### **\*Faculty Additions:**

As we begin the 2024-25 school year, I am excited to share with you that Mr. Connor Hullhort, previously a second-grade teacher, will be moving to a first-grade teaching position. Additionally, we will also welcome Mrs. Jennifer Favoroso as a pre-kindergarten and fifth-grade science teacher/advisor.

#### **Mrs. Jennifer Favoroso:**

Mrs. Favoroso is a dedicated educator with over a decade of experience and a passion for science education, as well as technology integration. Mrs. Favoroso has been a member of the Haverford community for the past two years, holding the position of Educational Technology Coach. As she enters her third year at Haverford, she is excited to be transitioning back into the classroom full-time. Mrs. Favoroso is especially looking forward to teaching and guiding the fifth-grade boys in broadening and deepening their understanding of scientific concepts, while also nurturing the youngest boys in the Lower School, as they explore the world around them. One of Mrs. Favoroso's primary goals is to spark curiosity and cultivate a love for learning both in and out of the classroom. Outside of school, Mrs. Favoroso finds joy in exploring nature through hikes and outdoor adventures with her young family. A native of southern New Jersey, Mrs. Favoroso also enjoys spending time at the beach.

Please join me in welcoming Mrs. Favoroso to the Lower School Faculty!
