PAYS

## ABOUT US

PAYS is an academic alternative school for students currently enrolled in San Angelo Independent School District. PAYS is a self-paced, web-based program providing students the opportunity to accrue credits to progress to graduation. PAYS students are non-traditional students motivated to complete their high school diploma but are enduring extenuating circumstances that pose as obstacles to their academic success.

Students who are interested in admission to PAYS should speak to their home campus At-Risk Coordinator.
