

SIB

SHOP

Sibshops are for siblings aged 5 to teens. If you are new to Sibshops, check out more information at [Sibling Support Project](https://www.sibling-support-project.org/). This is a group primarily for children who have siblings diagnosed with intellectual disabilities and or Autism. Sibshops are a time for our siblings of special needs students to have fun and get to know other sibs, not necessarily a therapy group. Sibs can participate in one or all of the Sibshops, they are not required to commit to each Sibshop. Siblings attend Sibshops without their special needs sibling.
