PARENT/GUARDIAN (Please read and complete this section)

- I request that my child be allowed to take the medication(s) as described above. I understand that it is pending school nurse approval.
- I request that authorized school staff assist my child in taking the medication(s) described above.
- I understand that school staff will attempt to administer medication(s) in a timely manner.
- I will provide the medication in the original, properly labeled container.
- I understand that my signature indicates my understanding that the school staff shall not incur any liability for any injury when the medication is administered in accordance with the health care provider's direction and in accordance with the District Policy and Procedure.
- I give permission for the exchange of information between school staff and health care provider.

Date: _____ Parent/Guardian Signature: _____ Phone: _____

Date: _____ Nurse Signature: _____ FAX: 206-631- _____ Email: _____

OVER THE COUNTER (OTC) and NON-PRESCRIPTION MEDICATIONS/PRODUCTS:

- For Grades K-12: All OTC and nonprescription medications/products need a Medication Authorization Form completed and signed by a Licensed Health Care Provider with prescriptive authority, parent/guardian and approved by the School Nurse.
- MUST be in original container labeled with the student's name.
- Sunscreen: Students in ANY grade may carry and self-administer nonprescription sunscreen at school. Students may not share sunscreen with another student. Parents/guardians should write their child's name on the sunscreen container. Only rub-on sunscreen is permitted; spray sunscreen is not allowed.

PRESCRIBED MEDICATIONS:

- **For Grades K-5:** All prescription medications need a Medication Authorization Form completed and signed by a Licensed Health Care Provider with prescriptive authority, parent/guardian and approved by the School Nurse.
- **For Grades 6-12:** All prescription medication need a Medication Authorization Form signed by a licensed Health Care Provider with prescriptive authority, parent/guardian, and approved by School Nurse. Student may self-carry (usually a one-day dose) and self-administer his/her own prescription medication (excluding controlled substances) when authorized by parent/guardians, Health Care Provider, and School Nurse. No controlled substances will be permitted for self-carry or self-administration, even with a Health Care Provider authorization.
- Medication must be in a properly labeled container from the dispensing pharmacy. Prescription label information must match Medication Authorization Form. A pharmacy can provide a labeled container for school upon request. The label must include:
 - Student's name
 - Name, Strength, and Dose of Medication
 - Time and Mode of Administration

PLEASE NOTE:

- Requests for the administration of medication are valid only for the medication listed and the date indicated. Requests for medication administration must be re-authorized each school year.
- Medication administered by routes other than oral: topical medications, eye drops, and ear drops may be administered by authorized school staff after training from School Nurse. Nasal inhalers, suppositories, or nonemergency injections may only be given by licensed staff (RN or LPN).
- Epinephrine Auto-Injectors are the only injectors that school staff will be trained to administer to a student who is susceptible to a predetermined life-endangering situation.
- **All medication will be kept in the school office/health clinic unless otherwise directed by the Health Care Provider. Medications stored in this area may not be available to the student during non-school hours.**
- All students who need asthma or anaphylaxis medications may carry and self-administer them if the Health Care Provider authorizes that and the School Nurse determines the child can do so safely at school.
- Revocation of self-carry/administration privileges may occur if the student is found to not manage or administer the medications safely or within school or physician guidelines.
- It is the responsibility of the parents/guardians to assure that necessary emergency (rescue) medications are available to their student after school hours and while traveling to/from and during after school events.
