From the Principal's Desk

Dear Parents/Guardians and Students,

Welcome to Auburndale Elementary School - Home of the Soaring Eagles!

I would like to take this opportunity and welcome everyone back for the start of the 2024-25 school year. This year let's be the best we can be and make lots of friends. We are going to BE KIND and continue to work hard every day! There is always something special about the beginning of the school year, and a fresh start with all the excitement.

As we continue moving forward and adapting to new learning opportunities we will focus on integrating technology across all elementary levels 4K-5. Students will have the opportunity to learn how to use them in amazing ways to further their learning and experience in elementary school!

We strive to create an environment where each student feels warm, welcomed, and safe. The student will have "fun" learning while they are here at AES! It is imperative that parents/guardians continue to read with their child every day. The research continues to show how vital this task is to providing students the skills and jump they need to grow and learn. By working and communicating with your child's teacher, and reading every day an amazing journey of learning will occur to your child and the results will be astounding! I look forward to a year of great learning and many stories of positive growth in all areas, both academic and social for each and every child.

To 2024-25, a year of learning, laughter, and fun filled memories!

Mr. Scharenbroch (Mr. S.)

STUDENT LUNCH PURCHASES

School Board Policy 656.1

STUDENT LUNCH PURCHASES The District shall provide a quality and nutritious school lunch program which will be in compliance with state and federal guidelines established by the National School Lunch Program and the School Breakfast Program. Annually, the District will send out free and reduced lunch information as well as post free and reduced lunch information in the District Mirror. This will include income guidelines and an application for free and reduced meals along with instructions.

As a courtesy, parents/guardians will receive a notification when an account reaches a balance of \$7.50. Payment should be made upon receipt of this notice to keep a positive balance in said account.

Parents/guardians are expected to keep a positive balance in their child's school lunch account. It is the parents/guardian's responsibility to monitor an account balance as well as charges to accounts. The District will not deny a student access to a reimbursable meal due to insufficient funds and will allow the student to charge for a lunch or breakfast.

In the event that an account reaches a balance of -5.00 parents/guardians will be notified by text, email, and mailed letter. If payment on a negative balance has not been received 5 business days after initial notification, parents/guardians will be notified again by text, email, mailed letter, and phone call. This type of notification/contact will be made every 5 business days until the account has been brought back to a positive balance.

Further action to collect a debt owed to the District's Food Service Program can be found in Policy 763 - SCHOOL MEAL ACCOUNT CHARGES AND COLLECTIONS.

At the end of the school year, any money remaining in the student's lunch account will be carried over to the next school year unless the parents/guardians make other arrangements with School District office staff.

SCHOOL BREAKFAST & LUNCH PROGRAM

An excellent breakfast and/or lunch program is available to all students at Auburndale Elementary School. Breakfast is served from 7:40-7:55 A.M. For those students who prefer to bring a sack lunch from home, we do have milk available.

The cost is **35¢** per carton, \$7.00/monthly, \$21 /quarterly, \$42/semester, \$84/year

We feel that the entire school day is a time of learning, including the breakfast and lunch period. We encourage our students to eat healthy and nutritious foods. Also, State law prohibits the purchase of soda pop during the school day. Therefore, we are asking parents to only send nutritious foods and drinks with their child's cold lunch. (For example, boxed juices would be appropriate.) Do not send soda pop for lunch. Milk is available for purchase as described above. Note – your child's teacher will not heat up student lunches.

We use a computerized record keeping system. This system credits the individual students' account, so one check will be split according to your directions for each child's breakfast/lunch or milk in grades 4K-5.

When your account gets low, you will receive a text message or phone call. Low breakfast/lunch texts/phone calls are sent home every Tuesday and Thursday. Parents may send a check or cash with their child to the elementary office. Breakfast/lunch/milk checks may also be sent anytime to: Auburndale Elementary School, % Meal Program, 10564 School Ave., PO Box 139, Auburndale, WI 54412. Parents also have the option of paying online with a debit/credit card. You must have an account set up in Infinite Campus to pay online. There is a \$2.00 convenience charge per transaction.

Remember, you can log into Infinite Campus at any time and keep track of your child's breakfast/lunch/milk balance. Parents will receive a letter at the beginning of the school year with directions on how to set up an account with Infinite Campus. Or you may email or call the elementary school during the school year to set up an account.

ELECTRONIC MEDIA OPT-OUT (POLICY 347)

Release of Directory Data

1. Except as otherwise provided, directory data may be disclosed to any person after the school has: (a) notified the adult student or parent, legal guardian ad litem of a minor student of the categories of information which it has designated as directory data with respect to each student, (b) informed such persons that they have 14 days to inform the school that all or any part of the directory data may not be released without their prior consent, and (c) allowed 14 days for such persons to inform the school, in writing, of all the directory data items they refuse to permit the District to designate as directory data about that student. The District will not release directory data earlier than 14 days after the initial written notice to the adult student or parent/guardian or after the District has been restricted from doing so by any of those parties.

There is a question on the beginning of the year online form explaining where we would publish photos of your child. This form is sent to parents via their email listed on their account. Examples where photos would be used are: yearbooks, school newsletter, Auburndale website, classroom presentations, Auburndale Facebook page, etc.

If we don't receive the consent form back from you within 14 days of your receipt, we will release directory data to any party requesting it in accordance with state and federal statutes.

If you do not want your child(ren)'s photo to be in the yearbook, newsletter, website, class photos, Auburndale Facebook page or other school related publications, please notify the school.

APPROPRIATE CLOTHING FOR SCHOOL

The purpose of a dress code is for the protection of the health and safety of the students and to remove any disruptions from the daily educational process. Students should always be neat and clean in their dress and appearance. The following is a summary of the school board policy on appropriate clothing.

1. Student dress must be appropriate for the occasion. The main torso of the body (stomach, side, front, shoulders, or back) must be covered. The wearing of mesh shirts, tank tops or tops with spaghetti straps is inappropriate. Waistbands shall be worn at or above the hips. Undergarments shall not be visible. Pants and shorts must be appropriately sized for width and hemmed to an appropriate length.
2. No student shall be permitted to wear clothing associated with a gang or gang-related activities such as: accessories, headwear, tattoos, and jewelry.
3. No student shall be permitted to wear clothing or accessories that contain pictures and/or writing referring to alcoholic beverages, tobacco products, sexual references or symbols, profanity and/or illegal drugs.
4. Hats, coats and headwear (i.e. scarves and bandannas) are to be removed and placed in the student's coat storage area after entering the building.
5. Any article of clothing or accessories that display profanity, violence, discriminatory messages, or sexually suggestive phrases are not to be worn at school. Any accessories that may cause injury to another student such as, jewelry with spikes, dog collars, wallet chains, chains on belts, etc. may not be worn to school or school functions.
6. Shoes must be worn at all times. Shoes with laces should be laced and tied at all times. Tennis shoes must be worn for PhyEd to ensure the personal safety of all students.

It is recommended that students not wear flip flops to school. They have become a safety issue at recess and in Phy. Ed class. If they are worn, students will need to change into tennis shoes for Phy. Ed. ALL Students must wear ATHLETIC SHOES for PHY.ED or they will NOT be allowed to participate that day! Athletic shoes must have heel support, closed toe, non-slip, and shoe laces or Velcro.

If a student dresses in a manner inappropriate for school, they will be required to change or cover up inappropriate clothing before returning to class. This policy is for all students, male and female, grades 4K-12. Decisions on acceptable clothing will be made by the principal. The cooperation of parents is essential and will be requested when necessary.

ARRIVALS AND DEPARTURES

The student's school day will begin at 8:00 A.M. and end at 3:00 P.M. For any students that are dropped off, the main entrance doors are unlocked at 7:40 A.M. The students are to walk to their classroom at that time. All students who walk home, or are being picked up at the end of the day, should remain in the library area until dismissed. Walkers should leave the school grounds immediately upon dismissal from the supervisor. A note for the walkers – when the wind chill is at 0 degrees or below, walkers are required to wear snow pants, hats & mittens before leaving the school.

Students who arrive at or after 8:05 A.M. or leave before 3:05 P.M. must report to the office. *Students must have on file with the classroom teacher a current Dismissal Form. All students leaving school other than the prearranged dismissal procedure must have a signed note from a parent or guardian.* That note is to be given to the homeroom teacher at the beginning of the school day. Should a situation arise where a student cannot bring a note, a telephone call must be made to the office. No student will leave the school grounds before 3:00 P.M. without permission.

Persons picking up students prior to the end of the school day or bringing students late during the school day MUST report to the school office. This information is necessary to maintain state attendance records and for security reasons. Anytime a student is to leave school with anyone other than a custodial parent or legal guardian, that person must have signed permission from the custodial parent or legal guardian.

All students who are being picked up from school at the end of the day will be sent to a designated area. Parents/others picking up students at the end of the day should stay outside by the flagpole entrance. **Any student that is not picked up by 3:20 P.M. will be sent to our daycare – Helping Hands. There will be a charge for the use of the daycare. Please call the school if there is a valid reason for running late for your child's pick up and you will not be charged by Helping Hands. Please call 715-652-2812 to notify office personnel if you are running late.**

Picking up students or dropping them off MUST be done from the east side of the building using the entrance off Brickle Street.

All entrance doors will be locked during the school day. The main entrance on the east side and the south side doors by the district office have a buzzer system that you must use to gain entrance. This is for the safety and protection of your children. **Any changes to end of the day dismissals should be completed by 2:15 P.M. via email or calling Lacey at lrasmussen@aubschools.com or 715-652-2812. The teachers are notified by the office personnel by 2:45 P.M.**

WEAR WARM CLOTHES

Outdoor activity is an important aspect of our instructional program. Except during periods of rain or extreme cold, students will be expected to remain on the playground during the noon hour and during recess periods. *Please ensure that your child is dressed appropriately for the weather. Warm caps, mittens or gloves and waterproof footwear are a must during winter months.* In addition, please remember to put your child's name on all pieces of clothing. This will allow us to find the owner of lost items.

If it is necessary, for medical reasons, for your child to remain indoors, we ask that you send a doctor's note to your child's teacher explaining the circumstances. It is essential that such notes be limited to those situations when it is absolutely necessary. We strongly encourage children to get fresh air and exercise daily on the playground.

ASSIGNMENT NOTEBOOK REPLACEMENT

For any student in grades 3, 4 or 5 that has lost their original assignment notebook, a new one can be purchased for a \$2.00 charge in the office.

TEXTBOOK/LIBRARY BOOK RESPONSIBILITIES

Students are responsible for the textbooks assigned to them and all library materials they check out. If a textbook, workbook or library material is lost/damaged, the student will report it to his/her teacher. After all attempts in and out of school are made to locate the missing book, a prorated price based on age and condition will be charged. A prorated price will also be charged for damages to textbooks or library material in the student's possession. **All fines must be paid by June 4, 2025.**

LOST AND FOUND

Each year we have many pieces of clothing that are lost or misplaced by the students. These items will be placed on our "lost and found" tables in front of the office. Students and parents are encouraged to look here first when something is lost.

MOVIES / VIDEOS

Movies and videos will be shown in the classrooms according to school board policy.

4K – Gr. 2 G-rated movies

Gr. 3 - 8 G & PG rated movies

Often videos are shown at recess due to inclement weather. These videos will be shown in accordance with the school board policy also.

THE HEALTH CARE COORDINATOR

Students will be sent to the Health Care Coordinator by their teacher if they become ill or are injured. The Health Care Coordinator will then provide first aid for these cases. If the student needs to be sent home for additional care, the HCC will contact the parents/guardians.

The HCC will distribute prescription medication to students only with the written consent of parents/guardians and written orders from a physician. Aspirin or other non-prescription medicines will only be given with a written consent of parents/guardians. If Tylenol, or other pain reliever, is administered to a student, a note will be sent home detailing the time and dosage of the medicine.

*All medications **must** be sent to school in the original container identifying the student, the medication, and instructions as directed by the physician, and accompanied by a written note signed by the parent/guardian.*

WHEN TO KEEP A CHILD HOME

A child who is not feeling well should not be in school. If necessary, the school does have the right to exclude a pupil from attending class to protect other children from illness. Many of the childhood diseases start with a fever and are most contagious when in this stage. Your child will benefit if kept at home in the very beginning of an illness. A child has the opportunity to rest at home, where recovery is more rapid. Thus, there is less loss of school time and a decrease in the risk of picking up a more serious illness while resistance is down.

Please have your child remain home from school if they have any of the following symptoms:

***fever (greater than 100 degrees F).**

***lethargy**

***persistent crying**

***difficulty breathing**

***influenza**

***diarrhea**

***vomiting**

Some illnesses are contagious. Often children return to school too quickly and become ill again. **Your child will be sent home immediately if they experience fever (greater than 100 degrees F), difficulty breathing, influenza, diarrhea or vomiting while at school.**

If your child is prescribed an antibiotic, he/she should remain home for 24 hours after the first dose is given. If your child has an illness, he/she should remain home for 24 hours after the fever and other symptoms have stopped.

If your child is sent home from school anytime during the day by the health care coordinator, he/she is not allowed back in school that same day without a note by the physician. Please notify the school before 9:00 A.M. if your child is absent.

IMMUNIZATION LAW

The American Academy of Pediatrics and the U. S. Public Health Service requires all students enrolling for this school year to have the following immunizations:

PreK/4K (ages 2-4 yrs)

4 DTaP/DTP/DT 3 Polio 3 Hep B 1 MMR 1 Varicella

Kdgn. through Grade 5

4 DTaP/DTP/DT 4 Polio 3 Hep B 2 MMR 2 Varicella

Grades 6 through 12

1 Tdap 4 DTaP/DTP/DT 4 Polio 3 Hep B 2 MMR 2 Varicella

VISION AND HEARING SCREENING

A vision check is given yearly to all students by our health care coordinator with the help of student and parent volunteers. Parents will be notified if their children show vision problems. Individual audiometric hearing tests are given annually to students in grades K, 1, 2, and 3. If a child appears to have a hearing problem, the parents will be notified.

HEAD LICE INFORMATION

School officials, parents, and community members must understand that head lice do not spread disease, pets do not spread head lice and head lice are not an indication of poor personal hygiene or living in an unclean environment, as anyone can get head lice.

Lice: Tiny grey to brown insects about the size of a sesame seed that live in human hair and feed on human blood to survive. Lice do not fly or jump, but crawl quickly with head to head contact. Without a human host they can only live for about one day.

Nits: Tiny white oval-shaped louse eggs about the size of a knot of thread attached to strands of hair. Any student suspected of having head lice through demonstration of symptoms or close contact (head to head) with another person who has had an infestation of head lice, shall be checked by the Health Care Coordinator or designee.

Screening and Follow-Up Procedure

If a student shows signs of possible head lice, such as scratching excessively, they will be screened for by the Health Care Coordinator or designee to determine if they have head lice. Students who are found to have head lice will return to class for the remainder of the school day. A parent/guardian will be contacted. Students are expected to receive appropriate treatment and return to school the following day. Students who have been determined to have head lice will be checked daily for two weeks by the Health Care Coordinator or designee. If an extended break is scheduled during this time period, another check will be made upon return from break. Students with three or more incidences of head lice in a short period of time will be excluded from school until proper treatment is received. A "no-nit" procedure may be implemented.

Any student or family who has multiple lice infestations will be referred to the Public Health Department for further assistance.

Classrooms with determined cases of lice will be cleaned thoroughly at the end of the school day.

Prevention And Treatment Measures

Educate staff and students that lice is mainly spread through direct head to head contact, and though unlikely, can be spread through sharing of personal items such as hats, combs, etc.

Send information home for treating lice and further prevention for families who have had a lice infestation.

Inform parents when there have been multiple cases of lice infestation in a classroom or grade.

The surest way to kill lice and prevent further re-infestation is to treat the infected student with a product that is both a pediculicide (head louse) as well as ovicidal (eggs). However, treatment is only advised for students who have been determined to have head lice in order to prevent resistance to treatment.

Parents may choose to have written verification from a health care provider in lieu of the Health Care Coordinator's head check.

SUICIDE PREVENTION

The School District of Auburndale recognizes that youth suicide is preventable and that education is a critical element in the prevention effort. Suicide prevention educational material and units of study are incorporated into the K-12 health and developmental guidance curriculums. The district further accepts that youth suicide prevention and intervention is a community-based school focused effort that necessitates coordination between county agencies, schools, parents, and other community members.

431 - COMPULSORY STUDENT ATTENDANCE

Parents/guardians shall make every effort to notify the school prior to a student's absence. **This can be done by completing the Absence Notification form online, emailing the secretary or calling the elementary school office. Otherwise, the school should be notified the day of the absence.** Upon return, the student will bring with them a signed, specific, written excuse explaining their absence. If this excuse is not received on the day of the student's return, the absence will be considered unexcused.

If the student is gone for more than one day, parents may request homework to be picked up at the end of the school day. This request must be submitted by 9:00 A.M. to the elementary office or teacher the day of their absence.

STUDENT ATTENDANCE: In accordance with Wisconsin State Statutes, all children between six (6) and eighteen (18) years of age must attend school full time until the end of the term, quarter or semester in which they become eighteen (18) years of age unless they have received a legal excuse as defined by District policy, have graduated from High School or fall under one of the exceptions outlined in the State Statutes.

State Statutes stipulate that a student is allowed to miss up to **5 days per semester/10 days per year**. This includes any illness in which a doctor is not seen, family vacation, emergency or death in the family, or other special circumstances. If absences due to illness exceed 5 days per semester/10 days per year, the school reserves the right to expect a doctor's note before an absence is excused.

Absences beyond the 5 days in a semester/10 days per year that cannot be cleared with an acceptable form of documentation will be considered truant days and may be subject to local ordinances, state laws, and subsequent legal sanctions.

Truancy means any absence, regardless of the length of time, from school in which the Principal has not been notified of the absence by the parent. Habitual truant means a student who is absent from school without an acceptable excuse for part or all of 5 or more days on which school is held during a school semester.

It is the parent's responsibility to ensure that each student is present within the classroom setting. Students must attend at least one-half of the school day in order to participate in after-school events, including athletic contests or practices, held that day. The reason for the absence must be "excused".

- The student must be in school by 11:30 A.M. to be considered present for a half day.
- Students may not attend after school activities if they are not present for the afternoon session of school.

TARDY PROCEDURES: Students who arrive after 8:05 A.M. will be considered tardy regardless of reason:

3 tardies will count as 0.5 (half) day unexcused absence for attendance documentation.

6 tardies in a semester will be counted as 1 (one) day unexcused absence.

18 or more tardies in a semester will be counted as 3 (three) unexcused absences and shall be judged a habitual truant and may be referred to law enforcement. The student may be taken to truancy court and penalties may be imposed.

EXCUSED ABSENCES: The student will contact the teacher(s) to make arrangements to make up missed assignments, class work and tests.

The student will be allowed the number of days absent plus one to complete missed assignments, class work and tests without penalty. Exceptions may only be granted by the Principal. The District recognizes the following reasons for valid excused absences.

1. Illness of Student: Written verification by parent required. The district may request a written statement from a physician. The physician's statement shall include the time period, not exceeding thirty days, for which the absence is valid.
2. Dental, Medical and Valid Appointments: Written verification by parent required. District may also request a signed appointment card.
3. Family Emergency: A family emergency is defined as an unusual occurrence that requires a student's attendance with the family. Work at home or private employment does not constitute a family emergency. Authority to grant an excused absence for a family emergency rests solely with the Principal.
4. Unique Situations (family vacation, school visitation, etc): Pre Approval from the Principal and written verification by parent is required. Course work will be completed prior to absence if required by the teacher. A trip without parental accompaniment will not be considered a valid excused absence.
5. A death/funeral of a family member, close relative or friend: Written verification by parent required.

UNEXCUSED ABSENCES: Students who are absent from school with the consent of their parent/guardian, but whose absence does not meet the aforementioned criteria of excused absence, shall be considered unexcused. In such cases, the student will be expected to submit a written

statement signed by his/her parent/guardian explaining the reason for the absence. On the basis of this statement, the Principal will determine whether credit for the makeup work will be granted.

ELECTRONIC DEVICES/CELL PHONES

Electronic devices and cell phones are allowed prior to the start of school, but not during the school day, or on the playground. Students may use electronic devices in classrooms only with teacher permission.

SCHOOL DISTRICT STAFF ARE NOT RESPONSIBLE FOR ANY DEVICES THAT ARE STOLEN OR BROKEN.

TELEPHONE USE

Telephone use by students will be limited to emergency use only. Each caller must have the permission of his/her classroom teacher. The students will use the telephone in the office.

FIELD TRIPS

Field trips are an important part of education. The school will notify parents/guardians when such trips are planned and ask for your signed permission for your child to make the trip. There may be a small fee to cover the cost of the field trip. If this is an issue, please contact the guidance counselor.

We discourage siblings under 18 years of age from chaperoning on field trips.

INTERNET & E-MAIL USE

E-mail and the Internet are powerful educational resources and tools provided by the district for student use. Use of these resources is a privilege and not a right. All students entering the district must sign an Internet Acceptable Use Agreement before access to e-mail and the Internet is allowed.

The use of school computers must be consistent with the educational objectives of the district. Accessing or transmitting inappropriate materials, as well as bullying, harassment, hate mail or other offensive messages are prohibited. Any user committing acts of this kind will face disciplinary action by the school and/or legal action. Consequences may include loss of computer privileges.

GRADE AND CLASS PLACEMENT

Students will be assigned to grades, classes and small groups according to their individual needs. Every effort will be made to ensure that students are appropriately placed. Programs are available for children who have needs beyond what the regular classroom provides. These programs include services to children with special educational needs resulting from a cognitive, behavior, physical, emotional, speech and language, or learning disability handicap. In addition to special education programs and services, Auburndale Elementary provides Title I services for reading/math remediation.

STUDENT CLASSROOM ASSIGNMENTS/PARENT REQUESTS

The School District of Auburndale views the assignment of students to classes as a major and important factor in the success of all the students. The makeup and balance of students in a classroom affects the educational productiveness of the students assigned to that particular classroom. Class assignments shall be fair and in the best interests of the overall effective functioning of the school community.

The building principal will be responsible for the supervision and proper placement of the students in his/her school building. The following placement criteria will be considered in the placement of students to classes.

- * Special needs of students
- * Social, behavioral, and academic needs of each individual student
- * Reasonable gender and intelligence balance
- * Separation of specific students to avoid a potential conflict
- * Academic compatibility
- * Adaptability of student to instructor's teaching style

A parent may request **not** to have their son or daughter in a specific classroom. This request should be in writing and signed. Such requests must be made prior to April 1st of the preceding school year. These requests will be honored when they are practical and possible.

A parent request against a specific teacher will be responded to by the school in the form of a face-to face communication, phone call, e-mail, or written communication. This response from the school shall be delivered prior to the end of the school year. If a denial is a result of the determination that the request cannot be honored because it is not practical or possible, the student classroom assignment will continue as planned unless some other factor or circumstance changes the balance of the situation.

PROMOTION/RETENTION

Students will be promoted to the next grade upon satisfactory completion of skills and subjects of the previous level. In some cases promotion may be made under specified conditions.

If satisfactory completion of skills and subject matter, after all attempts to overcome deficits, is not made, the teacher will notify the child's parent of the possibility of grade retention. At this time the teacher will review the child's retention report with the child's parents by May 1. Final decisions concerning grade retention will be based on current School Board Policy 345.4

GRADING POLICY (Grades 3-5)

If letter grades are used, the following grading scale will be used:

A – 100-93% Is making excellent progress, displays very high levels of interest, originality, and initiative; does work of excellent quality.

B – 92-85% Is making very good progress; displays above average effort, does very good work promptly and neatly, has very good study habits.

C – 84-75% Is making good progress; makes a response on definitely assigned work, is developing satisfactory study habits.

D – 74-65% Needs to improve, can do better work with more effort; should improve study habits and daily work; should prepare required work with more thoroughness.

E – Minimum Passing Indicates that although a student has not met minimum achievement requirements, credit is being granted for this course because the student has tried with reasonable effort and lacks the ability to improve by repeating the course.

F – 64% & below Is making unsatisfactory progress; displays little effort to achieve; lacks interest; work is too poor to justify passing in this subject.

REPORT CARDS

Report cards will be issued at the end of each nine-week grading period. These documents are reports of a student's progress and effort in several academic and non-academic areas. It is important to remember that we use a *returnable* report card *envelope*. The envelope must be returned to the school, except for the final quarter.

Mid-quarter updates will come from the classroom teacher and progress reports. Grades can always be checked on Infinite Campus via the portal.

SCHOOL-WIDE BEHAVIOR POLICY

I. PHILOSOPHY

The Board of Education believes that the primary obligation for developing self-discipline, responsibility, and respect for other people rests with the home and parents. Children who have developed these qualities usually progress well in school. The school is also concerned with the development of attitudes, habits, and behavior and must provide a proper climate for learning; therefore, it strives to work cooperatively with parents in the pupil's development. Teachers want all students to learn, but disruptive students can thwart their efforts. When students do not follow the rules of proper conduct, the school has a responsibility to take action in the interest of those students and the other students in the school.

II. PURPOSE

To ensure an atmosphere, which is conducive to learning, it is necessary to carefully balance a student's individual rights with his or her responsibilities for good citizenship. It is in an effort to preserve this proper balance that the school board has approved this code. The intended effect is to create an educational climate conducive to learning, to responsible and considerate behavior, and one in which the safety of students and all persons is assured.

III. POLICIES AND PROCEDURES

The development of responsible behavior and self-discipline among students occurs at two levels within a school. First, since the student spends the greatest amount of time during the school day in the classroom, the classroom teacher must assume the primary responsibility for gaining the respect and cooperation of the students so that an effective learning environment may be maintained. Each teacher must apply a carefully thought out approach to classroom discipline and administer it with a sense of fairness and consistency. Second, disciplinary problems occur which are beyond the scope of the classroom teacher's areas of responsibility (i.e., between classes, lunch time, before and after school, school bus) or are of a serious enough nature to require referral to the principal. Through administration of the school-wide discipline program, the principal sets the tone for acceptable behavior throughout the school. The principal also must operate from a carefully developed set of rules and consequences that insure fair treatment, consistency, and due process.

SCHOOL-WIDE RULES

1. Students should be respectful of themselves and others.
2. When in school, use quiet voices.
3. Walk in school, run outside.
4. Respect school property.
5. Teacher's permission is needed to bring pets, toys, games, and electronic equipment to school.
6. Children will play safely on the playground.
For example, No snow balls, face-washing, "king of the hill", or tackle football.
7. Gum, candy, and pop are allowed for special treats only, with teacher permission.
8. **NO DOGS ARE ALLOWED ON SCHOOL GROUNDS**, with the exception of service animals those who are working for handicap adults & students.
If a student chooses to bring a dog/pet in for show and tell, it is allowed under the following conditions:
 - A. The sharing of the pet takes place **OUTSIDE** of the school.
 - B. The dog/pet **MUST** remain on a leash at all times and be close to the owner.
 - C. The teacher must check allergy reports of all students.
 - D. Students may pet the dog **IF** the owner allows, and the dog is in a calm manor.
 - E. Principal must be notified of date/time at 24 hours in advance.

This part of the policy is designed to describe the approach to classroom and school-wide discipline adopted by the Board of Education of the School District of Auburndale.

A. Individual Classroom Discipline

A positive learning atmosphere is the responsibility of both the teacher and students. Teachers will maintain fair, consistent, and effective discipline in their classrooms. Each teacher will establish rules and expectations within his/her classroom. Your child will be bringing home his/her teacher's classroom management plan during the first week of school, or it will be posted online. Teachers will both reward positive behavior and discourage inappropriate behavior. Listed below are some of the options commonly used:

To Encourage Appropriate Behavior:

- ✗ praise and recognition
- ✗ extra privileges
- ✗ reward tokens like stars, happy face sticker
- ✗ positive notes/phone calls to parents/guardians
- ✗ positive visits to principal

To Discourage Inappropriate Behavior:

- ✗ time out
- ✗ loss of recess / privileges
- ✗ parent contact
- ✗ in school counseling
- ✗ conference with parents
- ✗ referral to the principal
- ✗ temporary withdrawal from classroom

B. School Wide Discipline Matters (Playground, hallways, lunchroom, ...)

The following are broad guidelines, which will be followed in most situations; however, the principal may alter the consequence depending on the situations.

SCHOOL DISTRICT OF AUBURNDALE **Student Harassment 443.94**

The School District of Auburndale seeks to provide a learning environment free of any form of harassment or intimidation toward and between students. Therefore, the District will not tolerate harassment in any form and will take all necessary and appropriate action to eliminate it, up to and including discipline of the offenders.

“Student harassment” means behavior toward students based, in whole or in part, on sex, race, religion, national origin, color, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability or handicap which substantially interferes with a student’s school performance or creates an intimidating, hostile or offensive school environment.

It is the responsibility of students, staff and others to help enforce this policy so that these prohibited activities do not occur in our school environment. The principals are responsible for disciplining the offenders. The Board believes that when it comes to student discipline, each individual situation needs to be addressed according to the severity of the incident, along with the intellectual and emotional stage of each student as well as all of the relevant facts and circumstances.

Any student who believes that he/she has been the subject of harassment, or any parents/guardians who believe their child has been subjected to harassment, shall report the matter in accordance with established procedures. There shall be no retaliation against students who file reports under this policy. All reports shall be investigated in a timely manner.

In order to ensure dissemination of this policy, this policy will be included in all future student handbooks. Discussion of harassment shall be included at an age appropriate level through the District’s developmental guidance program. Rules, including the complaint procedure and associated form, will be given to any individual wishing to file a complaint.

STUDENT HARASSMENT COMPLAINT PROCEDURES

It is important for these procedures to respect and advance the rights of all parties, including personal privacy interest and the protection of the reputation of all concerned and involved parties. In order to ensure fair procedures to protect these interests, all parties are encouraged to keep these matters confidential. All investigating individuals are charged with the responsibility to hold these matters in the strictest confidence, to the extent authorized by law, in order to guard against the unnecessary or inadvertent disclosure of information relating to any pending charges or investigations.

Students who believe they are the victims of harassment, or parents/guardians who believe their child is a victim of harassment, should immediately report their concerns to the principal, a guidance counselor, or a teacher. If an adult other than the principal receives the complaint, the adult shall forward the complaint to the principal/designee for review and action as necessary. If the principal is the subject of the complaint, the complaint should be forwarded to another designated administrator. The principal or other administrator will compose a written record of any verbal complaints.

Formal complaints will be taken seriously and will be subject to thorough review and immediate investigation by the receiving officer or designee. While time periods are established below for the completion of various actions, the principal shall provide prompt written notice to concerned parties of the expected time period for completion of the required action when exceptional circumstances do not allow completion within the expected time period.

Complaints will be taken seriously and will be subject to thorough review and immediate investigation by the receiving officer or designee.

PROCEDURES:

1. Complaints may be made either verbally or in writing to the Principal/designee. The complaint should include a specific statement of the alleged behavior, including (if possible) additional background details such as time, date, location and circumstance of each alleged incident.
2. The Principal/designee shall make an initial determination of the complaint which shall include investigating the complaint, notifying the person has been accused of harassment, permitting a response to the allegations; arranging a meeting, and responding to the complaint. Since the District takes these complaints seriously, they will be subject to immediate review and investigation. The District Administrator will be called immediately when a complaint has been filed. Every effort will be made to complete this initial review within fifteen (15) calendar days. The principal/designee shall give a written report to the complaint after the completion of the initial review.

3. If any party is not satisfied with the report of the Principal/designee, a written appeal may be submitted to the District Administrator/designee indicating the nature of the disagreement. The appeal must be filed within twenty (20) calendar days after receipt of the principals/designee's decision. The District Administrator/designee shall schedule a meeting of all parties to the complaint to review the issues presented in the appeal. The District Administrator/designee shall provide written response outlining findings and disposition of the appeal within ten (10) calendar days of the date the appeal is filed or ten (10) calendar days after the meeting, whichever is later.

BULLYING POLICY 443.92

The intent of this anti-bullying policy is to ensure that pupils learn in a supportive, caring, and safe environment without fear of being bullied at school or school related activities. Bullying is anti-social behavior and affects everyone; it is unacceptable and will not be tolerated. Bullying behavior is prohibited in all schools, buildings, property and educational environments, including any property or vehicle owned, leased, contracted or used by the school district. Educational environments include, but are not limited to, every activity under school supervision.

Bullying is defined as deliberately hurtful behavior, where it is difficult for those being bullied to defend themselves. Bullying may be done by anyone. The three main types of bullying are:

- * Physical (Physical bullying involves harmful actions against a person's body. Some examples are hitting, pinching, kicking, tripping, spitting, touching inappropriately. It also involves interfering with another person's property and stealing.)

- * Verbal (Verbal bullying is speaking to a person or about a person in a way that is unkind and hurtful to that person e.g. teasing, name calling, insulting, threatening, spreading rumors, and making racist remarks.)

- * Non-verbal (Non-verbal bullying refers to the types of behaviors that upset, exclude or embarrass another person e.g. leaving a person out of a game or activity on purpose, making rude gestures such as poking out tongue, writing hate notes about a person that will be upsetting to that person, using technology in a harmful manner, cyber bullying, etc.)

Cyber bullying is the use of any electronic communication device to convey a message in any form (text, image, audio or video) that defames, intimidates, harasses or is otherwise intended to harm, insult or humiliate in a deliberate, repeated or hostile and unwanted manner under a person's true or false identity. Any communication of this form which disrupts or prevents a safe and positive educational environment may be considered cyber bullying. Cyber bullying is unacceptable and a violation of the district's technology acceptable use policy and procedures.

Students who are being bullied may show changes in behavior, such as becoming shy and nervous, feigning illness, taking unusual absences, or clinging to adults. There may be evidence of changes in work patterns, lack of concentration, or truancy from school. Students must be encouraged to report bullying in schools. There shall be no retaliation against the complainant. Any person who engages in retaliatory conduct against a complainant shall be disciplined.

Teaching and support staff must be alert to and aware of the signs of bullying and act promptly and firmly against it in accordance with this policy. If bullying is suspected or reported, staff will deal with the incident immediately.

REPORTING

Victims of bullying, observers of bullying, and parents or guardians of students who have been bullied are encouraged to report incidents of bullying to the building principal, a school guidance counselor or other school employee. All reports of bullying shall be taken seriously, treated fairly and promptly and thoroughly investigated. Retaliation against individuals for filing reports under this policy or assisting in the investigation of such reports is prohibited.

Any adult witnessing any form of bullying must fill out an incident report and give it to the building principal.

If a District employee has been found to have bullied or retaliated against a student in violation of this policy, he/she shall be subject to disciplinary action up to, and including discharge.

DISCLOSURE AND PUBLIC REPORTING – The policy will be annually distributed to all students enrolled in the school district, their parents and/or guardians and employees. It will be distributed to organizations in the community having cooperative agreements with the schools. The school district will also provide a copy of the policy to any person who requests it. Records will be maintained on the number and types of reports made, and sanctions imposed for incidents found to be in violation of the bullying policy.

353.1 - SCHOOL VOLUNTEERS

The school board recognizes that volunteers can make useful contributions in the schools of the district. The Board endorses and supports the concept of a volunteer program, subject to the rules and limitations imposed. School district volunteers shall be expected to abide by all applicable laws, district policies and administrative procedures when performing their assigned responsibilities.

Each volunteer will be asked to sign the volunteer agreement and this record will remain on file for the duration that the volunteer serves the district. **The district shall conduct background checks on all volunteers.** Criminal conviction(s), forfeitures or pending charge(s) will make the volunteer ineligible for district volunteer service. **Volunteers are subject to annual and/or ongoing background checks.**

Volunteering is a privilege not a right. The Building Principal will determine whether an interested community member will serve as a volunteer. Volunteer assignments may be discontinued at the Principal, Superintendent or Board's discretion. The Building Principal will assign general responsibilities and tasks to be performed by volunteers in the respective schools. Specific job-related responsibilities will be defined and explained by the classroom teacher, adviser or head coach.

Volunteers shall be under the direction of the Principal and/or his/her designee and should perform only those tasks as assigned. When volunteers work directly with children, their activities will be under the supervision of the classroom teacher and/or designated employee. Volunteers who use computers will comply with Policy 522.7 (Staff Use of Internet/Electronic Media) and sign a staff member user agreement.

Volunteers will be restricted from access to information in student and Employee files. The access to records by a volunteer shall be limited to legitimate educational interests particular to the duty performed and under the supervision of a District employee acting as the volunteer's supervisor; this includes health issues, academic performance and behavior, school problems, and student or staff records in any form. Anyone who violates this rule, shall be immediately dismissed and no longer allowed to serve as a volunteer.

Volunteers will be responsible for maintaining confidentiality regarding information seen or heard while working as a volunteer. The volunteer shall refrain from discussing school practices, individual students or staff, or stating personal opinions regarding students, adults and situations observed while volunteering unless there is a legitimate need or safety concern. Volunteers will discuss their concerns with the administration.

Volunteers working on a regular basis may assist certified and noncertified staff under the supervision of the Principal by offering supportive and supplemental service under professional supervision and direction such as:

1. Tutoring students under the supervision of the classroom teacher
2. Relieving teachers of non-teaching, clerical tasks
3. Enabling the teachers to increase individual attention in the classroom
4. Providing enrichment experiences for students to supplement the regular educational program
5. Providing services to libraries, lunch rooms, playgrounds, athletic events, music programs, school plays, field trips, 4K programs and similar activities assisting coaches/advisers with activities.

Volunteers approved by the District will be covered under the District's liability insurance policy while performing the duties as assigned for the position. Volunteers shall not provide transportation to students in their personal vehicles. For any school-sponsored activities without the approval of the Principal. The District does not provide liability insurance for volunteers who transport students in their own vehicles.

Individuals who volunteer to perform services for the school district are not "employees" for purposes of compliance with the minimum wage and overtime provisions of the Fair Labor Standards Act (FLSA).

At periodic intervals, the Principal and teachers will meet to evaluate the effectiveness of the Volunteer Program.

**PARENT RIGHTS IN RELATION TO DISTRICT
PROGRAMS/ACTIVITIES AND STUDENT PRIVACY**

Parents may request a change in, or exemption to their child's participation in certain District educational programs or activities in accordance with state and federal laws. These laws also grant parents and guardians the right to inspect certain materials that are part of the District's curriculum or other activities.

Parents or guardians may request that their child not participate in any activities involving the collection, disclosure, or use of personal information for purposes of marketing or selling information.

Parents may request that their child not participate in any survey administered or distributed to students that reveals information concerning any religious, political, sexual beliefs or attitudes; mental or psychological problems; critical appraisals of people who have close family relationships; any privileged relationships (lawyers, physicians, ministers); or income, unless required by law for eligibility purposes.

Parents may opt out of any non-emergency, physical examination or screening that is: (a) required as a condition of attendance, (b) administered by the school and scheduled by the school in advance (vision, hearing, scoliosis), (c) not necessary to protect the immediate health and safety of the student, or of other students; except that this paragraph shall not be interpreted to apply to any examination or screening that is required or expressly authorized by state law.

Medical Emergency or Illness:

In case of a serious illness or medical emergency, every effort will be made to contact the parents immediately for instructions. Forms indicating which doctor to be notified and procedures to be followed in case parents cannot be reached should be filed in the office.

Students will not be sent or taken home unless parents or a guardian are at home.

Fire Drills:

All students will proceed, under the direction of their teacher, to the closest exit. Once outside and away from the building, students will line up single file. Roll call will then be taken by the assigned teacher.

Lock-down Procedures:

Auburndale Elementary has a carefully planned lock-down procedure that is practiced at least 2 times during the school year in case of such emergencies as an intruder. The procedure is carefully explained to students so as not to scare them.

Severe Weather/Tornado Drills:

An announcement will be made over the intercom stating that, "We are under a severe weather/tornado warning." All students will proceed quickly, under the direction of their teacher, to the area designated for their homeroom. The homeroom teacher will take roll call at the assigned area. Students will remain in the designated area until an all clear is announced.

The safety of our students is our greatest concern.

- b) Respect for cultural differences;
- c) Respect for economic, political, and social rights of others; and
- d) Respect for the right of others to seek and maintain their own identities.

The school district shall continue to re-examine thoroughly all parts of the curriculum to make sure that it emphasizes positive human relationships. The instructional materials used in the schools must accurately portray the history, contributions, and culture of the various ethnic groups in our society.

In keeping with the requirements of federal and state law, the School District of Auburndale shall strive to remove any vestige of discrimination in employment, assignment, compensation, and promotion of personnel; in educational opportunities and services offered students, in their

assignment to schools and classes, and in their discipline; in location and use of facilities; in educational offerings and materials.
