

## CONSEQUENCES FOR VIOLATION

Violations of these rules may result in disciplinary action, including the loss of a student's privileges to use the school's information technology resources.

## SUPERVISION AND MONITORING

School and network administrators and their authorized employees monitor the use of information technology resources to help ensure that uses are secure and in conformity with this policy. Administrators reserve the right to examine, use, and disclose any data found on the school's information networks in order to further the health, safety, discipline, or security of any student or other person, or to protect property. They may also use this information in disciplinary actions, and will furnish evidence of crime to law enforcement.

## BRING YOUR OWN DEVICE POLICY

The Maricopa Unified School District's Bring Your Own Device Policy allows students to connect personal devices to the district's WIRELESS network provided approval is granted from the principal or authorized designee and the student's parent or legal guardian. This policy does not extend to district owned devices. For purposes of this policy, "device" means personally owned electronic equipment with wireless internet capability that can be used for educational purposes. This is limited to Chromebooks.

## SCREEN MONITORING

Administration monitors all school issued technology accounts. These programs are in use for all students enrolled in the Maricopa Unified School District.
