TRIGG COUNTY SCHOOLS CODE OF CONDUCT

I. PURPOSE AND POLICY STATEMENT

The purpose of this Code of Conduct is to provide a concise outline of rights and responsibilities of students in the Trigg County Schools and of those people, including parents/guardians and school personnel directly involved in the educational process.

The primary function of the public schools is to provide all students an equal educational opportunity. Every student has rights of citizenship granted by the United States Constitution and the Commonwealth of Kentucky. Education is one of these citizenship rights. The Trigg County Board of Education's primary concern is that students who wish to learn can do so in an environment conducive to learning and that disciplinary means be employed on behalf of those who would destroy or deny such an environment.

The Trigg County School System is an academic community composed of all students, teachers, administrators, parents, and the community-at-large. The rules and regulations of a school are the laws of that community. A basic responsibility of those who enjoy the rights of citizenship is to respect the laws of the community and the rights of the other members of that community.

Under the Kentucky Education Reform Act (KERA) the site-based council of each school has responsibility in the area of school discipline. This Code of Conduct must be followed unless a waiver is approved by the Board of Education.

This Code of Conduct provides for consistent treatment for all pupils, fairness as required by due process of law, and an atmosphere of open communication. The Code establishes clearly understood rules and encourages behavior that will enable the pupils to develop to their fullest potential. In short, the rule of conduct found in the Code is based upon The Golden Rule, "do unto others as you would have the do unto you."

The Trigg County Board of Education expects that sound, fair, and equitable judgment should be considered by pupils, teachers, principals, parent/guardians and others in applying the principles of this Code of Conduct.

This policy applies to all students in the Trigg County Schools. Students are responsible for acting acceptably, according to the tenor of the Code, at school, at school sponsored or related activities, on school buses and on the way to and from school. This Code is in effect during school and non-school hours. In addition, conduct occurring off-campus for which a student is charged with any crime, which poses danger to any student or staff or affects the discipline or general welfare of the school may subject the offending student to suspension or expulsion or other sanction under this Code. Disciplinary action may carry over from one school year to the next at the discretion of the principal.

This Code is the result of expressed concerns on the part of the community and provides for an annual review by the school community, as well as by the Trigg County Board of Education to insure an effective document, which meets the needs of the total educational community.

II. PHILOSOPHY OF RIGHTS AND RESPONSIBILITIES

The protection and safeguards of the United States Constitution and, more particularly, of the Bill of Rights apply to all students. Responsibility is inherent in all rights. No student or other person involved in the public schools can realize his rights unless he also exercises the self-discipline and care to afford all others the same rights and does not allow his own actions to infringe upon the rights of others. In a social situation, such as the public schools, all participants, students, parent/guardians, teachers, administrators and others in the educational process, have the right and responsibility to know the basic standards of conduct and behavior, which are expected. The school environment is a community of individuals who live and interact based upon commonly shared rules, rights and responsibilities, expectations and common sense.

POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS (PBIS)

Research has shown that school discipline which solely focuses on reacting to misbehavior by using punishment, loss of privileges, sending students to the office, suspensions and alternative placements do not contribute to better learning environments; when these approaches are used by themselves they are not effective in creating school environments where appropriate student behavior is the norm. Positive Behavior Interventions and Supports (PBIS) is a systems approach to establish the social culture and the behavior supports needed for all children in a school to achieve both social and academic success (Sugai & Horner. 2002) PBIS is a way to promote acceptable student behavior and will be used to enhance the social climate and culture within Trigg County Schools. PBIS creates a positive learning environment through a three (3) tiered research-based behavioral framework that provides different levels of behavioral support based on individual student need.

Successful implementation of PBIS will help TCPS:

- Have more engaging, responsive, preventative and productive educational environments;
- Improve classroom management and address disciplinary issues based upon data analysis;
- Improve supports for students whose behavior require more specialized assistance; and
- Maximize academic engagement and achievement for all students.

DISCIPLINARY PROCEDURES

The disciplinary measures set out under each procedure may be applied singularly or in combination. Being an accomplice or otherwise a participant may be a violation to the same extent as if a principal in the offense. The following rules, regulations and procedures in no way attempt to replace or remove routine classroom discipline from the teachers of Trigg County Schools. Teachers will still have at their disposal disciplinary measures such as detention, conferences with students and/or parents/guardians to be used at the discretion of the teacher. The section of the Code contains a description procedure that will be used by principals or their designee in administering the Code. This is followed by a definition of the most common rule infractions. Listed under each rule infraction are the discipline procedures for offenses. There are certainly other acts of misbehavior or violation of criminal laws or school regulations that are not included in this list. In such instances, disciplinary action will be at the discretion of the principal, or of the principal and/or the superintendent. The last step in any level group shall be referred to repeated/multiple violations. Repeated/multiple violations of any level of the Code can be referred to the next level.

Any law violation may be sent to the School Resource Officer/Law Enforcement Agencies for further action at the discretion of the principal/designee.

2. Person: Any student may be searched upon reasonable suspicion for possession of any contraband, stolen articles, controlled substances (including drugs and marijuana), simulated controlled substances, alcoholic beverages, weapons, or the like while on school premises or while engaged in any school activities. This search shall include the clothing and accessories as well as the person of the student. Such search shall not be in the regular classroom or in any public area and shall be conducted in the presence of two administrators or teachers. Students are susceptible to search by way of metal detector or drug sniffing dog. The school may have a Breathalyzer test given if reasonable suspicion of alcohol is present.

3. Motor Vehicle: Any motor vehicle parked upon school property shall be subject to search while on school premises whether occupied or unoccupied in order to maintain school safety and educational order, when reasonable suspicion of violation exists.

4. School Fees and School Textbooks

Students who are eligible for free/reduced lunch may apply for free/reduced textbooks and fees by contacting the principal's office.

Probationary Period

A probationary period may be established for students when a school principal or the Board of Education determines that it would better benefit the student to remain in the classroom than to incur an out-of-school suspension. A conference will be held with the student, the student's parent/guardian, and the

principal involved with the student in order to develop a behavioral contract, which will enable the student to remain in class. The contract becomes effective when signed by the student, parent/guardian, and the principal or his/her designee. The contract will state the name and title of the persons entering into the contract, the expected or required behavior of the student, and the consequences of violation of the required behavior. A violation or breach of the contract may result in placement in alternative classroom, at home suspension, or the recommendation to the superintendent for presentation to the Board for expulsion of the student.

Suspension

Suspension means a denial of attendance to school and any other type of activity conducted by or on behalf of the particular school for a stated period of time. Suspension includes a denial of admission to or entry upon any property owned, lease, rented, or controlled by the Trigg County Board of Education. A suspension shall not exceed ten (10) school days. All assigned work during a students' suspension, including but not limited to; daily assignments, long-term and short-term projects, and assessments must be made up.

An expulsion includes denial of admission to or entry upon any property owned, leased, rented, or controlled by the Trigg County Board of Education. There may be a loss of credit for the semester(s) of expulsion.

(NOTE: the difference between suspension and expulsion is: the principal may suspend a student for up to ten (10) days. Only the Board of Education may expel a student for the duration of the semester or the remainder of the school year.) In cases involving weapons refer to appropriate sections of this Code, Gun Free School Act of 1994 and Board Policy 05.48 and 09.435. *** When a student is expelled from Trigg County Public Schools by the Trigg County Board of Education the student forfeits their right to attend any and all co-curricular and or extra-curricular activities (i.e.: sporting events, prom, dances, award ceremonies etc.) during the length of the expulsion. Any student whose period of expulsion includes the last day of school may not be allowed to participate in graduation exercises. Expelled students who are deemed a threat will forfeit their right to participate in commencement exercises (Baccalaureate, graduation, etc.).

Alternative Classroom and Alternative Learning Center

Saturday School

The Saturday School may be used for make-up of attendance and a variety of reasons including violations of the Code of Conduct. Saturday School schedule will be set by the building administration. It will be the responsibility of the parents to provide transportation to and from Saturday School.

ATTENDANCE CODE

Attendance Philosophy of Trigg County Schools

The academic progress of the student is dependent upon their prompt and regular attendance at school. Attendance is a student and parent/guardian responsibility. This attendance procedure is to provide a structure within which students can gain maximum benefit from the instructional program. All students are expected to attend classes every day that school is in session unless they have a valid reason.

Kentucky Compulsory Attendance Laws

Kentucky school law stipulates that students are to attend school (KRS 159.010 and KRS 159.150). Any student who has attained the age of six (6), but has not reached his/her eighteenth (18th) birthday, who has been absent from school without a valid excuse for three (3) days or more, or tardy without a valid excuse on three (3) days or more, is a truant. Any student enrolled in a public school who has attained the age of eighteen (18) years, but has not reached his/her twenty-first (21st) birthday, who has been absent from school without a valid excuse for three (3) or more days, or tardy without valid excuse for three (3) or more days, is a truant. Any student who has been reported as a truant two (2) or more times is a habitual truant.

Absences/Tardiness

Absences will be calculated on a percentage basis. If a pupil misses less than 35% of a school day they will be considered tardy. If a pupil misses 35% or more of a school day they will be considered absent. Absences will be excused for up to ten (10) notes per year. Students shall be granted an excused absence for up to ten (10) school days to pursue an educational enhancement opportunity determined by the Principal to be of significant educational value. Please refer to Trigg County Board of Education policy 09.123 for additional information. Absences from individual classes will be handled using the same procedure as absences from school. The doctor's statement shall specify the amount of time the student should have been out of school. Students returning without a doctor's statement will be given no make-up work. Students with lengthy illnesses should contact the school for Home and Hospital Instruction.

Notification

Personal notification, via phone, personal contact, or letter will be made to the student, parent/guardian and Director of Student Services and Personnel after the 3rd and 5th day of unexcused absence/tardy. Upon the 6th day of unexcused absence/tardy the director of pupil personnel may initiate a legal petition against the parent/guardian and/or the student per KRS 600.020(24) and 610.010 which stipulates the student is a habitual truant from school

Virtual Participation

For students assigned to a virtual learning environment, attendance will be determined by school administrators based upon the factors listed below:

- (a) One-on-one communication via video or telephone between the teacher and student or between the teacher, student, and student's parent;
- (b) Group communication via video or telephone between the teacher and a class or between a teacher and smaller groups of students within a class;
- (c) Student time logged into a learning management software system to complete assignments;
- (d) Submission of paper-based assignments

Pre-arranged Absence

Pre-arranged absence may be requested by parent/guardian for extraordinary circumstances which might enhance that child's education value or if it is deemed as a family emergency. This request must be made in person, to the principal or his designee. Days approved will be counted toward the total number of days allowed under the current attendance policy. Students will be required to make up work and/or time.

Procedure

The first day a student returns to school after being absent, the student will immediately give the principal or his designee a written note, signed by the parent or guardian stating the reason of the absence. The note shall contain the exact days or time of the absence and the cause or the reason of the absence. If the written absentee note is not received by designated school personnel within three (3) school days, the absence will not be excused.

Students returning without a note signed by the parent/guardian or failing to state the above information will be given an unexcused absence. Students forging the signature of a parent/guardian will be unexcused for the time missed and subject to disciplinary action.

Doctor's excuses shall state the name of the student, the date(s), and/or the number of days for which the student will be excused. After ten (10) notes for any reason have been accepted, the parent will be required to obtain, and submit a completed District Medical Excuse Form 09.123 AP.2 in order for the student to be excused.

Unexcused Absences

An unexcused absence/tardy is defined as any student absence that does not meet the criteria of an excused absence.

Appeals Committee

A District-wide Attendance Appeals Committee shall be available to examine the case of any student who feels that s/he has extenuating circumstances. Appeals shall be made in writing on an appeal request form and submitted to the appropriate school Principal. The Attendance Appeals Committee shall meet to consider the appeal within five (5) school days after the parent has filed the appeal request with the school Principal. The decision of the Appeals Committee shall be affirmed by the Board unless it is found to be clearly in conflict with the attendance policy.

Leaving Campus

Students must remain at school at all times or check out through the principal's office. Students leaving campus, after arriving at school, during the school day without permission will be subject to disciplinary action.

NO PASS/NO DRIVE LAW

The No Pass/No Drive law (HB 32) was implemented on August 1, 2007. In the new legislation enacted by the Kentucky General Assembly, this law will apply to ALL students 16 and 17 years old who apply for a permit or license on or after August 1, 2007. This law will not affect minors who received their instructional permit or license prior to August 1, 2007. It is important to understand that when a sixteen or seventeen year old goes to the circuit court clerk's office to obtain an instructional permit or license, a School Compliance Verification Form must be presented verifying that the student is in compliance with KRS 159.051. The public/private school students may obtain the School Compliance Verification Form from their school. All other 16 and 17 year old students may obtain the School Compliance Verification Form from their school district of residence. If a sixteen or seventeen year old does not present a school compliance verification form he/she will not be eligible to obtain an instructional permit or license.

When a sixteen or seventeen year old is declared to be academically deficient, the schools will report electronically to the Division of Driver Licensing. The Division of Driver Licensing will suspend the student's privilege to drive and notify the driver of the suspension. The schools will also report when a student is back in compliance with KRS 159.051 to the Division of Driver Licensing. The Division of Driver Licensing will reinstate the student's driving privilege.

Parents or eligible students should submit to the school Principal/designee a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the record(s) may be inspected.

2. ***The right to inspect and review logs documenting disclosures of the student's education records.***

Except for disclosure to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosure to the parent or eligible student, FERPA regulations require the District to record the disclosure.

Special Education/Child Find

The Trigg County Public School District keeps educational records in a secure location in each school and Board office.

The Trigg County Public School District obtains written consent from a parent or eligible student (age 18 or who is attending a postsecondary institution), before disclosing personally identifiable information to an entity or individual not authorized to receive it under FERPA.

For students who have been determined eligible for Special Education, educational records will be destroyed at the request of the parents when they are no longer needed to provide educational programs or services. The Trigg County Public School District may destroy the educational records of a child without parent request seven years after they are no longer needed to provide educational programs or services. Parents are advised that data contained in the records may later be needed for Social Security benefits or

other purposes. The Trigg County Public School District may retain, for an indefinite period of time, a record of the student's name, address, telephone number, grades, attendance records, classes attended, grade level completed, and year completed.

Children eligible for Special Education include those children with disabilities who have autism, deaf-blindness, developmental delay, emotional-behavior disability, hearing impairment, mental disability, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury, or visual impairment and who because of such an impairment need Special Education services.

Children eligible for 504 services include those children who have a current physical or mental impairment that currently substantially limits some major life activity which causes the student's ability to access the school environment or school activities to be substantially limited.

The Trigg County Public School District has an ongoing "Child Find" system, which is designed to locate, identify and evaluate any child residing in a home, facility, or residence within its geographical boundaries, age three (3) to twenty-one (21) years, who may have a disability and be in need of Special Education or 504 services. This includes children who are not in school; those who are in public, private, or home school; those who are highly mobile such as children who are migrant or homeless; and those who are advancing from grade to grade, who may need but are not receiving Special Education or 504 services.

The district's "Child Find" system includes children with disabilities attending private or home schools within the school district boundaries that may need special education services.

The Trigg County Public School District will make sure any child enrolled in its district who qualifies for Special Education or 504 services, regardless of how severe the disability, is provided appropriate Special Education or 504 services at no cost to the parents of the child.

Parents, relatives, public and private agency employees, and concerned citizens are urged to help the Trigg County Public School District find any child who may have a disability and need Special Education or 504 services. The District needs to know the name and age, or date of birth of the child; the name, address, and phone number(s) of the parents or guardian; the possible disability; and other information to determine if Special Education or 504 services are needed.

Letters and phone calls are some of the ways the Trigg County Public School District collects the information needed. The information the school District collects will be used to contact the parents of the child and find out if the child needs to be evaluated or referred for Special Education or 504 services.

If you know of a child who lives within the boundaries of the Trigg County Public School District, who may have a disability, and may need but is not receiving Special Education or 504 services, please call the Director Special Education or send the information to:

As part of these efforts the Trigg County Public School District will use screening information, student records, and basic assessment information it collects on all children in the District to help locate those children who have a disability and need Special Education or 504 services. Any information the District collects through "Child Find" is maintained confidentially.

GIFTED EDUCATION PROGRAM

Gifted and talented students represent a group of pupils who have been identified as possessing demonstrated or potential ability to perform at an exceptionally high level in general intellectual aptitude, specific academic aptitude, creative or divergent thinking, psychosocial or leadership skills, and in the visual or performing arts. The Kentucky Department of Education provides curricular models that all gifted programs are required to use. The model stresses differentiated experiences, thought processes, and content and product modifications.

Following the state guidelines, the district shall collect data in the spring of each year that will provide the target population of candidates for service in the primary, intermediate, middle and high schools. With the exception of academic competition, performances, and extra-curricular offerings, services will be provided during regular school hours.

Parents have the opportunity to pursue a nomination for their child to be served by the Gifted Education program. Parents will need to put in writing specific data supporting the child's giftedness and submit the letter to the Gifted and Talented Coordinator. Each nomination must have the collaborating support of at least one teacher.

Specific areas of exceptionality:

1. general intellectual ability
2. specific academic aptitude
3. creativity
4. leadership or psychosocial abilities

SUPPLEMENTAL MATERIALS SELECTION AND ADOPTION

The purchasing of supplementary materials shall be made with the approval of the building principal. It is the intent of the Trigg County School System to select and use books and related materials that will promote wholesome attitudes, habits and learning.

Should a parent or student object to the use of such materials, the parent and/or student may register a complaint with the school principal. A conference will be held with the complainant. The principal and teacher will have the option of providing alternate books or materials. If the parent and/or student are not satisfied with this procedure, the parent and/or student may file a written complaint in accordance with Board Policy 08.2322.

A list of supplemental materials that are normally used in the classrooms will be maintained in each school. The listing shall indicate the grade(s) in which the books are normally used. A student's parent(s) or guardian(s) may examine a list or a copy of any of the supplementary books by contacting the school principal who will arrange for the parent(s) or guardian(s) to examine the book on the school premises. A parent or guardian objecting to their child reading the supplementary book may request and be given an alternate assignment for their child.

For the purpose of this policy, the term supplementary book is used to indicate a set consisting of at least ten books of the same title, which is used as a class assignment, and are not considered textbooks.

Trigg County Schools Inclement Weather Procedure

One of the most difficult decisions a school superintendent makes is whether to cancel, delay the start, or have early dismissal of school during inclement weather. Hopefully, we will have very few days of school being canceled due to bad weather. We regret that the decision to cancel school may create inconvenience for parents/guardians, but the most critical factor related to this type of decision is the safety of our students and staff. The purpose of this notice is to inform you of the policies and practices followed during inclement weather.

Types of actions the superintendent may authorize during periods of inclement weather:

1. Close all schools if conditions warrant
2. Delay the opening of school by one or two hours
3. Dismiss school early or delay release of students under certain carefully monitored conditions.
4. Operate alternate bus routes
5. Implement a NTI (Non-Traditional Instructional) Day

How will parents and students be informed about the superintendent's decision during periods of bad weather?

Normally, the superintendent and staff will evaluate weather and road conditions and make a decision by 6:00 A.M. If weather conditions are such that a decision cannot be made by 6:00 A.M., it will be made as soon as possible. As soon as a decision is made, the district's phone notification system will be activated and the media will be notified.

Parents and students are asked not to call the stations, the schools, or the superintendent's office. The calls tie up telephone lines and delay the message getting to the media for announcement.

What is the responsibility of the parent when any part of the inclement weather plan is in effect?

The parent is the final judge of whether his or her child will be in attendance when there is a delayed opening or when certain roads for bus routes cannot be used. Under these conditions, when school is in session, parents must use their best judgment in determining whether his or her child will attend school.

In cases of delayed opening of school, parents should make arrangements to have their children cared for until buses do run. Parents must also realize that if school officials feel that it is not possible to open schools (even after a two-hour delay) all schools will be closed. Provisions must be made by parents to have their children cared for if this should happen. Parents should also make provision for their children in cases where school is in session, but is dismissed early.

How will Trigg County Schools deal with severe weather warnings?

In the event that a severe weather warning is in effect during the school day, students will be in a "drop and cover" procedure. In an effort to protect all students and staff, during an actual warning, (immediate threat), students will generally not be dismissed until the warning has passed.

How will Trigg County Schools deal with a student who is absent on a day when the opening has been delayed or certain roads on bus routes are not run?

The student will be counted absent for student accounting purposes. However, the absence will be treated as an excused absence, and the children will be permitted to make up work missed.

What media sources will be contacted when a decision has been made to cancel, delay the start, or have early dismissal of school?

WPSD Paducah (NBC Channel 6)

WZTV Nashville (Fox 17)
