

School Nutrition Meal Prices for SY24-25

All Campuses

We are pleased to announce that we will operate the Community Eligibility Provision on all campuses this year. The Community Eligibility Provision (CEP) is a non-pricing meal service option for schools and school districts in low-income areas. CEP allows the nation's highest-poverty schools and districts to serve breakfast and lunch at no cost to all enrolled students without collecting household applications. Instead, schools that adopt CEP are reimbursed using a formula based on the percentage of students categorically eligible for free meals based on their participation in other specific means-tested programs, such as the Supplemental Nutrition Assistance Program (SNAP) and Temporary Assistance for Needy Families (TANF).

Adult Meal Prices

The charge for adult meals must, at a minimum, be greater than the total amount of reimbursement received for a free meal plus any other supplemental payments received by the district plus the per-meal value of USDA Foods (Commodities) used for our meal service. The adult meal prices listed below meet the minimum requirements.

Breakfast-\$3.50

Lunch-\$5.00

This program is funded by USDA. This institution is an equal opportunity provider.
