Our Goal is Your Success

The one-year certificate program is accredited by the Board of Registration of Cosmetology and Barbering and follows the guidelines outlined by them. After meeting the hour and course requirements, the student will receive a Certificate of Cosmetology and is eligible to take the Massachusetts Cosmetology Examination for licensure. After passing the written exam and the written practical exam, a license to practice hairdressing for compensation is issued. This license requires the cosmetologist to work under the supervision of a hairdresser or aesthetician for two years. This examination is not a graduation requirement.

Testimonial

“Immediately after graduating from McCann I worked in a private salon for two years and I now work and manage a corporate salon just five years into my career. I wouldn't be where I am today without Ms. Mastroianni's excitement and perseverance for us to learn as much as possible. I now provide extra hands-on classes for the cosmetology class and I am on the advisory board at McCann as well, which shows how much I believe in the program and what McCann stands for!”

Jessie Ferdinando, Class of 2012
