- The parties' ages, roles within the school district's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct; and

Procedure 2102(B) General Complaint and Appeal Process

For complaints unrelated to discrimination or harassment, the following general procedure shall be followed:

1. Direct Communication Between the Parties. The complainant is encouraged to directly advise the offending person (hereinafter referred-to as the "respondent") of the complainant's concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter directly with the teacher. However, the complainant should skip the first step if the complainant believes speaking directly to the respondent would subject the complainant to discrimination or harassment.
2. Report of Complaint to Appropriate Administrator. The second step is for the complainant to speak to the appropriate administrator, as set forth below.
 - a. Building Principal. Complaints about operations, decisions, certified or classified staff, or students within a building should be submitted to the principal of the building.
 - b. District Director. Complaints about operations, decisions, or employees within a district service (i.e. custodial, food service, transportation, buildings and grounds) should be submitted to the director of that service area.
 - c. Assistant Superintendent for Human Resources. Complaints about a building administrator or district director should be submitted to the Assistant Superintendent for Human Resources.
3. When Report Is Made. When a complainant submits a complaint to an administrator, the administrator shall promptly and thoroughly investigate the complaint, and shall:
 - a. Determine whether the complainant has discussed the matter with the respondent.
 - i. If the complainant has not, the administrator will urge the complainant to discuss the matter directly with the respondent.
 - ii. If the complainant refuses to discuss the matter with the respondent, the administrator shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b. Encourage the complainant to complete a District Complaint Form. A copy of the District Complaint Form can be found listed directly after Procedure 2102.
 - c. Determine the action or solution which the complainant seeks.
 - d. Obtain all relevant details and information regarding the complaint.
 - e. Respond to the complainant and share their decision with the parties.
4. Appeals. If either the complainant or respondent is not satisfied with the administrator's decision, the following procedure shall be followed:
 - a. Level 1 Appeal
 - i. The complainant or respondent may appeal the decision in writing within 10 working days from receipt of the decision to the assistant superintendent of human resources or their designee. If the assistant superintendent of human resources was the original decision-maker, the appeal will be made to another designated District assistant superintendent or their designee.

- ii. The assistant superintendent or their designee will investigate as they deem appropriate.
 - iii. Upon completion of the investigation, the assistant superintendent or their designee will inform the complainant and respondent of their decision.
- b. Level 2 Appeal. If the complainant or respondent is unsatisfied after a Level 1 Appeal, they may file an appeal in writing with the Superintendent within ten (10) working days after receiving the decision. The Superintendent will review the appeal and the investigative documentation and decision, conduct additional investigation, if necessary, and issue a written determination about the appeal within ten (10) working days after receiving the appeal. This level of appeal will be final.

Procedure 2102(C)—General Provisions Governing Procedures 2102(A) and 2102(B)

1. Nothing in this policy shall be construed as limiting the ability of students, parents, or District employees who have a complaint from discussing the matter informally with a building administrator or appropriate District administrators, or as limiting the involvement of the administration in informally addressing and resolving any such complaints. Students, parents or District employees are encouraged to discuss a contemplated complaint informally with a building or District administrator prior to filing a complaint.
2. Anti-Retaliation. The District prohibits retaliation against any person for making a complaint or for participating in the complaint procedure in good faith.
3. Educational Services and Related Services to Students with Disabilities (including IEP and 504). Students with disabilities or students suspected of having a disability and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the District. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team. Please refer to Board Policy Topic 6300 for information regarding those processes.
4. All persons are prohibited from knowingly providing false statements or knowingly submitting false information during the complaint process. Any person who does so may be subject to disciplinary action outside of and in addition to disciplinary action under this policy.
5. Information regarding an individually identifiable student or employee will only be shared with a student or parent filing a complaint, or with other persons, if allowed by law and in accordance with District policies and rules.
6. To the extent permitted by law and in accordance with District policies and rules, the identity of students and parents filing complaints pursuant to this Rule and any documents generated or received pertaining thereto, will be kept confidential. Information may be disclosed if necessary, to further an investigation, complaint, or appeal, or if necessary to carry out appropriate discipline. The District may disclose information to District personnel, law enforcement authorities, and others when necessary to enforce this policy or when required or allowed by law.
7. The proper law enforcement agency will be contacted promptly when there is a reasonable suspicion that a violation of a state or federal criminal law may have been committed.
8. Working days shall mean: (i) days when school is in session for students during the school year; and (ii) all weekdays when school is in recess for summer vacation, excluding any national holidays.

Policy: 5007 Retention and Acceleration of Students

It is the goal of the District to meet the needs of all students. It is a commitment of the school to meet the individual differences of the student by placing each student at the age, intellectual, and social level most appropriate to the child's total educational development. To meet this commitment, it may be necessary to alter the established sequence of grades and/or courses.

The Superintendent or designee shall develop and implement student acceleration and retention procedures for those situations in which a student's grade placement is being considered. The purpose of the procedures shall be to provide parents and district staff with guidelines and a process for making decisions regarding student grade or subject placement. The procedures will be used for acceleration and retention decisions, when either the appropriateness of continued instruction in the current grade or subject placement, or the appropriateness of promotion to the next grade, are questioned by parent(s) or district staff.

Parents and guardians may request that their student repeat a grade level under the following conditions:

Students in Kindergarten through Fourth Grade

Parents and guardians of students in kindergarten through fourth grade may request that their student repeat the grade level that the student has just completed under the following conditions:

- 1) If the student is at least one year below grade level and behind the child's typically developing peers in reading, English, and language arts such that the child does not possess the necessary academic skills required to succeed in reading, English, and language arts at grade level for the next grade to which the student would otherwise advance; or
- 2) If the student was absent fifty percent or more of the days in which school was in session for students during the school year which the student has just completed; or
- 3) If the student experienced a severe mental or physical illness resulting in hospitalization of two or more weeks during the school year.

Students in Fifth through Twelfth Grade

Parents and guardians of students in fifth through twelfth grade may request that their student repeat the grade level that the student has just completed if the student was absent fifty percent or more of the days in which school was in session for students during the school year which the student has just completed.

Procedure 5007

- A. Retention and acceleration are based on the following decisive factors: academic achievement, attendance, social /emotional behavior, age, siblings, family moves, student effort, motivation, maturity and cognitive ability.
- B. If any of the factors identified in section 'A' are affecting the academic progress of the student, the teacher, teacher team, or counselor will begin or review the Individualized I.D.E.A.L. process to determine next steps. There should be substantial, on-going, positive communication so parent(s) and/or guardian(s) understand the situation, the alternatives and see themselves as a partner with the school in doing what is best for their child. Parent(s)/guardian(s) at a minimum will have been informed by midyear that their child is having significant difficulties or accelerated academic achievement.
- C. When unsatisfactory or accelerated achievement leads to a grade placement concern, a conference(s) will be arranged to determine which course of action is best for the student. This conference(s) will include parent(s)/guardian(s), counselor (if applicable), teacher(s), principal and other staff that may contribute to educational discussion and plan. A complete review of the I.D.E.A.L. process will be reviewed. The principal shall give consideration to the information so

derived in making an informed decision regarding grade placement. Additional testing may be required to assist in the decision-making process. The principal will consult with the Director of Elementary/Secondary Curriculum prior to making a final decision.

- D. Regardless if the child is retained or accelerated, school personnel, parent(s) and the student will develop a plan for a successful promotion/retention to the next grade. Effective alternatives to retention and acceleration that could be a part of the plan include getting remedial help, attending before-and-after school programs, going to summer school, receiving tutoring during the summer, working with aides or volunteers and peer tutoring within classrooms enrichment and differentiated instruction (especially older children working with younger children).
- E. If the parent(s) request a certain placement for the student that the school personnel believe is not in the best interest of the student's academic and social development, the school personnel have the legal right to make the final decision. The parent(s) may request to discuss the situation with the Director of Elementary/Secondary Curriculum.

The grade placement for a student is the responsibility of the school district.

Topic: 5200 - Student Rights and Responsibilities

Policy: 5208 –Title IX

~~It is the policy of the school district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any of the school district's programs or activities. The district is required by Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106 to not discriminate in such a manner.~~

~~To the extent that any board policy or administrative procedure conflicts with this policy or Procedure 5208 with respect to allegations of discrimination on the basis of sex in the school district's education program or activities this Policy and Procedure 5208 shall govern.~~

~~1. **Title IX Coordinator**~~

~~1.1. **Designation.** The district will designate and authorize at least one employee to coordinate its efforts to comply with its responsibilities under this policy, who will be referred to as the "**Title IX Coordinator.**" The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, of the name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator. Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment). This report may be made by any means, including but not limited to, in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours).~~

~~2. **Definitions.** As used in this policy, the following terms are defined as follows:~~

~~2.1. **Actual knowledge** means notice of sexual harassment or allegations of sexual harassment to any district employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only district employee with actual knowledge is the respondent (as that term is defined below). "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in subsection 1.1 above.~~

~~2.2. **Complainant** means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.~~

~~2.3. **Formal complaint** means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. The only district official who is authorized to initiate the Grievance Process for Formal Complaints of Sexual Harassment against a respondent is the Title IX Coordinator (by signing a formal complaint). At the time of filing a formal complaint with the district, a complainant must be participating in or attempting to participate in the district's education program or activity. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator under subsection 1.1 above, and by any additional method designated by the district. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the district) that contains the complainant's physical or digital~~

~~signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under this policy or under 34 C.F.R. part 106, and will comply with the requirements of this policy and 34 C.F.R. part 106, including Procedure 5208 and 34 C.F.R. § 106.45(b)(1)(iii).~~

~~2.4. — **Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.~~

~~2.5. — **Consent** for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable of providing consent to some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. District officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.~~

~~2.6. — **Sexual harassment** means conduct on the basis of sex that satisfies one or more of the following:~~

~~2.6.1. — An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;~~

~~2.6.2. — Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity;~~

~~2.6.3. — **Sexual assault**, as defined in 20 U.S.C. § 1092(f)(6)(A)(v), which means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.~~

~~2.6.4. — **Dating violence**, as defined in 34 U.S.C. § 12291(a)(10), which means violence committed by a person —~~

~~2.6.4.1. — who is or has been in a social relationship of a romantic or intimate nature with the victim; and~~

~~2.6.4.2. — where the existence of such a relationship shall be determined based on a consideration of the following factors:~~

~~2.6.4.2.1. — The length of the relationship.~~

~~2.6.4.2.2. — The type of relationship.~~

~~2.6.4.2.3. — The frequency of interaction between the persons involved in the relationship.~~

~~2.6.5. — **Domestic violence**, as defined in 34 U.S.C. § 12291(a)(8), which includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.~~

~~2.6.6. — **Stalking**, as defined in 34 U.S.C. § 12291(a)(30), which means engaging in a course of conduct directed at a specific person that would cause a reasonable person to —~~

~~2.6.6.1. — fear for his or her safety or the safety of others; or~~

~~2.6.6.2. — suffer substantial emotional distress.~~

~~2.7. — **Supportive measures** mean non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.~~

~~3. — **Discrimination Not Involving Sexual Harassment.**~~

~~3.1. — **General Prohibition.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, occupational training, or other education program or activity operated by the district.~~

~~3.2. — **Specific Prohibitions.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, in providing any aid, benefit, or service to a student, the district will not on the basis of sex:~~

~~3.2.1. — Treat one person differently from another in determining whether such person satisfies any requirement or condition for the provision of such aid, benefit, or service;~~

~~3.2.2. — Provide different aid, benefits, or services or provide aid, benefits, or services in a different manner;~~

Nondiscrimination. The school district does not discriminate on the basis of sex and prohibits sex discrimination in any education program or activity that it operates including in admission and employment. Inquiries about Title IX may be referred to the school district's Title IX Coordinator, the U.S. Department of Education's Office for Civil Rights, or both. The school district's Title IX Coordinator may be contacted at Title IX Coordinator, Dr. Trent Steele, Director of Secondary Human Resources and Student Services, 420 South Washington Street, Papillion, NE 68046 (402) 537-6214. The school district's nondiscrimination policy and grievance procedures are included this policy, or can be accessed at: <https://www.plcschools.org/> To report information about conduct that may constitute sex discrimination or make a complaint of sex discrimination under Title IX, please contact the Title IX Coordinator.

Publication Notice. The school district will include the following notice on its website and in each handbook, catalog, announcement, bulletin, application form, and other places as required by law:

The school district prohibits sex discrimination in any education program or activity that it operates and individuals may report concerns or questions to the Title IX Coordinator. The school district's Title IX policy, notice, and other information may be accessed at the following link:
<https://www.plcschools.org/>

Retaliation Prohibited. Retaliation, including peer retaliation, is prohibited in the school district's education program or activity. If the school district has information about conduct that reasonably may constitute retaliation under Title IX, it may be required to treat it as an allegation of sex discrimination. Upon receiving a complaint alleging retaliation, the school district will initiate its grievance procedures or informal resolution process.

Definitions. As used in this policy, the following terms are defined as follows:

Complainant means an employee, a student, or a parent, guardian, or other individual with the legal right to act on behalf of a complainant who is alleged to have been subjected to conduct that could constitute sex discrimination, including sex-based harassment; or any other person who may have been subjected to sex discrimination when that person was participating or attempting to participate in the school district's education program or activity.

Complaint means an oral or written request to the school district that objectively can be understood as a request for the school district to investigate and make a determination about alleged sex discrimination under Title IX.

Consent for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable

of providing consent to some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. School district officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.

Respondent means a person who is alleged to have violated the school district's prohibition on sex discrimination. When a sex discrimination complaint alleges that the school district's policy or practice discriminates on the basis of sex, the school district is not considered a respondent.

Sex-based harassment prohibited by this part is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex that is:

Quid pro quo harassment. An employee, agent, or other person authorized by the school district to provide an aid, benefit, or service under the school district's education program or activity explicitly or impliedly conditioning the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct;

Hostile environment harassment. Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the school district's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:

- The degree to which the conduct affected the complainant's ability to access the school district's education program or activity;
- The type, frequency, and duration of the conduct;
- The parties' ages, roles within the school district's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
- The location of the conduct and the context in which the conduct occurred; and
- Other sex-based harassment in the school district's education program or activity.

Sexual assault meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;

- **Sodomy**—Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
- **Sexual Assault With An Object**—To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
- **Fondling**—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances

where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

Sex Offenses, Non-forcible—(Except Prostitution Offenses) Unlawful, non-forcible sexual intercourse.

- **Incest**—Non-Forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law
- **Statutory Rape**—Non-Forcible sexual intercourse with a person who is under the statutory age of consent

Dating violence meaning violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the length and type of relationship and the frequency of interaction between the persons involved in the relationship;

Domestic violence meaning felony or misdemeanor crimes committed by a person who:

- Is a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction of the school district, or a person similarly situated to a spouse of the victim;
- Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
- Shares a child in common with the victim; or
- Commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction

Stalking meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or suffer substantial emotional distress.

Response to Sex-based Harassment.

All Employees. All school district employees must notify the Title IX Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination, including sex-based harassment under Title IX.

Title IX Coordinator. The school district will designate and authorize at least one employee as the school district's "Title IX Coordinator," to coordinate the school district's efforts to comply with its responsibilities under Title IX and this policy. The superintendent or Title IX Coordinator is authorized to delegate specific duties to one or more designees.

For conduct that could constitute sex-based harassment, the Title IX Coordinator must take the following actions:

- Offer and coordinate supportive measures for the complainant and for the respondent;
- Notify the complainant or the individual who reported the conduct of the grievance procedures and, if appropriate, the informal resolution process.
- Take other appropriate steps to avoid the recurrence of sex discrimination and restore or maintain equal access to the school district's programs and activities.

Supportive Measures. The school district will provide supportive measures, as appropriate, in cases involving sex-based harassment. These measures may include but are not limited to: counseling; extending deadlines; increased supervision; no-contact directives; leaves of absence; changes in class, work, or activities, regardless of whether there is a comparable alternative; and

training and education programs related to sex-based harassment. Supportive measures may be continued, modified, or discontinued at the conclusion of any grievance process. Supportive measures will not be disclosed to anyone other than the person to whom they apply and others, including school officials, who need to know the supportive measures to implement them.

Requests to Modify Supportive Measures. A complainant or respondent may request modification or reversal of the school district's decision to provide, deny, change, or terminate supportive measures applicable to them. Requests must be made to the Title IX Coordinator in writing, and an impartial individual will review the request.

Students with Disabilities. If the complainant or respondent is a student with a disability, the Title IX Coordinator will consult with one or more members of the student's IEP or Section 504 team to determine compliance with those laws while implementing supportive measures and all other requirements of this policy and Title IX.

Emergency Removal. The school district is authorized to remove a respondent from the school district's education program or activity on an emergency basis, provided that the school district undertakes an individualized safety and risk analysis; determines that an imminent and serious threat to the health or safety of a complainant or other persons arising from the allegations of sex discrimination justifies removal; and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

Administrative Leave. The school district is authorized to place an employee respondent on administrative leave from employment responsibilities during the pendency of the school district's grievance procedures.

Informal Resolution. The school district may offer an informal resolution process unless the complaint includes allegations that an employee engaged in sex-based harassment of a student or informal resolution would be contrary to law. Prior to initiating informal resolution, the parties will be provided with notice of the allegations. Participation in informal resolution is voluntary, and any informal resolution will include consent from the complainant and respondent, the ability to withdraw from the process, and the right to resume the grievance process. If an agreement is reached, it precludes the parties from initiating or resuming the grievance process.

The informal resolution facilitator will not be the same person as the investigator or the decisionmaker in the school district's grievance procedures. Potential terms that may be included in an informal resolution agreement include but are not limited to restrictions on contact, restrictions on participation in programs or activities, and disciplinary sanctions.

If informal resolution is offered, the school district will maintain all evidence gathered, communications about the informal resolution process, and the agreement reached. This information will be disclosed to outside individuals only as permitted by law and if required to implement the requirements of the agreement or Title IX. If no agreement is reached, only relevant and permissible evidence received during the informal resolution process will be considered during the grievance process.

Grievance Procedures to Resolve Complaints of Sex Discrimination. Any person designated as Title IX Coordinator, investigator, or decision maker will not have a conflict of interest or bias for or against any party, generally or specifically. The decisionmaker may be the same person as the Title IX Coordinator or investigator.

Complaint. Complaints of sex-based harassment may only be made by a complainant; a parent, guardian, or other individual with the legal right to act on behalf of a complainant; or the Title IX Coordinator. Complaints of sex discrimination (excluding complaints of sex-based harassment) may be made by any person who was participating or attempting to participate in the school district's education program or activity at the time of the alleged sex discrimination.

Complaint by Coordinator. In the absence of a complaint made by any other individual, the Title IX Coordinator will determine whether to initiate a complaint of sex discrimination. The Title IX Coordinator must consider, at a minimum, the following factors:

- The complainant's request not to proceed with the initiation of a complaint;
- The complainant's reasonable safety concerns regarding the initiation of a complaint;
- The risk that additional acts of sex discrimination would occur if a complaint is not initiated;
- The severity of the alleged sex discrimination, including whether the discrimination, if established, would require the removal of a respondent from campus or imposition of another disciplinary sanction to end the discrimination and prevent its recurrence;
- The age and relationship of the parties, including whether the respondent is an employee of the school district;
- The scope of the alleged sex discrimination, including information suggesting a pattern, ongoing sex discrimination, or sex discrimination alleged to have impacted multiple individuals;
- The availability of evidence to assist a decisionmaker in determining whether sex discrimination occurred; and
- Whether the school district could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.

If the Title IX Coordinator initiates a complaint, they will notify the complainant prior to doing so and address reasonable concerns about the complainant's safety or the safety of others, including by providing supportive measures.

Consolidation of Complaints. The school district may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances. When more than one complainant or more than one respondent is involved, references in this section to a party, complainant, or respondent include the plural, as applicable.

Complaint Investigation. Complaints alleging violations of this policy will be investigated using the procedures outlined in Board Policy 2102. Any appeals will follow the appeal process outlined in Board Policy 2102.

Relevant and Permissible Evidence. When investigating complaints made under this policy using the processes outlined in Board Policy 2102, the school district will consider relevant and permissible evidence. Relevant evidence is evidence related to the allegations of sex discrimination under investigation as part of the grievance procedure. Questions are relevant when they seek evidence that may aid in showing whether the alleged sex discrimination occurred, and evidence is relevant when it may aid a decisionmaker in determining whether the alleged sex discrimination occurred.

Generally relevant evidence is permissible, but does not include:

- Evidence that is protected under a privilege as recognized by Federal or State law;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional in connection with the provision of treatment to the party or witness unless the school district obtains that party's or witness's voluntary, written consent for use in this grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless that evidence is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the

complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude a determination that sex-based harassment occurred.

Dismissal of a Complaint. A complaint of sex discrimination may be dismissed for any of the following reasons:

- The school district is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in the school district's education program or activity and is not employed by the school district;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Title IX Coordinator declines to initiate a complaint, and the school district determines that without the complainant's withdrawn allegations, the remaining alleged conduct would not constitute sex discrimination even if proven;
- The school district determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Before dismissing the complaint under this paragraph, the school district must make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the school district will promptly notify the complainant of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then the school district must also notify the respondent of the dismissal and the basis for the dismissal promptly following notification to the complainant, or simultaneously if notification is in writing.

The school district will notify the complainant that a dismissal may be appealed and provide the complainant with an opportunity to appeal the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then the school district must also notify the respondent that the dismissal may be appealed on the bases set out in this policy. Upon the dismissal of a complaint, at a minimum, the school district will:

- Offer supportive measures to the complainant, and offer supportive measures to the respondent if the respondent has been notified of the complaint;
- Require its Title IX Coordinator to take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the school district's education program or activity.

Superintendent Authorized to Contract. The board authorizes the Superintendent to contract for, designate, and appoint individuals to serve in the roles of the school district's investigator(s), decision-maker(s), informal resolution facilitator(s), or appellate decision-maker(s) as contemplated by this policy.

Recordkeeping. The school district will maintain the following documents for a period of at least seven years:

- For each complaint of sex discrimination, records documenting the informal resolution process or grievance procedures and the outcome.
- Records documenting the actions the school district took to meet its obligations under Title IX for any allegation of sex discrimination.
- All materials used to provide training as required by this policy. The school district will make these training materials available upon request for inspection by members of the public.

Any disciplinary action taken by staff must be consistent with the requirements of other applicable laws, including but not limited to the IDEA, Section 504 and Title IX.

Procedure 5301A

**Code of Conduct for Participants in Co-Curricular Activities
(Activity and Athletic Programs)**

Statement of Beliefs:

This Code of Conduct is intended to promote responsible student behavior, which reflects positively upon the students, the school district, and the community. It applies to all students involved in co-curricular activities, which are defined as activity and athletic programs sponsored by and through the school district.

Disciplinary Code:

The school district has established training and behavioral rules for the guidance and development of students who are involved in co-curricular activities. These rules are set out in the Code of Conduct, and any student who violates the provisions of the Code or receives a citation by law enforcement for a criminal offense shall be subject to the consequences set forth herein. Students involved in activities or athletics are expected to cooperate fully with school officials and law enforcement officers conducting an investigation into any possible violation of this Code of Conduct. Students under out of school

suspension cannot practice or participate in activities or athletics until the day after that suspension has been completed.

Category I:

Category I involves behaviors during the school year, from the first day of the fall NSAA practice period until the regular school year ends in May. The following are prohibited:

- The use, possession, or being under the influence of any drug, drug paraphernalia, drug look-alike, controlled substance, nicotine products, electronic cigarettes/vaporizing devices, or alcohol whether on or off school grounds, including citations for MIP, DUI and DWI.
- The use of anabolic steroids, or other performance enhancing drugs which have not been prescribed by a physician.
- Behavior deemed by school administrators to have caused or be likely to cause a material and substantial disruption of school activities.
- Any other misconduct punishable under Nebraska law, other than a minor traffic violation.

Category I Consequences:

The first Category I violation will result in suspension from an activity or athletic event for two weeks or two contests, as determined appropriate by the administrator. The student must continue to participate in all practices required by the activity's sponsor or coach during this suspension period, and the activities director or athletic director may require a conference with the student's parent(s)/guardian(s) before the student is reinstated to the activity. Consequences for the first Category I violation will be imposed only during the school year in which the violation occurred.

A second Category I violation within the same school year will result in suspension from all activities or athletics for the remainder of the semester or a complete activity or athletic season, whichever is longer. Consequences for a second Category I violation will be imposed only during the school year in which both violations occurred.

A third Category I violation within the same school year will result in suspension from participation in all activities or athletics for one calendar year from the date of the third violation.

Category II:

Category II involves serious criminal behavior for which consequences will be applied if the violation occurs at any time during the calendar year, including out-of-season and summer months. The following behavior is prohibited:

- The possession and transmittal, with the intention to sell it, of any drug, controlled substance, or alcohol.
- Driving under the influence of alcohol (DUI), or driving while intoxicated (DWI), in which serious property damage or bodily injury occurs to others.
- Receiving a second citation for DUI or DWI within a 12-month period.
- Other offenses punishable under Nebraska law, which are not specified in this listing but are deemed by school administrators to be serious criminal offenses.

Category II Consequences:

The first Category II violation will result in suspension from all activities or athletics for the remainder of the semester or the activity or athletic season in which the violation occurs, whichever is longer.

The second Category II violation within a 12-month period will result in suspension from all activities or athletics for one calendar year from the date of the second violation.

In-Season Misconduct (Category I and II):

If the violation occurs when the student is participating in an activity or athletic event, the consequence will begin immediately upon the determination that there is reasonable cause to believe that the student engaged in misconduct that violates this Code.

Out-of-Season Misconduct (Category I and II):

If the violation occurs when the student is not participating in an activity or athletic event, the consequence will begin on the first day of approved practice, competition and/or performance for the next co-curricular activity or athletic event in which the student chooses to participate.

Administrative Procedures:

When a District employee has reasonable cause to believe that a student has violated the Code of Conduct, they shall notify the activities director or athletic director. The appropriate director will initiate an investigation. As part of the investigation, the director or a designee will confer with the student. If the director determines that there is reasonable cause to believe that the student violated the Code of Conduct, they will inform the student of the decision. The director will provide a written communication to the parent(s)/guardian(s) that will include notice of the charge; the findings; the decision; the consequences to be imposed; and the appeal process. In cases where the decision involves removing a student from a team or for the remainder of a season, the activities director and/or athletic director will also provide the building principal and the Director of Student Services with a copy of the written notice sent to the parent(s)/guardian(s). The student and the student's parent/guardian may appeal to the principal the activities director's decision in writing within five (5) working days from receipt of the decision. The principal will investigate as the principal deems appropriate and upon completion of the investigation, will inform the student and the student's parent/guardian of the principal's decision within ten (10) working days from receipt of the appeal. Working days shall mean: (i) days when school is in session for students during the school year; and (ii) all weekdays when school is in recess for summer vacation, excluding any national holidays.

Additional appeals may be sought and will be addressed through the appeals process found in Board Procedure 2102(B)(4).

No student may possess, handle, or transmit any weapon while on school grounds, in a school vehicle, or at any school activity or event off school grounds except as permitted by this policy. **Definition of Weapon.** The term "weapon" means any object, device, instrument, material, or substance which is capable of causing injury in the manner it is used or intended to be used. ¶

Parent(s)/guardian(s) of students found to possess a weapon or dangerous object on school property shall be notified of the incident. The student will be subject to disciplinary action, which may include suspension or expulsion and/or referral to law enforcement.

Firearms

No person may bring, possess, handle or transmit a firearm on school grounds, in a school owned vehicle, or at a school activity or event off school grounds, except as permitted by this policy. Students, who have knowingly and intentionally possessed, used or transported a firearm to school, a school-sponsored activity, or event, shall be expelled for not less than twelve months. The Superintendent shall have the authority to recommend this expulsion requirement be modified for a student on a case-by-case basis. For the purpose of this portion of the policy, the term "firearm" includes any weapon which is designed to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, a muffler or silencer for such a weapon, or any explosive, incendiary or poison gas.

Firearms under the control of law enforcement officials shall be exempt from this policy. Series Name: 5000 - Students

Topic: 5500 - Student Records

Policy: 5501 Student Records

~~The Superintendent is responsible for establishing administrative procedures regarding compiling, maintaining, releasing and accessing student records. The procedures shall follow the Family Educational Rights and Privacy Act (FERPA), the Protection of Pupil Rights Amendment (PPRA) and Nebraska Law and Regulations.~~

The school district shall manage student records and reports as is necessary for effective administration and in compliance with law. In general "student records" shall not include transitory communications such as e-mail, text messages, handwritten communication between school and home, and the like, and these items will not generally be maintained by the district. "Student records" also shall not include any records created and maintained by the district's law enforcement unit for a law enforcement purpose.

Procedure 5501

For purposes of the district's compliance with state and federal law, the district "maintains" student records which are printed and kept in the student's physical file or which school district staff have intentionally saved within the official school district digital student information system that specifically identifies the student for whom those records are maintained. The school district may also use learning management systems, which deliver and manage instructional content. The school district maintains student records within its student information system but not in its learning management system. The official school district student information system is NebSIS (Nebraska Student Information System).

Each building principal will assign responsibilities for the preparation and maintenance of records and will ensure compliance with the applicable federal and state laws, regulations, and record retention schedules regarding their storage and use in the building. No "student record" or record required to be retained by the Nebraska Secretary of State's Record Retention Schedules applicable to the district will be destroyed unless it is first saved in a retrievable, digital format. This includes only records required to be kept by the applicable Retention Schedules and "student records" as defined by state and federal law, and this policy does not prohibit the district from following its record expungement procedures for all other records.

Students or their parents, guardians, teachers, counselors, or school administrators shall have access to the school's files or records maintained concerning themselves or their students. For purposes of this policy, "teachers" include paraeducators and volunteers who are providing educational services to a student on behalf of the School District. A school official may access, maintain, and use education records containing personally identifiable information (PII) when he or she has a legitimate educational interest in such. "School official" includes any agent, volunteer, or contractor performing an institutional service or function for which the school would otherwise use its own employees and who is under the school district's direct control with respect to their access to, maintenance of, and use of PII from student records. For example, a school official may include, but would not be limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

All disciplinary material shall be removed and destroyed upon the pupil's graduation or after the pupil's continuous absence from the school for a period of three years, and after authorization is given by the State Records Board pursuant to state law. Upon request, the school district will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll.

Outside agencies such as physicians, probation officers, psychologists, child guidance clinics, and other agencies concerned with child welfare who are working directly with a child may have access to information pertaining to that child with written parental consent or upon issuance of a valid court order.

The school district shall share student data, records, and information with school districts, educational service units, learning communities, and the State Department of Education to the fullest extent practicable unless otherwise prohibited by law. This includes sharing information with the Department of Education necessary to comply with the requirement of state law that all third-year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Each year, the school district will notify parents and guardians of their rights under this policy and the Family Educational Rights and Privacy Act.

The District will not discriminate in its education program or activity against any student based on the student's current, potential, or past pregnancy. Students who are pregnant or parenting are encouraged to continue participating in the district's educational and extracurricular programs.

I. Accommodations Regarding Attendance and Participation

A. Generally

Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming. The building principal will work with the student to develop a plan to assist the student in participating in district curriculum and extra-curricular activities. Such a plan may include:

1. The arrangement of meeting times with teachers;
2. If the student has not identified appropriate childcare, the identification of child care providers that meet statutory requirements for quality and care; and
3. All other curricular adjustments, modifications, and means of supplementing classroom attendance deemed appropriate by the school administrators including, but not limited to, modification of attendance policies.

B. Students with Disabilities

For students with disabilities who have an IEP or Section 504 plan, the administrators, student's parents or guardians, and student if appropriate will collaborate with the student's educational team to coordinate accommodations consistent with state and federal law. As permitted by law, students may be entitled to accommodations as a result of pregnancy.

C. Title IX

When a student, or a person with a legal right to act on a student's behalf, informs a District employee of the student's pregnancy or related conditions, the District will inform the student of the Title IX Coordinator's contact information. The employee will also inform the student that the Title IX Coordinator can coordinate actions to prevent sex discrimination and ensure the student's equal access to the District's education program or activity.

The District will make reasonable accommodations to the District's policies, practices, and procedures as necessary to prevent sex discrimination and ensure equal access to the District's education program or activity. The District will coordinate reasonable modifications based on the student's individualized need. The District will consult with the student when determining what reasonable modifications may be appropriate, and the student has the discretion to accept or decline the reasonable modifications offered by the District.

The District will allow the student to voluntarily access any separate and comparable portion of the District's education program or activity. The District will allow the student to voluntarily take a leave of absence from the District's education program or activity to cover, at a minimum, the period of time deemed medically necessary by the student's licensed healthcare provider. Upon the student's return, the student will be reinstated to the student's academic status, and as practicable, to the extracurricular status that the student held when the voluntary leave began.

II. Accommodations Regarding Lactation and Breastfeeding

A. Accommodations

1. In order to accommodate lactating and breastfeeding students, the district will provide reasonable opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public.
2. Students who wish or need to express breast milk on a regular schedule will work with school administrators to create a schedule which accommodates the student's needs while facilitating education to the maximum extent possible.
3. The district will provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

B. Educational Process

In order to prevent interference with the educational process, no student shall express breast milk within school classrooms or buses.

Policy: 5609 Opioid Overdose Prevention and Response

The District will maintain an opioid antagonist in its schools, specifically naloxone, otherwise known by its brand name Narcan. Pursuant to Nebraska law and the Naloxone Standing Order issued by the Nebraska DHHS, Division of Public Health, the Board will permit school nurses, trained school staff, or other individuals qualified by law to administer naloxone to any person at school or a school event displaying symptoms of an opioid overdose.

The Policy shall not create a duty on the part of the District and/or its personnel to administer naloxone. District representatives will not administer naloxone under the following circumstances:

- A. Naloxone is not available during the overdose emergency;
- B. There is no individual available who is qualified to administer naloxone; or
- C. District representatives are uncertain as to whether an opioid overdose is apparently occurring or likely to occur.

Nothing in this Policy is intended to regulate, restrict, or otherwise deter a law enforcement officer, emergency medical technician, volunteer firefighter, licensed medical professional or other authorized individual from administering their own supply of naloxone when responding in good faith to a suspected drug overdose occurring on District property or at a District-sponsored event.

Procedure 5609

Procurement and Storage. The Superintendent, in consultation with the nursing staff, will make the necessary arrangements to obtain naloxone. The naloxone will be stored in an unlocked location determined by building administration ~~in the nurses' office(s)~~. The Superintendent, in consultation with the nursing staff, will reorder naloxone.

Naloxone that is nearing its expiration date will be replaced. Each school nurse shall maintain a log of naloxone supplies consistent with the District's practices for logging other medications.

Training. Licensed health care professionals and school resource officers employed on the high school and middle school levels shall all complete an approved naloxone training prior to carrying and/or administering naloxone. Other school staff members may be trained as determined by the administration. Once trained, staff members shall review the DHHS standing order and applicable naloxone administration protocols as needed.

Recordkeeping and Reporting. Any individual who administers naloxone on behalf of the District will promptly notify the building principal and Superintendent or their designee of the facts and circumstances surrounding the drug overdose incident. The administration of naloxone to any student will be documented in their cumulative health record. The administration of naloxone to any staff member will be documented in their personnel file.

Policy: 5701 Student Transportation

Papillion La Vista Community Schools will provide transportation or, at the District's discretion, reimburse for transportation at a rate described in statute for students whose residence is in excess of four miles. For purposes of this policy, four miles will be defined as the distance actually and necessarily traveled from the student's residence to the school building assigned by residence. This policy does not apply to students that have an approved ~~In-District Transfers~~ ~~Special Attendance Permit~~ or have been allowed admission to the District via either the ~~Option Enrollment~~ ~~Enrollment Option~~ process or ~~Open Enrollment Process through the Learning Community~~ prior to the 2017-18 school year.

Exceptions to this policy may be made for elementary students ~~who~~ live less than four miles and must cross what the administration determines to be a major thoroughfare within the school district boundaries.

Special Education transportation shall be provided as required by statute or state rule.

When a student who has been attending the district is placed into foster care, school district staff will collaborate with state and local child welfare agencies to determine whether transportation is required under state law when it is in the child's best interest that their school of origin be maintained. The district will only provide transportation to students placed in foster care when the responsible child welfare agency agrees to reimburse the school district for the cost of transportation or when transportation is otherwise required by law. The Superintendent of Schools or designee shall be the initial point of contact for child welfare agency representatives to discuss transportation issues related to children in foster care.

Safe Pupil Transportation Plan

This Safe Pupil Transportation Plan sets forth the District's plan for providing safe transportation to students being transported in vehicles on regular routes assigned through the district transportation plan.

1. Weapons - Vehicles shall not transport any items, animals, materials, weapons or look-a-like weapons, explosive devices or bomb-related materials or equipment which could endanger the lives, health, or safety of the children, other passengers, and the driver. Look-a-like weapons associated with a school-sponsored or approved activity may be transported with written permission of an administrator of the District. If possible, these items should be secured and not visible or accessible to students while in the vehicle.

Upon becoming aware of a weapon aboard a vehicle, the driver will make every attempt to:

- A. Contact dispatch and notify them of the situation *if possible*. If not possible, the driver will make every attempt to contact from a cell phone (after parking on a shoulder or otherwise not moving) or from the nearest safe haven location. Examples of a safe haven include, but are not limited to, any school building site, emergency service station (law enforcement or fire department), community service agency, etc.
 - B. Pull the vehicle over to a safe and secure area.
 - C. Confiscate weapon (if doing so does not jeopardize student or driver safety).
 - D. Give description of weapon and participating parties to dispatch.
 - E. Dispatch will immediately notify appropriate law enforcement agencies and school administration.
2. Pupil behavior- Students are expected to follow student conduct rules while in a vehicle. The pupil transportation driver is responsible for controlling behavior which affects safety and for reporting rule violations to school administration. In the event a student violates Board policy

regarding student conduct standards or otherwise engages in behavior that jeopardizes safety, the driver will make every attempt to:

- A. First seek to resolve the incident through discussion with the student(s) involved.
 - B. Contact dispatch and notify them of the situation *if possible*. If not possible, the driver will make every attempt to telephone dispatch from a cellular telephone or from the nearest safe haven location.
 - C. Activate emergency flashers.
 - D. Bring the vehicle to a safe stop. Seek to resolve the incident, using physical force only as necessary to protect students or yourself.
 - E. Report and document discipline problems to the school administrator. Use a Bus Conduct Report/Incident Form, if available.
3. Terrorist threats- A person commits a terroristic threat if the person threatens to commit a crime of violence with the intent to terrorize another or with the intent of causing evacuation of a building, place of assembly or the vehicle or in reckless disregard of the risk of causing such terror or evacuation. Upon becoming aware of a terroristic threat relating to a pupil transportation vehicle, the driver will make every attempt to:
- A. Contact dispatch and notify them of the situation *if possible*. If not possible, the driver will make every attempt to telephone dispatch from a cell phone or from the nearest safe haven location.
 - B. Make every attempt to keep passengers calm (this may mean complying with the terrorist).
 - C. Dispatch will immediately notify appropriate law enforcement agencies and school administration.
 - D. Driver should wait for instructions from dispatch *if possible*.
4. Severe weather- Upon becoming aware of severe weather while aboard a pupil transportation vehicle, the driver will make every attempt to:
- A. Contact dispatch and notify them of the situation *if possible*. If not possible, the driver will make every attempt to telephone dispatch from a cellular telephone or from the nearest safe haven location.
 - B. Return to the school if less than five minutes away and follow the directions of the school administrator.
 - C. If more than five minutes away from school, go to the nearest school and follow the directions of the school administrator.
 - D. If more than five minutes away from the nearest school or there is immediate danger, get to the nearest basement or underground shelter with all students.
 - E. If there is no shelter and there is immediate danger the driver and passengers are to follow evacuation procedures and get everyone off the vehicle into the nearest ditch or culvert at least 100 feet away from the vehicle.
5. Hazardous materials and Unattended Items-Upon becoming aware of a hazardous material aboard a pupil transportation vehicle, the driver will make every attempt to:
- A. Contact dispatch and notify them of the situation *if possible*. If not possible, the driver will make every attempt to telephone dispatch from a cellular telephone or from the nearest safe haven location.
 - B. Pull the vehicle over to a safe and secure area.
 - C. Give description of hazardous materials in question to dispatch.
 - D. Dispatch will immediately notify appropriate law enforcement and school administration.
 - E. Driver should wait for instructions from dispatch *if possible*.

In the event an unattended item is discovered on or near the vehicle, the driver will seek to determine who the item belongs to and whether the item could be hazardous to the safety of those in the vehicle. Any unattended item that would break or could cause injury if tossed about the inside of the vehicle when involved in an accident shall be secured. If it is determined that the item is not hazardous and need not be secured, the driver will not allow the item to distract the driver's attention to the task of operating the vehicle.

6. Medical emergencies- Upon becoming aware of a medical emergency aboard a vehicle, the driver will make every attempt to:
 - A. Contact dispatch and notify them of the situation *if possible*. If not possible, the driver will make every attempt to telephone dispatch from a cell phone or from the nearest safe haven location.
 - B. Dispatch will immediately notify appropriate medical agencies and school administration.
 - C. Driver should follow instructions from dispatch, school officials, and parents when such information can be obtained quickly enough. If not available, follow emergency first aid procedures.
 - D. *Only if necessary*, the driver should move passengers only enough to get them out of danger of traffic or fire. If moved, the driver and aide are to keep them where placed until a medical agency arrives, unless a parent has taken charge of their child.
 - E. Driver should try to keep student passengers as calm as possible.

7. Procedures in the event of mechanical breakdowns of the vehicle- Upon becoming aware of a mechanical breakdown aboard a vehicle, the driver will make every attempt to:
 - A. Pull the vehicle over to a safe and secure area *if possible*.
 - B. Contact dispatch and notify them of the situation *if possible*. If not possible, the driver will make every attempt to telephone dispatch from a cellular telephone or from the nearest safe haven location.
 - C. Activate emergency flashers and place warning flares/reflectors in accordance with safety guidelines, if not in a secure area.
 - D. Driver should try to keep student passengers as calm as possible.
 - E. Dispatch will arrange for assistance and a relief vehicle *if needed*.

8. Procedures in the event the drop-off location is uncertain or appears unsafe to leave students. In the event the drop-off location is uncertain or appears unsafe to leave students, the driver will make every attempt to:
 - A. Contact or otherwise communicate with dispatch to notify them of the situation *if possible*.
 - B. Release children only if an adult responsible for the children is present. If not, keep children who are to be released in the vehicle, continue with the route, and return children who were to be released to the school.
 - C. Dispatch will notify appropriate law enforcement agencies and school administration if appropriate given the circumstances.

9. Documentation under Safe Pupil Transportation Plan. Each pupil transportation driver is required to complete and submit to the school administration a bus conduct report or incident report involving the pupil transportation vehicle operated by the driver or any pupils transported in it. Documentation is to include the occurrence of any of the following events: weapons, student behavior which affects safety, terroristic threats, severe weather, hazardous materials, or medical emergencies. Documentation of such events shall be completed and submitted as soon as practicable after the incident.

10. Transportation of Unsafe Items. Drivers shall not permit pupil transportation vehicles to transport any items, animals, materials, weapons or look-a-like weapons or equipment which in any way would endanger the lives, health or safety of the children or other passengers and the driver.

Look-a-like weapons associated with a school sponsored or approved activity may be transported only with written permission of a school administrator. Any items that would break or could produce injury if tossed about inside the pupil transportation vehicle when involved in an accident or sudden stop shall be secured.

11. Supplemental Information. A copy of this plan shall be placed in each pupil transportation vehicle, kept at each school building, and made available upon request. Supplemental information with respect to operational and procedural guidelines used to administer this plan can be found in the District's safety and security plan adopted pursuant to 92 NAC10 and in the Nebraska Department of Education Pupil Transportation Guide.
12. Vehicle drivers of small vehicles on activity trips. The District will provide drivers of small vehicles with instruction on and guidance for emergency evacuation procedures, first aid, and emergency equipment. Drivers of small vehicles are generally expected to follow this Plan in the event of an emergency evacuation. The District's director of transportation may provide additional guidance for drivers of small vehicles to increase student safety.
13. Student Instruction. At least twice during each school year, each pupil who is transported in a school vehicle shall be instructed in safe riding practices and participate in emergency evacuation drills.

Functional Capacity of Pupil Transportation Drivers. All pupil drivers must pass a functional capacity assessment to confirm a driver's ability to perform the requirements of the job. Pursuant to Board Procedure 4013, before operating a school bus or small route vehicle, persons operating a school bus or small vehicle shall each year submit themselves to an examination by a licensed physician to determine whether or not they meet the physical and mental standards established pursuant to state law.

Series Name: 6000 - Instruction

Topic: 6200 - Instructional Curriculum

Policy: 6209 Reading Instruction and Intervention Services

The purpose of this policy is to facilitate reading instruction and intervention services to address student reading needs, including, but not limited to, dyslexia. It is the school district's goal that each student be able to read at or above grade level by third grade.

Effective Reading Teachers. It is the intent of the school district to employ teachers for kindergarten through third grade who are effective reading teachers as evidenced by (a) evaluations based on classroom observations and student improvement on reading assessments or (b) specialized training in reading improvement.

Reading Assessment. Beginning in 2019-20, the school district will administer a reading assessment approved by the Nebraska Department of Education three times during the school year to all students in kindergarten through third grade. Exceptions to this requirement include:

- Any student receiving specialized instruction for limited English proficiency who has been receiving such instruction for less than two years;
- Any student receiving special education services for whom such assessment would conflict with the individualized education plan; and
- Any student receiving services under a plan pursuant to the requirements of section 504 of the federal Rehabilitation Act of 1973, 29 U.S.C. 794, or Title II of the federal Americans with Disabilities Act of 1990, 42 U.S.C. 12131 to 12165, as such acts and sections existed on January 1, 2018, for whom such assessment would conflict with such section 504 or Title II plan.

The first assessment must occur within the first 45 calendar days of the school year for kindergarteners and the first 30 calendar days of the school year for 1st through 3rd grade

Diagnostic assessments used within a supplemental reading intervention program do not require Nebraska Department of Education approval.

Deficiency Identification. Any student in kindergarten through third grade performing below the threshold level as determined by the Nebraska Department of Education shall be identified as having a reading deficiency for purposes of the Nebraska Reading Improvement Act and this policy. A student who is identified as having a reading deficiency shall remain identified as having a reading deficiency until the student performs at or above the threshold level on an approved reading assessment. Nothing in the Nebraska Reading Improvement Act or this policy shall prohibit a school district from identifying any other student as having a reading deficiency.

Supplemental Reading Intervention Program. The school district will provide a supplemental reading intervention program to ensure that students can read at or above grade level at the end of third grade. The school district may work collaboratively with a reading specialist at the Nebraska Department of Education, with educational service units, with learning communities, or through interlocal agreements to develop and provide such supplemental reading intervention programs. Each supplemental reading intervention program must:

- Be provided to any student identified as having a reading deficiency;
- Be implemented during regular school hours in addition to regularly scheduled reading instruction unless otherwise agreed to by a parent or guardian; and
- Make available a summer reading program each summer for any student who has been enrolled in grade one or higher and is identified as continuing to have a reading deficiency at the conclusion of the school year preceding such summer reading program. The summer reading program may

be held in conjunction with existing summer programs in the school district or in a community reading program not affiliated with the school district or may be offered online.

The supplemental reading intervention program may also include:

- Reading intervention techniques that are based on scientific research and best practices;
- Diagnostic assessments to frequently monitor student progress throughout the school year and adjust instruction accordingly;
- Intensive intervention using strategies selected from the following list to match the weaknesses identified in the diagnostic assessment:
 - Development in phonemic awareness, phonics, fluency, vocabulary, and reading comprehension;
 - Explicit and systematic instruction with detailed explanations, extensive opportunities for guided practice, and opportunities for error corrections and feedback; or
 - Daily targeted individual or small-group reading intervention based on student needs as determined by diagnostic assessment data subject to planned extracurricular school activities;
- Strategies and resources to assist with reading skills at home, including parent-training workshops and suggestions for parent-guided home reading; or
- Access to before-school or after-school supplemental reading intervention with a teacher or tutor who has specialized training in reading intervention.

Parent/Guardian Notification. The school will give notice in writing or by electronic communication to the parent(s) or guardian(s) of any student identified as having a reading deficiency within 15 working days of such identification that the student has been identified as having a reading deficiency and that an individual reading improvement plan will be established and shared with the parents or guardians.

Reading Improvement Plan. Any student who is identified as having a reading deficiency will receive an individual reading improvement plan no later than 30 days after the identification of the reading deficiency. The reading improvement plan may be created by the teacher, the principal, other pertinent school personnel, and the parents or guardians of the student and shall describe the reading intervention services the student will receive through the supplemental reading intervention program to remedy the reading deficiency. The student must receive reading intervention services through the supplemental reading intervention program until the student is no longer identified as having a reading deficiency.

Reading Progress. Each student in kindergarten through third grade and his or her parent(s) or guardian(s) will be informed of the student's reading progress within a reasonable time after the school district receives the results from the student's approved reading assessment.

[NDE Professional Learning System. The Nebraska Department of Education provides a professional learning system. The elementary school\(s\) and early childhood education programs approved by the State Board of Education will ensure that teachers who teach children from four years of age through third grade are aware of the professional learning system and are adequately trained regarding evidence-based reading instruction to effectively instruct students in reading.](#)

[NDE Report. On or before July 1 of each year, the school district will provide the required information relating to dyslexia to the Nebraska Department of Education.](#)

Topic: 6400 - Instructional Materials

Policy: 6402 Use of Materials and Equipment

Learning materials refer to all materials provided by the District, which are used to deliver the instructional curriculum. Instructional materials and equipment (excluding “Devices”—see below) will be checked out to students and returned at the end of the instructional year, semester and/or class period. Other instructional equipment and supplies necessary to maintain an adequate education program will be provided by the District.

Electronic technological devices (hereinafter referred to as “Devices”), including, but not limited to, Chromebooks, iPads, or laptop computers are considered “learning materials.” Devices will be checked-out to students pursuant to procedures determined by the Assistant Superintendent for Curriculum and Instruction. Student use of Devices will be governed by Board Policy 5207 (“Student Technology Use”).

An instrumental music program is available to students in grades six through twelve. Generally, students must supply their own instrument. However, certain specified instruments are owned by the District and are available to students. Students with specific needs may contact the building principal. Information about the use of such instruments is available to students from their music instructor.

The Superintendent or his/her designee is responsible for both preparing guidelines to control the copying of instructional materials and for distribution of the guidelines to staff and involved students.

Any materials used for educational purposes should be purchased and/or approved by the District. Procedures and guidelines are provided in the Papillion La Vista Community Schools Instructional Materials and Equipment Use Manual.

Procedure 6402

Papillion La Vista Community Schools Use of Instructional Materials and Copyright Guidelines and Considerations

Maps for Instructional Purposes:

The school district will only use the Gall-Peters projection map or a similar cylindrical equal-area projection map or the AuthaGraph projection map for display or use in the classroom. Use of the Mercator projection map is prohibited unless:

1. The Mercator projection map is used in conjunction with other projection maps in a teaching exercise to demonstrate that all maps are flawed in some way and that different map projections serve different functions and may affect how individuals view the world; or

2. The Mercator projection map is part of any:

a. book or material obtained before July 19, 2024; or geographic information system; or computer program that renders a three-dimensional representation of Earth based primarily on satellite imagery, such as Google Earth or similar software; and

b. a Gall-Peters projection map or similar cylindrical equal-area projection map or an AuthaGraph projection map is displayed in the classroom or shown to students during the lesson in which a Mercator projection map is used.

DEFINITIONS

As used in the Use of Instructional Materials and Equipment Manual, the following words and terms have the meaning set forth.

Copyright: A form of protection provided by the laws of the United States for "original works of authorship" including literary, dramatic, musical, architectural, cartographic, choreographic, pantomimic, pictorial, graphic, sculptural and audiovisual creations. "Copyright" literally means the right to copy, but has come to mean that body of exclusive rights granted by law to copyright owners for protection of their work. Copyright protection does not extend to any idea, procedure, process, system, title, principle or discovery. Similarly, names, titles, short phrases, slogans, familiar symbols, mere variations of typographic ornamentation, lettering, coloring and listings of contents or ingredients are not subject to copyright.

Creative Commons: Creative Commons is a nonprofit organization that enables the sharing and use of creativity and knowledge through free legal tools. Creative Commons works are works that are still protected by copyright. However, its authors have chosen to allow certain kinds of uses-such as being able to copy the work or to share it with others-without the need to seek permission through Creative Commons license agreements.

Fair Use: "Fair use" is the right of the public to make reasonable use of copyrighted material in special circumstances without the copyright owner's permission.

Public Domain: The public domain is not a place. A work of authorship is in the "public domain" if it is no longer under copyright protection or if it failed to meet the requirements for copyright protection. Works in the public domain may be used freely without the permission of the former copyright owner.

Public Performance: Public performance is one that occurs "in a place open to the public or at any place where a substantial number of persons outside of a normal circle of a family and its social acquaintances is gathered." (ASCAP) A public performance also occurs when the performance is transmitted by means of any device or process (for example, via broadcast, computer network, Internet, or other means) to the public. In order to perform a copyrighted work publicly, the user must obtain performance rights from the copyright owner or his representative.

Sound Recording: A "sound recording" describes the capturing of a musical performance and its sounds in any format, such as a compact disc (CD), MP3 file, or digital download. In copyright law, this is often referred to as the "Fixation" of sound. Copying a recording, such as making a CD from a friend's CD or burning a CD from another disc, is among the rights covered by copyright law.

Virtual Instruction: Virtual instruction is when a course is taught either solely online or when face-to-face instruction occurs online with a course management systems. Virtual instruction may include digitally transmitting class materials to students. This transmission is authorized under the TEACH (Technology Education and Copyright Harmonization) Act which is a part of the copyright law and all therein are subject to copyright guidelines.

COPYRIGHT GUIDELINES

It is the intent of the Papillion La Vista Community Schools (the "District") to adhere to the provisions of the U.S. Copyright Act (17 U.S.C. § 101 et. seq.). The employees of the District are prohibited from copying materials not specifically allowed by fair use, copyright law, licenses, or contractual agreements or permission. The District disapproves of unauthorized duplication in any form. Employees who willfully disregard the District's Use of Instructional Materials and Equipment policy (6402) are in violation and do so at their own risk and assume all liability. Every attempt will be made to assist employees who need information so that they can perform their duties within the intent of the law.

- A. Employees who make copies and/or use copyrighted materials in their employment are expected to be familiar with published provisions regarding "fair use" of copyrighted materials. The "fair use" of a copyrighted work, including use by reproduction, for purposes such as criticism, comment, news reporting, teaching (including multiple copies for classroom use), scholarship or research, may not be an infringement of copyright if the following factors are taken into consideration:

- The purpose and character of the use, including whether such use is of a commercial nature, or is for nonprofit educational purposes;
 - The nature of the copyrighted work;
 - The amount and substantiality of the portion used in relation to the copyrighted work as a whole; and
 - The effect of the use upon the potential market for or value of the copyrighted work.
- B. Employees who use copyrighted materials that do not fall within the “fair use” guidelines, must be able to substantiate that the materials meet one of the following criteria:
- are covered by a licensing between the copyright owner and the employee; or
 - are being previewed to reach a decision about future purchase by the District.
- C. Unlawful copies of copyrighted materials may not be:
- produced on District owned equipment (see Appendix A);
 - used with District owned equipment, within District owned facilities, or at District sponsored events.
- D. Any legal protection afforded by the District will not be extended to employees who unlawfully copy and/or use copyrighted materials.

ADDITIONAL GUIDELINES

These additional guidelines are provided to supplement the copyright resources provided above.

A. Use of Audio Visual Materials

1. Instructional audio visual materials should use the following guidelines:
 - Each staff member will use recordings from district purchased videos, databases, and/or subscriptions.
 - Any recording not purchased by the district must be approved by the building principal using the Papillion La Vista Community Schools Instructional Materials Approval Form (see Appendix B).
 - Video recordings must be covered by the District's purchased movie licensing agreement (<http://k12.movlic.com/>).
2. The law does provide a "fair use" exemption for educators and educational institutions if ALL the following criteria are met:
 - The performance must be presented by instructors or pupils;
 - The performance must occur in the course of teaching activities;
 - The performance must take place in a classroom or similar place for instruction (including the library);
 - The performance must be a legally acquired (or legally copied) copy of the work. (The presenter is protected from liability for illegal copies IF the presenter is unaware that the copies were not legally acquired or made.)

B. Use of Printed Sheet Music

1. A single reproduction of printed sheet music is allowed for a performance by a student when used for evaluation and/or rehearsal
2. Multiple copies of printed sheet music may be made using the following guidelines:
 - 10% of a work;
 - only one copy per student.
3. School purchased music may be edited or simplified as long as the basic work remains in character
4. Emergency copies:
 - are only permitted when purchased copies have not arrived in time for a performance;
 - must be discarded when the purchased copies arrive.

Prohibitions

Notwithstanding any of the above, the following rules apply:

- Copying shall not be used to create, replace or substitute for books, publisher's reprints, periodicals, anthologies, compilations, or collective works.
- There shall be no copying of or from works intended to be "consumable" in the course of study or teaching. These include workbooks, exercises, standardized tests, test booklets and answer sheets and like consumable material.
- Copying shall not be repeated with respect to the same item by the same teacher from term to term.
- No charge shall be made to the student beyond the actual cost of the photocopying

ADDITIONAL CONSIDERATIONS FOR LIBRARIES

Length of Copyright: The 1976 Copyright Act, Section 202 and Copyright Term Extension Act (1998), determined the duration of copyright generally to be 70 years after the death of the author unless another entity purchased or inherited the rights.

Replacing a Lost, Stolen, or Damaged Item: A copy of a lost, stolen, or damaged item may be made if the library has made reasonable effort to determine that an unused replacement cannot be obtained at a fair price.

Public Domain: Copies made of materials on which the copyright has expired are considered part of the public domain. Materials where the author never claimed copyright (dedicated to the public) or materials produced by the federal government are also considered public domain materials.

Out of Print Materials: If you wish to reproduce materials that are out of print, you must make every attempt to find a current owner of the material by contacting publishers, authors, or searching an online bibliographic database. If you cannot find a current owner after a reasonable attempt, you may copy the material.

Off Air Recording: A committee consisting of representatives from educational organizations, copyright proprietors, and creative guilds and unions established the following guidelines for "fair use" in the recording, retention, and use of television programs for educational purposes.

These guidelines apply only to recording by nonprofit educational institutions:

- Recording may be made only at the request of a teacher.
- Copies may be retained no more than 45 days, and then must be erased.
- Copies may be shown once during the first 10 school days.
- A second showing is permissible during the initial 10 day period but only for necessary instructional reinforcement.
- After initial 10 days, copies may be used only for evaluation purposes by the District to determine whether to include in the curriculum.
- Original form of the program may not be altered.
- Copy must contain a notice of copyright.

SUGGESTED WARNINGS

Sign to be displayed where photocopies are requested or made.

Warning Concerning Copyright Restrictions

The copyright law of the United States (Title 17, US Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use", that user may be liable for copyright infringement. This institution reserves the right to refuse to accept a copying order, if in its judgment, fulfillment of the order would involve violation of copyright law.

Notice for unsupervised reproducing equipment (i.e. photocopiers, computers, fax machines, audio duplication equipment, etc.).

Notice

The copyright law of the United States 17 U.S.C. § 101 et seq. governs the making of photocopies or other reproductions of copyrighted material. The person using this equipment is liable for any infringement.

- J. If the funds requested are granted, the District will order all textbooks needed to fulfill the needs for Textbook on Loan. If there are insufficient funds to fill the requests at the 100% level, the District has the responsibility to determine which request will be honored and which will be denied

due to insufficient funds. The District will confer with the private school personnel/representatives to help set priorities of need. Upon completion of the revised list of requests, textbooks will be ordered.

- K. All textbooks on loan will be stamped with this information and an inventory listing kept current.
- L. All books requested are sent directly to the private school and are maintained by the private school.
- M. All books are inventoried by the private school and kept at their location until they are no longer needed.
- N. Textbooks no longer used by the private school will be returned to the distribution center.
- O. Parent(s)/guardian(s) requesting textbooks on loan are responsible for the books while in their child's possession. Lost or damaged textbooks are the parent(s)/guardian(s) responsibility to reimburse the fund for same. Failure to do so will result in loss of textbook on loan privileges.
