Program Activities

English Language Learner (ELL) Support

Students identified by the district as English Language Learners (ELLs) will receive additional supports through a push-in model. In this model, an ENL teacher supports ELL students during content instruction in collaboration with enrichment teachers to provide language acquisition and vocabulary support. The ENL teacher co-plans and co-teaches with our enrichment teachers to provide targeted English language development within the provided curriculum.

STEAM Activities

Hands-on STEAM activities are designed to make ALL students get excited about the world around them. Sample programs include: Drones, Oceanic Exploration, Claymation, Makey Makey, Green Screen, Genetics, Famous Architecture Around the World, Plants and Seeds and Unleash Your Wild Side.

Literacy Courses

Students will participate in small groups specifically designed to develop literacy skills and engage students in their learning. Students should have fun as they design and author their own creative works. Sample programs include: Cooking Up Even More Stories, Enchanted STEAM Fairy Tales, Mock Trial, Candy Making, Observing Ozobots, Ornithology, and Viva Italiano.

Reading Adventures- Reading for All

Students will explore a wide variety of texts by participating in small reading groups at their instructional levels and will become involved in activities related to their reading. Reading Adventures will use fiction and non-fiction to engage students as they learn how reading can expand their world.

Field Trips

Field trips are offered to all students, and the cost is included in the tuition. A parent or guardian may opt their child out of any scheduled field trip.

Swimming

Students (with parent/guardian permission) will be bused one day a week to the Town of Islip Byron Lake pool. Students not going will join the regular afternoon schedule.

Other Special Events

Students registered for our last session are invited to join the end-of-summer carnival/picnic.

Parent Orientation
