Communications

Superintendent

- Dr. Fitzgerald recognized February as Black History Month. He took a moment to appreciate the work that our African American staff members do in making Caesar Rodney a special place for our children to attend school and he thanked them.
- Dr. Fitzgerald thanked our guidance counselors for their work these past two years. COVID has brought with it an increase in the need for social-emotional support and just as our nurses have been on the front line with COVID our guidance counselors are our frontline support for mental health issues and helping to meet our students' needs as they returned to school.
- Dr. Fitzgerald thanked the members of the FFA and their sponsors for the great job that they do in more areas than anyone truly is aware, our FFA students will become farmers, veterinarians, engineers, chemists, biologists, and entrepreneurs. In the past, he took pride in working with the FFA on public speaking and Roberts Rules of Order. He congratulated the FFA members.
- Dr. Fitzgerald congratulated the wrestling team for their great effort this past weekend at the State Dual Meet Championship. He shared they beat SC and Sallies before falling to Cape in the championship match.
- Dr. Fitzgerald also congratulated the boys and girls swim teams for the third and fourth-place finish in the conference championship. Individually, Victoria May finished first in both the 500-yard freestyle and 100-yard backstroke. Ryan Woodzell finished first in both the 200-yard freestyle and the 500-yard freestyle.
- Dr. Fitzgerald shared the district's COVID statistics. Last week, six staff members tested positive and three were quarantined; 32 students tested positive and another 26 were quarantined. This week, seven positive staff members and 0 quarantined. 13 students tested positive with nine additional students quarantined.
- Dr. Fitzgerald reminded the Board of some upcoming important dates.
 - March 1st is when the requirement for staff to be vaccinated or to test weekly expires. This could be extended, but we haven't heard.
 - March 16th is when the federal mandate to wear masks on school buses expires. This also may be extended.
 - April 1st is when the mask mandate is lifted in schools. At this time it's his understanding that the masking authority will then pass to School Boards. But we have asked for clarification. We have not heard anything regarding the impact that lifting the mask mandate will have on testing or quarantining, but we have heard concerns regarding staff absences related to COVID from DSEA and the potential impact. We are also watching the Base mandates as they are on federal property.
 - Next Monday, February 21st the School District will be closed in celebration of Presidents' Day.
 - Wednesday, February 23rd is the midway point of the third marking period and interim reports will be issued to students grades 6-12 through home access.
 - March 3rd, 4th, and 5th will be the spring musical Guys and Dolls at the High School.
- Dr. Fitzgerald shared that Dr. Jason Bonner, Transportation Supervisor, informed him today that Hilton Bus Service has turned in Bus #26 which impacts the High School and W. Reily Brown Elementary School. This is the result of a driver shortage and he expects that other runs may also be turned in.

Mr. P. Scott Wilson was present at 7:52 p.m.

Board Members

- President Marasco asked for clarification on the mask mandate and the lifting of this mandate on March 31st. Dr. Fitzgerald stated this mandate comes from the government. Once this is gone, some lawyers are looking into where the next authority comes from. In essence, the Board may or may not have a decision to make regarding mask-wearing. Quarantining guidelines may also change. We are waiting for more clarification. There is too much information still needed to make a decision. President Marasco stated most are in agreement to follow the Governor's mandate, but feels the lifting of the mask mandate is going to be well received. President Marasco asked about the bus mask lifting date

and how this works with our schools. Dr. Fitzgerald stated we are hopeful to receive more information on this specific area. He continued to state we will do what is in the best interest of our students and staff.

- Mr. Failing stated the mask mandate leaving on the 31st is something the Board is looking forward to and he is certain they will get it all figured out. He reminded everyone that this was never a Board decision. He hopes this gets cleared up and we will be back in business on the 31st. If someone wants to wear a mask they should not receive grief or ridicule as this is their right to do so. He recognizes how hard everyone has worked to keep everyone safe.
- Ms. Marelli is looking forward to having more freedom and having a choice. She is concerned about how to deal with the work on navigating who has been vaccinated and who is not. Dr. Fitzgerald added that contact tracing and quarantining are almost impossible once the mask mandate is lifted. We have expressed this with the DE Public Health (DPH) officials.
- Dr. Denman stated she agrees with everyone. She also hopes the vaccination rate increases.
- Mr. Wilson stated when it is time to vote we will and he knows how he is voting.
