their grade books on a weekly basis. Behaviors that can be managed in the classroom will not require a rubric adjustment. Teachers can utilize a "Time Out" or "Safe Seat" within their classroom or to help them manage the room. Teachers may also send students to the Focus room if the student is disrupting the learning environment. Teachers should verbalize clear and concise expectations. Most students will comply with such parameters. However, if a teacher deems it necessary to involve school administration in the intervention process, the *Discipline Referral* form will be filled out and sent to the office.

### **Discipline Referral**

When a referral is sent to the office, administration will determine the appropriate intervention to correct the behavior. The *Discipline Referral* form has been written purposefully. The information  
Section A: Page 11

listed or written on the form will be used to gather data as well as inform parents of the event. All referral forms will be mailed to the student's home after the information is entered into Power School.

### Student Expectations Rubric

Teachers will have the rubric in each of their grade books. Students and parents can look at their performance level in all classes through Power School. Rubrics will be updated weekly and utilized for eligibility for reward time and extracurricular activities. Students who maintain scores 3 or higher for a week will get reward time on Friday afternoon. Students who have weekly scores of a 1 in any class or category will be ineligible for extra-curricular activities during that week.

Any time a referral form is written, a rubric adjustment will be made. Students will be expected to monitor their performance in all classes by utilizing the rubric. It is our goal to get our students to understand that by following the expectations described for them on the rubric, not only will they achieve academic success, but they will also be rewarded for their performance.

### Behavior Correction Consequences

A variety of strategies and/or consequences will be used to intervene when students are not meeting appropriate expectations while at school. Consequences should fit and serve the purpose of correcting the behavior. More often than not, verbal corrections or even a look in the direction of the student will be all that is necessary. Sometimes, however, further intervention is necessary. As previously mentioned, teachers can utilize a location in their classroom to assign students if necessary.

Students who have had a referral sent to school administration can receive anything from a warning discussion to suspension. Consequences will match the severity and frequency of the misconduct. The consequences most frequently used by administration are listed below;

- Warning
- Detention (before school, after school, lunch)
- Community Service
- In-School Suspension (Focus)
- Friday Night School
- Out of School Suspension
- Alternative Learning Center

Occasionally, if there is a more "Outside the Box" consequence that will be effective and appropriate, administration will utilize such with parent approval.

## Summary

In closing, it is necessary to emphasize the importance of the Student Performance Expectations rubric for this plan to be effective. All involved; students, teachers, administration, and parents should be informed at all times as to how students are performing at school. Measuring and reporting academic achievement is necessary, and will continue. This plan will allow the reporting of attitude and effort performance separate from achievement.

## **DRAGON DEN**

The Dragon Den is a student lounge. While in there, students can hang out, play video games, listen to music, or just relax. Time in the Dragon Den is earned by doing positive things academically and behaviorally in school. Teachers and administrators can issue Dragon Den passes.

## **DRAGON TIME**

Students can earn weekly reward time by maintaining scores of 3 or higher in all categories of the Student Expectations Rubric. Scores must be at those levels in all classes. Dragon Time usually takes place Friday 2:30 to 3 p.m.

## **DRESS CODE**

The administration and staff supports the wearing of clothing which is attractive, comfortable, modest, and in good taste to support a positive work environment. Personal appearance should not disrupt the educational process, violate federal, state, or local health or obscenity laws, or affect the welfare and safety of the student or his/her classmates.

Students with unusual or disrupting appearances not covered by the above may be notified by the administration and may be given an opportunity for corrective action before being returned to class. Students who are sent home to change clothes will receive an absence for that class period in which they are gone from school. Exceptions to the dress code, on special occasions, will be announced by the administration.

## **DRUG ABUSE POLICY**

This policy is required by the 1989 amendment to the Drug-Free Schools and Communities Act, P.L. 102-226, 102 St. 1928. As a condition of continued enrollment in the district, students shall abide by the terms of this policy.

The unlawful possession, use, or distribution of illicit drugs or alcohol by students on school premises or as a part of any school activity or event is prohibited. Students shall not unlawfully manufacture, distribute, dispense, possess, conceal, ingest or be under the influence of any illicit drug or controlled substances on school district property or at any school activity.

“Under the influence” is defined as having any amount of illicit drugs in the person’s body. Students shall not intentionally misuse legal prescriptions or over-the-counter medications or substances.

**Regulations:** Any student violating the terms of this policy shall be reported to the appropriate law enforcement officials, their parent or guardian, and shall be subject to the following sanctions as determined by school administration:

- E. In order to regain eligibility for activities in subsequent years, the student must show evidence that he or she has completed a chemical dependency treatment counseling program.

**DRUG AND ALCOHOL COUNSELING**

Drug and alcohol counseling and rehabilitation programs are available for district students. If a student agrees to enter and complete a drug education or rehabilitation program, the cost of such program will be borne by the student and his or her parents/guardian.

A list of available programs, along with names and addresses of contact persons for the programs, are on file in school counseling offices. Parents/guardians and their child should contact the programs to determine cost and duration.

## **DUE PROCESS**

The students who are suspended or expelled from school under the terms of this policy will be afforded a due process according to board policy.

## **FIRE AND SEVERE WEATHER DRILLS**

Fire drills, at regular intervals, are required by law and are an important safety precaution. It is essential that when the first signal is given, everyone complies promptly, and quietly clears the building (by the designated route) as quickly as possible. The teacher in each classroom will provide instructions. Severe weather drills will be conducted in the fall and spring of the year. The basement level area will be used during severe weather drills and alerts. Students will be expected to comply with all staff requests during emergency situations.

## **FIGHTING**

Fighting and acts of physical, verbal aggression or intimidation will not be tolerated. Students must make every effort to avoid involvement in these situations. Teachers, counselors, and administrators will assist students who report such situations to help them avoid these situations. Students who engage in fighting will be subject to suspension. Administration will evaluate the circumstances of the fight and determine the length of suspension, which could be up to 10 days on the first offense. Subsequent incidents will result in longer suspension time and possible assignment to the Alternative Learning Center. Our SRO, along with an administrator, will be involved in the investigation where it will be determined if students will be arrested. Repeated incidents may result in a long-term suspension or expulsion. Mediation of conflicts may be requested by students, teachers, counselors, or administrators.

## **GRADING & HOMEWORK**

### **USD 250 Grading Philosophy**

Grades serve as a vehicle to promote meaningful evaluation of student achievement, to inform students and parents of academic progress, and, as necessary, to improve student performance, habits, and practice.

## **PCMS Core Beliefs about Grading**

*We believe grading of student work is based on the following principles:*

- 1) To communicate to parents what students know and are able to do in the classroom and on homework.
- 2) Grades are an accurate reflection of student performance based upon a variety of formal and informal assessments.
- 3) To ensure that all students are given sufficient opportunities to demonstrate their comprehension of a subject or course.
- 4) Student grades reflect individual performance of a student's progress and teachers provide meaningful feedback.

In Standards-Based Grading, student grades are scored individually based on the student's level of understanding of specific standards for each class. Scores are a representation of the individual's current level of achievement for individual standards that have been taught and assessed. Scores are not an average of daily performance scores. However, rubric scores for all standards will be averaged into a final letter grade at the end of each semester. Parent handbooks are provided for all students.

### **Homework:**

Homework contributes toward building responsibility, self-discipline and lifelong learning habits. It is the intention of all PCMS staff to assign relevant, challenging, and meaningful homework assignments that reinforce classroom learning objectives. Homework should provide students with the opportunity to apply information they have learned, complete unfinished class assignments, and develop independence. Homework grades may be modified based on the students' individual needs and will meet all accommodations for students with an IEP and/or 504 Plan.

### **Time Frame:**

Research suggests that an effective homework practice is no more than 10 minutes multiplied by the grade level. For example, 6<sup>th</sup> grade students should have no more than 60 minutes of homework a night. This is per grade level, not per class. Therefore, parents should expect PCMS students to have about one hour of homework on any given night. PCMS teachers will work in coordinating with their team of teachers to ensure that they are adhering to the best practices based on the research.

### **Absence from class/Makeup work:**

Students will be allowed an additional day to complete work for each day they are absent. It is the student's responsibility, with cooperation from the teacher, to secure missing assignments and turn them in as quickly as possible. Adjustment to this "rule of thumb" may be necessary in special situations.

Parents are encouraged to contact the office if their student has missed any class. Teachers will send down any work that can be completed outside of class for the parents/guardians to pick up so the student may keep from getting farther behind. Parents are encouraged to arrange a time towards the end of the day to pick up the work.

### **STUDENT RETENTION POLICIES AND PRACTICES:**

As per the policy described below, PCMS reserves the right to retain students for academic purposes:

*JFB-R Promotion and Retention JFB-R -The final decision to promote or retain a student shall rest with the Principal after receiving information from parents/guardians, teachers and other appropriate school personnel.*

*Approved: KASB*

Students may be retained if they meet two or more of the following categories:

- FastBridge scores below “proficient”
- KCA scores below "Meets Standards"
- Attendance of 10 or more unexcused absences in a school year
- Failing Grades in 2 or more of the following subjects: math, reading, science, social studies, English/language arts

Students who fail courses at PCMS:

- May possibly repeat the same grade.
- Will not receive credit for the course. This likely will affect their enrollment options in high school.
- May be required to attend remediation opportunities through after-school or summer school programs. This applies to those students who are deemed to be in danger of failing a course as well.

### **SAFE**

Safe is a mandatory after-school program for students who are significantly behind or failing. Students may be assigned to safe if they are missing work in one or more courses. Safe guidelines are listed below.

#### **ATTENDANCE**

- Attendance at SAFE is mandatory.

Students will be allowed to leave SAFE when their work that the teacher has left for them has been completed. If the work is not completed in a satisfactory manner, the SAFE teacher will require the

Section A: Page 17

student to stay until it is completed properly. If assigned SAFE work gets turned in to the classroom teacher that is not completed in a satisfactory manner, the student will then be required to stay the next day that SAFE is offered.

- A student will be exited from SAFE when s/he completes all work sent by the teacher in a satisfactory manner.

#### ABSENCES

- Absences are excused only if the student was absent from school on the day of the assignment to the SAFE room. All SAFE sessions missed must be made up on the first opportunity to do so. Exceptions will not be made for any school activity.
- Consequences for an unexcused absence from SAFE will be determined by the administration of PCMS and may include extra SAFE sessions.

#### PARENT NOTIFICATION

- Parents will be notified by letter, phone, or e-mail when a student falls significantly behind and s/he is placed in the program.
- Parents will be able to track their student's grades on PowerSchool.

#### STUDENT RESPONSIBILITIES

- Attend the sessions they are assigned to SAFE.
- Come to the SAFE classes with work to complete.
- Ask the SAFE teacher for help with assignments when needed.
- Show the SAFE teacher the work s/he completed at the end of SAFE class.
- Understand that if the work that is completed while you are at SAFE is not deemed satisfactory, you will not be allowed to leave or you will be reassigned for the following SAFE opportunity.

### **HARASSMENT**

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination, including harassment on the basis of race, color, sex, national origin or any type of harassment in general. Harassment, hazing, intimidation, menacing or bullying by students, staff or third parties is strictly prohibited and shall not be tolerated in the district.

Students whose behavior is found to be in violation of this policy will be subject to discipline, up to and including expulsion. Staff whose behavior is found to be in violation of this policy will be subject to discipline, up to and including dismissal. Third parties whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the superintendent or board. Individuals may also be referred to law enforcement officials.

The district encourages all victims of any form of harassment and other persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints and take prompt corrective action to end the harassment.

Complete policies on harassment are available on the district website, from the building principals and from the Bevan Education Center located at 510 Deill in Pittsburg.

## **INTERNET and COMPUTER NETWORK USE**

Pittsburg Community Schools will provide internet and network access to students and staff. Such access is to be used in an educationally effective, efficient, ethical and lawful manner. The regulations listed below are intended to serve as a guide for the responsible and effective use of both the equipment and the overall system.

### **Regulations:**

## **INTERSCHOLASTIC ATHLETIC PROGRAM**

KSHSAA (Kansas State High School Activities Association) regulations require completion of an approved physical examination before a student is eligible to take part in practice sessions or to represent his/her school in interscholastic athletic contests and cheerleading.

Participation in any activity program in the Pittsburg Community Schools is a privilege. Thus, extra-curricular coaches and sponsors may enact such additional rules and regulations not related to drug and alcohol abuse having direct relationship to their programs.

Such proposed rules shall be submitted for review and approval by the board of education two months prior to the program/activity.

Parental support and involvement is vital to school success. The parent/guardian and student will be required, by their signature to acknowledge they have read all policies, rules and regulations pertaining to drug and alcohol abuse. Participation by the student will be delayed until the acknowledgment is signed and returned to the appropriate school official.

PCMS will have a weekly eligibility check. This weekly eligibility check will be conducted at 3:00 p.m. every Friday regarding student progress. Any student with an F will receive one week's probation to bring the grade to an acceptable level. If a student has one F for two weeks, that student will become

Section A: Page 20

ineligible for activities until the weekly eligibility check shows improvement to an acceptable level. Any school suspension (ISS or OSS) will automatically result in ineligibility to practice or compete for the days of the suspension. Sponsors and administrators may lengthen the ineligibility if deemed appropriate.

## **LOCKERS**

Although a locker is assigned to each student, it remains school property jointly held by the student and the principal. School personnel may, at any time, search any locker. Care should be taken to ensure confidentiality of the combination and an orderly arrangement of materials and supplies. A student may occupy only the locker to which they are assigned. Periodic inspections will occur to reinforce these expectations.

Pittsburg Community Middle School is not responsible for loss of personal items such as radios, cameras, cell phones, iPods/MP3 players, collectible cards, watches, electronic games or money which are brought to school. Leaving such items at home minimizes classroom disruption and avoids the possible loss of such items. (If such items are needed for a school activity, the student shall first obtain permission.)

## **LUNCH**

Lunch will be served each school day, and will contain the necessary foods for a well-balanced meal. Students may bring lunch from home and eat it in the lunchroom. Students need to bring their home lunch to school each morning. If a student forgets their home lunch, parents may bring it to the office prior to lunch. We operate a closed lunch period in USD 250. Parents will be notified about the status of student lunch accounts. An alternate lunch will be served when a lunch account has a negative balance. Applications are available for free or reduced lunches after July 1 each year. Lunch prices will be provided at the beginning of each school year.

## **MACE/PEPPER SPRAY/LASERS/FIREWORKS**

Mace, pepper spray, lasers, and fireworks (and objects of that nature) are considered dangerous and are not to be inside the school building or on school property or at school activities for any reason and will be confiscated. Students may be subject to a suspension when found in possession of one of these items.

## **MEDICATIONS**

It is USD 250 district policy that no prescription medication will be administered without a current completed CONSENT FOR MEDICATION FORM on file for each medication to be administered. This form can be obtained in the school office.

All medication is to be brought in its original container. The medicine bottle must be clearly marked with student's name, name of the doctor, and the amount and time for the medication to be given.

All medications will be kept in the school office and will be administered only by the school nurse or their designated substitute. NO MEDICATION WILL BE KEPT IN THE CLASSROOM or WITH THE STUDENT.

All over-the-counter medication (non-prescription) taken at school will require a written permission note by the parent or legal guardian. If your child has any medical condition that requires special attention other than normal first aid, please contact the child's teacher and school office as soon as possible.

For more detailed information on administering medication at school, please refer to the following policies in the district policy manual:

JGFGB	Supervision of Medications
JFGGBA	Student Self-Administration of Medications

### **MEDICATIONS-UNUSED**

The school cannot send unused medication home with children. If you prefer, parents may stop by the nurse's station and pick it up personally. We will plan to keep leftover medications for thirty (30) days. If it has not been picked up by this time, we will dispose of it.

For medication that is needed both at home and school, please send a portion to school and keep a portion at home. Please be reminded that medications at school need to be in the original container. In most cases, your pharmacy will provide two containers at your request. We will not send it home with children; however, parents may pick it up each day.

These actions are being taken to reduce the chance that prescription medicine will be lost or get into hands of persons not authorized to take the medication. USD 250 administration believes this procedure is in the best interest of our children, and hope you understand and support it. If you have specific questions about how to handle this at your child's school, please call the principal or the school nurse.

### **KIDCARE CONNECTION**

USD 250 and Community Health Center of Southeast Kansas (CHC/SEK) have partnered to ensure that all children in the Pittsburg Community School District have access to school-based medical, dental and mental health services. These are available regardless of a child's insurance status or income. The schedule for the KidCare Connection can be found at [www.usd250.org](http://www.usd250.org). ## **PARENT COMMUNICATION**

Our mission is to cooperate with the home and community to educate students. Communication is a very important aspect of cooperation. Therefore, we will report the progress of students regularly. In addition, we will call home for special concerns and congratulations. Area television stations, radio stations and newspapers will be used to publicize student activities and accomplishments. A conference with the student's team or any individual teacher may be scheduled by calling the office.

Parents may reach a student's teacher by e-mail by using the first letter of the teacher's first name and the teacher's last name followed by @usd250.org.

## **SECURITY CAMERAS**

Inside and outside school premises are protected and monitored twenty-four hours a day by closed circuit video equipment. Recordings may be used as evidence in investigations of school rule violations and/or criminal acts.

## **BUILDING SAFETY**

Guardian/Guest Check-In Using Remind: To improve school safety and security, school visitors and guardians will be asked to present identification, such as a driver's license, which will pass through a scanner. Parents and other volunteers who visit regularly or participate in field trips only need to do this as needed. Building staff will manually enter the information if a person doesn't have government-issued identification. Within a few seconds, the Raptor system will check a visitor's name and date of birth against a national database of registered sex offenders to ensure that offenders aren't entering a school without our knowledge. No other information from the ID will be gathered or recorded.

## **TRANSPORTATION RULES AND DISCIPLINE MATRIX**

Pittsburg Community Schools is committed to creating a safe, positive learning environment for all our students. To ensure the safety of our students, the Transportation Department along with USD 250 has developed the following guidelines.

### **RULES AND REGULATIONS FOR STUDENTS RIDING SCHOOL BUSES:**

1. The driver is in full charge of the bus and students. The students must obey the driver promptly and willingly.
2. School and district rules/regulations apply to the school buses.
3. Students shall ride their regularly assigned bus at all times unless permission has been granted by the school.
4. Students must not stand or play in the roadway while waiting for the bus.
5. Students should leave home early enough to arrive at the bus stop before the bus is due.
6. Self-discipline should be exercised by students at the bus loading area. Students should refrain from pushing and shoving other students. Students in violation are subject to disciplinary action.
7. Students who have to walk some distance along the highway to the bus loading zone, where practicable, must walk on the left-hand side facing oncoming traffic. This will also apply to students leaving the bus loading zone in the evening.
8. Students shall not sit in the driver's seat, nor shall any student be to the immediate left or right of the driver.
9. Each student may be assigned to a seat if required by the bus driver.
10. Students shall:
  - a. Sit properly in their seats.
  - b. Refrain from throwing objects in/out of the bus.
  - c. Keep their hands to themselves.
  - d. Be courteous to their fellow passengers.
  - e. Use appropriate language.
  - f. Keep the bus clean of refuse.
  - g. Speak in a quiet tone of voice.
11. No student shall use tobacco, electronic cigarette device, or strike a flame on a school bus.
12. No student shall at any time extend their head, hands, or arms out of the window while on the bus.
13. Students must see that they have nothing in their possession that may cause injury to another,

such as sticks, breakable containers, any type of firearms, straps, or pins extending from their clothing. Also, any type of animal, with the exception of a service animal, is not permitted on the bus without the permission of the bus driver.

14. Each student must see that their books and personal belongings are kept out of the aisle. Special permission must be granted by the building administration to transport any large items.
15. The school district will hold the student or parent/guardian responsible for intentional damage to school buses caused by the student. (Restitution)
16. Students may not use radios or stereo equipment while on the school bus unless the device is being used with headphones.
17. Students are to remain seated while the bus is in motion and are not to get on or off the bus until the bus has come to a full stop.
18. Students must leave the bus in an orderly manner. They must not cross the highway until given consent by the school bus driver. When boarding or leaving the bus, the students should be in view of the driver at all times.
19. Students must cross the highway only in front of the school bus and never behind it.
20. Students in grades K-12 may get off at a place other than their own regular stop only with written permission from the office. It is the responsibility of the parent/guardian to inform the school of a change in arrival/dismissal location.
21. Students shall not perform any act which will obstruct the free passage of a school bus along its normal course.
22. In the event of an actual emergency, emergency exit procedures, as established by the emergency exit drills, will be followed.
23. Students' misconduct on a bus will be sufficient reason to discontinue providing bus transportation to those students involved.

To be consistent with all students riding the school bus, USD 250 has developed a discipline matrix. This matrix will be used to assist school administration in dealing with violations on the school bus. Students are expected to follow the guidelines to ensure a safe commute to and from school.

**Behavior considered extreme by administration or staff will be subject to the jurisdiction of the building administrator.**

## BUS TRANSPORTATION DISCIPLINE MATRIX

**Riding the school bus is a privilege that the district offers families who meet district transportation requirements. To ensure students enjoy a safe and pleasant ride, only those students who follow the USD 250 Bus Behavior Code will be allowed to ride the bus. The bus driver has jurisdiction over behavior on the bus. The building principal will determine consequences for misbehavior.**
