## **GENERAL FUND BUDGET BUDGET PROCESS**

The collection of data and supportive information for the 2024-2025 budget is a year-long process. Budgets are building/department based and allocations are determined by student population, building square footage, programs and historic need. Building principals and department administrators requested additional funding for materials and personnel during the annual Education Plan process. The “Ed Plan” process includes the principal or administrator outlining concerns, discussing district repercussions and making specific recommendations related to their area(s) of responsibility. In addition, the Staff Communicators Assembly, made up of representatives from each school and department, annually provides salary and benefit recommendations to the Board of Trustees. A three-member Board Budget Committee was formed in 2018 and works closely with administration in preparing the annual budgets for Campbell County School District.

In the 2024-2025 budget, the individual schools will be rewarded for conservative spending. A portion of their unexpended budget allocations for 2023-2024 will be allowed to be budgeted as “roll-over” or contingency in the 2024-2025 budget. The total of this “roll-over” contingency from 2023-2024 to 2024-2025 equaled \$970,881, up from a total of \$851,575 in the previous year.

Data used to prepare the 2024-2025 budget were a combination of information collected from the best possible sources along with historical information which formed the basis for necessary projections. Data were provided by the following agencies: Campbell County School District #1 Instructional Support Division; State Department of Education; Legislative Services Office; State Department of Revenue; Campbell County Commissioners; Campbell County Assessor; and Campbell County Treasurer.

## **STUDENT ENROLLMENT**

Campbell County School District (CCSD) is the third largest district in Wyoming. The district serves approximately 9.4% of Wyoming’s K-12 students.

For the past three school terms Campbell County School District has experienced a relative stable level of student enrollment. CCSD is expecting an estimated enrollment of 8,400 students K-12 in the upcoming school year, this is a slight decrease of approximately 1.3% from the previous year. Looking to the future, the most accurate predictive factor impacting student enrollment continues to be the health of the local energy industry.

- Campbell County’s economy can experience vulnerability due to the volatile nature of the coal, oil, and gas markets. Energy prices, directly influence the need for employees in the mining industry (including oil & gas extraction)
- Campbell County’s unemployment rate (2.8%) is very low, which has created staffing issues for the district.
- For the past few years, the housing market has been tight in Campbell County. The first quarter of 2022 was the largest transaction volume year in Gillette real estate history with 224 homes sold. However, the market has softened due to low inventory and increased interest rates. The average list price for a house in Campbell County currently is \$360,928 which is up from \$331,304 in June of

2023. Comparatively, this represents a \$50,000 increase over the past two years, with the average list price being \$309,058 in June of 2022. The housing market has been identified as a limiting factor for families moving to Campbell County.

## REVENUE REVIEW

### Assessed Valuation

Campbell County's 2024 assessed valuation was released by the County Assessor on June 21, 2024 as being \$5,324,534,474. This represents a decrease of \$381,490,790 or 6.69% from the 2023 assessed valuation of \$5,706,025,264 and is a result of decreased mineral production.

### Mill Levy

A special school district tax of one-half (.5) mill was approved by the Campbell County School Board at their regular meeting on April 23, 2024, and will be used for the purpose of maintaining programs offered by the Board of Cooperative Higher Education Services (B.O.C.H.E.S.) as expressed in W.S. 21-20-109. The approximate \$2,650,000 generated by this mill levy will not be part of Campbell County School District's budget, but will be presented in the annual audit as a discretely presented component unit. This one-half (.5) mill has been in effect since the 1989-90 budget year.

On May 22, 2001 the Campbell County School District Board of Trustees formed the Campbell County Community Public Recreation District as allowed under Wyoming Statute 18-9-202. On April 23, 2024 the Board agreed to continue to levy one mill as allowed under this Statute. This mill will generate approximately \$5,300,000. These funds are used for public recreation programs and to maintain and equip land, buildings, and other recreational facilities. This mill levy is not a part of the Campbell County School District's budget, but is presented in the annual audit as a blended component unit.

School Reform Legislation replaced the special school district tax of one (1) mill for the purpose of repair and maintenance with an allocation by square footage in the district. These funds are placed in a separate special revenue fund. Revenue from major maintenance during 2023-2024 totaled \$7,456,395, up \$781,846 or 11.71% from the \$6,674,549 received in 2022-2023. Revenue for the 2024-2025 fiscal year is projected to decrease by \$196,395 or 2.63% to \$7,260,000. In 2018-2019 the payment structure for these funds was modified from a single payment made in July to two payments, the first payment totaling 75% of the amount due paid in July of each year, with the remaining 25% being paid to the District in October annually. Beginning in 2020-2021 the payment method changed yet again to quarterly payments made to school districts.

### General Fund 01 Revenue Projections

For ease of reading, and to comply with the Municipal Fiscal Procedures Act, the 2024-2025 General Fund Revenue Projections are presented in nine columns of figures. Columns 1-6 report the budgeted and actual figures for 2021-2022, 2022-2023, and 2023-2024 respectively. Column 7 reports the 2024-2025 budget. Columns 8 and 9 report the amount and percent of increase/decrease respectively from the previous year's budget.

### **Revenues**

The total general fund revenue budget increased by \$7,426,716 in 2024-2025 compared to 2023-2024. The increase is primarily due to the permanent external cost adjustment applied to the funding formula.

Wyoming school funding is the Foundation Program Guarantee minus local resources and results in either an Entitlement payment from the State to the District or Recapture from the District to the State. Campbell County's assessed value has been one of the highest in the State since this funding method was implemented in the early 1980's. However, in 2021 the assessed value decreased from \$4,242,015,313 in 2020 to \$3,392,572,551 in 2021 and made Campbell County School District an Entitlement district for the first time in 2021-2022 school year. In 2022 the increase in mineral production increased the assessed value to \$4,539,270,189, the highest it had been since 2017, putting Campbell County firmly back in the recapture category. The assessed value for 2024 will decrease by \$381,490,770 or 6.69% to \$5,324,534,474 2023 assessed value of \$5,706,025,264. These fluctuations clearly demonstrate the volatility of mineral revenues.

Legislation in 2011 resulted in a change to Wyoming Statute 21-13-313 which allows advance payments (loans) to school districts that receive 20% or less of their Foundation Guarantee from State revenue. Advance payments can't exceed 20% of the district's Foundation Guarantee. The district intends to apply for an advance for fiscal year 2024-2025.

### **Local Revenues**

Local revenues are projected to decrease from a budgeted amount of \$154,605,632 in 2023-2024 to \$145,037,362 in 2024-2025, a decrease of \$9,568,270 or 6.19%, and is primarily a result of the decrease in assessed value.

### **County Revenues**

County revenues are projected to decrease from a budgeted amount of \$36,883,152 in 2023-2024 to \$35,076,207 in 2024-2025, which is a decrease of \$1,806,945 or 4.90%, and is a result of the decrease in assessed valuation.

### **State Revenues**

State revenues for Taylor Grazing fees were not distributed in 2022-2023 or 2023-2024. It is projected that three payments will be received in 2024-2025, for a total of approximately \$80,000. The district continues to budget \$500,000 for possible audit adjustment to the Wyoming Department of Education. Legislation in 2018 increased the contributions to the Wyoming Retirement System for both the employee and the employer by 0.25% each for four years, bringing the total retirement contribution to 18.62% by July, 2021. The Wyoming Department of Education reimbursed the district \$1,713,836 for Wyoming Retirement contributions in 2023-2024, 2.25% of eligible payments. The reimbursement for 2024-2025 is projected to be approximately \$2,000,000.

A shortfall in 25 and 6 mill levies collected in 2023-2024 of \$5,740,322 will be reimbursed to the district by the Wyoming Department of Education.

Legislation enacted in February, 2023 removed special education reimbursement from the funding model and reduced the foundation guarantee by the same amount. In 2022-2023 Wyoming Department of Education reimbursed recapture districts for the prior year's special education expenses with a one-time payment in May, 2023. Beginning in 2023-2024 special education reimbursement was disbursed to districts in the same manner as entitlement district receive funds, with fifteen percent being paid in August, ten percent each in September through April, with the remaining balance paid in May. Campbell County School District received \$22,602,183 in state special education reimbursement in 2023-2024 and expects to receive approximately \$23,900,000 in 2024-2025.

### **Federal Revenues**

Campbell County School District received \$93,126 in Impact Aid funds in 2023-2024. It is anticipated that the district will continue to qualify for approximately \$80,000 in 2024-2025. All other Federal funds received are special revenue funds and are accounted for under special budgets which are a separate part of this document.

### **Other Sources**

The 2024-2025 Campbell County School District revenue budget includes \$5,000 for potential compensation for losses due to damages of district property.

The district has four lease/purchase agreements for school buses, which are repaid with a small down payment when the lease is signed and four annual payments thereafter. The oldest agreement will be paid off in June, 2025, and the most recent lease/purchase will be paid off in June, 2028. Capital lease revenues of \$1,400,000 are budgeted in 2024-2025.

Campbell County School District continues to invest available funds prudently and ensure that all available interest on district funds is collected.

### **Non-Revenue**

The 2023-2024 fiscal year was not as volatile as the previous year, but uncertainty remains surrounding financial concerns. Enrollment has stabilized and a permanent external cost adjustment in 2024-2025 takes a bit of pressure off the general fund. The 2024-2025 general fund budget will require budget support through district reserves in the amount of \$3,568,828, an increase of \$627,704 or 21.34%.

## **EXPENDITURE REVIEW**

New positions in the general fund for 2024-2025 includes one elementary and one secondary Dual Language Immersion teacher and moving athletic training duties from contracted services to district employees. The Board of Trustees approved an increase to the certified base of \$1,500, an increase of 2.94% to the ESP salary schedule, and a step for all employees who are not topped out on their salary schedule. A one-time 2% stipend to topped out employees on the bachelor's plus 45, master's plus 45, and doctorate columns, as well as ESP employees on the final step of their salary schedule was also approved. Health insurance premiums will increase 1.6% and the workers compensation rate will increase from 1.75% to 2.31% for the 2024-2025 fiscal year.

The Board also approved appeals requests and a partial wage study for administrative assistants, secretaries, technicians, water safety assistants, campus supervisors, dispatchers, safety patrol, as well as human resources, payroll and finance specialists. This impacted approximately 250 employees in 49 positions.

The district also returned counselors, social workers, instructional assistants, instructional facilitators, reading interventionist/tutors, ELO and summer school from the ARP/ESSER (COVID) grants to the general fund. The district was able to retain the ESL and interventionist staff members who were hired with the ARP/ESSER funds.

This budget reflects capital construction projects for replacement of Little Powder School and the Transportation facility, as well as planning funds for the replacement or remodel of Campbell County High School and Conestoga Elementary.

District leadership combined with the budget committee continues to monitor efficiencies and prudent spending.

### **Cash Reserve**

As a result of Wyoming School Finance Reform Legislation school districts are limited in the amount of allowable Board reserves. Prior to the spring of 2022 reserves were limited to fifteen percent of the district's previous year foundation guarantee. Legislation in 2022 increased the limit to thirty percent of the prior year's foundation guarantee. Without further Legislation the additional 15% will sunset in 2025-2026. The additional 15% must be tracked separately from the original 15% and cannot be spent on capital construction. To date the district has never exceeded 15% in Board reserves.

The Board of Trustees Spending Prioritization Policy fulfills the requirements of GASB Statement 54 defining the priority of use of governmental funds. The policy indicates that the district will use restricted resources first where applicable, then committed funds, then assigned funds, and last, unassigned resources, for all expenditures from governmental funds. The Superintendent has the authority to deviate from this policy if it is in the best interest of the district.

### **Transfers**

The district will transfer approximately \$26,500 from the General Fund to Fund 20 Grant Special Revenue to pay benefits on national teacher certification salaries.

A transfer to Nutrition Services of \$1.017 million is budgeted in the 2024-2025 fiscal year. Student meal prices will increase by \$0.25 per meal in 2024-2025 to generate approximately \$250,000, with a potential increase of an additional \$0.25 per meal increase in 2025-2026.

### **Summary**

Administration will continue to work with the Wyoming Legislators, Wyoming Department of Education, and the Wyoming Department of Audit regarding the School Funding Model and related issues.
