ABOUT US

Fannin Elementary opened its doors in 1968. We have been committed to enriching the lives of our students for 40 years. Beginning early in 1998, the campus underwent a major transformation. Six portable classrooms were relocated and the construction of the ten classroom additions began. By the first day of school in August of 1998, the new classrooms were ready for occupancy. Construction of the multi-purpose building began in the summer of 1998 and was completed in February of 1999. Construction began in 2023 on an additional wing. Once completed, the campus will have eight more classrooms. As 2024 begins, we welcome the students and staff joining us from Alta Loma.
