Definition			as one's own Plagiarism is	the written
Deminion	Stealing and passing off the ideas or words of another as one's own. Plagiarism is the written representation of another's words, thoughts, or ideas as one's own. While it is expected that a student who is writing will use information from sources other than personal experience, appropriate acknowledgement of such sources is required. Plagiarism includes: using a direct quotation without citing the source; paraphrasing the ideas, interpretation, or expressions of another without giving credit failing to acknowledge or document sources.
