

Open Enrollment Capacity

General Education Capacity

This table indicates which schools in Wilson have open enrollment capacity for each grade level. This information is updated every six weeks. Therefore, it is possible that there have been changes. Please work with the front office staff at either school for the most up-to-date data. “Open” indicates that we are accepting open enrollment at the time of the last data update. “Wait List” indicates we are unable to accept open enrollment for the particular grade level at the school and, therefore, the child can be added to a wait list.

For students in special education programming, there needs to be general education and special education capacity based on their special education programming. See page two for the special education capacity information.

School	Kinder	First Grade	Second Grade	Third Grade	Fourth Grade	Fifth Grade	Sixth Grade	Seventh Grade	Eighth Grade
Wilson Primary K-4	Open	Open	Wait List	Wait List	Wait List				
Wilson Elementary 5-8						Open	Wait List	Open	Open
