2023-2024 COLLEGE in HIGH SCHOOL COURSES (CHS):

What is a CHS course and why take college courses in high school?

Taking a CHS course in high school is a great way to jump-start your future education because earned CHS credits may transfer to institutions across the country at a very discounted rate (some fees are only 10% of regular tuition rates). SV has approximately 39 CHS courses (listed below) available with agreements from six different colleges and universities including Butler County Community College, Carlow University, La Roche University, Point Park University, Robert Morris University, and the University of Pittsburgh.
