

Open Enrollment Capacity

Special Education Capacity

This table indicates which schools in Wilson have open enrollment capacity for special education students. This information is updated every six weeks. Therefore, it is possible that there have been changes. Please work with the front office at either school for the most up-to-date data. “Open” indicates that we are accepting open enrollment at the time of last data update. “Wait List” indicates we are unable to accept open enrollment for the special education program at the school and, therefore, the child can be added to a wait list.

See page one for the general education capacity information

School	Self-Contained
Wilson Primary	Wait List
Wilson Elementary	Wait List
