<p>Science</p>	<p>Make a Zipline!</p> <ul style="list-style-type: none"> • Create a zipline using materials found in your house. Find an empty toilet paper or paper towel roll and a piece of string or old shoelaces will work. <p>Directions</p> <ul style="list-style-type: none"> • Decorate your empty paper roll however you'd like. • Find a stretch of space to tie your string to. You will need one area to be higher than the other so that your zipline travels downhill. Slide the string through your tube on the higher end and let it go to the lower end. How long does it take to make it to the other end of the string? • Try to attach the string to other areas around your house or yard. Can you get it to travel faster? Slower? • For a bigger challenge, try to build a zipline vehicle for a small toy to travel in!
