Dear Parent/Guardian,

The Gallatin County Schools Food Service Department recently acquired a new Point of Sale (POS) system for the cafeteria. This new system will assist us in increasing the level of service we provide, as well as generate accurate school meal counts.

For cafeteria purchases, students will continue to use their current ID number. Please note that serving lines may be slower for the first couple of days with the new POS system, but as the students familiarize themselves with the system the lines should move much more quickly.

Our schools continue to be Community Eligible Provision (CEP) schools meaning all students receive free breakfast and free lunch. To fund your student's account for any extras your child may want to purchase, we recommend parents/guardians deposit money using MySchoolBucks. Cash and check payments will also still be accepted. You can also use MySchoolBucks to receive low balance alerts, set up automatic payments, and set daily/weekly spending limits.

Funds that remain in your student's meal account at the end of the school year will be carried over to the next school year.

If your student has any allergies or other medical concerns, please notify us so this information can be placed in the system. This will alert our staff to help monitor their meals.

If you have any questions, please contact our Food Service Department at (859)567-3174 and we will be glad to assist you.

Sincerely,

Jane Lynn Brown

Food Service Director
