Eighth Grade Parents
PS# 12

Dear Parents,

We are so very happy for the honor and privilege of serving as your children's teachers for their final year in grammar school. We have much to do to get our children ready for high school so that they can succeed and then prepare themselves for college. Therefore, you can expect your child to have written homework four to five nights per week in more than one subject, including reading homework every night, along with at least one quiz or test per class, each week.

Often, students who are falling behind find other ways to participate in class. They do so by causing disruptions, joking, and trying to entertain others because they are unfamiliar with the lesson. If that occurs with your child, they will serve after-school detention until 4:30 pm. It is our intent to limit classroom disruptions so that all students can learn in a peaceful, positive, and productive learning environment.

We look forward to meeting all of you on Back to School Night. If you have any questions or concerns, at any time, please do not hesitate to contact us. Please be sure to provide your child with the supplies listed on the attachment; also, please complete the attached contact form and return it with your child on the first day of school.

Sincerely yours,

The Eighth Grade Staff
