## *Tips from the Team*

The poison center reminds everyone that poisonings are easily preventable. We recommend you take the following simple and quick safety precautions.

- Be prepared for an emergency. Keep the national, free Poison Help line at your fingertips by saving the number in your mobile phone. 1-800-222-1222 | [www.njpies.org](http://www.njpies.org)
- Practice safe storage habits. Always store medicines, hazardous chemicals/substances and foreign bodies where children and pets cannot reach them. Keep them locked up, out of sight, reach and in their original child-resistant containers.
- Read and follow all labels and directions. Review medicine and product labels before use, especially before giving medicine to children.
- Detect invisible threats. Have a working carbon monoxide (CO) detector in your home. Check batteries two times a year during Daylight Savings. Don't forget your smoke alarm too.
