Dr. Robyn A. Klim
Superintendent

May 6, 2024

Dear Lawrence families,

We are thrilled to share some exciting news about our district's long-range plans. We have many transformative changes on the horizon, and we extend a warm invitation for you to not only share in our enthusiasm but also to actively engage in our visioning and planning processes.

As always, our number one priority is to provide an exceptional learning environment that caters to the diverse needs of our student population. As you know, we will eventually be welcoming our sixth graders into our top notch Lawrence Middle School, so the essence of this project is to renovate and grow those facilities to accommodate the additional grade level. However, our vision extends beyond mere infrastructure expansion; we are committed to fostering a supportive environment that nurtures the social, emotional, and academic growth of all our students.

We believe space equals opportunity. Our curriculum teams have been diligently reenvisioning our learning spaces to optimize our educational environment. Recognizing the significance of modern, state-of-the-art facilities in enriching learning, we are undertaking renovations and expansions across multiple domains, including the cafeteria, auditorium, science and music rooms, and the addition of an outdoor courtyard for learning. The introduction of a new gymnasium and field accommodations emphasize our commitment to community building and fostering a sense of belonging among our students and families.

Another key objective of this expansion is to welcome back our special education students who are currently attending out-of-district tuition-paid schools, as well as retaining future children with special needs with a comprehensive continuum of care that enables all students to thrive in our school community and receive the tailored supports to which they are entitled throughout their educational journey.

Together, we are building a district of excellence—one that prioritizes the well-being and success of every child, from preschool through graduation and beyond. As we embark on this phase of growth and transformation, we invite you to collaborate with us in shaping the future of our district.

The Lawrence Township Board of Education invites you to its public work session which will take place during the regularly scheduled May 22, 2024 meeting at 7 pm in the Lawrence High School Media Center (2525 Princeton Pike, Lawrenceville, NJ 08648).

Respectfully,

Robyn A. Klim, Ed.D., LCSW
Superintendent of Schools

Michele Bowes
President, Lawrence Township Board of Education
