

Mr. Walker's Class Discipline Plan

I am looking forward to a wonderful and fulfilling year! In order to maintain a positive learning environment the following discipline plan will be in effect at all times. At the beginning of the year I will review this plan with your students and remind them daily the positive and negative consequences of their choices.

School Rules

Be Responsible: Take ownership for your own actions.

Be honest: Take care of yourself and your jobs.

Do the Right Thing: Always try your best. Follow Directions. Listen when others are talking.

Be Respectful: Take care of your materials. Speak kindly to others. Treat others the way you want to be treated (if not better!). Keep hands and feet to yourself. Be a good listener. Walk quietly in the halls to respect other classes.

It is very important to me that children are recognized for their positive behavior, and are not publicly displayed for their negative behavior. I will have two systems in place to track students' behavior, one being physical (Behavior Chart), and the other being digital (Class Dojo) which is also how I will communicate most with you the parent!

Behavior Chart

Each child will color their star daily on their calendar located in their take home folder. The schoolwide system is green, yellow, orange, and red, but I have added 3 positive colors for students that go beyond in a day, which will be in order of blue, pink, and purple. Behavior chart is always on display so students know what each color represents. Please initial each date so I know that you are aware of your child's daily behavior. If you have any questions or comments regarding this, please feel free to send me a message on Class Dojo.

Class Dojo

I use Class Dojo as a way to reinforce positive behavior quickly and consistently. While the behavior chart will track overall daily behavior, Class Dojo will allow me to recognize smaller positive behavior on a regular basis. Their color is mainly based off of the points they earn/lose over the course of the day. This is also the main way for me to communicate with parents, and it also allows you to see how your child is doing during the day right from the app!

PURPLE - Student had an amazing day, and something special happened too

PINK - Student had an awesome day, either lost 0 points or only 1 that was minor

BLUE - Student had a great day, but lost a couple of points throughout the day

GREEN - Student had a good day, but lost about as many points as earned.

YELLOW - Student lost more points than earned, loses 5 minutes of free time

ORANGE - Student had a very tough day, mostly only lost points. Loses most of free time but is doing something productive to help instead. Talks with teacher.

RED - Major incident(s) occurred. Call to parents or message sent home day of.
