Making Election Changes During the Year

You are not able to make any plan changes outside of annual open enrollment unless you experience a life altering event such as marriage, divorce, death, change in employment status, birth, adoption, loss of or significant change to your current coverage, enrollment in or ceasing to be enrolled in Medicare, Medicaid or CHIP.

All changes must be made within 30 days of the life altering event. You will be required to provide written documentation of the event such as a marriage license or birth certificate.

UHC Claim Process

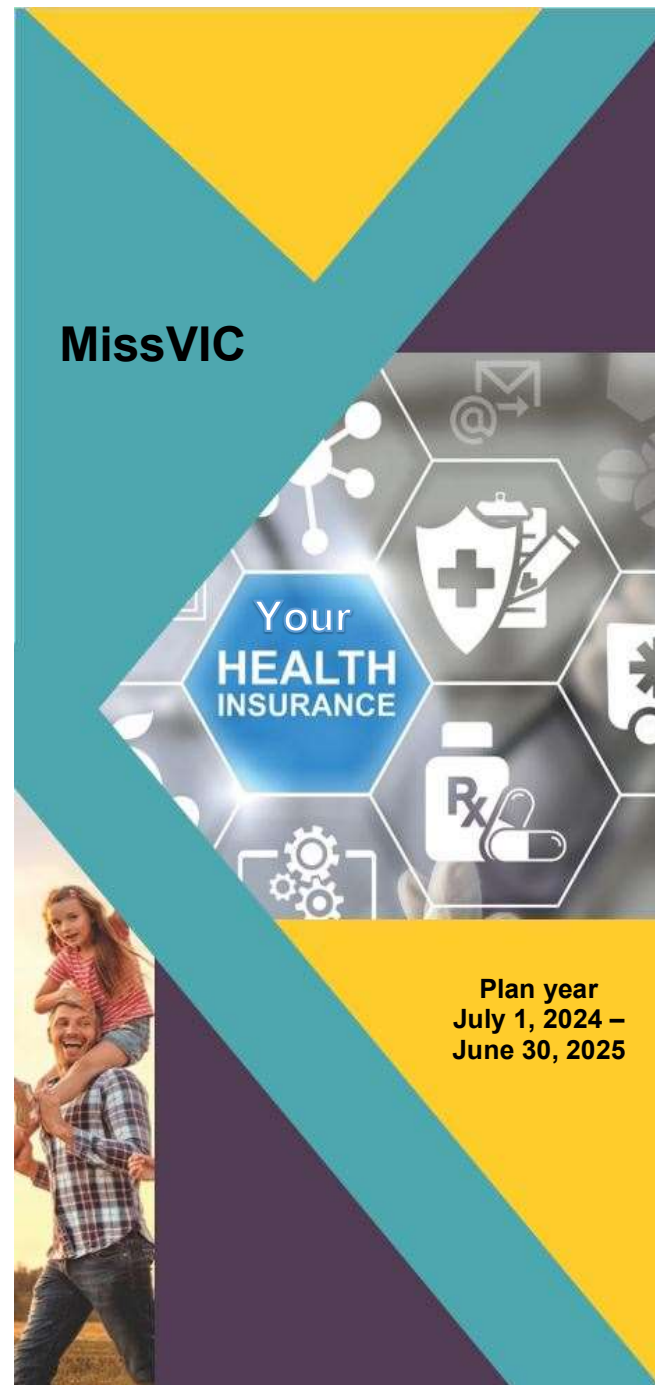

Claims are typically processed and paid in the order the claim is received. However, some claims may require manual review and could take longer to process.
