Arrival & Dismissal

Students are expected to be in their classrooms by 8:45a.m. The end of school day dismissal time is 3:20PM.

School starts promptly at **8:45**. It is our goal to decrease the number of late arrivals and early dismissals. Therefore, please make sure your child is here on time and, when possible, remains at school until the end of the day. If your child is tardy (arriving after 8:45a.m.), you are required to park your vehicle, walk your child into the front of the building, and sign your child in for safety purposes. The Cedar Lake Fire Department will be strictly enforcing the fire lane at every door. Cars will be given citations for violations.

Changes to Student's End of Day Dismissal

Considering children's safety needs first, it is important that families maintain consistent routines for children immediately after the school day. Changing school-to-home routines can create extra stress on elementary aged students. Knowing that the school dismisses hundreds of young children in a matter of a few minutes, it is the school's desire that parents and guardians not change after school plans for the student during the school day.

Gold Notes

If your child is changing the way he/she will be going home daily, or if your child is staying for an after school activity, please complete a Gold Note and have your child turn it into his/her teacher the day of the occurrence. (Examples include: riding the bus, car rider, Grand Tots, early dismissal for doctor's appointments, Boy Scouts, Girl Scouts, Girls on the Run, Young Rembrandts, etc...) You may write multiple dates on the Gold Notes if the program is running for consecutive weeks. Please write exact dates, not just every Monday, etc. Gold Notes can be found in the office of the school or by visiting our website online. If you happen to forget to send it with your child in the morning, the Gold Note needs to be dropped off at school or faxed to the school at (219)374-4430 (Jane Ball) or (219)365-1432 (Lincoln). All Gold Notes must be received in the office **before 12:00 p.m.** so the teacher can accommodate your request. We will not change your child's transportation without the gold form. This is to ensure the safety of your child.

Child Care

If your child needs extended care, Grand Tots provides before school care beginning at 6:30 a.m. and after school care until 6:00 p.m. This is available on the days we have school. Grand Tots rents space from Hanover Community School Corporation and houses its program in the building. For more information regarding Grand Tots please contact them directly at 374-6025.

Elementary Grading System

The system of grading student achievement at the elementary level ensures that each student's grade accurately identifies his/her degree of performance. Students in grades 1-2 will be assessed based on the following grading scale in all academic areas:

A+	100	Excellent
A	93-99%	Excellent
A-	90-92%	Excellent
B+	88-89%	Good
B	83-87%	Good
B-	80-82%	Good
C+	78-79%	Average
C	73-77%	Average
C-	70-72%	Average
D+	68-69%	Poor
D	63-67%	Poor
D-	60-62%	Poor
F	59%	Failing
INC		Incomplete
EX		Excused

If a student is unable to complete a task due to a health related reason, the student may receive a temporary grade of an "Inc" (incomplete) on a Progress Report or Report Card. A doctor's note will need to be provided to the nurse upon return to school. The teacher will be expected to provide the student with modified work if needed, in accordance with the recommendation stated on the release from the doctor. The teacher will give grades based on all work completion. If a student misses school for a significant amount of time as a result of illness, the student will be given one day for every day missed to complete the work missed. If other arrangements need to be made, the teacher will confer with the principal.

Field Trips (2340)

Educational field trips are considered a vital part of the school curriculum. Students will not be allowed to participate without a signed parental consent form. Deadlines for parent permission and collections will be closely adhered to because of the commitment to the visitation sites. The classroom teacher may ask parents to attend school field trips and help with supervision.

If a student demonstrates unacceptable behavior regularly in the classroom and his/her conduct grade is unsatisfactory, the student may not be able to attend the trip. Parents will be notified of this decision in advance. The student who is staying back must attend school on that day. The principal and classroom teacher will make supervision arrangements.

High Ability Learners

The High Ability Program will be implemented for students in first through second grades in the areas of Math and Reading at Lincoln Elementary and Jane Ball Elementary School. Students in grades K-2 will receive reading & math services in their classroom with their teachers. High Ability services consist of a cluster grouping program with a high ability teacher in grades 1-2. The program is designed to address the needs of high ability learners. Students will be invited to participate in the program utilizing selected criteria to identify high ability students.

Homework (2330)

Homework is an effective method of providing instructional support. Homework provides practice in the mastery of skills and integration of knowledge. Homework provides an opportunity to develop positive communication between the student and parent, foster self-discipline within each student, and engrains a sense of accountability for each student to take responsibility for his/her own learning. Parents are encouraged to set aside time each night for the purpose of supporting students in the accomplishment of completing their child's educational task. All students are expected to record and complete assignments in their agenda book. If you have any questions about assignments or homework expectations, you are asked to contact your child's teacher.

Parent-Teacher Conferences

Parents are welcome to schedule a conference with their child's teacher at any time. As needed, parents are requested to schedule a meeting with the teacher at least 24 hours in advance with respect to the teacher's scheduled instructional time. The teacher may also schedule conferences as needed with parents.

Promotion, Retention, and Assignment

All aspects of the student must be considered as grade placements are made. Students not meeting competencies, whether they are local or state-driven, may be considered for retention. A recommendation will be presented by the classroom teacher(s) to the building principal and to the parent(s) or guardian(s). The following definitions are critical:

Promotion- Occurs when a student is doing the caliber of work (grade level) that indicates the student has met the criteria-established in Policy 5410 and restated below.

Placement- Occurs when a student is not doing the caliber of work that indicates the student should be promoted to the next grade. However, the teacher recommends and the building administrator concurs, that it is in the student's best interest to move to the next grade.

Retention- Occurs when a student is not doing the caliber of work that indicates the student should be promoted to the next grade, based on the recommendation of the teacher with the concurrence of the building administrator.

Final decisions on student promotion, placement, or retention rest with the building principal. If the parent disagrees with the decision they are welcome to appeal to the Superintendent of Schools or an administrative designee. The Superintendent will render a final decision and although the parent's point of view will be considered the final decision will always rest with what is best for the child.

Reporting Student Progress (5420)

Your child's progress is available anytime on the internet, through PowerSchool, for students in grades 1-2.

Report Cards are issued for every nine week grading period. Progress reports are available online or per parent request at the midpoint of each grading period to all students.

Hanover Community Schools Attendance

Good attendance is essential if students are to achieve success and reach their potential.

- The Indiana Compulsory Attendance Law requires students to be in school for 180 days during the academic year [Indiana Code 20-33-2-4]. Federal law requires a 95 percent student attendance rate. When students accumulate excessive absences from school, they are in violation of these laws and will be referred to the appropriate legal authorities. [Indiana Code 20-33-2-25].
- Regular school attendance is required of all children from ages seven to eighteen.[Indiana Code 20-33-2-3].
- A child of school age shall attend the school in the attendance area where the child resides unless officially transferred to another school. The residence is defined as the legal residence of the parents or parent who has legal custody or legal guardianship.

Students must attend each school day to make sure to complete all of their education. Many critical educational pursuits result from active participation in the classroom and other school activities, which individual study cannot replace.

The district's focus on developing employability skills for ALL HCSC students requires developing a high-quality work ethic and dependability, which will be a significant factor in their success with future employers.

Regular school attendance is required of all extra-curricular activity participants. Students must attend school the entire day of an event to participate. If a student is sent home by the nurse, he/she may not return to school or any school-sponsored activity that day. An administrator may grant exceptions for unusual circumstances; however, this permission must be prearranged.

Absences Reporting

If your child must be absent, please phone the school office at most 30 minutes after the start of classes on the day the student is absent. A note is optional if phone contact is made. This procedure was established as a safety measure for the children. If you know your child will be absent, please send a note before the absence.

Absences of more than three days in a row require a doctor's note. If your child is absent five days or more in one grading period and/or their absences reach a total of ten days at any time during the school year, parent notification will be made. Furthermore, excessive absenteeism may result in a referral to an attendance officer, child protective services or failure to qualify for promotion to the next grade.

Absence Due To Vacation

The office is frequently asked to approve a student's absence for family vacations. The Hanover Community School Corporation policy indicates that a family vacation **is not an acceptable reason for student absence and will apply to the 10-day absences.** Students will be responsible for assignments upon their return; any tests missed during the vacation time will be rescheduled at the teacher's discretion. Teachers have no obligation to provide work before the child leaves.

State Exempt Absences

An exempt absence is an absence in which the student is excused from school and is NOT to be counted as absent.

According to the state of Indiana, Exempt Absences are:

1. Serving as a page or honoree of the General Assembly
2. Serving on the precinct election board or as a helper to a political candidate or party on the day of a municipal, primary, or general election
3. Subpoenaed to testify in court
4. Serving with the National Guard for no more than ten days
5. Serving with the Civil Air Patrol for up to 5 days
6. Approved Educational Related Non-Classroom Activity
7. The student, or a member of the student's household, exhibits or participates in the Indiana State Fair for educational purposes

Make-up Work:

A student will be allowed to make-up any schoolwork missed due to an excused absence. Students will not be allowed to make-up work missed due to an unexcused absence.

Full days & Half days (Elementary only):

If a student is present more than 3 1/2 hours in one day, the student will be counted present for a full day. If a student is present for less than 3 1/2 hours in one day, the student will be counted present for a half day of school.

Withdrawal from School:

Students withdrawing from school must first meet with their parent(s) and school counselor to explore all alternatives to withdrawal. If the student still wishes to pursue withdrawing from school, he or she must attend an exit interview meeting with their parent/s and building principal. All parties (student, parent(s), principal) must approve and sign the student's withdrawal form. [Indiana Code 20-33-2-9].

Excessive Elementary Tardies and Early Departures :

Elementary students are expected to arrive at school in time to be seated in their classrooms and ready to learn when the 8:45 a.m. bell rings. Likewise, elementary students are expected to remain at school until dismissal and will receive a tardy for early dismissal. Medical and other

appointments should be scheduled for after-school hours. More than three tardies or early departures per semester will be considered excessive.

Extracurricular Participation/Attendance:

Eligibility and participation in extracurricular activities is dependent on regular school attendance. Students who are not in attendance for the entire school day may not participate in after-school activities that day unless they are excused by the principal or the athletic director. In addition, students who have accumulated more than five (5) countable absences per semester may not be eligible to attend school-sponsored events, including Homecoming, Prom, Class Trips, etc.

Closed Campus:

Students are to remain on school grounds from arrival in the morning until dismissal in the afternoon. If a student leaves school for any reason, he/she must receive permission from a parent/guardian and the attendance office. If permission is given, the student must sign out and sign in immediately upon his/her return. Students who do not comply with this policy are considered truant. Students in K-8 who arrive late at school must be signed in by the person dropping them off. Any K-8 student who leaves during the school day must be signed out by a parent/guardian, or other designated person, and signed in upon their return.

School Safety

The Hanover Community School Corporation has an Emergency and Crisis Response Plan that reflects the common and unique needs of educators, students, families, and the greater community. Our procedures are based upon recommendations from the United States Department of Education, the United States Department of Homeland Security, The Indiana Department of Education and local Police and Fire Agencies. These procedures are based on the most effective model plans of school districts around the nation.

The Hanover Community School Corporation's Emergency and Crisis Response Plan outlines how everyone in the school community (administrators, teachers, parents, students, bus drivers, and support staff) will be prepared for "all hazards" approach to school safety and security and how to identify the behavioral and emotional signs of children at risk. The plan also details how school and community resources can be used to create safe environments and to manage responses to acute threats and incidents of violence.

The principal or their designee is responsible for responding quickly and effectively to any natural or man-made disasters. In the event of such an incident, the principal will advise teachers, students and staff of the proper actions to be taken. Any injury to students or staff will be immediately addressed. The incident will be managed as per School Board policy and according to established procedures. The principal or designee will then notify the parents/guardians of the situation in a timely manner.

The following are examples of information included in the Emergency and Crisis Response Plan.

Fire:

- Pull fire alarm. Call 911.

- Evacuate school using primary or secondary evacuation routes.
- Move to a safe distance away from building.
- Teachers account for all students.
- No re-entry until building is declared safe by First Responders.

Severe Weather or Tornado Watch:

- Monitor Weather Stations.
- Bring everyone inside building(s).
- Close Windows and blinds.
- Move to designated areas.
- Crouch on knees, head down, hands locked behind the neck.
- Standby for “All Clear”.

Bomb Threat:

- Complete Bomb Threat Checklist.
- Notify Law Enforcement and Superintendent.
- Determine if evacuation and relocation is necessary.
- Do not use walkie-talkies, cell phones, or electronic devices.

Violence Prevention Procedures

Violence, self-destructive behavior, or suicidal ideation may not be apparent until a critical phase has been reached. School personnel must be prepared to spot at-risk students and to refer them to designated staff in each building. Any such signs, or the report of such signs, should be taken seriously and communicated immediately to the principal or designee.

Every effort shall be made to provide positive intervention by using available school personnel and the assistance of appropriate agencies on behalf of the student. School personnel will have the names and location of staff members who can provide assistance to students experiencing emotional stress or depression.

Parents/guardians of involved student(s) shall be notified of any suspected violent behavior and their cooperation shall be sought in arranging for appropriate intervention. If parents/guardians indicate an unwillingness to cooperate in the best interest of the student, the school administration shall contact appropriate administrative or legal agencies to request intervention on the student’s behalf.

BULLYING POLICY

The School Board is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community. Bullying behavior toward a student, whether by other students, staff, or third parties, is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse as provided herein.

The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. Engaging in bullying behavior through the use of data or computer software that is accessed through a computer, computer system or computer network also is prohibited. This policy applies when a student is on school grounds immediately before or during school hours, immediately after school hours, or at any other time when the school is being used by a school group; off school grounds at a school activity, function, or event; traveling

to or from school or a school activity, function, or event; or, using property or equipment provided by the school. Additionally, this policy applies regardless of the physical location when:

- A. the individual committing the bullying behavior and any of the intended targets of the bullying behavior are students attending a school within the Corporation; and
- B. the bullying behavior results in a substantial interference with school discipline or an unreasonable threat to the rights of others to a safe and peaceful learning environment.

Bullying as defined in State law means overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically), physical acts committed, aggression, or any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other student and create for the targeted student an objectively hostile school environment that:

- A. places the targeted student in reasonable fear of harm to the targeted student's person or property;
- B. has a substantially detrimental effect on the targeted student's physical or mental health;
- C. has the effect of substantially interfering with the targeted student's academic performance; or
- D. has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

This type of behavior is a form of harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It includes, but is not limited to, such behaviors as stalking, intimidation, menacing behavior, coercion, name-calling, taunting, making threats, and hazing. It also includes the use of digital or electronic communications to engage in such behaviors.

However, Indiana law exempts the following from the definition of "bullying":

- A. Participating in a religious event.
- B. Acting in an emergency involving the protection of a person or property from an imminent threat of serious bodily injury or substantial danger.
- C. Participating in an activity consisting of the exercise of a student's rights protected under the First Amendment to the United States Constitution or Article I, Section 31 of the Constitution of the State of Indiana, or both.
- D. Participating in an activity conducted by a nonprofit or governmental entity that provides recreation, education, training, or other care under the supervision of one or more adults.
- E. Participating in an activity undertaken at the prior written direction of the student's parent.

F. Engaging in interstate or international travel from a location outside Indiana to another location outside Indiana.

Any student who believes s/he has been or is currently the victim of bullying should immediately report the situation to the building principal or assistant principal or the Superintendent. The student also may report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. This report may be made anonymously. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President. A parent may file a complaint on behalf of a student in the same manner.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be bullying behavior directed toward a student. Reports may be made to those identified above. Staff members who fail to report bullying or who fail to conduct an investigation when assigned that duty are subject to disciplinary action, up to and including discharge.

All complaints about bullying behavior that may violate this policy shall be promptly investigated according to the timeline established by the Superintendent's administrative guidelines.

If, during an investigation of reported acts of bullying and/or harassment, the investigator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on sex, race, color, national origin, religion, or disability, the investigator will report the act of bullying and/or harassment to one (1) of the Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy – 5517Anti-Harassment.

If the investigator finds an instance of bullying behavior has occurred, prompt and appropriate action or responses shall be taken to address the bullying behavior wherever it occurs including, as appropriate, disciplinary action, up to and including expulsion for students, discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Bullying acts shall be reported to law enforcement officials immediately upon determining that a report to law enforcement is necessary.

The parents of the targeted student and the reported bully shall be notified of the alleged bullying incident at the beginning of the investigation, the findings of the investigation at the conclusion of the investigation, and, as appropriate, any remedial action that has been or will be taken to the extent disclosure is permitted by law. In addition to discipline, remedial action may include support services for the targeted student and bullying education for the bully, among other actions.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as bullying. Making intentionally false reports about bullying for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and making intentionally false reports may result in disciplinary action as indicated above.

For a definition of and instances that could possibly be construed as hazing, consult Policy 5516.

Cyber-bullying Policy Guidelines

Cyber-bullying creates a hostile, disruptive school environment and is a violation of a student's right to be safe and secure. Actions deliberately threatening, harassing, intimidating an individual or group of individuals, placing an individual in reasonable fear of harm or damaging the individual's property; or disrupting the orderly operation of the school, will not be tolerated.

It is a violation of this policy for any student to engage in cyberbullying, or for any employee of the Hanover Schools to condone or fail to report acts of Bullying or Cyberbullying that they witness or become aware of:

- (i) On school grounds;
- (ii) At school-sponsored or school-related activities, functions or programs, whether on or off school grounds;
- (iii) At school bus stops;
- (iv) On school buses or other vehicles owned, leased or used by the school district; or
- (v) Through the use of technology or an electronic device owned, leased or used by the school district.

Definition of CyberBullying

Cyber Bullying or Digital Harassment is the use of information and communication technologies to support deliberate, repeated, and hostile behavior by an individual or group that is intended to harm others. The online activities used by most students engaged in Cyberbullying include cell phone calls, voice messages, social networking posts, chat room discussions, instant messaging, text messaging and electronic mail. The technologies most often associated with Cyber-bullying are computers, cell phones, personal digital devices, electronic tablets, digital cameras, cell phone cameras, and web-cams. As new technologies emerge, they too may be included with the above forms of electronic communication.

Actions that constitute Cyberbullying and Digital Harassment for the purposes of this policy include, but are not limited to:

- (i) Sending crude, or offensive messages
- (ii) Spreading false rumors
- (ii) Creating web pages or posts that have stories, cartoons, pictures, and jokes designed to harass, intimidate or ridicule others,
- (iii) Engaging someone in electronic communication, with the intent to deceive that person into revealing sensitive personal information and forwarding that information to others
- (iv) Taking a picture or video of a student(s) or staff member(s), on school grounds, or at a school sponsored event or activity without their consent,
- (v) Posting a picture or video on the Internet of a student(s) or staff member(s), taken on school grounds or at a school sponsored activity, without their permission.

It is also a violation of this policy for any student to engage in Cyberbullying at a location, activity, function or program that is not school-related, if the bullying creates a hostile environment at school for the victim, infringes on the rights of the victim to be safe and secure at school, or materially and substantially disrupts the education process or orderly operation of the school, as determined by school administrators.

Reports of Cyberbullying and Digital Harassment will be promptly investigated. If the school principal or a designee determines that Cyber-bullying or retaliation has occurred, the school principal or designee will:

- (i) take appropriate disciplinary action, or notify law enforcement;
- (ii) notify the parents or guardians of the perpetrator; and
- (iii) notify the parents or guardians of the victim, and to the extent consistent with state and federal law, notify them of the action taken to prevent any further acts of bullying or retaliation.

Any student who knowingly makes a false accusation of bullying or retaliation will be subject to disciplinary action including, but not limited to reprimand, detention, loss of privileges, and/or suspension. An educational component will be part of the actions taken. If the false accusations have civil and/or criminal elements then further actions may be taken by appropriate law enforcement agencies.

Any staff member, parent, and/or community member who knowingly engage in false accusations will be subject to appropriate consequences administered by the school system and/or law enforcement agencies. Complaints of bullying or retaliation may be made anonymously; however, no disciplinary action shall be taken against a student, staff member, parent, or community member solely on the basis of an anonymous report.

Consequences for Harassment and/or Cyber Bullying

- Minimum: 1 day suspension
- Maximum penalty: Expulsion

Confidentiality

Proper dress includes clothing that is clean, modest, and does not create a safety hazard or a distraction. All students must be covered shoulder to shoulder and from shoulders to mid-thigh.

A student shall wear no item, that because of its fit, texture, or design exceeds acceptable standards of decency.

You will also be notified by our AlertNow phone system.

Parents/guardians should have a family emergency plan prepared in the event that schools are dismissed early, the start of school is delayed, or school is canceled. Students and childcare providers should be aware of the plan.

Only those parents/guardians who have supplied the school corporation with emergency telephone numbers and/or email addresses will be notified via the Alert Now emergency notification system in the event of an early dismissal. Please do not call the school, the principal, or the Superintendent's Office. Telephone lines must be kept open for emergency communications.

School Closing

Students do not report to the building. The building will be closed to everyone, except emergency personnel. School Closings will be announced via radio, television stations, automated phone calls, and the school website. There will be no childcare in the event of a school closing.

School Delay

Bus and building schedules will start one or more hours later than usual. The starting time will be announced via radio, television stations, automated phone calls, and the school website. School dismissal will be at the regular time. School lunches will be served. Childcare will be available.

To find out about eligibility for financial assistance program (lunch and textbook assistance), parents/guardians must complete the application available in the school office or on the district website under Food Services.

Non-Custodial Parents

In the event that both parents do not live in the same household or are legally separated, documentation needs to be made available regarding important information pertaining to the care of the child during the school day. If one parent has been awarded custody of the student by a court order, the parent of custody shall provide to the principal of the school a certified copy of the custody order. The custodial parent must also inform the school, in writing, of any restrictions and/or limitations in the rights of the non-custodial parent. A non-custodial parent, unless restricted by a court order, will be given access to the student's cumulative file, including report cards and disciplinary actions. The non-custodial parent may not visit with the student during the school day without the knowledge of the custodial parent. The visiting parent must follow the building Visitor's Policy. The student will not be released to the non-custodial parent unless written permission is given by the court or by the custodial parent.

School Visitor Policy (9150)

Parents may visit the school and participate in various activities. Anyone who is not a regular staff member or student of the school will be termed a "visitor".

To verify that the instructional process remains uninterrupted, visitors (including visitors during lunchtime) are expected to follow the following procedures:

Visitors who wish to discuss their visit or any issue with the teacher should make an appointment to meet during non-class time.
3. If a parent is bringing items from home for his/her child (i.e. homework, books, lunches, etc.), the items may be placed on the cart outside of the office. Parents are asked to place the student's name and homeroom teacher's name on the item to be delivered. The office staff will make sure the material gets to its destination. Please bring all money or valuable items into the office and we will deliver them to the child.

Transportation

Parents/guardians have the responsibility of supervision of their child until the child boards the bus in the morning and after the child leaves the bus at the end of the school day.

Parents/guardians must understand students are under the jurisdiction of the school while going to and from school. In view of the fact that a bus is an extension of the classroom, the Hanover Community School Corporation shall require children to conduct themselves on the bus and at the bus stop in a manner consistent with the established standards for classroom behavior. In cases where children do not conduct themselves properly on the bus, such instances are to be brought to the attention of the building principal by the bus driver. Children who become a serious discipline problem on the school bus may have riding privileges suspended by the driver, transportation coordinator, and/or principal. In such cases, the parents/guardians of the child involved become responsible for the safe transportation of the child to and from school. If, in an emergency, a student is to ride a different bus after school, a note is required from the parent/guardian to the transportation coordinator and/or principal explaining the emergency in advance. Procedures and guidelines have been developed to provide direction for staff members to meet these responsibilities and obligations under the law.

Communicable Illnesses/Problems

Communicable illness/problems are part of school life. Every effort is made to keep parents/guardians informed of possible exposure through notices sent home when a grade level is exposed. If your child is diagnosed with a communicable illness, such as strep throat, chickenpox or head lice, please inform the school immediately. With everyone's cooperation, the spread of these health concerns can be limited.

If the parents/guardians fail to provide immunization documentation or fail to provide a religious objection or medical exemption or fail to meet other requirements, school

officials will report the parents/guardians to Child Protective Services and may prohibit the child from attending school.

If the damage or loss was intentional, the student will also be subject to discipline according to the Student behavior Standards.

SUPPORT SERVICES

Response to Intervention (RTI)

Assistance for teachers is available through the Response to Intervention program (RTI) for the purpose of establishing a support system to maximize student learning opportunity in the classroom for those children who are struggling academically or are experiencing problems that interfere with learning, such as depression, emotional trauma, peer conflict, or social and emotional problems. A team of teachers discusses strategies, which are designed to support the classroom teacher in assisting a student with their specific area of need. Students may receive pull-out or push-in services to meet their needs in the areas of reading or math. This type of support is available for students in need as evidenced by academic and behavioral difficulties which interfere with the learning process. For more specific information, parents/legal guardians are requested to contact the Building Principal.

Special Education

Services for students with special needs are provided through the Northwest Indiana Special Education Cooperative to those students who qualify. If a student has an Individual Educational Plan, the staff working with the student will have access to the information needed to assist the student. Referrals for new students may be made by the parent or teacher.
