VEHICLE INFORMATION

Year _____ Make _____ Body Style _____

Color _____ State Tag # _____

THIS SPACE IS TO BE COMPLETED BY PARENT/GUARDIAN REGISTERED OWNER INFORMATION

Parent/Guardian Last _____ First _____ Middle Initial _____

Address _____

My student has my permission to drive the said vehicle described above to school. It is understood that the violation of any of the driving and parking regulations listed below may result in the suspension or revocation of this privilege. I, and my student, also understand that effective July 1, 2007, the Alexander County Board of Education adopted a policy that allows the random alcohol and drug testing of students. This policy applies to all high school students who elect, on a voluntary basis, to participate in any school sponsored athletic/cheerleading extracurricular activity or to operate and/or park a motor vehicle on campus. To be eligible to participate in activities/drive on campus, the student and his/her parents/guardian must agree, in writing, to the random alcohol and drug testing policy. Students may be tested for the presence of alcohol, marijuana, cocaine, anabolic steroids, amphetamines, and any other drugs the superintendent deems appropriate. Signing this application constitutes my agreement to this random drug testing for my child.

Parent/Guardian Signature _____ Cell Phone _____

ACHS participates in the Governor's Highway Safety Program's parking privilege project. The name of the program is "R U Buckled." The program is designed to make sure that all drivers and passengers are wearing their seatbelts while a vehicle is in motion on school campus. This will be monitored by the campus SRO. This program is to ensure the safety of our students.

Students driving to school will enter and exit through the entrance gate at School Drive.

All vehicles must display a visible parking pass on the rear view mirror or will be ticketed.

Parking is strictly limited to designated student parking spaces only. Assigned spaces and parking permits are NOT transferable to another student.

Driving is a privilege and this privilege can be revoked at any time for school discipline issues. Violation of school rules including, but not limited to: alcohol, tobacco, controlled substance, seatbelt violation of driver or passenger(s), and/or any other criminal acts could result in revocation of driving privilege.

Students who are driving a vehicle on school property must wear a seatbelt when arriving to/or leaving school, and at any other time when the vehicle is in motion while on school property.

Consequences at the discretion of the SRO or administration.

Students are NOT allowed to be on cellphones while driving on school premises.

1st offense - parking revoked for 3 days; 2nd offense - parking revoked for 5 days; 3rd offense - parking may be revoked for the remainder of the school year and citation issued. All consequences are subject to change by SRO or Administration.

All student parking applications must be signed by a parent/guardian and student driver. The student will agree to follow school rules and motor vehicle laws. Any violation of rules while on school property will be documented.

I have read and understand the school parking regulations and drug testing for students in the application, which includes my parent/guardian permission and signature.
