

1. Research assistance: AI/NLP tools can be used to help students quickly and efficiently search for and find relevant information for their school projects and assignments.
2. Data analysis: AI/NLP tools can be used to help students analyze, understand, and interpret large amounts of data, such as text documents or social media posts. This can be particularly useful for research projects or data analysis assignments—e.g., scientific experiments and marketing research.
3. Language translation: AI/NLP tools can be used to translate texts or documents into different languages, which can be helpful for students who are learning a new language or for students who are studying texts written in a different language.
4. Writing assistance: AI/NLP tools can provide grammar and spelling corrections, as well as suggest alternative word choices and sentence structure, to help students improve their writing skills.
5. Accessibility: AI/NLP tools can be used to help students with disabilities access and understand written materials. For example, text-to-speech software can help students with specific learning disabilities or visual impairments to read texts, and AI-powered translation tools can help students with hearing impairments understand spoken language.

The above list of acceptable uses of AI/NLP may be expanded with consent of the District administration as acceptable uses evolve with the technology. Staff and students must exercise transparency with respect to use.

As outlined above, under appropriate circumstances AI/NLP tools can be effectively used as a supplement to and not a replacement for traditional learning methods. Consequently, with prior teacher permission/ consent, students may use such resources to help them better understand and analyze information and/ or access course materials. If students have any questions about whether they are permitted to use AI/NLP tools for a specific class assignment, they should ask their teacher.

As a student user, I agree to follow the District's requirements for use of technology. I will report any misuse of technology to the teacher or school administration. I understand that any violations of the above terms and conditions may result in disciplinary action and the revocation of my use of technology resources and services.

Parent or Guardian Cosigner

As the parent or guardian of the above-named student, I have read this agreement and understand it. I also agree to report any misuse of technology to a District administrator.

I accept full responsibility for supervision when my child's use of technology is not in a school setting. I hereby give my permission to have my child use the District's technology resources and services.

I will be financially responsible for equipment that is lost, stolen, or damaged. I understand there may be charges to my family if the laptop and/or technology provided is damaged, lost, or stolen. I will not leave the technology equipment in an unsecured area (in an unlocked vehicle, for example). I will immediately report theft or damage of any kind to my child's school. I will return the technology equipment and all accessories before the end of the school year or before my child withdraws from school
