Student records will not be released without the consent of the student's parent/guardian or that of the adult-age student, except as provided by law or district policy. Specifically, directory information, as defined in District Policy No. 3231, and records requested by schools to which a student is transferring will be released by the district without written consent. An example of a non-profit entity that requests such directory information is the United States military.

Photographs may occasionally be taken of students for use in the news media or school district publications. If you do not want any information released to any and all such non-profit organizations, or if you do not wish to have your child appear in a photograph, videotape, film, slide, or on the district website, please notify your child's school in writing. Cheney Public Schools has a partnership with local law enforcement agencies to support students who may have experienced a traumatic event such as a fire, law enforcement involvement in the community, etc. The program is called "Handle With Care." The nature of the police response is not divulged during the notification process. School staff are encouraged to handle that child with extra care and not ask about the incident. # **Child Nutrition Program**

The district's comprehensive nutrition program is consistent with state and federal requirements for those districts participating in the National School Lunch Program and School Breakfast Program. Our district nutrition policy was made in accordance with our goal of helping to combat childhood obesity and improving the health and wellness of our students.

If your child has a food allergy, there must be a diet care plan or a severe allergy care plan on file with your school's nurse. A physician's note or signature is required for diet modifications.

Cheney Public Schools implemented a childhood obesity prevention initiative in 2011 that has created a culture of healthy eating and healthier lifestyles. Studies show that children consume up to 50 percent of their daily calories while at school. Our "Back to Scratch" school kitchens provide children with a healthy entrée, fresh fruits, and vegetables every day. Research shows that the changes we have implemented have resulted in BMI rates dropping; however, more importantly, we know

Prices	Elementary	Secondary	Adults
Paid Breakfast	\$1.90	\$2.00	\$3.75
Paid Lunch	\$3.10	\$3.60	\$5.50
Milk or Juice	\$0.75	\$0.75	\$0.75

# **Safe Celebrations**

that healthy children learn better at school.

School breakfast and lunch are available to all students enrolled in school. Meals are served daily including early release days.

The Nutrition Services Department would like to remind parents that this school year Betz, Salnave, Sunset, Snowdon, and Windsor elementary schools, Cheney Middle School and Westwood Middle School, and Three Springs High School qualified for the Community Eligibility Provision (CEP), which allows school districts to provide meals to students at these schools at no cost. Students at HomeWorks!, Transitions, and WIN are visitors at a CEP qualifying school and will receive meals at no cost. Students at Cheney High School and HomeWorks! who do not qualify for Free and Reduced-Price Meals will pay for meals.

The Nutrition Services Department would like to remind parents of the opportunity to apply for free and reduced-price meals for students at WIN, Cheney High School, and HomeWorks!. Even if you are not sure if you qualify, feel free to complete a Free and Reduced-Price Meal Application Form, available online through parents/guardians Skyward Family Access, or you can pick up an application at your child's school. Return the form to either the Nutrition Services Office or your child's school. A letter will be sent to the email address on file or mailed home if no email address is listed. Qualification letters will also be viewable in your Skyward Family Access account.

Traditionally, various celebrations at school have been accompanied by treats provided by families. With food allergies so numerous in our district, we must be careful to determine that foods are safe for all students. Specific procedures must be followed when food and beverages are brought on campus for group consumption, including the following:

- All food and/or beverages intended for group consumption during the school day will be screened by school personnel in the school office before distribution in the classroom.
- Food designated for group consumption by students during the school day shall be free of nuts and/or nut products, and shall not be manufactured in a plant that processes nuts.
- All food brought into the school for group consumption by students during the school day will be commercially prepared and clearly labeled with ingredients. Please read labels carefully before bringing to school.
- Food and/or beverages intended for group consumption during school (including classroom parties, rewards / incentives) should meet required nutrition standards. All parties must include a healthy alternative (i.e. pretzels, yogurt, applesauce, popcorn, etc.).

Please be assured the district is not against celebrations. The priority is to ensure our students remain safe at school. Thank you for your understanding and cooperation.

## **Guidelines for Students with Life-Threatening Conditions**

Prior to attendance at school, each child with a life-threatening health condition will present a medication or treatment order addressing the condition. A life-threatening condition means a health condition that will put the child in danger of death during the school day if a medication or treatment order providing authority to a registered nurse and a nursing plan are not in place. Following submission of the medication or treatment order, a nursing plan will be developed. The medication or treatment order must be from the child's licensed health care provider.

It is vital to your child's safety during the school day that if your child has a life-threatening health condition that may require medical services to be performed at school, you must immediately notify your school's principal or school nurse. The necessary forms will be provided and a time will be arranged for you to meet with your child's school nurse.

Students with life-threatening health conditions may not attend/begin attending school until a health care plan is in place. Examples of life-threatening conditions are diabetes, severe bee sting or food allergies, heart conditions, severe asthma, severe seizures, etc. More information and assistance is available from the building nurse or health assistant.

### **Complaint Options: Discrimination and Sexual Harassment**

If you believe that you or your child have experienced unlawful discrimination, discriminatory harassment, or sexual harassment at school, you have the right to file a complaint. Before filing a complaint, you must discuss your concerns with your child's principal or with the school district's Section 504 Coordinator, Title IX Officer, or Civil Rights Coordinator. This is often the fastest way to resolve your concerns.

### Steps to file a complaint:

#### Step 1 - Write Out Your Complaint:

In most cases, complaints must be filed within one year from the date of the incident or conduct that is the subject of the complaint. A complaint must be in writing. Be sure to describe the conduct or incident, explain why you believe discrimination, discriminatory harassment, or sexual harassment has taken place, and describe what actions you believe the district should take to resolve the problem. Send your written complaint by mail, fax, email, or hand delivery to the civil rights compliance coordinator.

#### Step 2 - School District Investigates Your Complaint:

Once the district receives your written complaint, the coordinator will give you a copy of the complaint procedure and make sure a prompt and thorough investigation takes place. The superintendent or designee will respond to you in writing within thirty (30) calendar days unless you agree on a different time period. If your complaint involves exceptional circumstances that demand a lengthier investigation, the district will notify you in writing to explain why staff need a time extension and a new date for their written response.

#### Step 3 - School District Responds to Your Complaint:

In its written response, the district will include a summary of the results of the investigation, a determination of whether or not the district failed to comply with civil rights laws, notification that you can appeal the determination, and any measures necessary to bring the district into compliance with civil rights laws. Corrective measures will be put into effect within thirty (30) calendar days after this written response, unless you agree to a different time period.

### Appeal to the School District Board of Directors

If you disagree with the school district's decision, you may appeal to the school district's Board of Directors. You must file a notice of appeal in writing to the secretary of the School Board within ten (10) calendar days after you receive the school district's response to your complaint. The School Board will schedule a hearing within twenty (20) calendar days after they receive your appeal, unless you agree on a different timeline. The School Board will send you a written decision within thirty (30) calendar days after the district receives your notice of appeal. The School Board's decision will include information about how to file a complaint with the Office of Superintendent of Public Instruction (OSPI).

#### **Complaint to OSPI**

If you do not agree with the school district's appeal decision, state law provides the option to file a formal complaint with the Office of Superintendent of Public Instruction (OSPI). This is a separate complaint process that can take place if one of these two conditions has occurred: (1) you have completed the district's complaint and appeal process, or (2) the district has not followed the complaint and appeal process correctly. You have twenty (20) calendar days to file a complaint to OSPI from the day you received the decision on your appeal. You can send your written complaint to the Equity and Civil Rights Office at OSPI.

#### **OSPI's Written Citizen Complaint Procedure**

A citizen complaint is a written statement to OSPI alleging that a federal or state special education rule or law has been violated by a school district, another public agency serving special education students, an educational service district, or the state as per Chapter 392-168 WAC. Specific information on how to file a complaint and the process thereafter can be found at https://www.k12.wa.us/student-success/special-education/dispute-resolution/file-citizen-complaint or by calling OSPI's Special Education Department at (360) 725-6075.

## Asbestos Hazard Emergency Response (AHERA)

In compliance with the U.S. Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), Cheney Public Schools contracted with Educational Service District 101 of Spokane, Washington to conduct a three-year asbestos reinspection of all school buildings. An EPA-accredited Asbestos Inspector and Management Planner is performing the required inspection and reassessment of each category of asbestos containing building materials (ACBM) and noted any significant changes from the 1989, 1992, 1995, 1998, 2002, 2004, 2007, 2010, 2013, 2015, 2018, and 2021 inspections. Re-inspections will assist the school district in the process of safely managing each ACBM within our district.

The AHERA Re-inspection Report and Management Plan (2021) is available to the general public and can be reviewed anytime during normal school hours. A designated person is available during regular District Office hours to answer any questions regarding ACBM in our buildings. The designated person can be contacted through the District Office.

All known ACBM are listed in the District's management plan, and were found to be in good condition and are being continually maintained in accordance with all Washington State and Federal laws.

### **Integrated Pest Management**

The Cheney Public Schools, on occasion, has a need to use chemical sprays when other pest controls are ineffective to prevent the costs and hazards associated with insects, rodents, or noxious weeds. When chemicals are used during school sessions, the treated areas are clearly marked, and notification is posted in each school office.

Though spray applications are primarily conducted when school is not in session and the area being sprayed is posted, some might want prior notification of applications at their school. If you would like to be placed on a list to receive prior notification of application at your school, please contact the Maintenance & Operations Department via e-mail to <u>dwilland@cheneysd.org</u> or call (509) 559-4948. The list will be kept from September through August. To remain on the list, you will need to renew your request on an annual basis.

Note: a paper copy of any district policy, procedure, or form can be made available to you by requesting it from your child's school or the district office.
