464 Nichols Lane, Gallatin, TN 37066

Summer 2024

Sumner Academy is an independent school in Middle Tennessee serving pre-kindergarten through eighth grade. We dedicate ourselves to the academic development of students with an emphasis on educating the whole child. As an independent school, we raise all of our funding autonomously. Our students consistently score in the top ten percent on national achievement tests, and our graduates go on to be extremely successful in high school and college. Many of our graduates have been Valedictorians or Salutatorians of the high schools they attended. We maintain a learning environment that not only achieves high academic standards, but also embraces individual attention and character development.

Our annual dinner auction is our main fundraising event each year. The theme of the auction is "Making Magic Happen." This year the auction will take place on February 22, 2025 at the Epic Event Center. We rely on underwriting and donations from businesses and individuals to ensure a successful and enjoyable event.

The Auction is an excellent marketing opportunity for your organization. Each year community leaders, business executives, leading professionals, and parents from the area attend the Auction. Personal and professional exposure to this audience is extremely beneficial. In making your tax-deductible donation, you are promoting your business and making an investment in the future of our children and our community.

The proceeds from the Auction will make it possible for us to continue to maintain our standard of academic excellence. This funding also enhances our scholarship fund, which makes a superior education possible for students who would not otherwise have the resources to attend Sumner Academy.

We look forward to another successful event at this year's Auction. Your donation, no matter how small or large, will go a long way toward helping us to meet our goals. Last year we raised over \$300,000. With your generous assistance, we hope to raise that same amount this year.

Sincerely,

Jenny Chapman and Amanda White
