Title

School Nutrition Team of the Year Winners

Requested Action

School Board Recognition of School Nutrition Team of the Year Winners

Summary Explanation and Background

The Cherokee County School District recently celebrated the winners of its second annual School Nutrition Team of the Year awards.

Holly Springs ES STEM Academy is the elementary division winner, and Teasley Middle School is the middle school/high school/center division winner of the program, which gives school cafeteria teams the opportunity to win prizes by improving their service to students, teachers, and staff.

For all of last school year, the teams at each school cafeteria worked to earn top scores for the "Six Servings of Success": health inspections, employee satisfaction, program participation (number of students who purchase meals or receive free or reduced-price meals), inventory levels, budgeting, and promotions.

The elementary school team and the middle school/high school/center team with the best scores were named the winners and announced at School Nutrition's annual back-to-school training day for all staff held at River Ridge High School.

The Holly Springs cafeteria team is led by Manager Chastity West and Assistant Manager Nancy Palmer and is made up of: Sally Arnold, Rosela Hill, Donna Kelley, Wynelle Roach, and Sandra Yniguez.

The Teasley cafeteria team is led by Manager Julie Lawrence and Assistant Manager Lory Stigliano and is made up of: Krisha Acevedo-Reyes, Susan Barger, Holly Borg, Janet Brown, Sharon Campbell, Kelly Cantley, Beverly Carpenter, Brenda Daniel, Brittany Godfrey, and Mary Harrison.
