| Definition                                                                                          | The possession, use, distribution or sale of tobacco products on school grounds, at school-sponsored events and on school-sponsored transportation. Paraphrased from: <i>A.R.S. 36-798.03</i> A school violation includes nicotine, nicotine-delivering substances, chemicals or devices that produce smoke or vapor, which includes but are not limited to, e-cigarettes, hookahs, water pipes, Shisha, cigarettes, cigars, chewing tobacco, or vapor products. The violation also includes any other "tobacco innovation".  A "vapor product" means a noncombustible tobacco-derived product regardless of shape or size, which can be used to heat a liquid nicotine solution contained in cartridges.  A person who knowingly sells, gives or furnishes cigars, cigarettes or cigarette papers, smoking or chewing tobacco, to a minor, and a minor who buys, or has in his possession or knowingly accepts or receives from any person, cigars, cigarettes or cigarette papers, smoking or chewing tobacco of any kind, is guilty of a petty offense. <i>A.R.S. 13-3622</i> |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                               |                                                                                                                                                            |                        |                                           |                                                                        |                                                 |                                                    |
