ITEM: Consider for information the California School Dashboard Local Indicators

**PURPOSE:** The California Department of Education (CDE) recently released the 2022–23 Teaching Assignment Monitoring Outcomes (TAMO) by Full-Time Equivalency data report on DataQuest. The CDE will report 2022–23 TAMO data for each LEA on the 2024 California School Dashboard (Dashboard) as part of the Priority 1 Local Indicator. Since the 2022–23 TAMO data was unavailable at the time that LEAs were reporting their local indicator data to the governing board/body this past June, LEAs must report the 2022–23 TAMO data at the next available meeting of the governing board/body

# 2024-25 Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Hanford Elementary School District	Robert Heugly Director of Program Development, Assessment, and Accountability	rheugly@hanfordesd.org 5595853600

## Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

## **Performance Standards**

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## **Local Indicators**

The local indicators address the following state priority areas:

# Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <a href="https://www.cde.ca.gov/ds/ad/tamo.asp">https://www.cde.ca.gov/ds/ad/tamo.asp</a>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

### Implementation of State Academic Standards (LCFF Priority 2)

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### Parent and Family Engagement (LCFF Priority 3)

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### School Climate (LCFF Priority 6)

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

### Access to a Broad Course of Study (LCFF Priority 7)

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

## **Self-Reflection Tools**

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

# Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <u>https://www.cde.ca.gov/ds/ad/tamo.asp</u>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

Academic Year	Total Teaching FTE	Clear	Out-of- Field	Intern	Ineffective	Incomplete	Unknown	N/A

### Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

### **OPTION 1: Narrative Summary (Limited to 3,000 characters)**

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common CoreState Standards for ELA)
- Mathematics Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education

6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

### Parental Involvement and Family Engagement (LCFF Priority 3)

### Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: <sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

### Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

- 1. Building Relationships between School Staff and Families
- 2. Building Partnerships for Student Outcomes
- 3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

- 1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
- Engage educational partners in determining what data and information will be considered to complete the selfreflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
- 3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 Exploration and Research
  - 2 Beginning Development
  - 3 Initial Implementation
  - 4 Full Implementation
  - 5 Full Implementation and Sustainability
- 4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
- 5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

### Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

	Practices	Rating Scale Number
1.	Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	4
2.	Rate the LEA's progress in creating welcoming environments for all families in the community.	5
3.	Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	4
4.	Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	5

### Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

The district continues to expand upon its success in building relationships between school staff and families. The district's 2023-2024 annual LCAP Parent Survey indicates that parents are satisfied with the communication and support they receive from their child's school.

97% of parents agree/strongly agree with the statement: My child is receiving satisfactory instruction in Language Arts and Math.

96% of parents agree/strongly agree with the statement: My child receives adequate support so he/she can make satisfactory progress toward the Standards in Language Arts and/or Math.

92% of parents agree/strongly agree with the statement: I have been given suggestions/ideas to use at home to help my child meet grade level standards in English Language Arts and Math.

96% of parents agree/strongly agree with the statement: There are adequate opportunities for me to become informed about the school's programs.

97% of parents agree/strongly agree with the statement: When I have questions about my child's class work, I can ask for clarification and assistance from my child's school.

The district, school administration, and individual teachers make extensive use of the district's online communication tools including Parent Square, Zoom, and Teams to communicate with families. The district upgraded it's online parent communication tools to Parent Square in 2022-2023 and continues to be used in 2023-2024. Based on the 2023-2024 annual LCAP Parent Survey, 89% of the parents said they "regularly" use Parent Square and 10% "sometimes" use Parent Square.

The district plans to expand parent education/training opportunities in 2023-2024.

The District's (and school site) websites provide information about school operations, our instructional programs, and opportunities for involvement and participation in decision-making.

 Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

1. In 2024-2025, the district will continue to implement the parent/family communication tool Parent Square. The district will look to expand opportunities for parent/family engagement and communication on other district-provided platforms.

2. The district's Parent Advisory Committee and District English Learner Advisory Committee enthusiastically support the parent support and training programs that are currently being offered. The district will work to expand these programs in the coming year.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

Expansion of the district's parent education and training programs will include classes that specifically address the needs of underrepresented families including English Learners, Long-Term English Learners (LTELS), and the families of other subgroups of students.

### Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

The district continues to work on developing partnerships with families to build partnerships for student outcomes. The 2023-2024 HESD Parent Survey indicates that:

2024-25 Local Performance Indicator Self-Reflection for Hanford Elementary School District

98% of parents strongly agree or agree with the statement, "The Report to Parents helps me to understand what my child is expected to achieve in ELA and math."

92% of parents strongly agree or agree with the statement, "I have been given suggestions/ideas to use at home to help my child meet grade level standards in ELA and math."

97% of parents strongly agree or agree with the statement, "When I have questions about my child's classwork, I can ask for clarification and assistance from my child's school."

Parent/teacher conferences were attended at a rate of 99.9%.

The district's parent committees (PAC and DELAC) both recommend the expansion of the popular parent training/education opportunities including, Kinder Counts, First and Forward, Digital Literacy Project (partnership with CSU Fresno). There are versions of these popular parent education programs that are focused on the families of English learners and focused on all students. The committees also recommend expanding parent training opportunities to include those that are targeted to families of Long-Term English Learners and other lower achieving subgroups. The district plans to expand these programs and offer additional opportunities targeted to the families of subgroups.

### Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

The district maintains a Parent Advisory Committee (PAC) that meets regularly throughout the year, providing input into the districts' programs and services for students. Although the primary purpose of the Parent Advisory Committee is to provide input into the development of the district's Local Control Accountability Plan (LCAP), the recommendations made by the PAC go beyond the LCAP, supporting the needs of students across the district, regardless of specific plans or funding sources (although these funds were specifically discussed at these meetings). The PAC is a well-informed group of parents who have received substantial training and support and have participated in analysis of the district's student achievement data, school climate data, and data showing students' social and emotional needs. Members of the PAC understand the opportunity gaps that were exacerbated by the COVID-19 pandemic. Members of the PAC are well-informed on the district's programs and services for students, also going beyond programs and services in the LCAP, and are active participants in the district's comprehensive strategic planning.

The District English Learner Advisory Committee (DELAC) is comprised of a majority of parents of students who are English learners. The DELAC meets regularly throughout the school year. Although the primary purpose of the DELAC is to provide input into the development of the district's federal Title I and Title III programs and services for English learners, the recommendations made by the DELAC go beyond these funding sources and plans, supporting the unique needs of students who are English learners across the district, regardless of specific plans or funding sources (although these funds were specifically discussed at these meetings). The DELAC is a well-informed group of parents who have received substantial training and support and have participated in analysis of the district's student achievement data, school climate data, and data showing students' social and emotional needs as they relate to students who are English learners. Members of the DELAC understand the opportunity gaps that were exacerbated by the COVID-19 pandemic. Members of the DELAC are well-informed on the district's programs and services for all students, with an emphasis on students who are English learners, and are active participants in the district's comprehensive strategic planning.

Based on the 2023-2024 annual LCAP Parent Survey, 98% of parents agree/strongly agree with the statement: I receive adequate information regarding parent meeting/activities such as School Site Council, English Learner Advisory Committee, parent Workshops, Back to School Night, and Parent Education Presentations.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

The district will continue to support committee members' understanding of the district's achievement, school climate and other metrics along with their knowledge of the district's programs and services for students with the goal of leading them toward providing thoughtful, informed input and recommendations.

 Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

The district will continue to include, on its committees, parent representatives of the district's student subgroups.

### School Climate (LCFF Priority 6)

### Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

### Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

50

**Prompt 1 (DATA):** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

Students in 5th – 8th grade participate in a annual survey every March. The survey platform being used is anonymous to elicit honest feedback from all students, thus, the results can not be disaggregated by student groups. On the 2023-2024 Student Survey, students overwhelmingly support the district's efforts to create a broad educational and safe experience:

- Physical education is important for good health. (95% of students Agree/Strongly Agree)
- Physical education activities enrich (improve my experience at school. (75% of students Agree/Strongly Agree)
- I think it is important to have music at my school. (77% Agree/Strongly Agree)
- Participating in music enriches (improves) my experience at school. (85 Agree/Strongly Agree)
- Participating in art enriches (improves) my experience at school. (67% Agree/Strongly Agree)
- Participating in Art motivates me to come to school every day. (66.3% Agree/Strongly Agree)

Students feel safe at school and connected to their school:

- I feel safe at school. (76% Agree/Strongly Agree)
- There is an adult I can talk to if I have a problem at school. (77% Agree/Strongly Agree)
- I enjoy learning at my school. (69% Agree/Strongly Agree)
- I plan to go to college. (87% Agree/Strongly Agree)

Students have some concerns about bullying but feel that adults at the school are able to prevent most bullying.

- There is a lot of bullying at my school (48% Agree/Strongly Agree)
- Teachers, principals, learning directors, student specialists, counselors or other adults are able to prevent bullying at my school. (67% Agree/Strongly Agree)

**Prompt 2 (MEANING):** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

Students in grades 5 through 8, from all of the district's schools, participated in the survey. There were 1,887 responses. The survey was conducted using an anonymous online platform. Since respondents were completing the survey anonymously, results are not disaggregated by subgroup.

The data show that students overwhelmingly support the district's efforts to deliver a broad educational experience and that students feel safe at school and connected to their school. Although students have some concerns about bullying, they feel supported by adults in the school and that adults at the school are able to prevent most bullying.

**Prompt 3 (USE):** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

The district will continue to deliver a broad educational experience to its students. The district's educational partners have provided a mandate that says a good education is focused on reading and math, but is also well-rounded, providing science, history, art, music, and physical education.

The district will continue its efforts to ensure that students learn in a safe, well maintained school where they are supported, engaged, and connected to their school. The district will continue to provide health and social/emotional support to students with health professionals, counselors, student specialists, learning directors and vice principals, a social worker, and other personnel and non-personnel support.

### Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

The following metrics are used to track a broad course of study:

- The number of minutes of physical education instruction
- The number of elementary students who receive art instruction
- The number of junior high students who select art as an elective
- The number of 5th and 6th graders who choose to participate in elementary band
- The number of junior high students who choose band as an elective
- The number of classes participating in academic study trips
- Results from the HESD Parent Survey and the HESD Student Survey indicating parent and student satisfaction with the district's art, music, physical education, and academic study trip programs
- 2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

One of the greatest successes of the HESD LCAP has been the district's efforts to provide students with a broad educational program. A continuing mandate, reiterated by every educational partner group in advisory committees, through surveys, and in student focus groups has been that a good education is focused on reading and math, but is also well-rounded, providing science, history, art, music, and physical education. Moreover, a well-rounded education includes opportunities to travel to museums and scientific exhibits, to participate in concerts and sporting events, and to have access to modern technology.

- Junior high and elementary school students received the required number of PE minutes.
- All students in the elementary grades received art instruction. In junior high schools, 244 students chose art as an elective.
- 466 students in 5th and 6th grade participated in band. 312 junior high students chose band as an elective.
- All students in 4th students received music instruction.
- All elementary and junior high students participated in an academic study trip.
- Students and parents overwhelmingly express support and high levels of satisfaction for the districts' art, music, and physical education programs as well as with academic study trips on district surveys.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

All students will participate in the district's programs and services that provide a broad instructional program.

The district's LCAP is designed to reduce/eliminate barriers to a broad educational program. The district's LCAP provides supplies and materials for art, music, physical education, after-school sporting events, and academic study trips. No fees are collected for participation or supplies for any district activity. Students who are unable to obtain musical instruments have them provided by the district.

Nevertheless, some barriers to a broad instructional program include:

- A limited number of art teachers provide art instruction to all elementary students and to junior high students who choose art as an elective. This may limit the quantity of art instruction elementary students receive.
- A lack of museums, zoos, state and national parks in close proximity to the schools in the district means that travel to major cities such as Los Angeles or San Francisco is often necessary. Long travel times can place a strain on students, especially younger children, and school staff.
- While all students received English language arts, mathematics, science, history, visual and performing arts, and physical education, scheduling these activities so that students have choices, all instructional minutes requirements are met, and that there are no conflicts continues to be a challenge.
- 4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

With the 2023-2024 school year, the district will continue it's programs and services that provide students with a broad educational program, including concerts, sporting events, academic study trips, and art exhibits. The district will look to expand it's arts and band programs with additional staff.

### Board Policy Manual Williams Complaint Classroom Notice 2024–25

#### Hanford Elementary School District

Exhibit 1312.4-E(1): Williams Uniform Complaint Status: Procedures - Classroom Notice ADOPTED

Original Adopted Date: 06/22/2016 | Last Revised Date: 09/13/2023 | Last Reviewed Date: 09/13/2023

NOTICE TO PARENTS/GUARDIANS, STUDENTS, PUPILS AND TEACHERS: K-12 COMPLAINT RIGHTS

### <u>Notice to Parents</u>, Guardians, <u>Students</u>, and Teachers:

Pursuant to Education Code 35186, you are hereby notified that:

#### 1.

1. There should be sufficient textbooks and instructional materials. That means each pupil, including English learners, must have a textbook or instructional materials, or both, to use in class and to take home.

2.-\_School facilities must be clean, safe, and maintained in good repair.

3.-\_There should be no teacher vacancies or misassignments. There should be a teacher assigned to each class and not a series of substitutes or other temporary teachers. The teacher should have the proper credential to teach the class, including the certification required to teach English learners, if present.

Teacher vacancy means a position to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year or, if the position is for a one-semester course, a position to which a single designated certificated employee has not been assigned at the beginning of a semester for an entire semester.

Misassignment means the placement of a certificated employee in a \_ \_ \_ teaching or services position for which the employee does not hold a \_ \_ \_ legally recognized certificate or credential or the placement of a certificated employee in a teaching or services position that the employee is not otherwise authorized by statute to hold.

4. If you choose to file a complaint alleging that any of the above – conditions is not being met, your complaint will be addressed through the district's Williams uniform complaint procedures as required by law.

4. A complaint form may be obtained at the school office, district office, or \_\_\_\_\_\_ downloaded from the school or district web site. You may also download a copy of the California Department of Education complaint form from the following web site: http://www.cde.ca.gov/re/cp/uc. However, a complaint need not be filed using either the district's complaint form or the

complaint form from the California Department of Education. school's website

# Aviso a padres, tutores, alumnos y profesores

- 1. Debe haber suficientes libros de texto y material instructivo. Esto significa que cada alumno, incluyendo un estudiante del inglés, debe contar con un libro de texto o material instructivo, o ambos, para usar en clase y para llevar a casa.
- 2. Las instalaciones escolares deben estar limpias, seguras y se deben mantener en buenas condiciones.
- 3. No debe haber vacantes ni asignaciones incorrectas de maestros. Debe haber un maestro asignado a cada curso y no una serie de suplentes u otros maestros temporales. El maestro debe contar con la certificación adecuada para impartir el curso, incluyendo la certificación necesaria para enseñar a estudiantes del inglés, en caso correspondiente.

Vacante de maestro significa un cargo al cual un empleado individual certificado designado no ha sido asignado al comienzo del año por un año entero o, si el cargo es para un curso de un semestre, el cargo al cual un empleado individual certificado designado no ha sido asignado al comienzo de un semestre por el semestre entero.

Asignación incorrecta significa la colocación de un empleado certificado en un cargo docente o de servicios para el cual el empleado no posee un certificado o una cédula reconocida legalmente o la colocación de un empleado certificado en un cargo docente o de servicios que de lo contrario el empleado tiene autorización para poseer por estatuto.

4. Puede obtener un formulario de denuncia en la dirección de su escuela u oficina del distrito, o la puede descargar del sitio web de la escuela o el distrito.

# **PURPOSE:**

To update the Board Policy 1312.3 to match the California Department of Education sample UCP policy 1312.3

# **Board Policy 1312.3 Uniform Complaint Procedures**

Local educational agencies (LEAs), such as school districts, direct-funded charter schools, and county offices of education, that receive state and/or federal funding for certain categorical programs may be chosen for a Uniform Complaint Procedures (UCP) evaluation during a Federal Programs Monitoring (FPM) review by the California Department of Education (CDE).

LEAs are responsible for creating and maintaining documents for their own board-approved UCP process that follows specifications as required by law, particularly the California Code of Regulations, Title 5 (5 CCR) sections 4600-4694. The purpose of the UCP review is to ensure that LEAs are meeting the minimum requirements of these UCP process specifications.

**FISCAL IMPACT:** The district receives a series of state and federal grants which are impacted by this policy.

### **ITEM:**

**Consider** approval the following revised Exhibit: E 3553 – Free and Reduced Meals

### **PURPOSE:**

The United States Department of Agriculture (USDA) requires that school districts ensure sufficient funds are being provided for meals served to students that are not eligible for free or reduced meals. With California requiring universal availability of meals to all students, there is no longer a student lunch/breakfast price with all meals are free to public school students. The District is recommending an increase to the paid adult breakfast (without milk) from \$3.80 to \$4.00 and an increase to the paid adult lunch (without milk) from \$5.65 to \$5.85.

### FISCAL IMPACT:

There should be a slight increase in paid lunches should adults choose to eat lunch.

### **RECOMMENDATIONS:**

### **ITEM:**

Consider the adoption of Resolution #01-25: Budget revisions – 45 day update.

### **PURPOSE:**

There are several changes to the budget resulting from the signing of the State budget on June 26, 2024. Education Code requires such changes be available for public review within 45 days of the signing of the State budget. Attached are all the budget revisions that have occurred since the adopted budget revisions were presented to the board meeting on June 26, 2024.

#### **FISCAL IMPACT:**

The signing of the state budget resulted in the following major estimated changes relative to the Hanford Elementary School District 24-25 adopted budget:

(\$1,224,386) Expanded Learning Opportunities Program limited to 2 years of carry over

There is also a variety of budget changes associated with the updating of budget carryovers and the inclusion of the results of the collective bargaining process.

### **RECOMMENDATIONS:**

Adopt Resolution #01-25.

### **General Fund Budget Comparison**

#### HANFORD ELEMENTARY SCHOOL DISTRICT

#### AGENDA REQUEST FORM

TO:	Joy	C.	Gabler

FROM: David Endo

DATE: 08/05/2024

FOR: 🛛		Board Meeting
		Superintendent's Cabinet

FOR: Information

Date you wish to have your item considered: 08/14/2024

#### **ITEM:**

Consider adoption of Resolution# 02-25, which allows the District to self-certify its micro-purchase threshold to \$50,000.

#### **PURPOSE:**

Non-federal entities, including local public school districts, may annually self-certify a micropurchase threshold of up to \$50,000 if (1) the non-federal entity qualifies as a low-risk auditee, (2) the non-federal entity has an annual internal institutional risk assessment to identify, mitigate, and manage financial risks, or (3) a higher threshold would be consistent with state law. This certification will allow the District to reduce the procurement time for goods and services purchased with federal funds.

#### FISCAL IMPACT:

None.

#### **RECOMMENDATIONS:**

Adopt Resolution# 02-25, which allows the District to self-certify its micro-purchase threshold to \$50,000.

#### HANFORD ELEMENTARY SCHOOL DISTRICT

#### RESOLUTION NO. <u>02-25</u> RESOLUTION OF THE BOARD OF TRUSTEES OF THE HANFORD ELEMENTARY SCHOOL DISTRICT SELF-CERTIFYING INCREASED FEDERAL MICRO-PURCHASE THRESHOLD

**WHEREAS**, pursuant to Code of Federal Regulations Title 48, section 2.101, an acquisition of supplies or services subject to the Federal Uniform Administrative Requirements established under Part 200 of Title 2 of the Code of Federal Regulations below the threshold of \$10,000 is, for the purpose of federal law, a "micro-purchase" which does not require formal procurement methods such as competitive bidding;

**WHEREAS**, pursuant to Code of Federal Regulations Title 2, section 200.320, non–federal entities, including the District, may annually self-certify a micro-purchase threshold of up to \$50,000 if both of the following are satisfied:

1. The District provides a justification for the increase and a clear identification of the raised threshold, and

2. The District qualifies as a low-risk auditee, as it does based on the supporting documentation attached and incorporated herein as **Exhibit A**.

**WHEREAS**, the District has opted into and utilizes the California Uniform Public Construction Cost Accounting Act ("CUPCCAA"), as further set forth in Public Contract Code section 20111 and 22000-220045, to award public project contracts on a negotiated basis, without a requirement for competitive bidding, up to \$60,000, and

1. The California Uniform Public Construction Cost Accounting Commission describes the public benefits of CUPCCAA to include:

Projects start and are completed sooner as a result of an expedited award process;

Project administration is simplified with enhanced procedures (authorization to public bid and advertising, vendor prequalification and informal bidding); Minimal changes to established procedures;

More effective contractor handling through pre-qualification.

2. The District estimates the cost of conducting a competitive bidding process to expend approximately forty-three hours of staff time (Director, at the fringed daily rate of \$819) valued at over \$35,000 through contract award, comprising:

Project specification development taking twenty-four hours of staff (Director); Project walks taking eight hours of staff (Director) time;

Formal bidding minimally taking at least eight hours of staff (Director) time; and

Securing the review and approval of the Board taking three hours of staff (Director) time, as well as Board of Education study and meeting time.

3. The District estimates the minimum time required to conduct a competitive bidding process to at a minimum of six calendar weeks through contract award, comprising:

Project specification development taking over a week of calendar time; Project walks requiring a week of notice to potential bidders; Formal bidding requiring a minimum of two weeks of newspaper advertisement; and Securing the review and approval of the Board requiring at least ten days from bid opening to then place an action time and supporting documentation

on a board agenda.

**WHEREAS**, the California Department of Education, under Public Contract Code section 20111, has determined the appropriate bid threshold for acquisition of goods and services other than public projects through calendar year 2023 is \$109,300 per the supporting documentation attached and incorporated herein as **Exhibit B**.

WHEREAS, the District's common practice in procuring goods under the micropurchase threshold utilizes "piggyback" contracts under Public Contract Code section 20118, which requires that a competitive bidding process has been conducted by another public agency, yielding a competitive price, or though the California Multiple Award Schedule under Public Contract Code section 10298, through which the California Department of General Services negotiates contracts for goods at prices that are equal to or better than those allowed by the Federal Government Services Administration, whose procurement is deemed to satisfy Federal competitive procurement requirements under Code of Federal Regulations Title 2, section 200.318.

**WHEREAS**, requiring competitive bidding for micro-purchase contracts less than the CUPCCAA threshold of \$60,000 for public projects or less than \$114,500 for goods or other services, would require the District to engage in practices inconsistent with applicable California procurement law.

**WHEREAS**, the foregoing facts justify the District self-certifying a micro-purchase threshold of \$50,000 as a measure sparing unnecessary cost, delay and inconsistency in bidding practices.

**WHEREAS,** in accordance with the above, the District is justified in self-certifying a micro-purchase threshold of \$50,000 for all micro-purchases subject to the Federal Uniform Administrative Requirements established under Part 200 of Title 2 of the Code of Federal Regulations.

**NOW, THEREFORE BE IT RESOLVED** by the Board as follows:

- 1. The above recitals are true and correct.
- 2. The Board hereby self-certifies a limit of \$50,000 for all micro-purchases subject to the Federal Uniform Administrative Requirements established under Part 200 of Title 2 of the Code of Federal Regulations provided that such purchases comply with all other applicable laws.
- 3. The Board hereby instructs District staff to retain this resolution, as well as its exhibits, for a period of three years, in accordance with Code of Federal Regulations Title 2, section 200.334.

This Resolution shall take effect upon adoption by a majority of all members of the Board.

#### EXHIBIT B Letter from the California Department of Education regarding Bidding Threshold

December 5, 2023

Dear County and District Superintendents, County and District Chief Business Officials, and Charter School Administrators:

#### Annual Adjustment to Bid Threshold for Contracts Awarded by School Districts

Public Contract Code (PCC) Section 20111(a) requires school district governing boards to competitively bid and award any contracts involving an expenditure of more than \$50,000, adjusted for inflation, to the lowest responsible bidder. Contracts subject to competitive bidding include:

1. Purchase of equipment, materials, or supplies to be furnished, sold, or leased to the school district.

2. Services that are not construction services.

3. Repairs, including maintenance as defined in PCC Section 20115, that are not public projects as defined in PCC Section 22002(c).

The State Superintendent of Public Instruction (State Superintendent) is required to annually adjust the \$50,000 amount specified in PCC Section 20111(a) to reflect the percentage change in the annual average value of the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the United States, as published by the United States Department of Commerce, Bureau of Economic Analyst (BEA) for the 12-month period ending in the prior fiscal year. The inflation adjustment is rounded to the nearest one hundred dollars (\$100).

Pursuant to the above calculation, and effective January 1, 2024, the State Superintendent has determined that the inflation adjusted bid threshold will increase from \$109,300 to \$114,500. Shown below are the inflation adjusted bid thresholds for the current and two prior years.

Calendar Year	Bid Threshold	Percentage Change in Implicit Price Deflator
2022	\$99,100	2.48%
2023	\$109,300	10.32%
2024	\$114,500	4.79%

Also note that public projects as defined in PCC Section 22002(c), such as construction or reconstruction of publicly owned facilities, have a lower bid threshold of \$15,000 that is not adjusted for inflation. For more information on bidding requirements for all projects, refer to PCC sections 20110 to 20118.4.
