Foreword

The Daleville City Schools Handbook should not be considered solely as a rule book regarding disciplinary problems but rather as an information booklet to help you in all aspects of student life at the school. Any time that a large group of people comes together to live and work, it has been necessary that some rules of conduct be formulated to protect the best interest of all concerned. It is in this spirit that this book has been formulated.

Accreditation

Daleville City Schools is accredited by both the Alabama State Department of Education and AdvancEd.

REGISTRATION/WITHDRAWAL

According to Alabama Law 79-677, all school children must have a current Alabama certificate of immunization. Students will not be able to enroll or attend classes unless this certificate is on file in the office at the home school. Guardians must present an ID or driver's license and have two (2) proofs of residency.

Students entering Kindergarten must be five (5) years of age on or before September 1. A birth certificate or other legal proof of birth date must be presented at the time of registration. Other types of proof may include an adoption record or baptismal certificate. Social Security Number is voluntary.

Students entering first grade must be six (6) years of age on or before December 1 to be eligible to attend first grade. A birth certificate or other legal proof of birth date must be presented at the time of registration. Other types of proof may include an adoption record or baptismal certificate. Social Security Number is voluntary.

Any student enrolled in Daleville City Schools must reside within the approved attendance area with one of the following: the natural or adoptive parents, court-appointed legal guardian, court-appointed foster parents, or DHR appointed custodians. Written verification of court-ordered persons responsible for the child will be required.

Students residing outside the approved attendance area who wish to enroll in Daleville City Schools with extenuating circumstances must have a release from the Superintendent of the attendance area in which the student resides and the permission of the Superintendent of Daleville City Schools. It is the responsibility of those wishing to enroll to furnish written proof of the release each year.

WITHDRAWAL/MOVING INFORMATION

At the time of withdrawal, students must return all their textbooks, library books, and other school-owned items. Any such items not returned and any other school-related expenses for which the student is responsible (such as lunch charges) must be paid for at the time of withdrawal. The school may withhold grade reports, diplomas, and/or certificates of progress until restitution is made for any not-returned item, lost or damaged textbooks, and/or media materials. In situations where a custodial parent enrolls a child in school, that same parent must be the person who withdraws the child from school. The counseling office requires time to prepare withdrawal papers and should be notified at least one (1) week before the student's last day of attendance. Please complete the withdrawal process listed below:

Students age 17 and above who are absent for ten or more consecutive school days and do not notify the school as to the reason may be automatically withdrawn on the 11th day.

No student will be able to withdraw legally without following the above procedure. Therefore, no official transcript will be sent to the school in which the student expects to enroll unless these requirements have been met.

DROPPING OUT

Students over 17 must meet with the principal and counselor with a parent present as required by the state to have an exit interview prior to leaving school.

ATTENDANCE

ARRIVAL AND DISMISSAL TIMES

Students should not report to school before 7:20 A.M. Classes begin promptly at 7:40 A.M. DHS. School Dismissal begins with car riders and walkers dismissing at 3:03 P.M. Students arriving after the start time will be considered Tardy. When a student is tardy, a written excuse is expected at the time of check in. (ex. Doctors note, or parent note). Students who are checked out prior to 3:03 P.M will be responsible for any missed work. A note must be brought from home for a student to ride a different bus home. **Any changes in student transportation must occur before 2:00 p.m. and 10:30 a.m. on early dismissal days. Repeated failure of a parent to pick up a student on time will result in mandatory bus transportation.**

LATE ARRIVALS AND EARLY DEPARTURES

All students arriving after 7:40 a.m. for DHS or leaving before 3:03pm. must sign in/out in the office. All late arrivals must have an admission slip before entering class. Tardies caused by rides being late, oversleeping, or faulty alarm clocks, are UNEXCUSED tardies. Tardiness due to illness or medical or dental appointments **that could not be arranged before or after school** will be EXCUSED when accompanied by a signed doctor's note. Students missing 50% or more of any class shall be considered absent. Names of students who arrive in class before 50% of the class has elapsed but after they have been reported absent must be reported to the office so a correction can be made.

Students arriving on campus prior to the beginning of morning classes are not to leave campus. Students violating this policy will be charged with truancy.

ATTENDANCE POLICY

The Daleville City Board of Education and its employees believe that regular school attendance is necessary for each student to attain his/her maximum level of educational achievement. Regular attendance by students facilitates the development of skills necessary to attain success and function in a positive manner in our current mobile and democratic society. With this in mind, the Board seeks to promote regular school attendance by enforcing the Alabama Compulsory Attendance Law. The Alabama Compulsory Attendance Laws require children between the ages of 6 -17 to attend school. The law also states that parents/guardians having control over school-age children are responsible for the children's regular attendance and proper conduct (Alabama Act 93-972). All students enrolled in the Daleville City School System are required to be in continuous attendance. Each student must attend school in the zone where the student maintains a bon-a-fide residence with the custodial parent/guardian.

The Board further states, that teachers and other applicable personnel shall maintain accurate daily attendance records in accordance with Alabama Law, State Board of Education policies, State Dept. of Education guidelines, and local Board policy. Records of attendance will be kept, which may be used by the principal, attendance officer, or any staff to enforce the Compulsory School Attendance Law.

ABSENTEEISM

School Day – A school day absence is defined as non-attendance for more than fifty (50%) percent of the regularly scheduled school day (Check in after 11:30 a.m. is considered absent all day). To be counted present, a student must be present more than fifty (50%) percent of the scheduled school day. Class – A class absence is defined as non-attendance for more than fifty (50%) percent of a regularly scheduled class. To be counted present, a student must be present more than fifty (50%) percent of the scheduled class time.

Perfect Attendance is defined as no absences and no tardies or check outs

Exemplary Attendance is defined as only 1 excused absence OR 1 excused check in OR 1 excused check out

CHRONIC ABSENTEEISM

The state has a new term defining absences: “Chronic Absenteeism.” This means the accumulation of 18 or more “Excused” or “Unexcused” absences each school year.

EXCUSES

In accordance with State Law, a parent/guardian **MUST** explain the cause of every absence of students under his/her control or charge.

Every student **MUST** bring a written excuse signed by his/her parent/guardian, doctor or court within three (3) school days after he/she returns to school following an absence(s). Failure to present the signed note within the time noted will result in the absence being marked unexcused.

Excused Absence – An absence will be marked as excused when the student presents an acceptable written explanation within three (3) school days upon returning to school, and the explanation meets one of the recognized reasons for absences as shown below.

STUDENTS ABSENT TEN (10) CONSECUTIVE DAYS WITHOUT AN EXCUSE (SEE ACCEPTED EXCUSES LISTED BELOW) MAY BE WITHDRAWN.

Absence from school may be excused only for the reasons listed below. Please note the new term “CHRONIC ABSENTEEISM” as defined by the state department: the accumulation of 18 or more “Excused” or “Unexcused” absences each school year.

- (1) Parental sick note
- (2) Doctor’s visit, accompanied by a doctor’s excuse
- (3) Legal authority
- (4) Death in the immediate family
- (5) Prior permission of the reason for absences not to exceed three (3) days; absences requiring longer than three (3) days must be approved by the Superintendent. (Please provide a written explanation for requesting permission.)
- (6) Emergency conditions as determined by the principal, superintendent, or designee.
- (7) Inclement weather - which would be dangerous to life or health of the child if he/she attended school as determined by school authorities.

If a student has a chronic medical problem necessitating frequent school absences, annual medical updates must be written by a health care provider and placed with the school nurse and attendance officer.

UNEXCUSED ABSENCES – An absence will be marked as unexcused when the student fails to present a written explanation signed by his/her parent/guardian within **three (3)** school days upon returning to school. An absence will be marked unexcused when the explanation fails to meet one of the recognized reasons for absences as shown below.

NOTE: Principals or designees may require verification of any absence.

DENIAL OF CREDIT/PROMOTION BASED ON CHRONIC ABSENCES

Grades 9-12 – A student in grades 9-12 who accumulates more than 6 absences (**unexcused and/or parent notes**) per class period, may be denied academic credit in each class where the sixth absences occurred, pending an appearance before an attendance committee. Upon meeting with the student and parent/guardian, the committee will rule to deny or grant credit.

MAKE-UP WORK

If a student is absent for ANY reason, the student shall be allowed to make up all assignments and other work missed during the absence whenever possible or reasonable at a time agreeable to the teacher(s). Teachers shall not be required to re-teach lessons, but students shall be given a reasonable opportunity to learn the lessons missed due to absences. Advance assignments such as book reviews, class reports, research projects, etc. should be turned in prior to the time of the absence, especially when the student knows of the absence in advance.

Make-up work and tests missed due to an absence will be allowed to be made up by all students no matter what type of absence; however, make-up work is the student’s responsibility. **If a student misses an announced test or assignment due to an absence from school, the teacher will require the student to make up the test or turn in the assignment upon the students’ return to class the day of return.**

Students who miss class due to school related activities must make arrangements with their teachers prior to the absence. The teacher may require students to take tests or turn in assignments in advance. It is the responsibility of the student to arrange with teachers the appropriate time in which missed assignments are to be made up upon returning from an absence. The student will have a limit of seven (7) calendar days on make-up work. Failure to make-up work/tests in 7 days will result in a zero for all missed assignments in all classes. Parents will be contacted by the teacher when make-up work is not completed prior to the zero being recorded.

NOTE: STUDENTS ON OUT-OF-SCHOOL SUSPENSION ARE ALLOWED TO MAKE UP ALL WORK.

TARDY POLICY

Tardies to school or to class will not be tolerated, as they decrease the student's mandatory amount of instructional time set forth by the Alabama State Board of Education. A tardy is defined as a student’s arrival after the official time set for the commencement of a school’s regular daily activities, i.e. bell, homeroom, roll call, etc. Tardies shall be considered unexcused time from class periods missed unless explanation is presented to the principal or designee by the parents/guardians that the tardy was for an excused reason. **ALL students must sign in at the school office when they arrive on campus. K-4 parents must sign in tardy students at the school office.**

Tardies will be considered excused only with a valid doctor’s excuse or valid written parental note explaining the nature of the tardy. The excuse will need to be presented to school personnel at the time the student is checking in to school. Non-compliance will result in the tardy being coded unexcused. Actions are as follows:

CLASS PERIOD TARDIES

GRADES 9-12 - The following procedure will be followed based on the accumulation of unexcused tardies per semester:

- First through Fourth Tardy: Teacher Warning.
- Fifth Tardy: Office referral, 1 day ISS
- 10th Tardy: Office referral, Parental contact, 2 days ISS
- 15th Tardy: 15 tardies or more may result in any of the following sanctions:

 - Parent/guardian and student will participate in a conference with the school officials and may be referred to the attendance committee.

CHECK-IN TARDIES

GRADES 9-12 - The following procedure will be followed based on the accumulation of unexcused tardies:

- First through third Tardy: Warning
- 4th unexcused Tardy: Parent will be notified

 - Referral to appropriate school personnel (ex. Attendance officer, principal, school counselor)
 - Parking privileges revoked
 - Parent/Guardian and student will participate in conference with school officials
- Excessive excused tardies or excessive unexcused tardies (5 or more) **of a questionable nature** may result in the following sanction:
 - Parent/Guardian will be invited, by the principal, counselor, and/or attendance officer, to a meeting to explain any extenuating circumstances resulting in excessive tardies.

If a student continues to accumulate excessive unexcused tardies, parent/guardian and student may be referred to the Dale County Department of Human Resources (DHR) for intervention. Code of Alabama (1975), § 16-28-12.

CHECKING OUT OF SCHOOL

Students must never leave school without first checking out through the school office and only with parent permission. A verified written parent note is necessary before a student will be allowed to check out. Students arriving at school during the day or returning to school after checking out must check in at the office prior to entering class. Failure to sign out will constitute skipping and will be dealt with accordingly.

The administration and faculty discourage students from leaving school during the school day unless absolutely necessary (illness, emergency, etc.). Students should try to schedule appointments which do not conflict with the school day. If it becomes necessary for a student to check out of school, the following procedures must be followed:

- A. Persons checking out the student are to do so through the office and must present picture identification and be listed as a contact. Students will be called from class at that time and not prior to.
- B. High school students checking themselves out will be required to have written permission from parent or guardian, with telephone number for verification. The notes are to be turned in to the office at the beginning of the school day. The student will be called from class to sign out at checkout time listed in note. High school students are not allowed to leave until called from class and after signing out in the office.
- C. No student will be allowed to return to school that same day without a doctor/dentist excuse or administrative excuse.
- D. Telephone check out requests will not be accepted.

Parents are responsible for arranging transportation home for ill students. Parents are urged to make medical or dental appointments after school hours when possible. Verification from the doctor or dentist is required for appointments during the school day.

Any student requiring medication during the school day will have a nurse or designated staff member in charge of dispensing this medication. The staff member will have a Parent/Prescriber Authorization (PPA) signed by the parent/guardian giving the school the authority for the distribution of medication and stating exactly how it is to be dispensed in regard to amounts and times. 7. Procedures for Head Lice

Head lice, while a significant social problem, do not transmit disease to humans. However, DCS encourages all parents to regularly screen for evidence of a head lice infestation. The American Academy of Pediatrics, the National Association of School Nurses, and the Centers for Disease Control and Prevention are all opponents of classical no-nit policies. In light of current research, the State Department of Education no longer recommends a no-nit policy and our policy follows their guidelines.

If a child is found to have an active case of head lice, the parent will be called and they must be picked up immediately and treated before returning to school. Students will not be allowed to ride buses until lice free. It is imperative that there is visual proof that the hair has been treated (no live lice seen and a significant reduction in the number of nits) before the child may return to school. Although there is no longer a no-nit policy, please be reminded that the proven method of eliminating lice with one treatment is to remove all nits within 24 hours of treatment. This method, along with treating the family and cleaning the environment, is the only guarantee to eliminating lice without having to risk a re-infestation and the need for retreating the hair.

If a student repeatedly has lice, the attendance officer and social worker will be notified.

Video cameras may be utilized on school buses for the same purposes. School system employees may be asked to view video but only in the presence of administration. This equipment may be monitored at any time. No one other than school system employees and law enforcement may view school and bus camera footage.

DIGITAL COMMUNICATIONS

With the spread of telecommunications throughout the modern workplace, the Board recognizes that employees will alter the ways in which they share ideas, transmit information and contact others. As staff members are connected to the global community, their use of new tools and systems brings a responsibility to assure that students have the opportunity to use these new resources appropriately.

The Board expects all administrative, instructional, clerical, and other employees, as may be required by their job descriptions, to learn to use Internet tools and apply them in appropriate ways to the performance of tasks associated with their positions and assignments. Toward that end, the Board directs the Superintendent to provide staff with ongoing training in the proper and effective use of telecommunications and electronic mail.

Communication over networks should not be considered private. Network supervision and maintenance may require review and inspection of directories or messages. Messages may sometimes be diverted accidentally to a destination other than the one intended. Privacy in these communications is not guaranteed.

The District reserves the right to access stored records in cases where there is reasonable cause to expect wrongdoing or misuse of the system. Courts have ruled that old messages may be subpoenaed and network supervisors may examine communications in order to ascertain compliance with network guidelines for acceptable use.

The Board directs the Superintendent to develop such additional regulations and procedures as may be required to guide employees in the appropriate use of these resources. Employees are expected to communicate professionally in a manner that is consistent with state laws governing the behavior of school employees and with federal laws governing copyrights. The Internet is not to be utilized to share confidential information about students or other employees.

The Board encourages staff to make use of the Internet to explore educational topics, to conduct research, and to contact others in the educational world. The Board anticipates the new information system to expedite the sharing of effective practices and lessons across the District. The system will also help the staff to stay on the leading edge of educational practices by forming partnerships with others across the nation and around the world.

PARENT INVOLVEMENT

All parents are encouraged to play an active role in their child's education. Our school system encourages an active Parent-Teacher Organization (PTO). The faculty will work with parents to bring about an effective organization. Parents will be notified of PTO meetings throughout the year. Each class may have a PTO room helper. the principal or special programs and projects.

The principal shall honor that request within 45 days of the initial contact. Those parents and/or eligible students desiring to challenge any portion of the educational record will be given a hearing by the principal in closed session within 45 days of the request.

Nothing in this section shall prohibit the school from including appropriate information in the educational record of any student concerning disciplinary action taken against a student for conduct that posed a significant risk to the safety or wellbeing of that student, other students, or members of the school community, or disclosing such information to teachers and school officials, including teachers and school officials in other schools, who have legitimate educational interests in the behavior of the student. STUDENT REGULATIONS

DISCIPLINE

The maintenance of good order in the school is a necessity; therefore, it shall be the responsibility of teachers and administrators to maintain good discipline and educate students in an orderly manner. Students are expected to conduct themselves properly at all times. Video cameras may be used to monitor student conduct and movement between classes. The school has the prerogative to determine if conduct interferes with the educational process and the means in which that conduct can be corrected. Students will be referred to the office of the Assistant Principal at which time every effort will be made to give the student those rights afforded him under due process law. Methods of correction may include, but not be limited to, conferences with school counselors, referral to Department of Youth Services counselors, parents and administrators, detention, corporal punishment, suspension, and expulsion.

Excessive behavior problems may result in an extended alternative setting assignment or recommendation for expulsion at the discretion of the principal or superintendent.

LUNCH DETENTION

Administrators have the authority to assign students to a designated area during lunch for a reasonable and specified period of time. **Other disciplinary measures may be taken, i.e. Corporal Punishment, ISS, or suspension for repetitive or serious offenses.**

The authority to suspend a student from school rests entirely with the principal or his/her designee. All suspensions shall be for a specified number of days. Students will not be allowed on campus during suspension time. Students may not participate in extracurricular activities during suspensions. Suspension will be a violation of unexcused absences for the purpose of exempting finals for seniors.

The purpose of ISS is to provide the student with the opportunity to continue their educational services while they are removed from the general education setting for disciplinary reasons. Students assigned to ISS must report to ISS when they arrive on campus. All further rules and regulations will be disseminated in the ISS classroom. All school rules will be in effect during the ISS assignment. The end of the ISS assignment will be considered 3:03 PM on the last day of the ISS assignment. GRADE CONVERSION

Where letter grades are present on a student's transcript from a previously attended school, the student must have the respective school(s) submit the grades in numerical form. If officials of the previous school cannot or will not convert the letter grades to numerical grades, the letter grades will be converted to numerical grades as follows:

A+ = 99	B+ = 89	C+ = 79	D+ = 69	F = 55
A = 95	B = 85	C = 75	D = 65	
A- = 90	B- = 80	C- = 70	D- = 60	

HONOR DESIGNATIONS FOR GRADUATING SENIORS

Purpose: To establish a uniform policy concerning selection of valedictorian, salutatorian, and honor student representations.

Policy: The selection of valedictorian(s), salutatorian(s) of the graduating senior class shall be determined by the high school principal by computing the cumulative grade point averages for all courses taken beginning with the ninth grade through the third nine week grading period of the senior year. For the purpose of determining the grade point average whole numbers shall be computed. Averages shall be rounded up to the next highest whole number beginning with the fraction (.50).

Valedictorian: The student with the highest weighted grade point average shall be designated valedictorian.

Salutatorian: The student with the second highest weighted grade point average shall be designated salutatorian.

To be considered for the valedictorian or salutatorian, the student must have been at DHS for the entire senior year.

Honor Students: Those members of the graduating senior class who have accumulated an overall "A" average shall be designated as Honor Students. This ranking shall be weighted cumulative grade point average for all courses taken from the ninth grade through the third nine week grading period of the senior year. For the purpose of determining the grade point average whole numbers shall be computed. Averages shall be rounded up to the next highest whole number beginning with the fraction (.50).

In order to be named a valedictorian, salutatorian, or honor student, a student must meet all requirements for a diploma set forth by the Alabama State Board of Education and the Daleville City Board of Education.

RANKING OF STUDENTS

PURPOSE: To provide the systematic process of ranking students by class using a grade point averaging procedure.

POLICY: At the end of each semester, a ranking of students in grades 9-12 by class shall be completed. The Class Ranking shall be accomplished utilizing a weighted average for all courses taken. Final averages for class ranking shall be rounded up to the next highest whole number beginning with the fraction .50. Provision shall be made to provide for the weighting of courses taken by students transferring from an accredited high school. Only transferring courses comparable to the Daleville High School curriculum will be subject to weighting. Requests for weighting of transferring credits are the responsibility of the student and all requests for consideration shall be completed prior to the end of the first nine weeks of the senior year. The principal shall develop a system to determine comparable courses and if transferring courses have been previously weighted by the school transferring the credits. Students with a high school educational record that includes courses below grade level shall not be ranked and the student shall not be eligible for honor designation. For the purpose of ranking students, courses such as office aide and teacher's aide shall not be included in the grade point average.

The following course offerings shall have the indicated points added to the course grade before the average is calculated:

ADVANCED HONORS -	10.0 points
HONORS COURSES -	5.0 points

CAREER TECH DEPARTMENT

The Daleville City School System offers Career and Technical education programs at Daleville High School. These programs are designed to prepare our students to be College and Career Ready and are offered under the leadership of certified instructors. The following is a list of programs being offered and the general criteria for admission.

All Career and Technical education programs follow the system's policies of non-discrimination on the basis of race, color, religion, national origin, sex, age, and disability in all programs, services, activities, and employment. In addition, arrangements can be made to ensure that the lack of English language proficiency is not a barrier to admission or participation.

Dual Enrollment opportunities are also offered to students. Please see the dual enrollment coordinator, Mrs. Christine Freeman, for more information.

FINAL EXAMS

All students may exempt final exams if they have an A average and no unexcused absences. Days of suspension count against this exemption policy and will prevent exemption from exams. Excuses for absences must be turned in within three days of the absence. **Excuse notes will not be accepted late for the purpose of exempting final exams.** Examination grades earned by seniors taking final tests will be the grades used in computing the final average.

Students who miss semester exams at their scheduled times must have an excused absence before making up an exam. Students who have been suspended from school during the semester will not be allowed to exempt final exams. Other extenuating circumstances must have written approval from the principal before a student may miss an examination. Students should not schedule routine dental or medical visitations during the exam schedule. Final exam papers become the property of the school as part of the student's legal record and will be kept on file for one year.

EXTRACURRICULAR ACTIVITY PARTICIPATION

- A. Purpose: The Daleville City Board of Education recognizes the value of all extracurricular activities as they relate to the total students. The Daleville City Board of Education also recognizes and supports high academic standards and the necessity of developing a framework to annually assess each student involved in extracurricular activities and his/her class. This Board of Education also recognizes that the Class of 2000 and subsequent classes will be required by State Board of Education resolution and the Alabama Administrative Code to earn a minimum of 24 credits in Grades 9-12, with four (4) credits each in science, mathematics, social studies, and English.
- B. Policy: In accordance with Alabama Administrative Code 290-3-1-02(17), the Daleville City Board of Education prescribes the following regulations for eligibility by students in this school system to participate in all extracurricular activities:
 1. Students entering Grades 10-12 must, for the immediately preceding school year, have a passing grade and earn the appropriate number of credits in each of six (6) subjects that total six (6) Carnegie units of credit, including four (4) credits from the four (4) core subjects composed of English, science, social studies, and mathematics.
 2. Physical education may count as only one (1) unit per year.
 3. No more than two (2) Carnegie units may be made up during summer school. If a unit(s) or subject(s) is

repeated in summer school, the higher numerical grade for the unit(s) or subject(s) may be used to compute the composite grade average.

4. A student who is eligible at the start of the academic year remains eligible for the entire academic year. Students deemed ineligible at the beginning of the school year by virtue of having failed to meet the requirements for eligibility in the two most recently completed semesters, including summer school. Eligibility restoration must be determined no later than five (5) school days after the beginning of the succeeding School Athletic Association for sports and rules to be developed by this Board of Education as they pertain to other extracurricular activities.
 5. Each eligible student must have a minimum composite numerical average of 70 on the six (6) Carnegie units from the preceding year including summer school. Summer school work passed may substitute for regular school work repeated in computing the 70 average.
 6. Each eligible student involved in athletics must meet the definition of a regular student as defined by the Alabama High School Athletic Association.
 7. Any student who earns more than four (4) credits in the core curriculum in any given year or who accumulates a total in excess of the required four (4) per year may be exempt from earning the four (4) core courses in the succeeding year as long as that student remains on schedule for graduation with his/her class.
 8. Students entering Grades 8 and 9 must, for the immediately preceding school year, have a passing grade in five (5) subjects with a composite numerical average of 70 with all other rules applying the same as to students in grades 7-12.
 9. Students promoted to the seventh grade for the first time are eligible.
- C. Extracurricular activities associated with athletics are defined as those recognized and sanctioned by the Alabama High School Athletic Association, and other extracurricular activities are defined as those that are sanctioned by a public school which are not related to a student's academic requirements or success in a course(s). Regular curricular activities are defined as those that are required for satisfactory course completion. School sponsors are required to submit a request for each curricular activity that occurs outside the regular school day and/or school to the principal, superintendent and the local Board of Education for approval. Each request for full participation by all students, regardless of academic standing, in a curricular activity shall be granted if the principal, superintendent and the local Board of Education approve participation in the activity as an extension of a course(s) requirements) and it is an event sanctioned by a state/national subject matter association. Notwithstanding anything of the contrary in this policy, student participation in extracurricular activities offered by the school through math, science, band, choral music, and other courses at events such as athletic events (pre-game, game, half time, or other breaks), club conventions, parades, amusement park trips and competitions, trips by tour companies, performances at various meetings, etc., are extracurricular, and students academically ineligible under this policy shall not be allowed to participate.
- D. This policy is effective for all students in Grades 7-12.

APPENDICES

INTERNET/NETWORK POLICY

STUDENT ACCESS TO NETWORKED INFORMATION RESOURCES

- A. The Board for the Daleville City School District recognizes as telecommunications and other new technologies shift the ways information may be accessed, communicated, and transferred by members of society, those changes may also alter instruction and student learning. The Board generally supports access by students to electronic information resources, which include the Internet (E-mail WWW, search engines, etc.), along with the development of appropriate skills to analyze and evaluate such resources
- B. Students attending Daleville City Schools (hereinafter referred to as DCS) are encouraged to utilize the computing capability of DCS in pursuit of their educational objectives. DCS strives to keep up-to-date equipment, software and communication capabilities at all schools in the system. Students and their parents or guardian in return for the privilege of using the computing resources, software and communication infrastructure of DCS must agree to this policy. Students and their parents agree that violation of these policies could result in the suspension of their privilege of using the DCS computing resources but will not relieve or waive the responsibility of the students to complete any work assigned by their teachers.
- C. The use of computers at Daleville City Schools is a privilege afforded to our students to enrich their education and prepare them for the technology they will use both in college and the workforce after graduation. Students who abuse this privilege in any way will be barred from using the computers in the future and subject to discipline appropriate for the offense. Disciplinary measures can include the following: ISS, out of school suspension, expulsion, and/or legal charges if in violation of state and federal law. Students are to use the computers only for educational purposes related to their classes. Things they may not use the computers for include, but are not limited to, games, chat rooms, downloading any type of music, movies, videos, etc. E-mail is to be used only when supervised by a teacher for educational activities. Students are not to use the Internet to access any type of pornographic sites, sites containing profanity, or other sites inappropriate for the educational setting.
- D. Students are responsible for appropriate behavior on school computer networks just as they are during any other school activity. Communications on the network are often public in nature. General school rules for behavior and communications apply. The computer network is provided for students to conduct research and to communicate electronically. Access to network services will be provided to students who agree to act in a considerate and responsible manner. Individual student use of the Internet will be permitted upon submission of the User Agreement and Parent Permission Form signed by the parents of minor students (under 18 years of age) and by the students themselves.
- E. Access to the Internet will enable students to explore thousands of libraries, databases, and bulletin boards and to exchange messages with people throughout the world. The Board believes the benefits from access to electronic information resources and opportunities for collaboration exceed the disadvantages. Ultimately, parents and guardians of minors are responsible for setting and conveying the standards their children should follow when using media and information sources. To that end, the Daleville City School District supports and respects each family's right to decide whether or not to apply for individual access to the computer network.
- F. Students are responsible for appropriate behavior on school computer networks just as they are in a classroom or a school hallway. Communications on the network are often public in nature. General rules of behavior and communications apply.
- G. The network is provided for students to conduct research and to communicate with others. Access to network services is given to students who agree to act in a considerate and responsible manner. Parent permission is required. Access is a privilege – not a right. Access entails responsibility.
- H. Each individual user of the district computer network is responsible for his/her behavior and communications over

the network. It is presumed that users will comply with district standards and honor the agreements they have signed. Beyond the clarification of such standards, the district is not responsible for restricting, monitoring, or controlling the communications of individuals utilizing the network.

- I. The District reserves the right to access stored records in cases where there is reasonable cause to expect wrongdoing or misuse of the system. Courts have ruled that old messages may be subpoenaed and network supervisors may examine communications in order to ascertain compliance with network guidelines for acceptable use.
- J. Network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system integrity and ensure that users are using the system responsibly.

PARENT PERMISSION

Internet & E-mail Permission Form

- A. The Daleville City School District is pleased to offer students access to the district computer network for e-mail and the Internet. To gain access to e-mail and the Internet, all students under the age of 18 must obtain parental permission and must sign and return this form to the school. Students 18 and older may sign their own forms.
- B. Access to e-mail and the Internet will enable students to explore thousands of libraries, databases and bulletin boards and to exchange messages with Internet users throughout the world. Families should be warned that some materials accessible via the Internet may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people.
- C. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. ANNUAL FERPA NOTICE TO PARENTS

- A. In accordance with the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99), the Daleville City School System is pleased to provide this notice of your rights under FERPA. FERPA is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.
- B. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."
- C. Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- D. Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- E. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - a. School officials with legitimate educational interest;
 - b. Other schools to which a student is transferring;
 - c. Specified officials for audit or evaluation purposes;
 - d. Appropriate parties in connection with financial aid to a student; Organizations conducting certain studies for or on behalf of the school; Accrediting organizations;
 - e. To comply with a judicial order or lawfully issued subpoena;

- F. Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.
- G. For additional information, please contact the Superintendent at (334) 598-2456.
