PREPARING ALL CHILDREN AS GLOBAL LEARNERS

# General Findings

- **Student Attendance:**

- Acceleration programs that were run by CORAL had less consistent attendance compared to the program(s) that were run by FMSD staff.

- **Student Progress:**

- Unfortunately due to poor attendance, we did not see the academic progress we would have liked to make in many of the acceleration programs.
- CORAL saw more growth from BOY to Tri 2 than FMSD as a whole (6% vs. 5% growth in Reading, 9% vs. 6% growth in Math)

# Next Steps: Updated ELOP Plan Proposal

- **Streamline of Programs:** We will leverage our largest partner (CORAL) and run most of our acceleration and enrichment programs through CORAL. This allows us to align with district MTSS Tier I focus on educational opportunities for all students. Through this, CORAL will...
  - Add an Athletic Manager and a full-time STEAM Coordinator with a full STEAM-team.
  - Utilize science of reading aligned curriculum for the CORAL literacy block to provide district-aligned literacy acceleration for students.

## Next Steps: Updated ELOP Plan Proposal (cont)

- **Streamline of Programs:** We will limit our external partnerships to those who help build capacity and empowerment within our own educational partner community. Partnerships include:
  - STEAM (Utilized through CORAL)
    - Inventionland Education
    - RAFT
    - Lego Education
  - Literacy
    - Writing A-Z (Utilized in CORAL)
    - BookNook (Utilized in CORAL)
    - TCM Text Kits (Utilized in CORAL)
    - Cultivating Literacy

An abstract graphic on a dark grey background. It features several stylized arrows and stars in bright colors: orange, blue, green, and yellow. The arrows and stars are arranged in a dynamic, overlapping pattern. A prominent blue arrow curves across the middle of the frame. Other arrows and stars are scattered around it, some pointing upwards and others downwards. The overall composition is energetic and modern.
