# WELCOME TO THE 2024-25 SCHOOL YEAR

SSPPS Families and Staff,

Welcome to the 2024-25 school year. We are so excited to welcome our students, staff and families to what promises to be an exciting year. Over the past several months, our dedicated team of teachers and administrators have been working hard to put the finishing touches on our Packer Pathway work for the school year. These efforts are designed to create opportunities for our students to explore, engage, and give them choices in their academic pathway here at SSPPS. It will also help them explore and try new things in a safe and supportive environment. Our visionary leaders have been working tirelessly to create an innovative approach that focuses on providing a holistic and supported experience for all of our students

Our goal with the Family Handbook, is to help enhance communications between school and home, improve understanding of district policies and procedures, and ensure consistency of policy implementation district-wide. Specifically, the purpose of the Family Handbook is to provide key district information and required notifications in one place for all SSPPS families. In an effort to clarify student behavior expectations and consequences, we have a separate handbook, the Student Rights & Responsibilities Handbook, for all families and students. The Students Rights & Responsibilities Handbook will be shared with all students at the start of the school year, and is available for families to access online at [sspps.org/handbooks](https://www.sspps.org/handbooks).

As you prepare for your students' first days, you can help prepare for a successful year by reviewing the information contained in this handbook, which includes important updates, information and forms, as well as resources and ways that you can be involved with SSPPS.

We are excited to have you as part of the #SSPpride family and we look forward to partnering with you in the 2024-25 school year!

Regards,  
Brian Zambreno, Ed.D.  
Superintendent, South St. Paul Public Schools

We are continuing to stagger our start and end times from both Kaposia and Lincoln Center (K-5) to allow for more distance and easier drop-off and pick-up for preschool families.

### KAPOSIA

Parents must walk your child to the teacher Outside Door 1 (main entrance) at Kaposia to check in, and pick up your child from the teacher at the end of the day at the same door.

<b>All Day Classes:</b> Monday - Friday	9:10 AM - 3:25 PM

<b>AM Classes:</b> Monday - Friday and Monday/Wednesday/Friday	8:30 AM - 11:15 AM
<b>PM Classes:</b> Monday - Friday and Monday/Wednesday/Friday	12:00 pm - 2:45 PM

## DROP-OFF AND PICK-UP SAFETY

Children will only be released to adults (aged 18 or older) listed on the enrollment/emergency information. Teachers will take a picture of families for easy and efficient identification at the door.

Four-year-old preschoolers who ride the bus will be met at the bus by preschool staff. At the end of the day, preschoolers will be escorted to the gathering area for students who bus. If your child has an older sibling or neighbor who rides the same bus, the older student can pick up your preschooler from staff and escort them to the bus line.

## LATE FEES

If a family member will be late for pick-up, please immediately notify the Early Learning Office at 651-457-9417. A staff member will remain with the child until picked up by a family member or emergency contact.

We understand that unexpected circumstances sometimes arise, so families are given a grace period of two late pickups. **On the third late pickup, there will be a meeting with the Early Learning Coordinator and late fees will be enforced.** \$5 for the first 15 minutes, and \$1 per additional minute beyond 15 minutes will be charged each day that a child is picked up late.

## BUS INFORMATION

If your family qualifies for transportation, your preschooler may ride the bus to/from school if they have turned 4 years old by September 1. If you have questions about whether your family is eligible for transportation, call the Transportation Office at 651-457-9474. Bus service is available for drop-off only for the morning preschool session, or pick-up only for the afternoon preschool session.

Children must have a BUS PASS issued by the SSPPS School District Transportation Department to ride a bus. This pass should be visible to the driver in or attached to the child's backpack.

A parent/guardian **must** be at the bus stop to meet the preschool student when they get off of the bus. If no parent/guardian is at the stop, the preschooler will be returned to school, and a parent/guardian or approved emergency contact will be responsible for pick-up immediately. Late pick-up fees will apply.

## HEALTH SERVICES & WELLNESS

### IMMUNIZATION REQUIREMENTS

#### FOR NEWLY ENROLLED STUDENTS AND THOSE ENTERING KINDERGARTEN AND 7TH GRADE

SSPPS has a NO SHOT- NO SCHOOL policy in compliance with Minnesota School Immunization Law. State law requires students entering early childhood programs, kindergarten, 7th grade, 12th grade, and those newly enrolled to SSPPS to show proof of required immunizations or to file legal exemptions from immunizations with the school. Families will be contacted if immunization information is needed in order for their child to attend school. Updated or new immunization information should be sent to the school health office as soon as possible to allow time for processing.

Many clinics in Dakota County provide immunizations at low or no-cost to children without insurance through the [Minnesota Vaccines for Children \(MnVFC\) Program](#). Contact your clinic to find out if they participate in that program. In addition, the Dakota County Public Health Department also provides immunizations for children of all ages without insurance at their [walk-in clinics](#) and by appointment. These clinics also serve children on Minnesota

health care plans including MA, MNCare or PMAP. Children under 18 years of age must be accompanied by an adult.

**Call the Immunization Information Line from Public Health, at 952-891-7999 (English and Spanish) for current information about immunizations.**

### ON-SITE HEALTH SERVICES

The Mission of SSP Health Services is to promote optimum health status to strengthen educational potential for all students. School Health Services provides care that promotes students' academic success by:

- Managing chronic health care conditions
- Providing interventions that return students to class
- Lessening the number of students sent home
- Shortening illness-related absences
- Identifying health-related barriers and referring for appropriate care
- Providing health screenings such as vision and hearing
- Promoting a safe and healthy school environment

A Licensed School Nurse (LSN) or Registered Nurse (RN) is on staff at each district school building during regular school hours. Nursing care is provided for students who become ill or injured during the school day, need medications or treatments, or have other medical needs. If your child has a health condition that requires medical attention during the school day, please contact the Health Office to arrange a conference to discuss how these needs can be met during school hours.

### ILLNESS

Students should not come to school if they have had:

- A fever of 100.0 degrees or more, the student must stay home for 24 hours after the temperature returns to normal without fever reducing medication such as ibuprofen or acetaminophen;
- Has vomited or had diarrhea, the student must home until 24 hours after the last episode;
- Has had any rash that may be disease-related or the cause is unknown, check with your health care provider before sending the student to school;
- When a student is out with an illness call the school daily to report the absence.

Notify the Health Office if your child develops a communicable disease (e.g. strep throat, chickenpox, head lice, impetigo, scarlet fever, pink eye, etc.). Note: If you take your child in for a throat culture, DO NOT send them back to school until the results are negative, or they have been on an antibiotic for 24 hours.

## OTHER HEALTH AND WELLNESS GUIDELINES

- Send a note from the doctor if your child has any activity limitations or will need to remain out of physical education or indoors at recess for more than three days. Notes from parents/guardians to stay indoors because of cold weather will not be accepted unless medically ordered to do so.
- Children should be dressed appropriately for the season and specific weather as they go outside most days for recess.
- If your child has an accident in which their clothing has obvious blood or other bodily fluids on it, the parent will be asked to bring in a change of clothing if none is available in the Health Office. This is to keep other students and staff safe from potential contact with possible blood transmitted pathogens.
- It is important that your child eat a nutritious breakfast every day. NOTE: Free breakfast is available for all students prior to the start of school.
- Please read communicable diseases notifications emailed or sent home with students and follow recommendations for each specific illness.

If your child becomes ill or is seriously injured during the school day, the Health Office will notify the parent/guardian so arrangements can be made for your child to be taken home. Emergency contact information must be kept current, to include home, parent/guardian work, and daycare phone numbers. A note or phone call to the Health Office about a change in work or home phone numbers is important. Students will not be released unless accompanied by a responsible adult. It is expected that students will be picked up within one hour of the call to the parent/guardian.

## CHILDREN WITH CHRONIC HEALTH CONDITIONS

Families should consult with the Licensed School Nurse if they have a child with a diagnosed chronic health condition such as asthma, diabetes, seizures, or severe allergies. The nurse, student, and family will work with the child's health care provider to establish a health plan that will assist school staff in understanding and accommodating the student's health needs.

## HEALTH CONCERNS SHARED WITH TRANSPORTATION COMPANY

If a student's health concern information is not to be shared with the contracted transportation company, the parent/guardian is obligated to notify the District. Questions should be directed to the school nurse.

## MEDICATION

Some students may require prescription and non-prescription medication during the school day. Medication may only be administered by a licensed school nurse or delegated trained school personnel. You can find more information on District procedures and Minnesota State guidelines in the [Health and Wellness section](#) of the website.

## MEDICAL DEVICES

Medical devices (crutches, wheelchairs, neck braces, arm/leg slings, etc) need to be provided by the family or physician and require a doctor's note indicating restrictions and length of use.

## HEALTH SCREENING

If a vision or hearing screening is warranted, the district may provide the appropriate screening. If a parent/guardian does not want their child screened they need to contact the school nurse to opt out.

## PERSONAL HYGIENE

It is the responsibility of the parent/guardians to educate their children on proper personal hygiene techniques. Early Learning staff may reach out to inform families when issues of personal hygiene are affecting students negatively in preschool.

## PATHWAY TO PACKER PROMISE

With the sunset of the International Baccalaureate Primary Years and Middle Years program at the end of the last school year, SSPPS is thrilled to announce our new academic strategic plan, [Pathway to Packer Promise](#). Our mission with the Pathway to Packer Promise is to ignite a passion in every learner to inquire, continuously improve, and engage in positively changing our world. This plan is dedicated to preparing each and every student for their future through high-quality, individualized programs, services, and personalized learning tailored to every stage of their educational journey. Covering early learning, elementary, middle, and high school, this comprehensive plan provides students with opportunities to explore real-world experiences, interactive discussions, guest speakers, enriching field trips, and flexible curriculum options, allowing students to fully engage with their learning paths. The development of the Pathway to Packer Promise is the result of extensive feedback from our stakeholders, ensuring it aligns with the collective goals and values of our learning community. Visit our website to learn more about the [Pathway to Packer Promise experience!](#)

## PRESCHOOL CLASS

SSP Community Preschool uses the Creative Curriculum, which incorporates the following developmental domains and learning experiences:

- **SOCIAL/EMOTIONAL LEARNING (SEL)** focuses on helping children gain knowledge about feelings and getting along with others. SEL is the process in which children are able to acknowledge and recognize the emotions of others, develop empathy, make good decisions, establish friendships, and handle challenges and situations effectively.
- **LITERACY AND MATH** are embedded in all of our daily activities, whether walking down the hall and noticing signs and room numbers, or engaging in intentional learning activities such as learning letter names and sounds, sorting/counting/pattern recognition with manipulative materials, practicing writing names at daily sign-in, repeated read-alouds, and other classroom learning opportunities. We use small groups to work on specific skill-building according to each child's needs.
- **CIRCLE TIME** is a group gathering where we share our ideas, plans, and observations. Circle activities are designed to stimulate young children's thinking, enrich their social skills, and extend their attention spans.
- **GROSS-MOTOR ACTIVITIES** give children the opportunity to use their muscles--as well as their imaginations--as they engage in fun, healthy exercises, such as running, jumping, and climbing.
- **FINE-MOTOR ACTIVITIES** help improve small-muscle development and hand-eye coordination, which are essential for pre-writing skills. Some common items found in the fine-motor/manipulative area include puzzles, beads and laces, pegboards, crayons, and scissors.
- **ART ACTIVITIES** help young children creatively express their thoughts and feelings. They help reinforce fine-motor skills and concept development in areas such as colors, shapes, and size relationships.
- Dramatic-play activities help children express themselves, practice life skills, improve social skills, increase self-esteem, build vocabulary, and solve problems.

- **MUSIC ACTIVITIES** promote children's listening skills, creative expression, and social skills. In music, children can explore sound, volume, tempo, and rhythm.
- **SCIENCE ACTIVITIES** offer many hands-on opportunities for observation, exploration, investigation, making predictions, and experimentation.
- **SENSORY ACTIVITIES** allow youngsters to experiment with textures and the properties of different substances. These activities also promote the development of other skills, such as math, science, and language.
- **BLOCK PLAY** gives children experience with many different concepts, such as shape and size discrimination, spatial relationships, number skills, balance, organization, cause and effect, and classification. Cooperative play skills, problem solving, and creativity are also promoted in block play.
- **STORY TIME** is designed to help youngsters develop an appreciation and enjoyment of literature, plus enhance children's vocabulary and comprehension skills, and expand their knowledge base and attention span.
- **EVERY MOMENT IS A LEARNING OPPORTUNITY IN PRESCHOOL.** Young children's brains are forming new connections all the time, throughout the whole day. Conversations with staff and friends during lunch, observations made on the walk to the playground, and peer conflicts resolved during free choice time provide opportunities for learning and growth in addition to planned learning activities.

## CONSCIOUS DISCIPLINE (CD)

CD is an innovative social-emotional learning and classroom management program with a proven track record of sustainable results. Focused in Early Learning, CD provides an array of behavior management strategies and classroom structures that teachers can use to turn everyday situations into learning opportunities. By integrating social-emotional learning, discipline and self-regulation, educators spend less time policing behavior and more time teaching vital life skills. This method eliminates the need for reward and punishment-style discipline and instead gives children a voice, empowering them with the ability and help to achieve behavioral goals, while also creating stronger communication within families.

## SPECIAL EDUCATION SERVICES

Children with disabilities are eligible for special education and related services from birth to age 21 as defined in federal law, P.L. 101-476, Individuals with Disabilities Education Act (IDEA) and Minnesota State Board of Education Rules, Chapter 3525.0200. Families can expect their referral to be processed by the Child Study team in a timely manner and according to due process requirements. Contact your building principal or the office of Student Services, at (651) 457-9496 for further information and assistance.

# SCHOOL SAFETY AND SECURITY

South St. Paul Public Schools (SSPPS) is committed to the safety of every student, staff member and person who enters our buildings. From the time they arrive in the morning to the time they leave in the afternoon, the wellbeing of our students and staff remains our top priority. There are a number of key components that go into this work.

District and school leaders continue to partner with local law enforcement and other agencies to plan, prepare, and implement a safe and supportive learning environment. For more information on the District's Safety and Security work and the Standard Response Protocols we have in place, visit our website at [www.sspps.org/departments/buildings-grounds/safety-security](http://www.sspps.org/departments/buildings-grounds/safety-security)

## COMMUNICATING EMERGENCIES

SSPPS places a high value on the connections we have with students, families, and the community. We communicate in a variety of ways to help grow these important relationships. While the district strives to be proactive, accurate and timely in communication with families and our greater SSP community, there may be times when circumstances dictate longer notification or response times. There may also be certain information that the district is unable to share due to data privacy reasons. The district will use a variety of communication channels when there is a need to move into a Lockdown, Secure, Evacuate or Shelter:

- [ParentSquare](#) (texts, emails, phone calls)
- [Website](#)
- Social Media (when warranted)

The district will not typically communicate with families when there is a need to move into a Hold as those are usually low level incidents where classrooms operate as normal, but hallways are kept clear to allow staff or medical personnel to deal with a situation. To ensure you are receiving messages from the District, please make sure your contact information is up-to-date in the [Campus Parent Portal](#).

## EVACUATIONS/REUNIFICATION

In the event building and district leaders make the determination to evacuate a school to another location due to a severe fire or other inhibiting emergency, district leaders will communicate the evacuation plans and options families have for their student's safe release home. Photo IDs will be checked and only adults previously listed as emergency contacts will be allowed to take students from the evacuation areas. Students will only be released to a non-family member with approval by a parent/guardian.

## EMERGENCY DRILLS

Each school is required, per MN Statute, to perform five lockdown drills, five fire drills, and one severe weather drill each school year. One lockdown and one fire drill must each be completed within the first 10 days of school.

The primary objective of a drill is for participants to build muscle memory, and practice an action to use in various events or situations. A secondary objective is for school staff to validate procedures, clarify roles and identify operational process gaps. Drills are for staff and students, and are educational opportunities to practice life safety skills. For example, an evacuation drill is conducted at schools worldwide regularly. A fire alarm goes off, students line up and head outside. There is no trauma in these events because there is no simulation of a threat or hazard. Schools do not light fires in the hallways to simulate an evacuation due to fire. Lockdown drills are similar. There is no simulated violence needed to conduct them. The only information needed is for the protocol to be enacted, "Lockdown, locks, lights, out of sight," and then students and staff perform the proper functions.

## EMERGENCY SCHOOL CLOSINGS

All unscheduled school closings, late starts and early dismissals due to severe weather, extreme cold or heat, or other emergencies, will be shared with families through the district's electronic messaging system Parent Square, the district's website (sspps.org), district social media accounts, and through local news media. Families are encouraged to have alternate plans in place for possible emergency school closings.

In accordance with district policy, decisions to cancel or shorten the regular school day are made by the superintendent or his designee, in consultation with other staff. Consultation may also include City of South St. Paul personnel, our transportation providers, and neighboring school districts, as appropriate.

The most compelling reason for closing schools involves the safety of students and employees. Decisions about school closings, early releases, and late starts will be made as early as possible to allow for appropriate notification. For more information, visit our website at [www.sspps.org/newsroom/emergency-closing](http://www.sspps.org/newsroom/emergency-closing).

**NOTE:** Please ensure your contact information is up-to-date in the [Campus Parent Portal](#).

### Emergency notification methods:

- Automated voicemail
- Email
- Text message
- District website
- Social media (Facebook and Twitter)
- Radio: WCCO 830-AM
- Television: WCCO Ch 4, KSTP Ch 5, FOX 9 KMSF, KARE 11

## LATE STARTS AND EARLY DISMISSALS

Late starts and early dismissals are inherently difficult for many programs and families. With this in mind, administration will do their best to keep these to a minimum. Early dismissals will be determined as conditions dictate. All families should have a contingency plan for their children in the event of school closings.

### In the event of a LATE START, unless otherwise noted:

- Morning Adult Basic Education (ABE) classes are canceled
- Kids' Choice will start late, in accordance with the emergency announcement (e.g. two hours late)
- Central Square Community Center/Community Education will start late, in accordance with the emergency announcement (e.g. two hours late)
- All morning Early Learning programs and classes (including community preschool, ECSE, ECFE and home visits) are canceled.

### In the event of an EARLY DISMISSAL, unless otherwise noted:

- Afternoon and evening Early Learning programs and classes (including community preschool, ECSE, ECFE and home visits) may be canceled.
- Afternoon and evening Adult Basic Education (ABE) classes may be canceled
- After school Kids' Choice will be closed

## EVENING CANCELLATIONS

Decisions to cancel after-school and evening activities will be made by 3:00 pm, if possible, and are not necessarily tied to a school closing.

# CLASSROOM GUIDELINES & FAMILY INFORMATION

## ASSESSMENTS/CONFERENCES/PROGRESS REPORTS

Each child's progress in preschool is observed and monitored throughout the year. We use an observational assessment tool called Teaching Strategies GOLD throughout the year to track developmental and academic progress. The teacher looks for growth in areas of social/emotional, cognitive, language, and physical development. Skills are assessed in the fall, winter and spring and reported via Conferences in fall and spring, and through Progress Reports sent home in January and at the end of the year. During the school year, additional conferences may be held as requested by school personnel, parent(s), or legal guardian(s).

## BIRTHDAYS, INVITATIONS, AND HOLIDAYS

Birthdays are important for many preschoolers. We acknowledge children's birthdays with songs, discussions, and stories, unless we are notified by a family they do not observe birthdays. We ask that birthday treats or desserts be saved for parties at home, and therefore not to be brought to school. Consider bringing a healthy snack such as fruit or crackers. They will be passed out at the teacher's discretion either during the snack/meal time or as a "take home treat."

We understand that parents plan birthday parties at home, and would like to invite the preschool class. Preschool staff cannot take responsibility for party invitations being distributed at school, and are not permitted to give out classmates' contact information.

In order to create a classroom environment that is welcoming and inclusive for all students and families, we choose not to celebrate holidays in general in our preschool classrooms. However, we do recognize that holidays are an important part of many lives, and may have discussions about holiday activities as preschoolers bring them up. We use classroom celebrations and special activities to reflect the season, focus on kindness and building our school community, and celebrate our learning.

## CHILD CUSTODY

Staff will strictly adhere to the enrollment/emergency information for the list of authorized people to pick-up children. All legal documents defining custody and visitation rights must be submitted to the preschool staff, and kept up-to-date if legal expectations change. Without such information, preschool staff will assume joint legal and physical custody.

## CLOTHING

Children should wear comfortable, washable play clothes and closed-toe shoes (please no flip-flops - tennis shoes are best). We recommend bringing a large paint shirt to be worn for messy activities. Toilet accidents are prevented when children can easily unbutton or pull down pants. Clothing that is easily managed by children encourages self-help and independence. Please dress your child for the weather as we go outside nearly every day. Label all personal items such as backpacks, mittens, boots, etc. **Please keep an extra set of clothes for your child in their backpack.**

## CONFIDENTIALITY AND DATA PRIVACY

Confidentiality plays a vital role in promoting respect for every individual and fostering a strong community. We take confidentiality very seriously and make every effort to protect each family's privacy. Communications among staff and parents about children should be kept confidential at all times. We recommend that conversations about a child, behavior, or incident should be conducted in private, away from the child and other members of the community. Discussions at drop-off or pick up should be kept to a minimum. If you have a question or concern, we suggest that you first contact the teacher via email or in person to arrange a time to discuss.

SSPP Community Preschool complies with state and federal data privacy laws that protect the integrity of a student's academic record and student privacy. Student Information and Immunization/Health forms may be shared with preschool staff in order to better serve your children.

## DO NOT BRING: PETS/BALLOONS/ FLOWERS/TOYS FROM HOME

Please do not bring family pets into the preschool class for visitation/sharing. Student allergies and animals create health and safety concerns at school. Balloons and flowers of any kind are also not allowed in school due to various student allergies. Toys from home can be a distraction, can get lost or broken, and can cause issues with other children in the class, and in general should be kept home. Exceptions may be made in individual classrooms for comfort objects or Show & Tell days.

## FIELD TRIPS

Off-site preschool field trips are rare, but may be used to ignite learning or enhance our curriculum. Parents will be notified in advance of the event, location, time, and expectations. A Field Trip Permission Form is required for each child. Be in contact with your teacher for details.

## MANDATORY REPORTING

All staff are mandated reporters, and are required by law to report any suspected child abuse or neglect.

## SNACKS

Snacks may be offered in some classes, either as a scheduled time of the class day, or particularly in half-day classes, as a choice-time option for children who want/need it.

Parents may be asked to provide snacks during the year; a sign-up sheet will be posted by your child's preschool teacher. All snacks must be store-bought, unopened and in store packaging, and be nut-free. Your donations are appreciated!

## STUDENT INFORMATION RELEASE

Throughout the school year students attend programs, activities, field trips and events along with normal classroom routines that support their education, promote community service or encourage positive behavior. District officials may visit your child's school to cover these special events, and the South St. Paul Public School District may wish to use your child's photographs, voices, likenesses or student work for promotional and educational reasons. This includes co-curricular activities/athletic program rosters, school yearbook, district/school newsletters, etc.

If you wish to opt-out regarding the use of your child's name or image for school district and/or media purposes, please sign the [Student Information Release Agreement form](#) and return completed form to your school building. This restriction is valid for one year and a new agreement must be signed for each school year.

## TOILETING

**Children must be toilet trained to attend preschool.** This means that a child knows when he/she needs to use the bathroom and can independently take care of his/her own personal needs. Parents are encouraged to have their children use the bathroom before class begins. Age appropriate bathrooms are available to children to use any time during class.

## TOY SAFETY

The school district's weapon policy applies to preschoolers. Toys that look like weapons, such as guns or knives, are not allowed in school, on the bus, or on school property. In general, keep all toys at home unless invited by the teacher for a special event or activity.

## STUDENT/FAMILY SUPPORT

SSPPS understands the importance of parent and family involvement in schools and its contribution to student success. To help engage and support families, the following support services are available.

## CULTURAL LIAISONS

Our cultural liaisons help to make sure all of SSPPS families feel welcome and heard at our schools and the district is able to communicate well with families about their school, learning and student progress. Additionally, the liaisons serve to reduce language and cultural barriers so that all of our students can thrive and know they have a team of support around them. Visit your school office or our website at <https://www.sspps.org/departments/equity> for more information.

## TRANSLATION & INTERPRETATION

The district provides translation and interpretation services to meet families' language needs at school and with district-related programs or communications. If you would like language assistance with a message you have received; an interpreter for a school meeting, conference or phone call; or want to know more about the district's translation and interpretation services, visit your school office or our website at <https://www.sspps.org/departments/equity>.

They ensure assessment practices are applied across all levels of the system for a deeper understanding of each student's needs for academic and social-emotional success. They work closely with staff, students, and families to conduct special education evaluation and support teachers in addressing needs of students who may have a disability. Visit the Student/Family Support Webpage to see the school psychologists for your student's school <https://www.sspps.org/departments/student-services/support>.

### EDUCATIONAL PROGRAM NOTIFICATIONS

#### TITLE I

As Title I schools, we must meet federal rules related to teacher qualifications as defined in Every Student Succeeds Act (ESSA). These rules allow you to learn more about your child's teachers' training and credentials. We are happy to provide this information to you. At any time, parents/guardians have the right to:

- Request information on the qualifications of your student's teacher and whether or not the teacher received an emergency or conditional teaching certificate through which state qualifications were waived
- Know if your student is being taught for more than four consecutive weeks by a teacher not licensed in the area of instruction
- See progress reports for their student and the school
- Ask whether your child receives help from a paraprofessional and information about that paraprofessional's qualifications
- Ask for a meeting with your school's principal or student's teacher at anytime

### 504 PLANS

Section 504 is part of the Rehabilitation Act of 1973. Section 504 protects individuals from discrimination based upon their disability. The South St. Paul Schools, through its policies and practices, follows the nondiscriminatory procedures of Section 504. Parents wishing information concerning 504 planning should contact, Director of Student Services at (651) 457-9481.

### EMPLOYED PARENT/GUARDIAN RIGHT TO ATTEND SCHOOL CONFERENCE AND ACTIVITIES

Minnesota law allows employed parent(s) or legal guardian(s) to request a leave for school conferences and activities. An employer must grant an employee a leave of up to a total of 16 hours during any 12-month period to attend school conferences or school-related activities related to the employee's child, provided the conferences or school-related activities cannot be scheduled during non-work hours.

A parent/guardian must let their employer know in advance and make every effort to disrupt workplace operations as little as possible. The law does not guarantee that the time off will be paid, but paid vacation or other paid leave time may be used. More information on the [State of Minnesota website](http://State of Minnesota website).

### HOMEBOUND INSTRUCTION

The school district provides instruction for students who have documented medical conditions that require the student to be confined to their home. Students and school employees must respect another person's right to make that choice.

### STUDENTS EXPERIENCING HOMELESSNESS

The McKinney-Vento Homeless Assistance Act, part of the federal Every Student Succeeds Act (ESSA), ensures educational rights and protections for children and youth experiencing homelessness. To ensure that these children have access to educational programs, school districts are required to implement transportation provisions. School districts must within reason provide students experiencing homelessness with transportation to and from their school of origin. If you have questions about the McKinney-Vento Homeless Assistance Act, contact the office of Student Services, at (651) 457- 9481.

## HEALTH AND SAFETY NOTIFICATIONS

### ASBESTOS

The Asbestos Hazard Emergency Response Act (AHERA) requires that the district notifies building occupants annually regarding asbestos-related activities. Until the late 1970s, asbestos was commonly used in building materials, such as floor tile, fireproofing, and insulation. In the late 1980s, all school buildings were inspected for asbestos-containing building materials by EPA-accredited inspectors. Based on the results of these inspections, management plans were developed for each school where asbestos was found. AHERA also requires that districts conduct periodic surveillance inspections every six months to evaluate the condition of asbestos-containing materials, and to re-inspect buildings every three years to re-quantify all remaining asbestos-containing materials.

## INDOOR AIR QUALITY

To help maintain our healthy school environment and comply with requirements established by the Minnesota Department of Education, SSPPS has developed and implemented an Indoor Air Quality Management Plan. Inspections of district buildings are performed annually to detect problems and help prevent future problems from occurring. General information regarding school indoor air quality is also available from the Department of Health at [www.health.state.mn.us/communities/environment/air/schools/](http://www.health.state.mn.us/communities/environment/air/schools/)

### LEAD IN DRINKING WATER

SSPPS conducts Lead in Drinking Water testing per the Minnesota Department of Health's "Reducing Lead in Drinking Water: A Technical Guidance for Minnesota's Schools" publication, and Minnesota Statute 121A.335. If results of any test are over the EPA-established action level for lead, the affected fixtures are taken out of service, repaired, or replaced, and then re-tested to verify the repair or replacement was effective. Some fixtures are not meant for drinking water, like bathroom sinks, custodial slop sinks, lab sinks, or most hose connections, so those are not routinely tested. Please only take water for drinking from hallway water fountains and bottle fillers, break room sinks, elementary classroom water fountains, or other fixtures that are clearly meant for drinking water.

### PESTICIDES/HERBICIDES APPLICATION

As needed, SSPPS applies certain pesticides and herbicides on school property. To be notified prior to pesticide or herbicide application, contact the Buildings and Grounds Department.

### HERBICIDES

Because of such variables as weather, it is difficult to predict the day on which herbicides will be applied. The district generally applies only one herbicide (i.e. dandelion preventer). It is applied twice yearly in June and August, during times when there is no scheduled use of the affected area.'

### PESTICIDES

Because the district applies pesticides only on an as-needed basis, it is likewise difficult to predict exactly when they will be applied. The district contracts with a pest elimination service to inspect each building monthly. Category IV pesticides are applied only in affected areas, on average twice per year in each building, and always on non-school days. Category IV pesticides are in the least harmful category, and are not regulated by state notification laws.
