

# Hopewell Middle School Help Session Schedule

<b>Monday</b>	<b>Tuesday</b>	<b>Wednesday</b>	<b>Thursday</b>	<b>Friday</b>
Reading & World Language	Science	Social Studies & Connections	ELA	Math

Teachers will hold at least one regular help session each week, as indicated on the schedule above. Students should check their class Canvas page for the specific start time, which will be no later than 8:15 AM. If a student plans to attend, they should enter the atrium and check in with the staff member to confirm their destination.

Teachers will collaborate with their professional learning communities (PLC) to share help sessions. As a result, students may occasionally attend a help session with a teacher who is not on their schedule.

Teachers may also choose to hold additional help sessions. Students should check their class Canvas page for this information.

Help sessions will not always align with the day of an assessment. Students are encouraged to review the grade level assessment calendars and plan to attend help sessions accordingly.
